

Directive 2014/17/EU of the European Parliament and of the Council of 4 February 2014 on credit agreements for consumers relating to residential immovable property and amending Directives 2008/48/EC and 2013/36/EU and Regulation (EU) No 1093/2010 (Text with EEA relevance)

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

ANNEX I

CALCULATION OF THE ANNUAL PERCENTAGE RATE OF CHARGE (APRC)

I.

Basic equation expressing the equivalence of drawdowns on the one hand and repayments and charges on the other.

The basic equation, which establishes the annual percentage rate of charge (APRC), equates, on an annual basis, the total present value of drawdowns on the one hand and the total present value of repayments and payments of charges on the other hand, i.e.:

$$\sum_{k=1}^m C_k(1+X)^{-t_k} = \sum_{l=1}^{m'} D_l(1+X)^{-s_l}$$

where:

- X is the APRC
- m is the number of the last drawdown
- k is the number of a drawdown, thus $1 \leq k \leq m$
- C_k is the amount of drawdown k
- t_k is the interval, expressed in years and fractions of a year, between the date of the first drawdown and the date of each subsequent drawdown, thus $t_1 = 0$
- m' is the number of the last repayment or payment of charges
- l is the number of a repayment or payment of charges
- D_l is the amount of a repayment or payment of charges
- s_l is the interval, expressed in years and fractions of a year, between the date of the first drawdown and the date of each repayment or payment of charges.

Remarks:

- (a) The amounts paid by both parties at different times shall not necessarily be equal and shall not necessarily be paid at equal intervals.
- (b) The starting date shall be that of the first drawdown.
- (c) Intervals between dates used in the calculations shall be expressed in years or in fractions of a year. A year is presumed to have 365 days (or 366 days for leap years), 52 weeks or 12 equal months. An equal month is presumed to have 30,41666 days (i.e. 365/12) regardless of whether or not it is a leap year.

Where intervals between dates used in the calculations cannot be expressed as a whole number of weeks, months or years, the intervals shall be expressed as a whole number of one of those periods in combination with a number of days. Where using days:

- (i) every day shall be counted, including weekends and holidays;
- (ii) equal periods and then days shall be counted backwards to the date of the initial drawdown;
- (iii) the length of the period of days shall be obtained excluding the first day and including the last day and shall be expressed in years by dividing this period by the number of days (365 or 366 days) of the complete year counted backwards from the last day to the same day of the previous year.

(d) The result of the calculation shall be expressed with an accuracy of at least one decimal place. If the figure at the following decimal place is greater than or equal to 5, the figure at the preceding decimal place shall be increased by one.

(e) The equation can be rewritten using a single sum and the concept of flows (A_k), which will be positive or negative, in other words either paid or received during periods 1 to n, expressed in years, i.e.:

$$S = \sum_{k=1}^n A_k (1 + X)^{-k},$$

S being the present balance of flows. If the aim is to maintain the equivalence of flows, the value will be zero.

II. Additional assumptions for the calculation of the APRC

(a) If a credit agreement gives the consumer freedom of drawdown, the total amount of credit shall be deemed to be drawn down immediately and in full.

(b) If a credit agreement provides different ways of drawdown with different charges or borrowing rates, the total amount of credit shall be deemed to be drawn down at the highest charge and borrowing rate applied to the most common drawdown mechanism for this type of credit agreement.

(c) If a credit agreement gives the consumer freedom of drawdown in general but imposes, amongst the different ways of drawdown, a limitation with regard to the amount of credit and period of time, the amount of credit shall be deemed to be drawn down on the earliest date provided for in the credit agreement and in accordance with those drawdown limits.

(d) If different borrowing rates and charges are offered for a limited period or amount, the highest borrowing rate and charges shall be deemed to be the borrowing rate and charges for the whole duration of the credit agreement.

(e) For credit agreements for which a fixed borrowing rate is agreed in relation to the initial period, at the end of which a new borrowing rate is determined and subsequently periodically adjusted according to an agreed indicator or internal reference rate the calculation of the APRC shall be based on the assumption that, at the end of the fixed borrowing rate period, the borrowing rate is the same as at the time of calculation of the APRC, based on the value of the agreed indicator or internal reference rate at that time, but is not less than the fixed borrowing rate.

(f) If the ceiling applicable to the credit has not yet been agreed, that ceiling is assumed to be EUR 170 000. In the case of credit agreements — other than contingent liabilities or guarantees — the purpose of which is not to acquire or retain a right in immovable property or land, overdrafts, deferred debit cards or credit cards this ceiling is assumed to be EUR 1 500.

