- (b) on request by the Scottish Ministers, a timetable; and

(2) The operator shall notify the Scottish Ministers of any changes to the adult single fare for an eligible service on the Monday following the fare revision, or on the date of the fare revision if that is a Monday.

(3) An operator shall provide the Scottish Ministers with information as to either—

- (a) the numbers of passengers carried at adult single fares, the revenue realised from these adult single fares, the average adult single fare and the numbers of eligible persons carried; or
- (b) the number of eligible persons carried, the boarding and alighting stage by shadow fare or survey of each eligible person carried in agreed format and the adult single fare foregone for each eligible person carried.

(4) Any information to be provided in accordance with this article shall be provided in such a format and at such intervals, of not less than 4 weeks, as the Scottish Ministers shall determine.

(5) Ticketing equipment used by an operator must be approved by the Scottish Ministers and shall be capable of providing such information as will allow the Scottish Ministers to audit the accuracy of claims for reimbursement.

(6) Any person duly authorised by the Scottish Ministers shall, on presentation of valid identification, have a right of access to an operator's records and vehicles for unspecified periods, without prior notification and without charge for the purpose of obtaining or verifying any information to be provided under this article.

Reimbursement of operators

12.—(1) It is to be an objective (but not a duty) of the Scottish Ministers to provide that operators are financially no better and no worse off as a result of their participation in the Scheme, taking account of the costs (including a reasonable profit) of a well-run undertaking that is adequately equipped with the means to provide the eligible service.

(2) Reimbursement of operators shall be calculated on a basis that takes account of the adult single fare for each eligible journey on an eligible service made by an eligible person within the capped level of funding specified for the financial year as contained in the agreement between the Scottish Ministers and an association representative of the passenger transport industry dated 27th October 2004⁽⁴⁾.

(3) The value of the adult single fare to be used for reimbursement calculations shall be the value set by the operator for the purposes of reimbursement under the Scheme and as agreed with the Scottish Ministers for the eligible journey concerned.

(4) In agreeing the value of the adult single fare the operator and the Scottish Ministers shall have regard to the value specified in the operator's fare table.

(5) Any dispute between the Scottish Ministers and an operator as to the value of the adult single fare to be used for reimbursement calculations shall be determined by an assessment panel comprising 3 members appointed by agreement between the operator and the Scottish Ministers.

(6) The assessment panel may either accept or reject the value of the adult single fare and shall provide reasons for their determination.

(7) The assessment panel shall send a copy of their determination to the operator and to the Scottish Ministers.

Payment of reimbursement

13.—(1) There shall be 13 payment periods at regular intervals in the financial year.

(2) Subject to paragraph (3), reimbursement payments equating to 90% of the amount estimated by the Scottish Ministers to be due to the operator in respect of the relevant payment period shall be paid by the Scottish Ministers on the first working day of that period.

(3) Reimbursement payments under paragraph (2) shall not be paid until an operator submits to the Scottish Ministers the information required by paragraphs (1) and (2) of article 11.

(4) The balance of each reimbursement payment shall be paid by the Scottish Ministers, subject to any adjustments shown to be necessary based on the information required by article 11 submitted by the operator for the relevant payment period, not later than 3 months after the end of that period.

(5) Supplementary reimbursement payments shall be paid by the Scottish Ministers where—

(a) the Scottish Ministers have not made balancing reimbursement payments within 3 months of the end of the relevant payment period, provided that the operator submitted the original claim within 4 weeks of the end of the relevant payment period; and

(b) the Scottish Ministers have not informed the operator that they are disputing the claim.

(6) If the amount of any reimbursement payment made in accordance with paragraph (2) in respect of any payment period exceeds the total amount of that payment found to be payable in respect of that period, the Scottish Ministers may deduct the amount of the excess from the reimbursement payments due to that operator in respect of any subsequent payment period.

(4) This refers to the outline agreement between the Scottish Ministers and the Confederation of Passenger Transport relating to the Unrestricted National Free Bus Scheme for Older and Disabled People dated 27th October 2004. A copy of this is available for inspection on the Transport Scotland website at www.transportscotland.gov.uk/defaultpage1221cde0.aspx?pageID=40.

(7) Where an operator fails to supply the information required under article 11, the reimbursement payments due in respect of that and future periods may be withheld, in whole or in part, until the information required has been made available and verified.

(8) Any claims for reimbursement made by operators more than 3 years after the end of the relevant payment period will not be considered for reimbursement.

(9) Any person duly authorised by the Scottish Ministers shall have a right of access to an operator's records, relevant to the calculation of reimbursement payments, without prior notification for the purpose of validating claims for reimbursement.

Verification

14. Information as to the adult single fare used in an operator's reimbursement claim and any information required by article 11(3) shall be verified by compliance audits and surveys and by means of any other verification activity agreed between the operator and the Scottish Ministers.

Travel cards

15.—(1) An eligible person may make an application to the Scottish Ministers for a travel card in order to obtain travel concessions in accordance with the Scheme.

(2) Application forms for the travel card shall be issued at such places as the Scottish Ministers, local authorities and their agents determine.

(3) A travel card for the purposes of the Scheme shall be issued to eligible persons and may only be used by the eligible person named on the card.

(4) The Scottish Ministers may withdraw or suspend a travel card—

- (a) if an eligible person knowingly allows their travel card to be used by another person; or
- (b) in such other circumstances as they may determine.
