These Regulations amend the Infant Formula and Follow-on Formula Regulations 1995 in relation to Scotland only, in implementation of Commission Directive [1999/50/EC](#) which amends Commission Directive [91/321/EEC](#) on infant formulae and follow-on formulae.

These Regulations extend the compositional requirements for such formulae in the 1995 Regulations by adding a requirement that they must not contain individual pesticide residues above a level of 0.01 mg/kg, measured when ready for use or when reconstituted according to the manufacturer's instructions (regulation 2(b)).

Consequential amendments are made by regulation 2(a).