(g) In the case of credit agreements other than overdrafts, bridging loans, shared equity credit agreements, contingent liabilities or guarantees and open-ended credit agreements as referred to in the assumptions set out in points (i), (j), (k), (l) and (m):

(i) if the date or amount of a repayment of capital to be made by the consumer cannot be ascertained, it shall be assumed that the repayment is made at the earliest date provided for in the credit agreement and is for the lowest amount for which the credit agreement provides;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (ii) if the interval between the date of initial drawdown and the date of the first payment to be made by the consumer cannot be ascertained, it shall be assumed to be the shortest interval.
- (h) Where the date or amount of a payment to be made by the consumer cannot be ascertained on the basis of the credit agreement or the assumptions set out in points (g), (i), (j), (k), (l) and (m) it shall be assumed that the payment is made in accordance with the dates and conditions required by the creditor and, when these are unknown:
 - (i) interest charges are paid together with the repayments of the capital;
 - (ii) non-interest charges expressed as a single sum are paid at the date of the conclusion of the credit agreement;
 - (iii) non-interest charges expressed as several payments are paid at regular intervals, commencing with the date of the first repayment of capital, and if the amount of such payments is not known they shall be assumed to be equal amounts;
 - (iv) the final payment clears the balance of capital, interest and other charges, if any.
- (i) In the case of an overdraft facility, the total amount of credit shall be deemed to be drawn down in full and for the whole duration of the credit agreement. If the duration of the overdraft facility is not known, the APRC shall be calculated on the assumption that the duration of the credit is three months.
- (j) In the case of a bridging loan, the total amount of credit shall be deemed to be drawn down in full and for the whole duration of the credit agreement. If the duration of the credit agreement is not known the APRC shall be calculated on the assumption that the duration of the credit is 12 months.
- (k) In the case of an open ended credit agreement, other than an overdraft facility and bridging loan, it shall be assumed that:
 - (i) for credit agreements, the purpose of which is to acquire or retain rights in immovable property the credit is provided for a period of 20 years starting from the date of the initial drawdown, and that the final payment made by the consumer clears the balance of capital, interest and other charges, if any; in the case of credit agreements the purpose of which is not to acquire or retain rights in immovable property or which are drawn down by deferred debit cards or credit cards, this period shall be of one year;
 - (ii) the capital is repaid by the consumer in equal monthly payments, commencing one month after the date of the initial drawdown. However, in cases where the capital must be repaid only in full, in a single payment, within each payment period, successive drawdowns and repayments of the entire capital by the consumer shall be assumed to occur over the period of one year. Interest and other charges shall be applied in accordance with those drawdowns and repayments of capital and as provided for in the credit agreement.

For the purposes of this point, an open-ended credit agreement is a credit agreement without fixed duration and includes credits which must be repaid in full within or after a period but, once repaid, become available to be drawn down again.

- (l) In the case of contingent liabilities or guarantees, the total amount of credit shall be deemed to be drawn down in full as a single amount at the earlier of:
 - (a) the latest draw down date permitted under the credit agreement being the potential source of the contingent liability or guarantee; or

- (b) in the case of a rolling credit agreement at the end of the initial period prior to the rollover of the agreement.
- (m) In the case of shared equity credit agreements:
 - (i) the payments by consumers shall be deemed to occur at the latest date or dates permitted under the credit agreement;
 - (ii) percentage increases in value of the immovable property which secures the shared equity credit agreement, and the rate of any inflation index referred to in the agreement, shall be assumed to be a percentage equal to the higher of the current central bank target inflation rate or the level of inflation in the Member State where the immovable property is located at the time of conclusion of the credit agreement or 0 % if those percentages are negative.

ANNEX II

EUROPEAN STANDARDISED INFORMATION SHEET (ESIS)

PART A

The text in this model shall be reproduced as such in the ESIS. Indications between square brackets shall be replaced with the corresponding information. Instructions for the creditor or, where applicable, credit intermediary on how to complete the ESIS are provided in Part B.

Wherever the words 'where applicable' are indicated, the creditor shall provide the information required if it is relevant to the credit agreement. Where the information is not relevant, the creditor shall delete the information in question or the entire section (for example, in cases where the section is not applicable). Where the entire section is deleted, the numbering of the ESIS sections shall be adjusted accordingly.

The information below shall be provided in a single document. The font used shall be clearly readable. Bold font, shading or larger font sizes shall be used for the information elements to be highlighted. All applicable risk warnings shall be highlighted.

ESIS Model

(Introductory text)

This document was produced for [name of consumer] on [current date].

This document was produced on the basis of the information that you have provided so far and on the current financial market conditions.

The information below remains valid until [validity date], (where applicable) apart from the interest rate and other costs. After that date, it may change in line with market conditions.

(Where applicable) This document does not constitute an obligation for [name of creditor] to grant you a loan.

1. Lender

[Name]

[Telephone number]

[Geographical address]

(Optional) [E-mail address]

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

(Optional) [Fax number]

(Optional) [Web address]

(Optional) [Contact person/point]

(Where applicable information as to whether advisory services are being provided:) [(We recommend, having assessed your needs and circumstances, that you take out this mortgage./ We are not recommending a particular mortgage for you. However, based on your answers to some questions, we are giving you information about this mortgage so that you can make your own choice.)]

