Building (Scotland) Act 2003

2003 asp 8

The Bill for this Act of the Scottish Parliament was passed by the Parliament on 20th February 2003 and received Royal Assent on 26th March 2003

An Act of the Scottish Parliament to make further provision with respect to buildings, building standards, work in relation to buildings and related matters; and for connected purposes.

PART 1

BUILDING REGULATIONS

Power to make building regulations

1 Building regulations

- (1) The Scottish Ministers may, for any of the purposes of—
 - (a) securing the health, safety, welfare and convenience of persons in or about buildings and of others who may be affected by buildings or matters connected with buildings,
 - (b) furthering the conservation of fuel and power, and
 - (c) furthering the achievement of sustainable development,make regulations (“building regulations”) with respect to the design, construction, demolition and conversion of buildings and the provision of services, fittings and equipment in or in connection with buildings.
- (2) Before making regulations under subsection (1) (except regulations consolidating other regulations) or an order under subsection (4) the Scottish Ministers must consult—
 - (a) the Building Standards Advisory Committee, and
 - (b) such other persons as appear to them to be representative of the interests concerned.
- (3) Schedule 1 makes further provision about the matters as to which building regulations may provide.
- (4) The Scottish Ministers may by order modify paragraph 5(2) of that schedule.
- (5) The Scottish Ministers may by order modify any enactment if it appears to them that the enactment is inconsistent with, or is unnecessary or requires alteration in consequence of, any provision of building regulations.

2 Continuing requirements

- (1) Building regulations may impose on owners of buildings to which such regulations apply such continuing requirements as the Scottish Ministers consider appropriate for securing that the purposes of any designated provision of the regulations are not frustrated.
- (2) In subsection (1), “designated provision” means a provision designated in the regulations as one to which the continuing requirements relate.
- (3) A continuing requirement imposed by virtue of subsection (1) does not apply in relation to a building unless a provision of the regulations designated in relation to that requirement applies to the building.
- (4) Continuing requirements may by virtue of subsection (1) be imposed on owners of buildings of such description as the regulations may specify (whenever erected, and whether or not any building regulations were applicable to them at the time of their erection).

*Relaxation of building regulations***3 Relaxation of building regulations**

- (1) This section applies where the Scottish Ministers consider that it is unreasonable that any provision of building regulations which would, apart from this section, apply in relation to any building or description of building should so apply, or should so apply without relaxation.
- (2) Where this section applies the Scottish Ministers may—
 - (a) on an application made to them by any person, give a direction dispensing with or relaxing the provision in question in relation to the building,
 - (b) whether or not on an application made to them, give a direction dispensing with or relaxing the provision in question generally in relation to a description of building.
- (3) No direction may be given under subsection (2) in relation to a provision of building regulations specified in the regulations as one in relation to which such a direction is not competent.
- (4) A direction under subsection (2)—
 - (a) may be given unconditionally or subject to such conditions as the direction may specify,
 - (b) ceases to have effect on such date (if any) as the direction may specify,
 - (c) may be varied or revoked by a further direction.
- (5) Before giving a direction under subsection (2)(b) or a direction under subsection (4)(c) varying or revoking such a direction the Scottish Ministers must consult—
 - (a) the Building Standards Advisory Committee, and
 - (b) such other persons as appear to them to be representative of the interests concerned.
- (6) The Scottish Ministers must send a copy of any direction under subsection (2)(a) and any direction under subsection (4)(c) varying or revoking such a direction to—
 - (a) the local authority, and

- (b) every verifier authorised to exercise functions under this Act in relation to the building in question or other buildings of that description in the area of the local authority.
- (7) The Scottish Ministers must send a copy of any direction under subsection (2)(b) and any direction under subsection (4)(c) varying or revoking such a direction to—
 - (a) every verifier, and
 - (b) every local authority which is not a verifier.
- (8) Where—
 - (a) an application for a building warrant is made to a verifier,
 - (b) all or part of the building to which the application relates is of a description to which a direction under subsection (2)(b) relates, and
 - (c) after the application is lodged, the direction ceases to have effect by virtue of subsection (4)(b) or is varied or revoked under subsection (4)(c),the direction (with any conditions specified in it) continues to have effect in relation to the application.
- (9) Unless the context otherwise requires, references in this Act or any other enactment to building regulations are, in relation to any building or description of building in relation to which a direction under this section is in force, to the regulations as, subject to that direction, they apply to that building or description of building.

