Grant and refusal of approval

5.—(1) If, on an application made under regulation 4, it appears to the Treasury that the requirements of Schedule 1 (which imposes requirements which must appear to the Treasury to be satisfied with respect to an Operator, his rules and practices and the relevant system) are satisfied with respect to the application, they may—

- (a) subject to the payment of any fee charged by virtue of regulation 6(1); and

- (b) in the case of a periodical fee, in satisfying themselves that the Operator, his rules and practices and the relevant system continue to meet the requirements of Schedule 1 and that the Operator is complying with any obligations imposed on him by or under these Regulations.

(4) For the purposes of paragraph (3), the costs incurred by the Treasury shall be determined on the basis that they include such proportion of the following matters as are properly attributable to the performance of the relevant function—

(3) No application shall be made by the Treasury under paragraph (1) or (2) in respect of a relevant rule unless it appears to them that the Operator of the relevant system is unable or unwilling to take appropriate steps to restrain the contravention or to require the person concerned to take such steps as are mentioned in paragraph (2)(b).

(4) If on the application of the Treasury the court is satisfied that any person may have—

- (a) contravened a relevant rule; or
- (b) been knowingly concerned in the contravention of a relevant rule,

(5) The court may, on the application of the Treasury, make an order under paragraph (6) if it is satisfied that a person has contravened a relevant rule, or been knowingly concerned in the contravention of such a rule, and—

- (a) that profits have accrued to him as a result of the contravention; or
- (b) that one or more persons have suffered loss or been otherwise adversely affected as a result of the contravention.

(6) The court may order the person concerned to pay to the Treasury such sum as appears to the court to be just having regard—

- (a) in a case within subparagraph (a) of paragraph (5), to the profits appearing to the court to have accrued;
- (b) in a case within subparagraph (b) of that paragraph, to the extent of the loss or other adverse effect; or
- (c) in a case within both of those subparagraphs, to the profits appearing to the court to have accrued and to the extent of the loss or other adverse effect.

(7) Subsections (3) to (5) and (8) of section 382 of the 2000 Act shall apply in relation to an application of the Treasury under paragraph (5) as they have effect in relation to an application of the Authority under subsection (1) of that section; and in those subsections as they so apply—

(6) The powers conferred by paragraph (7) shall be exercisable by the Treasury if at any time it appears to them that—

- (c) any provision of these Regulations.

(2) A company may resolve, subject to paragraph (6)(a), by resolution of its directors (in this Part referred to as a "director's resolution") that title to shares of a class issued or to be issued by it may be transferred by means of a relevant system.

(3) Upon a directors' resolution becoming effective in accordance with its terms, and for as long as it is in force, the articles of association in relation to the class of shares which were the subject of the directors' resolution shall not apply to any uncertificated shares of that class to the extent that they are inconsistent with—

- (a) the holding of shares of that class in uncertificated form;
- (b) the transfer of title to shares of that class by means of a relevant system; or
- (c) any provision of these Regulations.

(4) Unless a company has given notice to every member of the company in accordance with its articles of association of its intention to pass a directors' resolution before the passing of such a resolution, it shall give such notice within 60 days of the passing of the resolution.

(5) Notice given by the company before the coming into force of these Regulations of its intention to pass a directors' resolution which, if it had been given after the coming into force of these Regulations would have satisfied the requirements of paragraph (4), shall be taken to satisfy the requirements of that paragraph.

(6) In respect of a class of shares, the members of a company may by ordinary resolution—

- (a) if a directors' resolution has not been passed, resolve that the directors of the company shall not pass a directors' resolution;
- (b) if a directors' resolution has been passed but not yet come into effect in accordance with its terms, resolve that it shall not come into effect;
- (c) if a directors' resolution has been passed and is effective in accordance with its terms but the class of shares has not yet been permitted by the Operator to be a participating security, resolve that the directors' resolution shall cease to have effect; or
- (d) if a directors' resolution has been passed and is effective in accordance with its terms and the class of shares has been permitted by the Operator to be a participating security, resolve that the directors shall take the necessary steps to ensure that title to shares of the class that was the subject of the directors' resolution shall cease to be transferable by means of a relevant system and that the directors' resolution shall cease to have effect,

and the directors shall be bound by the terms of any such ordinary resolution.

(7) Such sanctions as apply to a company and its officers in the event of a default in complying with section 376 of the 1985 Act shall apply to a participating issuer and his officers in the event of a default in complying with paragraph (4).

(8) A company shall not permit the holding of shares in such a class as is referred to in paragraph (1) in uncertificated form, or the transfer of title to shares in such a class by means of a relevant system, unless in relation to that class of shares a directors' resolution is effective.

