EXPLANATORY NOTES

COMMENTARY ON SECTIONS

Section 43 – Limitation on power to make standards specifically applicable

70. In accordance with this section, regulations made by the Welsh Ministers under section 39 may only provide that a standard applies specifically to a person or to a group of persons, if the standard belongs to the type of standard with which that person or each member of the group could potentially have to comply (see Chapter 4). The Welsh Ministers may not make regulations providing for a standard to be specifically applicable to a Minister of the Crown unless the Secretary of State consents to that provision.