Guidance documents

4 Guidance documents for purposes of building regulations

- (1) The Scottish Ministers may issue guidance documents for the purpose of providing practical guidance with respect to the requirements of any provision of building regulations and may issue revisions of the whole or any part of any guidance document.
- (2) A guidance document or revision issued under subsection (1) takes effect in accordance with a notice issued by the Scottish Ministers—
 - (a) identifying the guidance document or, as the case may be, the revision,
 - (b) stating the date on which the document or revision is to take effect, and
 - (c) specifying the provisions of building regulations for the purpose of which the document or revision is issued.
- (3) The Scottish Ministers may withdraw guidance documents.
- (4) A withdrawal of a guidance document under subsection (3) takes effect in accordance with a notice issued by the Scottish Ministers—
 - (a) identifying the document in question, and
 - (b) stating the date on which the document is to cease to have effect.
- (5) In subsections (3) and (4) of this section and section 5—
 - “guidance document” means a document issued under subsection (1) of this section subject to any revision issued under that subsection,
 - “document” includes part of a document.

5 Compliance with guidance documents

- (1) Failure to comply with a guidance document does not render a person liable to civil or criminal proceedings.
- (2) But proof of compliance with such a document may be relied on in any proceedings (whether civil or criminal) as tending to negative liability for an alleged contravention of building regulations.
- (3) In any proceedings (whether civil or criminal)—
 - (a) a document purporting to be a notice issued under section 4(2) or (4) is to be taken to be such a notice unless the contrary is proved,
 - (b) a document which appears to the court to be the guidance document to which such a notice refers is to be taken to be that guidance document unless the contrary is proved.

*Building standards assessments***6 Building standards assessments**

- (1) A local authority must, if requested to do so by the owner of a building, carry out a building standards assessment.
- (2) A building standards assessment is an assessment of the extent to which the authority considers that—
 - (a) the building complies with building regulations as the regulations apply to the building at the time of the assessment,
 - (b) any work which has been carried out in relation to the building was carried out without any authorisation required by or under any enactment,
 - (c) any continuing requirement which applies in relation to the building is being and has been complied with,
 - (d) the building has defects which entitle the authority to serve on the owner a defective building notice.
- (3) The Scottish Ministers may by regulations make further provision as to the matters to be assessed in a building standards assessment including, in particular, provision as to—
 - (a) the period to which an assessment in pursuance of subsection (2)(b) is to relate,
 - (b) circumstances in which an assessment is to be made in relation to part only of a building or, where a building forms part of a larger building, in relation to that larger building,
 - (c) matters which are not to be included in an assessment in any particular case or description of case.

 - (b) approved certifiers of design,
 - (c) approved certifiers of construction.
- (2) The Scottish Ministers may approve schemes in accordance with which persons (whether individuals or bodies corporate or unincorporate) who are for the time being members of the schemes are entitled to exercise for the purposes of this Act the functions of (either or both)—
 - (a) an approved certifier of design,
 - (b) an approved certifier of construction,and references in this Act to approved certifiers of design or approved certifiers of construction include (unless the context requires otherwise) any persons who are by virtue of their membership of any such scheme entitled to exercise the functions of such certifiers.