2. (Where applicable) Credit intermediary

[Name]

[Telephone number]

[Geographical address]

(Optional) [E-mail address]

(Optional) [Fax number]

(Optional) [Web address]

(Optional) [Contact person/point]

(Where applicable [information as to whether advisory services are being provided]) [(We recommend, having assessed your needs and circumstances, that you take out this mortgage./ We are not recommending a particular mortgage for you. However, based on your answers to some questions, we are giving you information about this mortgage so that you can make your own choice.)]

[Remuneration]

3. Main features of the loan

Amount and currency of the loan to be granted: [value][currency]

(Where applicable) This loan is not in [national currency of the borrower].

(Where applicable) The value of your loan in [national currency of the borrower] could change.

(Where applicable) For example, if the value of [national currency of the borrower] fell by 20 % relative to [credit currency], the value of your loan would increase to [insert amount in national currency of the borrower]. However, it could be more than this if the value of [national currency of the borrower] falls by more than 20 %.

(Where applicable) The maximum value of your loan will be [insert amount in national currency of the borrower]. (Where applicable) You will receive a warning if the credit amount reaches [insert amount in national currency of the borrower]. (Where applicable) You will have the opportunity to [insert right to renegotiate foreign currency loan or right to convert loan into [relevant currency] and conditions].

Duration of the loan: [duration]

[Type of loan]

[Type of applicable interest rate]

Total amount to be reimbursed:

This means that you will pay back [amount] for every [unit of the currency] borrowed.

(Where applicable) [This/Part of this] is an interest-only loan. You will still owe [insert amount of loan on an interest-only basis] at the end of the mortgage term.

(Where applicable) Value of the property assumed to prepare this information sheet: [insert amount]

(Where applicable) Maximum available loan amount relative to the value of the property [insert ratio] or Minimum value of the property required to borrow the illustrated amount [insert amount]

(Where applicable) [Security]

4. Interest rate and other costs

The annual percentage rate of charge (APRC) is the total cost of the loan expressed as an annual percentage. The APRC is provided to help you to compare different offers.

The APRC applicable to your loan is [APRC].

It comprises:

Interest rate [value in percentage or, where applicable, indication of a reference rate and percentage value of creditor's spread]

[Other components of the APRC]

Costs to be paid on a one-off basis

(Where applicable) You will need to pay a fee to register the mortgage. [Insert amount of fee where known or basis for calculation.]

Costs to be paid regularly

(Where applicable) This APRC is calculated using assumptions regarding the interest rate.

(Where applicable) Because [part of] your loan is a variable interest rate loan, the actual APRC could be different from this APRC if the interest rate for your loan changes. For example, if the interest rate rose to [scenario as described in Part B], the APRC could increase to [insert illustrative APRC corresponding to the scenario].

(Where applicable) Please note that this APRC is calculated on the basis that the interest rate remains at the level fixed for the initial period throughout the duration of the contract.

(Where applicable) The following costs are not known to the lender and are therefore not included in the APRC: [Costs]

(Where applicable) You will need to pay a fee to register the mortgage.

Please make sure that you are aware of all other taxes and costs associated with your loan.

5. Frequency and number of payments

Repayment frequency: [frequency]

Number of payments: [number]

6. Amount of each instalment

[Amount] [currency]

Your income may change. Please consider whether you will still be able to afford your [frequency] repayment instalments if your income falls.

(Where applicable) Because [this/part of this] is an interest-only loan you will need to make separate arrangements to repay the [insert amount of loan on an interest-only basis] you will owe at the end of the mortgage term. Remember to add any extra payments you will need to make to the instalment amount shown here.

(Where applicable) The interest rate on [part of] this loan can change. This means the amount of your instalments could increase or decrease. For example, if the interest rate rose to [scenario as described in Part B] your payments could increase to [insert instalment amount corresponding to the scenario].

(Where applicable) The value of the amount you have to pay in [national currency of the borrower] each [frequency of instalment] could change. (Where applicable) Your payments could increase to [insert maximum amount in national currency of the borrower] each [insert period]. (Where applicable) For example, if the value of [national currency of the borrower] fell by 20 % relative to [credit currency] you would have to pay an extra [insert amount in national currency of the borrower] each [insert period]. Your payments could increase by more than this.

(Where applicable) The exchange rate used for converting your repayment in [credit currency] to [national currency of the borrower] will be the rate published by [name of institution publishing exchange rate] on [date] or will be calculated on [date] using [insert name of benchmark or method of calculation].

(Where applicable) [Details on tied savings products, deferred-interest loans]

7. (Where applicable) Illustrative repayment table

This table shows the amount to be paid every [frequency].

The instalments (column [relevant no.]) are the sum of interest to be paid (column [relevant no.]), where applicable, capital paid (column [relevant no.]) and, where applicable, other costs (column [relevant no.]). (Where applicable) The costs in the other costs column relate to [list of costs]. Outstanding capital (column [relevant no.]) is the amount of the loan that remains to be reimbursed after each instalment.

[Table]

8. Additional obligations

The borrower must comply with the following obligations in order to benefit from the lending conditions described in this document.

