

Council Directive 2006/112/EC of 28 November
2006 on the common system of value added tax

TITLE V

PLACE OF TAXABLE TRANSACTIONS

CHAPTER 1

Place of supply of goods

Section 1

Supply of goods without transport

Article 31

Where goods are not dispatched or transported, the place of supply shall be deemed to be the place where the goods are located at the time when the supply takes place.

Section 2

Supply of goods with transport

Article 32

Where goods are dispatched or transported by the supplier, or by the customer, or by a third person, the place of supply shall be deemed to be the place where the goods are located at the time when dispatch or transport of the goods to the customer begins.

However, if dispatch or transport of the goods begins in a third territory or third country, both the place of supply by the importer designated or recognised under Article 201 as liable for payment of VAT and the place of any subsequent supply shall be deemed to be within the Member State of importation of the goods.

Article 33

1 By way of derogation from Article 32, the place of supply of goods dispatched or transported by or on behalf of the supplier from a Member State other than that in which dispatch or transport of the goods ends shall be deemed to be the place where the goods are located at the time when dispatch or transport of the goods to the customer ends, where the following conditions are met:

- a the supply of goods is carried out for a taxable person, or a non-taxable legal person, whose intra-Community acquisitions of goods are not subject to VAT pursuant to Article 3(1) or for any other non-taxable person;
- b the goods supplied are neither new means of transport nor goods supplied after assembly or installation, with or without a trial run, by or on behalf of the supplier.

2 Where the goods supplied are dispatched or transported from a third territory or a third country and imported by the supplier into a Member State other than that in which dispatch or

transport of the goods to the customer ends, they shall be regarded as having been dispatched or transported from the Member State of importation.

Article 34

1 Provided the following conditions are met, Article 33 shall not apply to supplies of goods all of which are dispatched or transported to the same Member State, where that Member State is the Member State in which dispatch or transport of the goods ends:

- a the goods supplied are not products subject to excise duty;
- b the total value, exclusive of VAT, of such supplies effected under the conditions laid down in Article 33 within that Member State does not in any one calendar year exceed EUR 100 000 or the equivalent in national currency;
- c the total value, exclusive of VAT, of the supplies of goods, other than products subject to excise duty, effected under the conditions laid down in Article 33 within that Member State did not in the previous calendar year exceed EUR 100 000 or the equivalent in national currency.

2 The Member State within the territory of which the goods are located at the time when their dispatch or transport to the customer ends may limit the threshold referred to in paragraph 1 to EUR 35 000 or the equivalent in national currency, where that Member State fears that the threshold of EUR 100 000 might cause serious distortion of competition.

Member States which exercise the option under the first subparagraph shall take the measures necessary to inform accordingly the competent public authorities in the Member State in which dispatch or transport of the goods begins.

3 The Commission shall present to the Council at the earliest opportunity a report on the operation of the special EUR 35 000 threshold referred to in paragraph 2, accompanied, if necessary, by appropriate proposals.

4 The Member State within the territory of which the goods are located at the time when their dispatch or transport begins shall grant those taxable persons who carry out supplies of goods eligible under paragraph 1 the right to opt for the place of supply to be determined in accordance with Article 33.

The Member States concerned shall lay down the detailed rules governing the exercise of the option referred to in the first subparagraph, which shall in any event cover two calendar years.

Article 35

Articles 33 and 34 shall not apply to supplies of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), nor to supplies of second-hand means of transport, as defined in Article 327(3), subject to VAT in accordance with the relevant special arrangements.

Article 36

Where goods dispatched or transported by the supplier, by the customer or by a third person are installed or assembled, with or without a trial run, by or on behalf of the supplier, the place of supply shall be deemed to be the place where the goods are installed or assembled.

Where the installation or assembly is carried out in a Member State other than that of the supplier, the Member State within the territory of which the installation or assembly

is carried out shall take the measures necessary to ensure that there is no double taxation in that Member State.

Section 3

Supply of goods on board ships, aircraft or trains

Article 37

1 Where goods are supplied on board ships, aircraft or trains during the section of a passenger transport operation effected within the Community, the place of supply shall be deemed to be at the point of departure of the passenger transport operation.

2 For the purposes of paragraph 1, 'section of a passenger transport operation effected within the Community' shall mean the section of the operation effected, without a stopover outside the Community, between the point of departure and the point of arrival of the passenger transport operation.

'Point of departure of a passenger transport operation' shall mean the first scheduled point of passenger embarkation within the Community, where applicable after a stopover outside the Community.

'Point of arrival of a passenger transport operation' shall mean the last scheduled point of disembarkation within the Community of passengers who embarked in the Community, where applicable before a stopover outside the Community.

In the case of a return trip, the return leg shall be regarded as a separate transport operation.

3 The Commission shall, at the earliest opportunity, present to the Council a report, accompanied if necessary by appropriate proposals, on the place of taxation of the supply of goods for consumption on board and the supply of services, including restaurant services, for passengers on board ships, aircraft or trains.

Pending adoption of the proposals referred to in the first subparagraph, Member States may exempt or continue to exempt, with deductibility of the VAT paid at the preceding stage, the supply of goods for consumption on board in respect of which the place of taxation is determined in accordance with paragraph 1.

Section 4

Supply of goods through distribution systems

Article 38

1 In the case of the supply of gas through the natural gas distribution system, or of electricity, to a taxable dealer, the place of supply shall be deemed to be the place where that taxable dealer has established his business or has a fixed establishment for which the goods are supplied, or, in the absence of such a place of business or fixed establishment, the place where he has his permanent address or usually resides.

2 For the purposes of paragraph 1, 'taxable dealer' shall mean a taxable person whose principal activity in respect of purchases of gas or electricity is reselling those products and whose own consumption of those products is negligible.

Article 39

In the case of the supply of gas through the natural gas distribution system, or of electricity, where such a supply is not covered by Article 38, the place of supply shall be deemed to be the place where the customer effectively uses and consumes the goods.

Where all or part of the gas or electricity is not effectively consumed by the customer, those non-consumed goods shall be deemed to have been used and consumed at the place where the customer has established his business or has a fixed establishment for which the goods are supplied. In the absence of such a place of business or fixed establishment, the customer shall be deemed to have used and consumed the goods at the place where he has his permanent address or usually resides.

CHAPTER 2

Place of an intra-Community acquisition of goods

Article 40

The place of an intra-Community acquisition of goods shall be deemed to be the place where dispatch or transport of the goods to the person acquiring them ends.

Article 41

Without prejudice to Article 40, the place of an intra-Community acquisition of goods as referred to in Article 2(1)(b)(i) shall be deemed to be within the territory of the Member State which issued the VAT identification number under which the person acquiring the goods made the acquisition, unless the person acquiring the goods establishes that VAT has been applied to that acquisition in accordance with Article 40.

If VAT is applied to the acquisition in accordance with the first paragraph and subsequently applied, pursuant to Article 40, to the acquisition in the Member State in which dispatch or transport of the goods ends, the taxable amount shall be reduced accordingly in the Member State which issued the VAT identification number under which the person acquiring the goods made the acquisition.

Article 42

The first paragraph of Article 41 shall not apply and VAT shall be deemed to have been applied to the intra-Community acquisition of goods in accordance with Article 40 where the following conditions are met:

- (a) the person acquiring the goods establishes that he has made the intra-Community acquisition for the purposes of a subsequent supply, within the territory of the Member State identified in accordance with Article 40, for which the person to whom the supply is made has been designated in accordance with Article 197 as liable for payment of VAT;
- (b) the person acquiring the goods has satisfied the obligations laid down in Article 265 relating to submission of the recapitulative statement.
