26 Tax bands and tax rates applicable when regulations cease to have effect

(1) In this section—

- (a) ““rejected regulations”” means regulations which cease to have effect by virtue of subsection (2) or (3) of section 25;
- (b) ““the interim period”” means the period—
 - (i) beginning with the date specified by rejected regulations as the date on which specified tax bands and tax rates apply in relation to a chargeable transaction, and
 - (ii) ending when those regulations cease to have effect by virtue of subsection (2) or (3) of section 25.

(2) Subject to subsection (3), if the effective date of a chargeable transaction falls within the interim period the tax bands and tax rates applicable to the transaction are the bands and rates specified by the rejected regulations as applying to the transaction.

(3) If—

- (a) the effective date of a chargeable transaction falls within the interim period, and
 - (b) subsection (4), (5) or (6) applies,
- the tax bands and tax rates applicable to the transaction are the bands and rates which would have been applicable had the rejected regulations not been made.
- (4) This subsection applies where the buyer—
- (a) is required by virtue of section 44 to make a return relating to the transaction on or before the filing date and fails to do so, and
 - (b) also fails to make the return on or before the date on which the interim period ends.
- (5) This subsection applies where the first return required in relation to the chargeable transaction is required under one of the following provisions—
- (a) section 47 (duty to make return where contingency ceases or consideration is ascertained);
 - (b) section 51 (return as a result of later linked transaction);
 - (c) paragraph 3(4) or 5(5) of Schedule 6 (return as a result of lease continuing);
 - (d) paragraph 13(1) of that Schedule (return where tax underpaid where rent determined on reconsideration).
- (6) This subsection applies where—
- (a) the buyer in the transaction makes a claim under section 63A of TCMA,
 - (b) by virtue of subsection (5) of that section, the assessment of tax chargeable contained in a tax return made in relation to the transaction is treated as having been amended, and
 - (c) a further return is required in relation to the transaction under—
 - (i) a provision mentioned in subsection (5) of this section,
 - (ii) section 49 (further return where relief is withdrawn), or
 - (iii) paragraph 24 of Schedule 5 (return where transaction treated as higher rates residential property transaction).
- (7) But subsection (6) does not affect a return made before the claim is made under section 63A TCMA.
- (8) Section 63A of TCMA makes provision for relief to be claimed in cases where subsection (2) applies if the amount of tax chargeable is greater than the amount which would have been chargeable had the rejected regulations not been made.

27 Amount of tax chargeable: transactions which are not linked

- (1) The amount of tax chargeable in respect of a chargeable transaction which is not one of a number of linked transactions (for which see section 28) is to be calculated as follows.

Step 1 For each tax band applicable to the transaction, multiply so much of the chargeable consideration for the transaction as falls within the band by the percentage tax rate for that band.

Changes to legislation: There are currently no known outstanding effects for the Land Transaction Tax and Anti-avoidance of Devolved Taxes (Wales) Act 2017, Cross Heading: Calculation of tax. (See end of Document for details)

Step 2 Calculate the sum of the amounts reached under Step 1. The result is the amount of tax chargeable.

- (2) But this section does not apply for the purposes of calculating the amount of any tax chargeable in respect of rent where the whole or part of the chargeable consideration for a chargeable transaction is rent; instead see—
- (a) in the case of a residential property transaction, paragraph 27 of Schedule 6 and any regulations made under that paragraph which make provision about the tax chargeable in respect of rent in the case of residential leases;
 - (b) in the case of a non-residential property transaction, paragraph 29 of that Schedule which provides for the calculation of tax chargeable in respect of rent in the case of non-residential and mixed leases.

28 Amount of tax chargeable: linked transactions

- (1) Where a chargeable transaction is one of a number of linked transactions, the amount of tax chargeable in respect of the transaction is to be determined as follows.

Step 1 Calculate the tax which would be chargeable in accordance with section 27(1), if the chargeable consideration for the transaction were the total consideration.

Step 2 Divide the chargeable consideration for the transaction by the total consideration.

Step 3 Multiply the amount arrived at under Step 1 by the fraction arrived at under Step 2. The result is the amount of tax chargeable.

- (2) In subsection (1), the “total consideration” is the total of the chargeable consideration for all the linked transactions (not including any chargeable consideration which is rent).
- (3) Where the whole or part of the chargeable consideration for a linked transaction is rent this section does not apply for the purposes of calculating the amount of any tax chargeable in respect of the rent; instead see—
- (a) in the case of a residential property transaction, paragraph 27 of Schedule 6 and any regulations made under that paragraph, and
 - (b) in the case of a non-residential property transaction, paragraph 30 of that Schedule (calculation of tax chargeable in respect of rent: linked transactions).