[Obligations]

(Where applicable) Please note that the lending conditions described in this document (including the interest rate) may change if these obligations are not complied with.

(Where applicable) Please note the possible consequences of terminating at a later stage any of the ancillary services relating to the loan:

[Consequences]

9. Early repayment

You have the possibility to repay this loan early, either fully or partially.

(Where applicable) [Conditions]

(Where applicable) Exit charge: [insert amount or, where not possible, the method of calculation]

(Where applicable) Should you decide to repay this loan early, please contact us to ascertain the exact level of the exit charge at that moment.

10. Flexible features

(Where applicable) [Information on portability/subrogation] You have the possibility to transfer this loan to another [lender][or] [property]. [Insert conditions]

(Where applicable) You do not have the possibility to transfer this loan to another [lender] [or] [property].

(Where applicable) Additional features: [insert explanation of additional features listed in Part B and, optionally, any other features offered by the lender as part of the credit agreement not referred to in previous sections].

11. Other rights of the borrower

(Where applicable) You have [length of reflection period] after [point in time when the reflection period begins] to reflect before committing yourself to taking out this loan. (Where applicable) Once you have received the credit contract from the lender, you may not accept it before the end of [length of reflection period].

(Where applicable) For a period of [length of withdrawal period] after [point in time when the withdrawal period begins] you may exercise your right to cancel the agreement. [Conditions] [Insert procedure]

(Where applicable) You may lose your right to cancel the agreement if, during that period, you buy or sell a property connected to this credit agreement.

(Where applicable) Should you decide to exercise your right of withdrawal [from the credit agreement], please verify whether you will remain bound by your other obligations relating to the loan [including the ancillary services relating to the loan] [, referred to in Section 8].

12. Complaints

If you have a complaint please contact [insert internal contact point and source of information on procedure].

(Where applicable) Maximum time for handling the complaint [period of time]

(Where applicable) [If we do not resolve the complaint to your satisfaction internally,] you can also contact: [insert name of external body for out-of-court complaints and redress] (Where applicable) or you can contact FIN-NET for details of the equivalent body in your own country.

13. Non-compliance with the commitments linked to the loan: consequences for the borrower

[Types of non-compliance]

[Financial and/or legal consequences]

Should you encounter difficulties in making your [frequency] payments, please contact us straight away to explore possible solutions.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

(Where applicable) As a last resort, your home may be repossessed if you do not keep up with payments.

(Where Additional information applicable)
14.

(Where applicable) [Indication of the law applicable to the credit contract].

(Where the lender intends to use a language different from the language of the ESIS) Information and contractual terms will be supplied in [language]. With your consent, we intend to communicate in [language/s] during the duration of the credit agreement.

[Insert statement on right to be provided with or offered, as applicable, a draft credit agreement]

15. Supervisor

This lender is supervised by [Name(s), and web address(es) of supervisory authority/ies]

(Where applicable) This credit intermediary is supervised by [Name and web address of supervisory authority].

PART B

Instructions to complete the ESIS

In completing the ESIS, at least the following instructions shall be followed. Member States may however elaborate or further specify the instructions for completing the ESIS.

Section (1)

'Introductory text'

The validity date shall be properly highlighted. For the purpose of this section, the 'validity date' means the length of time the information, e.g. the borrowing rate, contained in the ESIS will remain unchanged and will apply should the creditor decide to grant the credit within this period of time. Where the determination of the applicable borrowing rate and other costs depends on the results of the selling of underlying bonds, the eventual borrowing rate and other costs may be different from those stated. In those circumstances only, it shall be stipulated that the validity date does not apply to the borrowing rate and other costs by adding the words: 'apart from the interest rate and other costs'.

Section '1.

Lender'

- (1) Name, telephone number, and geographical address of the creditor shall refer to the contact information that the consumer may use for future correspondence.
- (2) Information on the e-mail address, fax number, web address and contact person/point is optional.
- (3) In line with Article 3 of Directive 2002/65/EC, where the transaction is being offered at a distance, the creditor shall indicate, where applicable, the name and geographical address of its representative in the Member State of residence of the

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

consumer. Indication of the telephone number, e-mail address and web address of the representative of the credit provider is optional.

- (4) Where Section 2 is not applicable, the creditor shall inform the consumer whether advisory services are being provided and on what basis using the wording in Part A.

(Where Credit intermediary'
applicable)
Section
'2.

Where the product information is being provided to the consumer by a credit intermediary, that intermediary shall include the following information:

- (1) Name, telephone number and geographical address of the credit intermediary shall refer to the contact information that the consumer may use for future correspondence.
- (2) Information on the e-mail address, fax number, web address and contact person/point is optional.
- (3) The credit intermediary shall inform the consumer whether advisory services are being provided and on what basis using the wording in Part A.
- (4) An explanation of how the credit intermediary is being remunerated. Where it is receiving commission from a creditor, the amount and, where different from the name in Section 1, the name of the creditor shall be provided.

Section '3.

