

Transport (Scotland) Act 2019

2019 asp 17

PART 4

TICKETING ARRANGEMENTS AND SCHEMES

46 Reports on ticketing arrangements and schemes

- (1) The Transport (Scotland) Act 2001 is amended as follows.
- (2) After section 32A insert—

“Reports on ticketing arrangements and schemes

32B Reports on ticketing arrangements and schemes

- (1) A local transport authority must, as soon as practicable after the end of each financial year, prepare and publish a report on the performance of their functions under sections 28 and 29.
- (2) The report is to include information on—
 - (a) any determination made by the authority under section 28(1) during the year,
 - (b) any arrangements the authority has made under section 28(4) during the year, including, in relation to the required ticketing arrangements to which those arrangements relate—
 - (i) whether or not they are smart ticketing arrangements,
 - (ii) the extent to which they comply with the national technological standard for smart ticketing, and
 - (iii) where they are not smart ticketing arrangements or do not comply with the national technological standard for smart ticketing, the reasons for this, and
 - (c) any ticketing schemes the authority has made, varied or revoked during the year.
- (3) The reference in subsection (2)(c) to ticketing schemes made, varied or revoked by the authority includes ticketing schemes made, varied or revoked

Status: This is the original version (as it was originally enacted).

by the authority and one or more other local transport authorities acting jointly.”.
