- (2) Every order made under sub-section (1) of this section shall, so soon as may be after it is made, be laid before each House of Parliament. If either House of Parliament, within the statutory period next after any order made as aforesaid has been laid before such House, resolves that the order shall be annulled, the order shall, after the date of the resolution, be void, but without prejudice to the validity of anything previously done thereunder or to the making of a new order.

2 Power to make regulations and prescribe form of licences.

For the purpose of enabling effect to be given to orders made under the foregoing section of this Act, the Ministry of Agriculture may—

- (a) make regulations with respect to the ports and other places at which musk rats may be imported under a licence, the form of container to be used for their transport from place to place, the nature of the premises upon which, and the manner in which, musk rats may be kept under a licence, and the precautions to be taken against their escape;
- (b) prescribe the forms of licences to be used under this Act, the duration of such licences and the conditions to be attached thereto; and

3 Grant and revocation of licences.

The Ministry of Agriculture may at its discretion—

- (a) upon payment by an applicant of the prescribed fee, grant to him a licence in the prescribed form authorising him to import and keep, or to keep, musk rats in accordance with the conditions of the licence and with the regulations, and from time to time renew any licence so granted; and
- (b) revoke any such licence, if it is shown to the satisfaction of the said Ministry that the holder thereof has failed to comply with any condition of the licence or with any of the regulations, or has been convicted of an offence under this Act.

4 Power of inspection.

While an order under section one of this Act is in force, any authorised officer or other authorised person shall at all reasonable times be permitted, on production of his authority if so required, to enter and inspect any land occupied by a person holding a licence under this Act and any other land in a case where he has reason to believe that musk rats are being kept or may be found thereon.

5 Provisions as to musk rats found on land or premises.

- (c) The Ministry of Agriculture may authorise a committee of the council of any county (including a county borough) to exercise within that county, on behalf and at the expense of the said Ministry, the powers of the said Ministry under paragraph (b) of this section;
- (d) No criminal prosecution shall be brought, and no action for damages shall lie, in respect of the killing or wounding of any musk rat which is found at large.

6 Provisions as to offences.

(1) Any person who—

- (a) at a time when the importation of musk rats is prohibited absolutely, imports or attempts to import any musk rat into Northern Ireland, or, at a time when such importation is prohibited except under a licence, imports or attempts to import any musk rat into Northern Ireland without having in force a licence authorising such person so to do; or