Main features of the loan'

- (1) This section shall clearly explain the main characteristics of the credit, including the value and currency and the potential risks associated with the borrowing rate, including the ones referred to in point (8), and amortisation structure.
- (2) Where the credit currency is different from the national currency of the consumer, the creditor shall indicate that the consumer will receive a regular warning at least when the exchange rate fluctuates by more than 20 %, where applicable the right to convert the currency of the credit agreement or to the possibility to renegotiate the conditions and any other arrangements available to the consumer to limit their exposure to exchange rate risk. Where there is a provision in the credit agreement to limit the exchange rate risk, the creditor shall indicate the maximum amount the consumer could have to pay back. Where there is no provision in the credit agreement to limit the exchange rate risk to which the consumer is exposed to a fluctuation in the exchange rate of less than 20 %, the creditor shall indicate an illustration of the effect of a 20 % fall in the value of consumer's national currency relative to the credit currency on the value of the credit.
- (3) The duration of the credit shall be expressed in years or months, whichever is the most relevant. Where the duration of the credit can vary during the lifetime of the contract, the creditor shall explain when and under which conditions this can occur. Where the credit is open-ended, for example, for a secured credit card, the creditor shall clearly state that fact.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (4) The type of credit shall be clearly indicated (e.g. mortgage credit, home loan, secured credit card). The description of the type of credit shall clearly indicate how the capital and the interest shall be reimbursed during the life of the credit (i.e. the amortisation structure), specifying clearly whether the credit agreement is on capital repayment or interest-only basis, or a mixture of the two.
- (5) Where all or part of the credit is an interest-only credit, a statement clearly indicating that fact shall be inserted prominently at the end of this section using the wording in Part A.
- (6) This section shall explain whether the borrowing rate is fixed or variable and, where applicable, the periods during which it will remain fixed; the frequency of subsequent revisions and the existence of limits to the borrowing rate variability, such as caps or floors.

The formula used to revise the borrowing rate and its different components (e.g. reference rate, interest rate spread) shall be explained. The creditor shall indicate, e.g. by means of a web address, where further information on the indices or rates used in the formula can be found, e.g. Euribor or central bank reference rate.

- (7) If different borrowing rates apply in different circumstances, the information shall be provided on all applicable rates.
- (8) The 'total amount to be reimbursed' corresponds to the total amount payable by the consumer. It shall be shown as the sum of the credit amount and the total cost of the credit to the consumer. Where the borrowing rate is not fixed for the duration of the contract, it shall be highlighted that this amount is illustrative and may vary in particular in relation with the variation in the borrowing rate.
- (9) Where the credit will be secured by a mortgage on the immovable property or another comparable security or by a right related to immovable property, the creditor shall draw the consumer's attention to this. Where applicable the creditor shall indicate the assumed value of the immovable property or other security used for the purpose of preparing this information sheet.
- (10) The creditor shall indicate, where applicable, either:
 - a) 'maximum available loan amount relative to the value of the property', indicating the loan-to-value ratio. This ratio is to be accompanied by an example in absolute terms of the maximum amount that can be borrowed for a given property value; or
 - b) the 'minimum value of the property required by the creditor to lend the illustrated amount'.
- (11) Where credits are multi-part credits (e.g. concurrently part fixed rate, part variable rate), this shall be reflected in the indication of the type of credit and the required information shall be given for each part of the credit.

Section '4.

Interest rate' and other costs

- (1) The reference to 'interest rate' corresponds to the borrowing rate or rates.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (2) The borrowing rate shall be mentioned as a percentage value. Where the borrowing rate is variable and based on a reference rate the creditor may indicate the borrowing rate by stating a reference rate and a percentage value of creditor's spread. The creditor shall however indicate the value of the reference rate valid on the day of issuing the ESIS.

Where the borrowing rate is variable the information shall include: (a) the assumptions used to calculate the APRC; (b) where relevant, the applicable caps and floors and (c) a warning that the variability could affect the actual level of the APRC. In order to attract the consumer's attention the font size used for the warning shall be bigger and shall figure prominently in the main body of the ESIS. The warning shall be accompanied by an illustrative example on the APRC. Where there is a cap on the borrowing rate, the example shall assume that the borrowing rate rises at the earliest possible opportunity to the highest level foreseen in the credit agreement. Where there is no cap the example shall illustrate the APRC at the highest borrowing rate in at least the last 20 years, or where the underlying data for the calculation of the borrowing rate is available for a period of less than 20 years the longest period for which such data is available, based on the highest value of any external reference rate used in calculating the borrowing rate where applicable or the highest value of a benchmark rate specified by a competent authority or EBA where the creditor does not use an external reference rate. Such requirement shall not apply to credit agreements where the borrowing rate is fixed for a material initial period of several years and may then be fixed for a further period following negotiation between the creditor and the consumer. For credit agreements where the borrowing rate is fixed for a material initial period of several years and may then be fixed for a further period following negotiation between the creditor and the consumer, the information shall include a warning that the APRC is calculated on the basis of the borrowing rate for the initial period. ^{X1}The warning shall be accompanied by an additional, illustrative APRC calculated in accordance with Article 17(5).] Where credits are multi-part credits (e.g. concurrently part fixed rate, part variable rate), the information shall be given for each part of the credit.

