Due to the need to carry out essential repairs at the Kingston Bridge, a series of closures of that bridge are necessary.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

In consequence of those closures and in order to alleviate traffic congestion, tolls on the Erskine Bridge are to be suspended during the relevant closure periods when the Kingston Bridge is closed to traffic in both directions for a period of 12 hours or more. The suspension is to commence one hour before and after such closures and will apply only during the times stipulated in article 2. This Order gives effect to that suspension of tolls
