## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations revoke regulation 7(2)(b) of the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991. Regulation 7 allowed field silage methods which were in use in the 3 years immediately before 1st March 1991 to continue to be used in certain circumstances until 1st September 1996. These Regulations remove the time limit of 1st September 1996.