Editorial Information

- X1** Substituted by [Corrigendum to Directive 2014/17/EU of the European Parliament and of the Council of 4 February 2014 on credit agreements for consumers relating to residential immovable property and amending Directives 2008/48/EC and 2013/36/EU and Regulation \(EU\) No 1093/2010 \(Official Journal of the European Union L 60 of 28 February 2014\).](#)

- (3) In the section on 'other components of the APRC' all the other costs contained in the APRC shall be listed, including one-off costs such as administration fees, and regular costs, such as annual administration fees. The creditor shall list each of the costs by category (costs to be paid on a one-off basis, costs to be paid regularly and included in the instalments, costs to be paid regularly but not included in the instalments), indicating their amount, to whom they are to be paid and when. This does not have to include costs incurred for breaches of contractual obligations. Where the amount is not known, the creditor shall provide an indication of the amount if possible, or if not possible, how the amount will be calculated and specify that the amount provided is indicative only. Where certain costs are not included in the APRC because they are unknown to the creditor, this shall be highlighted.

Where the consumer has informed the creditor of one or more components of his preferred credit, such as the duration of the credit agreement and the total amount of credit, the creditor shall, where possible, use those components; if a credit agreement provides different ways of drawdown with different charges or borrowing rates and the creditor uses the assumptions set

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

out in Part II of Annex I, it shall indicate that other drawdown mechanisms for this type of credit agreement may result in a higher APRC. Where the conditions for drawdown are used for calculating the APRC, the creditor shall highlight the charges associated with other drawdown mechanisms that are not necessarily the ones used in calculating the APRC.

- (4) Where a fee is payable for registration of the mortgage or comparable security that shall be disclosed in this section with the amount, where known, or where this is not possible the basis for determining the amount. Where the fees are known and included in the APRC the existence and amount of the fee shall be listed under 'Costs to be paid on a one-off basis'. Where the fees are not known to the creditor and therefore not included in the APRC the existence of the fee shall be clearly mentioned in the list of costs which are not known to the creditor. In either case the standardised wording in Part A shall be used under the appropriate heading.

Section '5.

Frequency and number of payments'

- (1) Where payments are to be made on a regular basis, the frequency of payments shall be indicated (e.g. monthly). Where the frequency of payments will be irregular, this shall be clearly explained to the consumer.
- (2) The number of payments indicated shall cover the whole duration of the credit.

Section '6.

Amount of each instalment'

- (1) The credit currency and currency of the instalments shall be clearly indicated.
- (2) Where the amount of the instalments may change during the life of the credit, the creditor shall specify the period during which that initial instalment amount will remain unchanged and when and how frequently afterwards it will change.
- (3) Where all or part of the credit is an interest-only credit, a statement clearly indicating that fact, shall be inserted prominently at the end of this section using the wording in Part A.

If there is a requirement for the consumer to take out a tied savings product as a condition for being granted an interest-only credit secured by a mortgage or another comparable security, the amount and frequency of any payments for this product shall be provided.

- (4) Where the borrowing rate is variable the information shall include a statement indicating that fact, using the wording in Part A and an illustration of a maximum instalment amount. Where there is a cap, the illustration shall show the amount of the instalments if the borrowing rate rises to the level of the cap. Where there is no cap, the worst case scenario shall illustrate the level of instalments at the highest borrowing rate in the last 20 years, or where the underlying data for the calculation of the borrowing rate is available for a period of less than 20 years the longest period for which such data is available, based on the highest value of any external reference rate used in calculating the borrowing rate where applicable, or the highest value of a benchmark rate specified by a competent authority or EBA where the creditor does not use an external reference rate. The requirement to provide an illustrative example

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

shall not apply to credit agreements where the borrowing rate is fixed for a material initial period of several years and may then be fixed for a further period following negotiation between the creditor and the consumer. Where credits are multi-part credits (e.g. concurrently part fixed rate, part variable rate), the information shall be given for each part of the credit, and in total.

- (5) (Where applicable) Where the credit currency is different from the consumer's national currency or where the credit is indexed to a currency which is different from the consumer's national currency, the creditor shall include a numerical example clearly showing how changes to the relevant exchange rate may affect the amount of the instalments using the wording in Part A. That example shall be based on a 20 % reduction in the value of the consumer's national currency together with a prominent statement that the instalments could increase by more than the amount assumed in that example. Where there is a cap which limits that increase to less than 20 %, the maximum value of the payments in the consumer's currency shall be given instead and the statement on the possibility of further increases omitted.
- (6) Where the credit is fully or partly a variable rate credit and point 3 applies, the illustration in point 5 shall be given on the basis of the instalment amount referred to in point 1.
- (7) Where the currency used for the payment of instalments is different from the credit currency or where the amount of each instalment expressed in the consumer's national currency depends on the corresponding amount in a different currency, this section shall indicate the date at which the applicable exchange rate is calculated and either the exchange rate or the basis on which it will be calculated and the frequency of their adjustment. Where applicable such indication shall include the name of institution publishing the exchange rate.
- (8) Where the credit is a deferred-interest credit under which interest due is not fully repaid by the instalments and is added to the total amount of credit outstanding, there shall be an explanation of: how and when deferred interest is added to the credit as a cash amount; and what the implications are for the consumer in terms of their remaining debt.

