SCHEDULE 4

LIFERAFTS

PART I

INFLATABLE LIFERAFTS

(SOLAS)

Liferaft Fittings

3.8 The stability of liferafts capable of carrying 25 persons or less when in the inverted position shall be such that they can be righted in a seaway and in calm water by one person. Liferafts in excess of 25 persons capacity shall have righting facilities acceptable to the Department of Transport. The righting position of the liferaft shall be suitably marked and have a non-skid surface.
