EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations further amend the Health and Personal Social Services (Fund-holding Practices) Regulations (Northern Ireland) 1993 (“the principal Regulations”), which regulate the recognition and operation of fund-holding practices.

The principal change effected by these Regulations is the creation of two levels of fund-holding practice. Any practice will be able to apply for recognition as a community fund-holding practice. Practices with at least 4,000 patients on their lists will be able to apply for recognition as a standard fund-holding practice.

Regulation 2 inserts two new definitions into the principal Regulations to take account of the two new types of fund-holding practice.

Regulations 3 to 6 amend the provisions in the principal Regulations relating to applications for recognition as fund-holding practices, the granting of recognition, the conditions for continuing recognition and associated matters.

Regulation 7 provides for one type of fund-holding practice to apply to become a fund-holding practice of the other type.

Regulation 10 amends the principal Regulations to make provision for different lists of goods and services which may be purchased for patients by community and standard fund-holding practices.

Regulation 13 provides for the return of savings from a fund-holding practice to the Health and Social Services Board.

Regulations 15 and 16 amend the Schedules to the principal Regulations to provide for the different types of fund-holding practice, and to reduce to 4,000 the list size requirement for standard fund-holding.

The Statement referred to in regulation 19(2) of the principal Regulations is available from the Department of Health and Social Services, Dundonald House, Upper Newtownards Road, Belfast BT4 3SF.