Section '7.

Illustrative repayment table'

- (1) This section shall be included where the credit is a deferred interest credit under which interest due is not fully repaid by the instalments and is added to the total amount of credit outstanding or where the borrowing rate is fixed for the duration of the credit agreement. Member States may provide that the illustrative amortisation table is compulsory in other cases.

Where the consumer has the right to receive a revised amortisation table, this shall be indicated along with the conditions under which the consumer has that right.

- (2) Member States may require that where the borrowing rate may vary during the lifetime of the credit, the creditor shall indicate the period during which that initial borrowing rate will remain unchanged.
- (3) The table to be included in this section shall contain the following columns: 'repayment schedule' (e.g. month 1, month 2, month 3), 'amount of the instalment',

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

‘interest to be paid per instalment’, ‘other costs included in the instalment’ (where relevant), ‘capital repaid per instalment’ and ‘outstanding capital after each instalment’.

- (4) For the first repayment year the information shall be given for each instalment and a subtotal shall be indicated for each of the columns at the end of that first year. For the following years, the detail can be provided on an annual basis. An overall total row shall be added at the end of the table and shall provide the total amounts for each column. The total cost of the credit paid by the consumer (i.e. the overall sum of the ‘amount of the instalment’ column) shall be clearly highlighted and presented as such.
- (5) Where the borrowing rate is subject to revision and the amount of the instalment after each revision is unknown, the creditor may indicate in the amortisation table the same instalment amount for the whole credit duration. In such a case, the creditor shall draw that fact to the attention of the consumer by visually differentiating the amounts which are known from the hypothetical ones (e.g. using a different font, borders or shading). In addition, a clearly legible text shall explain for which periods the amounts represented in the table may vary and why.

Section ‘8.

Additional obligations’

- (1) The creditor shall refer in this section to obligations such as the obligation to insure the immovable property, to purchase life insurance, to have a salary paid into an account with the creditor or to buy any other product or service. For each obligation, the creditor shall specify towards whom and by when the obligation needs to be fulfilled.
- (2) The creditor shall specify the duration of the obligation, e.g. until the end of the credit agreement. The creditor shall specify for each obligation any costs to be paid by the consumer, which are not included in the APRC.
- (3) The creditor shall state whether it is compulsory for the consumer to hold any ancillary services to obtain the credit on the stated terms, and if so whether the consumer is obliged to purchase them from the creditor’s preferred supplier or whether they may be purchased from a provider of consumer’s choice. Where such possibility is conditional on the ancillary services meeting certain minimum characteristics, such characteristics shall be described in this section.

Where the credit agreement is bundled with other products the creditor shall state the key features of those other products and clearly state whether the consumer has a right to terminate the credit agreement or the bundled products separately, the conditions for and implications of doing so, and, where applicable, of the possible consequences of terminating the ancillary services required in connection with the credit agreement.

Section ‘9.

Early repayment’

- (1) The creditor shall indicate under what conditions the consumer can repay the credit early, either fully or partially.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (2) In the section on exit charges the creditor shall draw the consumer's attention to any exit charge or other costs payable on early repayment in order to compensate the creditor and where possible indicate their amount. In cases where the amount of compensation would depend on different factors, such as the amount repaid or the prevailing interest rate at the moment of the early repayment, the creditor shall indicate how the compensation will be calculated and provide the maximum amount that the charge might be, or where this is not possible, an illustrative example in order to demonstrate to the consumer the level of compensation under different possible scenarios.

Section '10.

Flexible features'

- (1) Where applicable, the creditor shall explain the possibility to and conditions for transferring the credit to another creditor or immovable property.
- (2) (Where appropriate) Additional features: Where the product contains any of the features listed in point 5, this section must list these features and provide a brief explanation of: the circumstances in which the consumer can use the feature; any conditions attached to the feature; if the feature being part of the credit secured by a mortgage or comparable security means that the consumer loses any statutory or other protections usually associated with the feature; and the firm providing the feature (if not the creditor).
- (3) If the feature contains any additional credit, then this section must explain to the consumer: the total amount of credit (including the credit secured by the mortgage or comparable security); whether the additional credit is secured or not; the relevant borrowing rates; and whether it is regulated or not. Such additional credit amount shall either be included in the original creditworthiness assessment or, if it is not, this section shall make clear that the availability of the additional amount is dependent on a further assessment of the consumer's ability to repay.
- (4) If the feature involves a savings vehicle, the relevant interest rate must be explained.
- (5) The possible additional features are: 'Overpayments/Underpayments' [paying more or less than the instalment ordinarily required by the amortisation structure]; 'Payment holidays' [periods where the consumer is not required to make payments]; 'Borrow back' [ability for the consumer to borrow again funds already drawn down and repaid]; 'Additional borrowing available without further approval'; 'Additional secured or unsecured borrowing' [in accordance with point 3 above]; 'Credit card'; 'Linked current account'; and 'Linked savings account'.
- (6) The creditor may include any other features offered by the creditor as part of the credit agreement not mentioned in previous sections.