- (4) The Scottish Ministers must keep lists of verifiers, approved certifiers of design and approved certifiers of construction.
- (5) Such lists must, in relation to each verifier, approved certifier of design and approved certifier of construction, contain details of the matters in respect of which that verifier or certifier is authorised to exercise functions under this Act (including details of any limitations imposed on that verifier's or certifier's appointment under paragraph 2 of schedule 2 and, in the case of a certifier referred to in paragraph 4 of that schedule, any limitations referred to in that paragraph).
- (6) The Scottish Ministers must make the lists available for public inspection at all reasonable times.
- (7) The Scottish Ministers may exercise the functions of a verifier under this Act to the extent, and in the circumstances, specified in a direction given by them; and references in this Act (other than schedule 2) to a verifier are to be construed accordingly.
- (8) The Scottish Ministers may, in any of the circumstances specified in subsection (9), direct a verifier to refer to them—

- (a) any application specified in the direction, being an application made to the verifier under section 9 for a building warrant or an amendment to a building warrant and not determined by the verifier as at the date of the direction,

- (5) In any proceedings against a person referred to in subsection (3)(b) or (c) for an offence under subsection (2)(b), it is a defence for the accused to show that at the time of the alleged commission of the offence the accused did not know, and had no reasonable cause to know, that the work was being carried out or the conversion made otherwise than in accordance with the warrant.
- (6) In any proceedings against a person referred to in subsection (3)(c) for an offence under subsection (2)(a), it is a defence for the accused to show that at the time of the alleged commission of the offence the accused did not know, and had no reasonable cause to know, that the work was being carried out or the conversion made.
- (7) The accused is to be taken to have shown the fact specified in subsection (4) or, as the case may be, (5) or (6) if—

- (9) A building warrant has effect for the benefit of the building to which it relates and of all persons for the time being having an interest in it.

9 Building warrants: grant and amendment

- (1) A verifier must, on an application for a building warrant made to it, grant a building warrant if, but only if, it is satisfied as to the matters specified in subsection (2).
- (2) Those matters are—
 - (a) so far as the application is for a warrant for the construction or demolition of a building—
 - (i) that the work involved will be carried out in accordance with building regulations, and
 - (ii) where the work is for the construction of a building, that nothing in any plan, specification or other information submitted with the application indicates that the building when constructed will fail to comply with building regulations,
 - (b) so far as the application is for a warrant for the provision of services, fittings or equipment in or in connection with a building—
 - (i) that the work involved will be carried out in accordance with building regulations, and

- (ii) that nothing in any plan, specification or other information submitted with the application indicates that the services, fittings or equipment will fail to comply with building regulations,
 - (c) so far as the application is for a warrant for conversion of a building, that after the conversion the building as converted will comply with building regulations.
- (3) Subsection (4) applies where, on an application for a building warrant for the construction or demolition of a building, the verifier is not satisfied that the information submitted with the application is sufficient, in relation to a stage in the construction or demolition specified in procedure regulations, to show that the building when constructed or the demolition will comply with building regulations.
- (4) Where this subsection applies, the verifier may grant a building warrant for the construction or demolition of the building subject to the condition that work on the stage in question is not to be proceeded with until—
 - (a) such further information relating to that stage as the verifier may require is submitted to it,
 - (b) it is satisfied, on the basis of that information, as to the matter specified in subsection (3), and
 - (c) it has made an amendment to the warrant authorising the work to proceed.
- (5) Subsection (6) applies where—
 - (a) a building warrant has been granted, and
 - (b) before any completion certificate has been accepted in relation to the building in respect of the work or conversion, an application is made to the verifier for an amendment to the warrant.
- (6) Where this subsection applies, the verifier must make the amendment if, but only if, it continues to be satisfied as to the matters specified in subsection (2), taking into account the proposed amendment and any plan, specification or other information submitted with the application for the amendment.
- (7) Where a verifier grants, or makes an amendment to, a building warrant under this section the verifier must—
 - (a) send a copy of the warrant or amendment, together with—

- (9) References in this section and sections 10 to 14 (other than section 14(4)) to building regulations are to those regulations as they have effect at the time of the application under subsection (1) for the building warrant in question but subject, in relation to an application for an amendment to a warrant, to any later direction under section 3(2) in force in relation to the building in question or buildings of the same description.