(9) This regulation shall not be taken to exclude the right of the members of a company to amend the articles of association of the company, in accordance with the articles, to allow the holding of any class of its shares in uncertificated form and the transfer of title to shares in such a class by means of a relevant system.

17.—(1) A class of shares in relation to which, immediately before the coming into force of these Regulations—

- (a) regulation 15 of the 1995 Regulations applied; or
- (b) a directors' resolution passed in accordance with regulation 16 of the 1995 Regulations was effective,

shall be taken to be a class of shares in relation to which regulation 15 of these Regulations applies or, as the case may be, a directors' resolution passed in accordance with regulation 16 is effective.

(2) On the coming into force of these Regulations a company's articles of association in relation to any such class of shares, and the terms of issue of any such class of shares, shall cease to apply to the extent that they are inconsistent with any provision of these Regulations.

Interpretation of regulations 15, 16 and 17

18. For the purposes of regulations 15, 16 and 17 any shares with respect to which share warrants to bearer are issued under section 188 of the 1985 Act shall be regarded as forming a separate class of shares.

Participation in respect of securities other than shares

19.—(1) Subject to paragraph (2), where—

- (a) an Operator permits title to a security other than a share to be transferred by means of a relevant system; and
- (b) the issuer permits the holding of units of that security in uncertificated form and the transfer of title to units of that security by means of a relevant system,

title to units of that security which are recorded on an Operator register of securities may be transferred by means of that relevant system.

(2) In relation to any security other than a share, if the law under which it is constituted is not the law of England and Wales, Northern Ireland or Scotland, or if the current terms of its issue are in any respect inconsistent with—

- (a) the holding of title to units of that security in uncertificated form;
- (b) the transfer of title to units of that security by means of a relevant system; or
- (c) subject to paragraph (3), these Regulations,

the issuer shall not permit the holding of units of that security in uncertificated form, or the transfer of title to units of that security by means of a relevant system.

(3) On the coming into force of these Regulations the current terms of issue of a relevant participating security shall cease to apply to the extent that they are inconsistent with any provision of these Regulations.

(4) For the purposes of this regulation—

- (a) a relevant participating security is a participating security (other than a share) the terms of issue of which, immediately before the coming into force of these Regulations, were in all respects consistent with the 1995 Regulations; and
- (b) the terms of issue of a security shall be taken to include the terms prescribed by the issuer on which units of the security are held and title to them is transferred.

- (2) The person specified in paragraph (3) shall—
- (a) maintain a record of the entries made in an Operator register of public sector securities; and such a record is referred to in these Regulations as a “record of uncertificated public sector securities”; and

- (3) The person referred to in paragraph (2) is the Bank of England, except where the security to which an Operator register of public sector securities relates is a local authority security, in which case it is—
- (a) the relevant local authority; or
 - (b) if the local authority has appointed another person to act as registrar for the purpose of the 1974 Regulations in respect of that security, the person so appointed.
- (4) Such sanctions as apply to a company and its officers in the event of a default in complying with section 352 of the 1985 Act shall apply to an Operator and his officers in the event of a default in complying with paragraph (1)(a).

(5) Such sanctions as apply to the registrar, within the meaning of the 1974 Regulations, in the event of a default in complying with regulation 5 of those Regulations shall apply to a participating issuer and his officers in the event of a default in complying with paragraph (2)(a) in respect of a local authority security.

Entries on registers and records in respect of other securities

22.—(1) Paragraph (2) applies where a participating issuer is required by or under an enactment or instrument to maintain in the United Kingdom a register of persons holding securities (other than shares or public sector securities) issued by him.

- (2) Where this paragraph applies, then in so far as the register in question relates to any class of security which is a participating security—
- (a) the Operator shall—

- (b) the participating issuer—

 - (iii) shall keep and enter up that record in accordance with paragraph 15 of Schedule 4.
- (3) Where a participating issuer is not required by or under an enactment or instrument to maintain in the United Kingdom in respect of a participating security issued by him a register of persons holding units of that participating security, the Operator shall—

 - (b) record in that register—
 - (i) the names and addresses of the persons holding units of that security in uncertificated form, and
 - (ii) how many units of that security each such person holds in that form.
- (4) Such sanctions as apply to a company and its officers in the event of a default in complying with section 352 of the 1985 Act shall apply to an Operator and his officers in the event of a default in complying with paragraph (2)(a)(i) or (3).
- (5) Such sanctions as apply in the event of a default in complying with the requirement to maintain a register imposed by the relevant enactment or instrument referred to in paragraph (1) shall apply to a participating issuer and his officers in the event of a default in complying with paragraph (2)(b)(ii).

