COMMENTARY ON SECTIONS

Part 2 - Standards

Section 8 – Power of local authority to suspend right to delegated budget

16. Under section 49 of the 1998 Act all maintained schools have a right to a delegated budget, which means that their governing bodies are entitled to manage the school's budget. This section replaces the intervention power in section 17 of the 1998 Act, and provides a power for local authorities to suspend a school's right to a delegated budget if a local authority has the power to intervene in the school.