Section '11.

Other rights of the borrower'

- (1) The creditor shall clarify the right(s) of e.g. withdrawal or reflection and where applicable other rights such as, portability (including subrogation) that exist, specify

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

the conditions to which this/these right(s) is subject, the procedure that the consumer will need to follow in order to exercise this/these right(s), inter alia, the address to which the notification of withdrawal shall be sent, and the corresponding fees (where applicable).

- (2) Where a reflection period or right of withdrawal for the consumer applies this shall be clearly mentioned.
- (3) In line with Article 3 of Directive 2002/65/EC, where the transaction is being offered at a distance, the consumer shall be informed of the existence or absence of a right of withdrawal.

Section '12.

Complaints'

- (1) This Section shall indicate the internal contact point [name of the relevant department] and a means of contacting them to complain [Geographical address] or [Telephone number] or [Contact person:] [contact details] and a link to the complaints procedure on the relevant page of a website or similar information source.
- (2) It shall indicate the name of the relevant external body for out-of-court complaints and redress and where using the internal complaint procedure is a precondition for access to that body, indicate that fact using the wording in Part A.
- (3) In the case of credit agreements with a consumer who is resident in another Member State, the creditor shall refer to the existence of FIN-NET (http://ec.europa.eu/internal_market/fin-net/).

Section '13.

Non-compliance with the commitments linked to the credit: consequences for the borrower'

- (1) Where non-observance of any of the consumer's obligations linked to the credit may have financial or legal consequences for the consumer, the creditor shall describe in this section the different main cases (e.g. late payments/default, failure to respect the obligations set out in Section 8 'Additional obligations') and indicate where further information could be obtained.
- (2) For each of those cases, the creditor shall specify, in clear, easy comprehensible terms, the sanctions or consequences to which they may give rise. Reference to serious consequences shall be highlighted.
- (3) Where the immovable property used to secure the credit may be returned or transferred to the creditor, if the consumer does not comply with the obligations, this section shall include a statement indicating that fact, using the wording in Part A.

Section '14.

Additional information'

- (1) In the case of distance marketing, this section will include any clause stipulating the law applicable to the credit agreement or the competent court.
- (2) Where the creditor intends to communicate with the consumer during the life of the contract in a language different from the language of the ESIS that fact shall be included and the language of communication named. This is without prejudice to point (g) of point 3 of paragraph 1 of Article 3 of Directive 2002/65/EC.
- (3) The creditor or credit intermediary shall state the consumer's right to be provided with or offered, as applicable, a copy of the draft credit agreement at least once an offer binding on the creditor has been made.

Section '15.

Supervisor'

- (1) The relevant authority or authorities for the supervision of the pre-contractual stage of lending shall be indicated.

ANNEX III

MINIMUM KNOWLEDGE AND COMPETENCE REQUIREMENTS

1. The minimum knowledge and competence requirements for creditors', credit intermediaries' and appointed representatives' staff referred to in Article 9 and for persons involved in the management of credit intermediaries or appointed representatives referred to in point (c) of Article 29(2) and Article 31(2) need to include at least:
 - (a) appropriate knowledge of credit products within the scope of Article 3 and the ancillary services typically offered with them;
 - (b) appropriate knowledge of the laws related to the credit agreements for consumers, in particular consumer protection;
 - (c) appropriate knowledge and understanding of the immovable property purchasing process;
 - (d) appropriate knowledge of security valuation;
 - (e) appropriate knowledge of organisation and functioning of land registers;
 - (f) appropriate knowledge of the market in the relevant Member State;
 - (g) appropriate knowledge of business ethics standards;
 - (h) appropriate knowledge of the consumer's creditworthiness assessment process or where applicable, competence in assessing consumers' creditworthiness;
 - (i) appropriate level of financial and economic competency.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2. When establishing minimum knowledge and competence requirements Member States may differentiate between the levels and types of requirements applicable to the staff of creditors, the staff of credit intermediaries or appointed representatives and the management of credit intermediaries or appointed representatives.
3. Member States shall determine the appropriate level of knowledge and competence on the basis of:
 - (a) professional qualifications, e.g. diplomas, degrees, training, competency tests; or
 - (b) professional experience, which may be defined as a minimum number of years working in areas related to the origination, distribution or intermediation of credit products.

After 21 March 2019, the determination of the appropriate level of knowledge and competence shall not be based solely on the methods listed in point (b) of the first subparagraph.
