Tax due in relation to a dwelling

13 The tax due in relation to a dwelling is determined as follows.

Step 1 Find the total consideration attributable to dwellings, that is—

(a) the consideration attributable to dwellings for the transaction, or
(b) where the transaction is one of a number of linked transactions, the sum of—

(i) the consideration attributable to dwellings for the transaction, and
(ii) the consideration attributable to dwellings for all other relevant transactions.

Step 2 Divide the total consideration attributable to dwellings by total dwellings. “Total dwellings” is the total number of dwellings by reference to which the total consideration attributable to dwellings is calculated.

Step 3 Calculate the amount of tax that would be due in relation to the relevant transaction were—

(a) the chargeable consideration equal to the result obtained in Step 2,
(b) the transaction a residential property transaction, and
(c) the transaction not a linked transaction.

The result is the tax due in relation to a dwelling.

Step 4 In the case of a relevant transaction to which schedule 2A applies, carry out Step 3 (taking account of any relief applicable to the transaction under paragraph 9 of that schedule) in relation to each dwelling that is, or is part of, the main subject-matter of the transaction to find the tax due in relation to each dwelling.

Textual Amendments

Step 2 Divide the consideration attributable to remaining property by the chargeable consideration for the transaction.
