6.—(1) Where an appliance supplied under arrangements made by a Board or an HSS trust is, at the request of the person supplied, of a more expensive type than the standard type, or where an appliance which has been so supplied is repaired under those arrangements, the Board or HSS trust may charge and recover from the person so supplied, or for whom such repair is undertaken, a sum representing the difference between the cost of supplying or repairing such appliance and the cost of supplying or repairing an appliance of the type which would normally be supplied.

(2) Where an appliance supplied under arrangements made by a Board or an HSS trust requires to be replaced or repaired, and the Board or HSS trust has reason to believe that such replacement or repair is necessitated by an act or omission of the person supplied or (if it occurred when he was under sixteen years of age) of his or of the person having charge of him when it occurred, the Board or HSS trust may appoint a person or persons to investigate the matter.

(3) The person or persons so appointed shall make such inquiry into the matter as they think fit, and if in their opinion the circumstances so require or if the person concerned so demands, the inquiry shall take the form of an oral hearing.

(4) The persons holding such inquiry shall report to the Board or the HSS trust who shall determine whether the replacement or repair is necessitated by an act or omission of the person supplied or (if it occurred when he was under sixteen years of age) of his or of the person having charge of him when it occurred. The Board or HSS trust may, if it thinks fit, delegate the responsibility for determining whether the replacement or repair is necessitated by such an act or omission, to a committee of the Board or the HSS trust. The said committee may be appointed ad hoc or may be a standing committee appointed for the consideration of such questions.

(5) The Board or the HSS trust may recover from the person supplied, or (if the act or omission necessitating repairs or replacement occurred when he was under sixteen years of age) the person

having charge of him when it occurred, the whole or any part of the cost of replacement or repair of an appliance determined in the manner aforesaid to have been necessitated by an act or omission on the part of the person supplied or (if it occurred when he was under sixteen years of age) of his or of the person having charge of him when it occurred.

## EXPLANATORY NOTE

*(This note is not part of the Regulations.)*

These Regulations consolidate with amendments the Regulations which provide for the making and recovery of charges for drugs and appliances (other than dental and optical appliances) supplied under the Health and Personal Social Services (Northern Ireland) Order 1972.

Accordingly, these Regulations provide for charges for drugs and appliances supplied by chemists and doctors providing pharmaceutical services (regulations 3 and 4) and by Boards and HSS trusts to patients who are not resident in hospital (regulation 5).

The Regulations provide in addition for—

- the reduction of a chemist's remuneration by the amount of the charge recoverable under the Regulations (regulation 3(6));
- a doctor providing pharmaceutical services to send each month a sum equal to the total of the charges recovered under the Regulations to the Central Services Agency (regulation 4(6));
- the remission of charges (regulations 3(2), 4(2), 5(2) and 7);
- the application for and the issue of exemption certificates (regulations 2(1) and 8);
- the payment for certificates granting exemption from charges otherwise payable under these Regulations (regulation 9);
- the repayment of charges (regulation 10); and
- the revocation of the superseded Regulations on charges for drugs and appliances (regulation 12).

The Regulations include a new provision which requires patients, who obtain drugs from a dispensing doctor, and who are claiming entitlement to exemption or remission from charges, to make a written declaration on the prescription form to that effect (regulation 4(2)).
