WELSH STATUTORY INSTRUMENTS

2009 No. 1372

The Swine Vesicular Disease (Wales) Regulations 2009

PART 2

Notification of suspicion of swine vesicular disease

Notification requirements

5.—(1) Any person in possession or charge of, or who inspects or examines, a pig or carcase and who suspects the pig to be infected or the carcase to be contaminated with swine vesicular disease virus must immediately notify the Welsh Ministers.

(2) Any person who examines a sample taken from a pig or carcase and who—

(a) suspects that the pig is infected with swine vesicular disease virus or the carcase is contaminated with that virus, or

(b) detects evidence of antibodies to, or antigens of, that virus,

must immediately notify the Welsh Ministers.

(3) Failure to comply with this regulation is an offence.