- (10) This section and section 10 are without prejudice to any enactment (other than this Act) conferring power on a local authority to refuse to grant a building warrant in particular circumstances.

10 Building warrants: extension, alteration and conversion

- (1) Despite section 9, a verifier must refuse to grant a building warrant (or an amendment to the terms of a warrant) under that section if the application relates to an extension to a building or alteration or conversion of all or part of a building and subsection (2) or (3) of this section is satisfied.
- (2) This subsection is satisfied if—
- (a) the whole building, at the time of the application, complied with building regulations, and
 - (b) the verifier considers that, as a result of the extension, alteration or conversion, the whole building as extended, altered or converted will fail to comply with building regulations.
- (3) This subsection is satisfied if—
- (a) the whole building, at the time of the application, failed to comply with building regulations, and
 - (b) the verifier considers that, as a result of the extension, alteration or conversion, the whole building as extended, altered or converted will fail to comply with building regulations to a greater degree.

11 Building warrants: certification of design

- (1) On making an application under section 9 for a building warrant or for amendment of a warrant, the applicant may submit to the verifier a certificate issued by an approved certifier of design certifying (either or both)—
- (a) that the design of the building, or of such part of it as is specified in the certificate, complies with building regulations,
 - (b) in relation to work for construction or demolition or for provision of services, fittings or equipment, that the proposed method of working, or any part of it, complies with building regulations.
- (2) In subsection (1), “design” includes the specification of the material to be used.
- (3) In determining the application, the verifier must accept the certificate as conclusive of the facts to which it relates.
- (4) Any approved certifier of design who—

12 Building warrants: reference to Ministers

- (1) Where, in relation to an application under section 9 for a building warrant, the verifier or the applicant considers that there is doubt about—
 - (a) the extent to which the proposals in the application comply with any provision of building regulations, or
 - (b) whether it is necessary to impose continuing requirements under section 22,the verifier or, as the case may be, the applicant may refer the matter to the Scottish Ministers.

- (3) In determining the application or, as the case may be, considering whether it is necessary to impose continuing requirements under section 22, the verifier must have regard to any view expressed under subsection (2).

13 Building warrants: further provisions

- (1) A building warrant is subject to the following conditions—
 - (a) that the work or conversion in respect of which the warrant was granted is carried out or, as the case may be, made as described in the warrant (including any related plans and specifications) and in accordance with building regulations, and
 - (b) where a direction has been given under section 3, that any conditions specified in the direction are observed.
- (2) A building warrant for the demolition of a building is subject to the condition that the demolition is completed within such period as is specified in the warrant.

14 Building warrants: limited life buildings

- (1) In relation to a building to be constructed in accordance with any special provisions of building regulations made by virtue of paragraph 3 of schedule 1—
 - (a) an application for a building warrant must state the period of the intended life of the building, which must not exceed the period specified in the regulations in relation to the special provisions, and
 - (b) the warrant is subject to the condition that the building is demolished by the expiry of the period stated in the application, but does not constitute a warrant for the demolition.
- (2) Where a warrant is subject to the condition specified in subsection (1)(b), the owner of the building may, before the expiry of the period specified in the warrant, or that period as extended under subsection (3), make an application to the verifier to extend, or further extend, the period.

- (3) On such an application the verifier, if it is satisfied having regard to the special provisions referred to in subsection (1) that it is proper to do so, may extend or, as the case may be, further extend the period.

- (5) Where—
 - (a) a warrant is subject to the condition specified in subsection (1)(b), and
 - (b) the owner of the building fails to demolish the building by the expiry of the period specified in the warrant (or, if that period has been extended or further extended under subsection (3), the period as so extended or further extended),the owner is guilty of an offence.
- (6) Any person who, after the expiry of the period specified in a warrant by virtue of subsection (1)(b) (or, if that period has been extended or further extended under subsection (3), the period as so extended or further extended), occupies or uses the building to which the warrant relates (other than solely for the purposes of its demolition)—

 unless the owner is the person who submitted the certificate.
- (5) Subsection (4)(a) does not apply where the verifier is the local authority.