General provisions concerning keeping registers and records

- 23.—**(1) The obligations of an Operator to maintain and to keep and enter up any register of securities, imposed by these Regulations—
- (a) shall not give rise to any form of duty or liability on the Operator, except such as is expressly provided for in these Regulations or as arises from fraud or other wilful default, or negligence, on the part of the Operator;
 - (b) shall not give rise to any form of duty or liability on a participating issuer, other than where the Operator acts on the instructions of that participating issuer, in the absence of fraud or other wilful default, or negligence, on the part of that participating issuer; and
 - (c) shall not give rise to any form of duty or liability enforceable by civil proceedings for breach of statutory duty.
- (2) Without prejudice to paragraph (1) or to any lesser period of limitation and to any rule as to the prescription of rights, liability incurred by a participating issuer or by an Operator arising—
- (a) from the making or deletion of an entry in a register of securities or record of securities pursuant to these Regulations; or
 - (b) from a failure to make or delete any such entry,
- shall not be enforceable more than 20 years after the date on which the entry was made or deleted or, in the case of a failure, the failure first occurred.
- (3) No notice of any trust, expressed, implied or constructive, shall be entered on an Operator register of securities, or a part of such a register, or be receivable by an Operator.

(4) Schedule 4 (which provides for the keeping of registers and records of participating securities, and which excludes, or applies with appropriate modifications, certain provisions of the 1985 Act) shall have effect.

Effect of entries on registers

24.—(1) Subject to regulation 29 and to paragraphs (2) and (3) below, a register of members is prima facie evidence, and in Scotland sufficient evidence unless the contrary is shown, of any matters which are by these Regulations directed or authorised to be inserted in it.

(2) Paragraph (1) does not apply to a company's issuer register of members to the extent that any of the particulars entered in that register in accordance with paragraph 2(1) of Schedule 4 are inconsistent with the company's Operator register of members.

(3) The entry of a person's name and address in a company's issuer register of members shall not be treated as showing that person to be a member of the company unless—

- (a) the issuer register of members also shows him as holding shares in the company in certificated form;
- (b) the Operator register of members shows him as holding shares in the company in uncertificated form; or
- (c) he is deemed to be a member of the company by regulation 32(6)(b).

(4) Section 361 of the 1985 Act shall not apply with respect to a company which is a participating issuer.

(5) Subject to regulation 29, an Operator register of public sector securities is prima facie evidence, and in Scotland sufficient evidence unless the contrary is shown, of any matters which are by these Regulations directed or authorised to be inserted in it.

(6) Subject to regulation 29, an entry on an Operator register of corporate securities which records a person as holding units of a security in uncertificated form shall be evidence of such title to the units as would be evidenced if the entry on that register—

- (a) were an entry on the part maintained by the participating issuer of such register as is mentioned in regulation 22(1); and
- (b) where appropriate, related to units of that security held in certificated form.

(7) Subject to regulation 29, an entry on a register maintained by virtue of regulation 22(3)(a) shall (where the units are capable of being held in certificated form) be prima facie evidence, and in Scotland sufficient evidence unless the contrary is shown, that the person to whom the entry relates has such title to the units of the security which he is recorded as holding in uncertificated form as he would have if he held the units in certificated form.

Rectification of registers of securities

25.—(1) Unless the circumstances described in paragraph (2) apply, a participating issuer shall not rectify an issuer register of securities if such rectification would also require the rectification of an Operator register of securities.

(2) The circumstances referred to in paragraph (1) are that the rectification of an issuer register of securities is effected—

- (a) with the consent of the Operator; or
- (b) by order of a court in the United Kingdom.

(3) A participating issuer who rectifies an issuer register of securities in order to give effect to an order of a court in the United Kingdom shall immediately give the Operator written notification of

the change to the entry, if any rectification of the Operator register of securities may also be required (unless the change to the issuer register is made in response to an Operator-instruction).

- (4) An Operator who rectifies an Operator register of securities shall immediately—
- (a) generate an Operator-instruction to inform the relevant participating issuer of the change to the entry (unless the change is made in response to an issuer-instruction); and
 - (b) generate an Operator-instruction to inform the system-members concerned of the change to the entry.

Closing registers

26. Notwithstanding section 358 of the 1985 Act or any other enactment, a participating issuer shall not close a register of securities relating to a participating security without the consent of the Operator.

