(b) is competent to perform a geotechnical analysis to determine the hazard and risk arising from the excavation or tip being assessed;

“hazard” in relation to an excavation or tip means having the potential to cause harm to the health and safety of any person;

“health and safety document” shall be construed in accordance with regulation 7;

“maintained” with respect to the quarry and its plant means maintained, where necessary to secure the health and safety of any person, in an efficient state, in efficient working order and in good repair;

“management structure” shall be construed in accordance with regulation 8;

“mine” means any mine within the meaning of the 1969 Act;

“minerals” includes stone, slate, clay, gravel, sand and other natural deposits except peat;

“notifiable excavation” and “notifiable tip” shall be construed in accordance with regulation 28(3);

“operator” in relation to a quarry means the person in overall control of the working of the quarry;

“preparation for sale” includes the crushing, screening, washing, drying and bagging of minerals;

“public road” means a road as defined in Article 2(2) the Road Traffic (Northern Ireland) Order 1981(5);

“quarry” has the meaning given to it by regulation 3;

“railway company” means any person authorised by a statutory provision to construct, work or carry on a railway;

“tip” means an accumulation or deposit of any substance at a quarry (whether in a solid or liquid state or in solution or suspension) and includes, but is not limited to, overburden dumps, backfill, spoil heaps, stock piles and lagoons, and where any wall or other structure retains or confines a tip then it shall be deemed to form part of the tip;

“vehicle” means any mechanically propelled vehicle (including mechanically propelled plant);

“vehicle rules” means the rules referred to in regulation 14.

(2) Any reference in these Regulations to any specified document shall operate as a reference to that document as revised or reissued from time to time.

Meaning of quarry

3.—(1) In these Regulations “quarry” means—

- (a) subject to paragraph (2), an excavation or system of excavations made for the purpose of, or in connection with, the extraction of minerals (whether in their natural state or in solution or suspension) or products of minerals, being neither a mine nor merely a well or borehole or a well and borehole combined;
- (b) any reclamation site (and for this purpose “reclamation site” means a site where the extraction of minerals forms part of the process whereby that site is restored for agricultural, industrial or domestic use) from which minerals are being extracted for sale or further use; or
- (c) any disused tip from which minerals are being extracted for sale or further use and which is not at a mine within the meaning of section 156 of the 1969 Act.

- (2) Notwithstanding paragraph (1)(a), in these Regulations “quarry” does not include—
- (a) an excavation or system of excavations made for the purpose of or in connection with the extraction of such minerals or products of minerals where the exclusive purpose of that extraction is to enable the minerals or products of minerals so extracted to be used for the purpose of carrying out any building, civil engineering or engineering construction work on the site at which the extraction has taken place;
 - (b) a public road; or
 - (c) a railway line which is exclusively under the control of a railway company.
- (3) For the purposes of these Regulations, the following shall be deemed to form part of a quarry—
- (a) so much of the surface (including buildings, structures and works thereon) surrounding or adjacent to the quarry as is occupied for the purpose of, or in connection with—
 - (i) the working of the quarry;
 - (ii) the consumption, use, storage or preparation for sale of the minerals or products thereof extracted from the quarry; or
 - (iii) the removal from the quarry of any substance extracted from the quarry; and
 - (b) any tip—
 - (i) for the time being used in conjunction or connection with the operation of the quarry; or
 - (ii) subject to paragraph (4)(a), (whether or not it is for the time being in use) situated on premises occupied by the operator of the quarry;
- (4) For the purposes of these Regulations, where—
- (a) a tip is for the time being used in conjunction or connection with the operation of two or more quarries and is situated on premises occupied exclusively by the operator of one of those quarries, it shall be treated as forming part of that quarry unless—
 - (i) the operator of one of the other quarries in conjunction or connection with which the tip is for the time being used has agreed that the tip should be treated as forming part of the quarry of which he is the operator; and
 - (ii) notice to that effect has been given to the Executive by that operator;
 - (b) a tip is for the time being used in conjunction or connection with the operation of two or more quarries and is situated on premises occupied jointly by the operators of two or more of those quarries, the last-named operators shall, for the purposes of these Regulations, be treated as being in joint and several control of that tip and as being jointly and severally responsible therefor unless—
 - (i) the said operators have agreed that one of their number should be treated as being in control of that tip and responsible therefor; and
 - (ii) notice to that effect has been given to the Executive by the operator who is to be so treated;
- (5) Upon receipt of a notice given in accordance with paragraphs (4)(a)(ii) or (4)(b)(ii), the tip named in that notice shall be treated as forming part of the quarry specified in the said notice.

Application

- 4.—(1) Subject to paragraph (2), these Regulations shall apply to all quarries where persons work.
- (2) These Regulations shall not apply to any—

- (a) quarry at which there has been no extraction or preparation for sale of minerals within the previous twelve months;
- (b) quarry in relation to which notice of abandonment or ceasing of operations has been given to the Executive in accordance with regulation 39(1), provided that the quarry is no longer being used for the extraction or preparation for sale of minerals; or
- (c) part of a quarry which is being used exclusively by a person for a work activity unconnected with—
 - (i) the extraction of minerals; or
 - (ii) the preparation for sale of minerals,

provided that no work activity set out in paragraph (3) is being carried on at that quarry.

- (3) The work activities mentioned in paragraph (2) are any work carried on—
 - (a) with a view to abandoning that quarry; or
 - (b) for the purpose of preventing the flow from that quarry into an adjacent quarry of water or material that flows when wet.
- (4) These Regulations shall apply to a self-employed person as they apply to an employer and as if that self-employed person were both an employer and a person at work.