19 Completion certificates: certification of construction

- (1) On submitting a completion certificate to a verifier under this Act, the person submitting the completion certificate may submit to the verifier a certificate issued by an approved certifier of construction certifying in relation to the building in question that such construction as is specified in the certificate complies with building regulations.
- (2) In subsection (1), the reference to building regulations is—
 - (a) in relation to a completion certificate submitted under subsection (1) of section 17, to those regulations as they applied for the purposes of the building warrant,
 - (b) in relation to a completion certificate submitted under subsection (4) of that section, to those regulations as they have effect on the date on which the completion certificate is submitted.
- (3) In determining whether or not to accept the completion certificate, the verifier must accept the certificate of the approved certifier of construction as conclusive of the facts to which it relates.
- (4) Any approved certifier of construction who—
 - (a) issues a certificate under subsection (1) containing a statement which the certifier knows to be false or misleading in a material particular, or
 - (b) recklessly issues a certificate under subsection (1) which is false or misleading in a material particular,
 is guilty of an offence.
- (5) In this section—
 - “certificate”, in relation to construction, means a certificate which the approved certifier of construction is authorised to issue—
 - (a) in the case of such a certifier appointed under section 7(1), by the terms of the certifier’s appointment,
 - (b) in the case of a person who is such a certifier by virtue of membership of a scheme approved under section 7(2), by the scheme as approved,
 - “construction” includes any building or work in relation to a building and includes services, equipment and fittings provided in or in connection with a building.

20 Completion certificates: offences

- (1) Any person who, under this Act—

- (a) submits to a verifier a completion certificate containing a statement which that person knows to be false or misleading in a material particular, or

- is guilty of an offence.
- (2) Any verifier who accepts a completion certificate submitted to it under this Act knowing that the certificate contains a statement which is false in a material particular is guilty of an offence.

21 Occupation or use without completion certificates

- (1) This section applies to a building which is being, or has been, constructed or converted—
- (a) by virtue of a building warrant or,
 - (b) in a case where such a warrant is required under section 8, without such a warrant,
- if the condition specified in subsection (2) is satisfied.
- (2) That condition is that no completion certificate has been accepted in respect of the construction or conversion under section 18(1).
- (3) On an application made to the verifier—
- (a) where the construction or conversion is being, or has been, carried out otherwise than on behalf of another person, by the person carrying out, or who carried out, the construction or conversion,
 - (b) where the construction or conversion is being, or has been, carried out by a person on behalf of another person, by that other person,
 - (c) in any case, by the owner of the building in question,
- the verifier may grant permission for the temporary occupation or use of the building during such period as is specified in the permission and must, where it does so, send a copy of the permission to the local authority (unless the verifier is the local authority).
- (4) The period specified in a permission under subsection (3) may be extended from time to time on a further application under that subsection.
- (5) Any person who occupies or uses a building to which this section applies (other than solely for the purpose of its construction or conversion)—
- (a) knowing that no completion certificate has been accepted under section 18(1) in respect of the construction or conversion, or
 - (b) without any regard for whether a completion certificate has been so accepted,
- is guilty of an offence unless the occupation or use is authorised by a permission granted under subsection (3).
- (6) A person guilty of an offence under subsection (5) is liable—
- (a) on summary conviction, to a fine not exceeding the statutory maximum,
 - (b) on conviction on indictment, to a fine.

- (8) On such an application the court may grant such interdict as it thinks appropriate for the purpose of restraining or preventing the occupation or use.
- (9) In subsection (8), “the court” means the Court of Session or the sheriff.
- (10) In the application of this section to a building which is being or has been converted, references to occupation or use of the building are to the changed occupation or use.
- (11) In this section, references to construction do not include alteration.

