SCHEDULE 8

REQUIREMENTS FOR RADIOACTIVE MATERIALS
AND FOR PACKAGINGS AND PACKAGES

# PART VII

## REQUIREMENTS FOR AN INDUSTRIAL PACKAGE TYPE 2 (IP-2)

**4.** A tank may be used as an industrial package Type 2 (IP-2) provided that it conforms to standards at least equivalent to those required in the case of tank containers by paragraph 3, but substitute the ADR reference in paragraph 3(b) for "Chapter 6.7 of ADR", and it is limited to transporting LSA-I or LSA-II liquids or gases as prescribed in Table IV of Schedule 1.