Imposition of continuing requirements by verifiers

22 Imposition of continuing requirements by verifiers

- (1) Subsection (2) applies where a verifier—
 - (a) grants, or makes an amendment to, a building warrant (other than a warrant for demolition), or
 - (b) accepts a completion certificate submitted under section 17(4),
 in respect of any building.
- (2) Where the verifier considers it necessary to do so for securing that the purposes of any provision of building regulations are not frustrated, the verifier must, on granting or making the amendment to the building warrant or, as the case may be, accepting the completion certificate, impose on the owner of the building such continuing requirements (in addition to any imposed by virtue of section 2) in relation to the building as the verifier considers necessary for securing that matter.
- (3) Continuing requirements imposed under this section must state the provision of building regulations to which they relate.

23 Discharge and variation of continuing requirements imposed by verifiers

- (1) A verifier must—
 - (a) on an application made to it for discharge of a continuing requirement imposed under section 22, discharge the continuing requirement if satisfied that—
 - (i) the building in relation to which the requirement was imposed complies with building regulations (as they apply at the time of the application), and
 - (ii) the requirement is no longer necessary for securing that the purposes of the provision of building regulations to which it relates are not frustrated,
 - (b) on an application made to it for variation of a continuing requirement imposed under that section, make the variation if satisfied that—
 - (i) the building in relation to which the requirement was imposed complies with building regulations (as they apply at the time of the application), and
 - (ii) the variation will not result in the purposes of the provision of building regulations to which the requirement relates being frustrated.

- (2) References in this Act to continuing requirements imposed under section 22 include such requirements as varied under this section.
- (3) Continuing requirements imposed in relation to a building under section 22 cease to have effect if—
 - (a) a building warrant is granted in respect of the building, or
 - (b) a completion certificate submitted under section 17(4) in respect of the building is accepted.
- (4) Subsection (3) does not affect the power of the verifier to impose further continuing requirements in relation to the building under section 22 on granting the building warrant or, as the case may be, accepting the completion certificate referred to in subsection (3).

Building standards registers

24 Building standards registers

- (1) Every local authority must keep a register (a “building standards register”) for the area of the authority containing information in relation to—
 - (a) applications for building warrants and amendments to building warrants,
 - (b) the manner in which such applications have been dealt with, and
 - (c) completion certificates and their acceptance or rejection.
- (2) The Scottish Ministers may by regulations make provision as to—
 - (a) matters, in addition to those specified in subsection (1)(a) to (c), in relation to which building standards registers are to contain information,
 - (b) the information which such registers are to contain,
 - (c) the form and manner in which such registers are to be kept.
- (3) Regulations under subsection (2) may also make provision for—
 - (a) building standards registers to include copies of plans, specifications, estimates of costs, certificates issued by certifiers and other documents,
 - (b) the removal from such registers of all or part of entries relating to applications, and things relating to them.
- (4) Building standards registers must be kept open for public inspection at all reasonable times.

PART 3

COMPLIANCE AND ENFORCEMENT

25 Building regulations compliance

- (1) This section applies where the Scottish Ministers consider that, for any of the purposes of—
 - (a) securing the health, safety, welfare and convenience of persons in or about buildings and of others who may be affected by buildings or matters connected with buildings,

- (b) furthering the conservation of fuel and power, and
 - (c) furthering the achievement of sustainable development,
- buildings of any description to which building regulations apply ought to comply with a provision of the regulations.
- (2) Where this section applies, the Scottish Ministers may direct all local authorities, particular local authorities or local authorities of a particular description to secure that such buildings comply with that provision of the regulations.
 - (3) A local authority must, if required to do so by a direction under subsection (2) and may, in any other case where it appears to the authority that a building of a description specified in such a direction does not comply with a provision of the building regulations specified in the direction in relation to buildings of that description, serve on the owner of the building a notice (a “building regulations compliance notice”)—
 - (a) specifying the provision of the regulations in question,
 - (b) requiring the owner to secure, by such date (not less than 28 days after the date on which the notice takes effect) as the notice may specify, that the building complies with that provision,
 - (c) specifying any particular steps which the authority requires the owner to take for that purpose, and
 - (d) specifying the date on which the notice is to take effect.
 - (4) Subject to subsection (8), nothing in this section affects any requirement to obtain a building warrant (where one is required) for work required to comply with a building regulations compliance notice.
 - (5) Where a local authority serving a building regulations compliance notice is a verifier authorised to exercise functions in relation to the matter in question, the notice may require—
 - (a) any application for a building warrant for work required to comply with the notice to be made, and
 - (b) any completion certificate in respect of such work to be submitted,to the authority.
 - (6) If, by the date specified under subsection (3)(b) (or such later date as the local authority may have substituted under subsection (9)(b)), the owner has—
 - (a) applied for a building warrant in respect of any work required to comply with the notice, and
 - (b) (if the local authority is not the verifier to which the application is made) notified the authority of the making of the application,the notice has effect with the substitution for the date or later date of such other date (not less than 28 days after the date on which the verifier’s decision on the application takes effect) as the local authority may specify.
 - (7) If, by the date specified under subsection (3)(b) (or such later date as may have substituted under subsection (6) or (9)(b)), the owner has not complied with the notice—
 - (a) the owner is guilty of an offence, and

- (b) the authority may carry out such work as is necessary to make the building comply with the provision of building regulations specified in the notice and may recover from the owner any expenses reasonably incurred by it in doing so.
- (8) A building warrant is not required for the carrying out of work by a local authority under subsection (7)(b) but, after the completion of such work, the local authority must register in the building standards register a completion certificate certifying that the building complies with the provision of building regulations specified in the notice in question.
- (9) The local authority may—
 - (a) withdraw a building regulations compliance notice,
 - (b) waive or relax any requirement of such a notice, including substituting a later date for the date specified under subsection (3)(b) or (6),whether or not the notice has taken effect.
- (10) The withdrawal of a building regulations compliance notice does not affect the power of the local authority to issue a further such notice.

26 Continuing requirement enforcement notices

- (1) This section applies where it appears to a local authority that the owner of a building is failing to comply with a continuing requirement imposed on the owner—
 - (a) by building regulations by virtue of section 2, or
 - (b) by a verifier under section 22.
- (2) Where this section applies, the local authority may serve on the owner of the building a notice (a “continuing requirement enforcement notice”)—
 - (a) specifying the continuing requirement in question,
 - (b) requiring the owner to take, by such date (not less than 28 days after the date on which the notice takes effect) as the notice may specify, such steps as the notice may specify for the purpose of complying with the continuing requirement,
 - (c) specifying the date on which the notice is to take effect.
- (3) If, by the date specified under subsection (2)(b) (or such later date as may have been substituted under subsection (5)(b)), the owner has not complied with the notice—
 - (a) the owner is guilty of an offence, and
 - (b) the authority may carry out such work as is necessary to comply with the notice and may recover from the owner any expenses reasonably incurred by it in doing so.
- (4) After the completion of such work the local authority must register in the building standards register a completion certificate certifying that the work has been completed in accordance with the notice in question.
- (5) The local authority may—
 - (a) withdraw a continuing requirement enforcement notice,
 - (b) waive or relax any requirement of such a notice, including substituting a later date for the date specified under subsection (2)(b),whether or not the notice has taken effect.

 - (b) any completion certificate in respect of such work to be submitted,to the authority.
- (7) If, by the date specified under subsection (3)(a) (or such later date as the local authority may have substituted for that date under subsection (12)(b)), the owner has—

- (4) The work which may be carried out under subsection (3) is work which could have been specified in a notice under subsection (6) in relation to the dangerous building.