Registration by an Operator of transfers of securities

27.—(1) Except where relevant units of a security are transferred by means of a relevant system to a person who is to hold them thereafter in certificated form (and subject to paragraphs (2) and (4))—

- (a) upon settlement of a transfer of uncertificated units of a security in accordance with his rules;
- (b) following receipt of an issuer-instruction notifying him that the circumstances specified in regulation 33(2)(b) have arisen in respect of a transfer of units of a participating security; or
- (c) following receipt of an issuer-instruction given under Regulation 42(8)(b),

an Operator shall register on the relevant Operator register of securities the transfer of title to those units of that security.

(2) An Operator shall refuse to register a transfer of title to units of a participating security in accordance with a system-member instruction or an issuer-instruction (as the case may be) if he has actual notice that the transfer is—

- (a) prohibited by order of a court in the United Kingdom;
- (b) prohibited or avoided by or under an enactment;
- (c) a transfer to a deceased person; or
- (d) where the participating issuer is constituted under the law of Scotland, prohibited by or under an arrestment.

(3) Notwithstanding that an Operator has received, in respect of a transfer of title to units of a participating security, actual notice of the kind referred to in paragraph (2), the Operator may register that transfer of title on the relevant Operator register of securities if at the time that he received the actual notice it was not practicable for him to halt the process of registration.

(4) Without prejudice to his rules, an Operator may refuse to register a transfer of title to units of a participating security in accordance with a system-member instruction or an issuer-instruction (as the case may be) if the instruction requires a transfer of units—

- (a) to an entity which is not a natural or legal person;
- (b) to a minor (which, in relation to a participating issuer constituted under the law of Scotland, shall mean a person under 16 years of age);
- (c) to be held jointly in the names of more persons than is permitted under the terms of the issue of the security; or

- (d) where, in relation to the system-member instruction or the issuer-instruction (as the case may be), the Operator has actual notice of any of the matters specified in regulation 35(5)(a)(i) to (iii).

(5) An Operator shall not register a transfer of title to uncertificated units of a security on an Operator register of securities otherwise than in accordance with paragraph (1) unless he is required to do so by order of a court in the United Kingdom or by or under an enactment.

(6) Paragraph (5) shall not be taken to prevent an Operator from entering on an Operator register of securities a person who is a system-member to whom title to uncertificated units of a security has been transmitted by operation of law.

(7) Immediately upon—

- (a) the registration by an Operator of the transfer of title to units of a participating security in accordance with—
 - (i) paragraph (1);
 - (ii) an order of a court in the United Kingdom; or
 - (iii) a requirement arising by or under an enactment; or
- (b) the making or deletion by an Operator of an entry on an Operator register of securities—
 - (i) following the transmission of title to uncertificated units of a security by operation of law; or
 - (ii) upon the transfer of uncertificated units of a security to a person who is to hold them thereafter in certificated form,

the Operator shall generate an Operator-instruction to inform the relevant participating issuer of the registration, or of the making or deletion of the entry (as the case may be); and where appropriate the participating issuer shall register the transfer or transmission of title to those units on an issuer register of securities in accordance with regulation 28.

(8) Subsection (5) of section 183 of the 1985 Act shall apply in relation to a refusal by an Operator to register a transfer of securities in any of the circumstances specified in paragraphs (2) and (4), as it applies in relation to a refusal by a company to register a transfer of shares or debentures; and in that subsection as it so applies—

- (a) the reference to the date on which the transfer was lodged with the company shall be taken to be a reference to the date on which the relevant system-member instruction or issuer-instruction (as the case may be) was received by the Operator; and
- (b) the reference to a notice of the refusal shall be taken to be a reference to an Operator-instruction, or written notification from the Operator, informing the relevant system-member or participating issuer (as the case may be) of the refusal.

(9) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (5) of section 183 of the 1985 Act shall apply to an Operator and his officers in the event of a default in complying with that subsection as applied by paragraph (8).

Registration by a participating issuer of transfers of securities upon conversion into certificated form

28.—(1) Paragraphs (2) to (5) apply where relevant units of a security are transferred by means of a relevant system to a person who is to hold them thereafter in certificated form.

(2) Subject to paragraphs (3) and (4), a participating issuer shall (where appropriate) register a transfer of title to relevant units of a security on an issuer register of securities in accordance with an Operator-instruction.

(3) A participating issuer shall refuse to register a transfer of title to relevant units of a security in accordance with an Operator-instruction if he has actual notice that the transfer is—

- (a) prohibited by order of a court in the United Kingdom;
- (b) prohibited or avoided by or under an enactment;
- (c) a transfer to a deceased person; or
- (d) where the participating issuer is constituted under the law of Scotland, prohibited by or under an arrestment.

(4) A participating issuer may refuse to register a transfer of title to relevant units of a security in accordance with an Operator-instruction if the instruction requires a transfer of units—

- (a) to an entity which is not a natural or legal person;
- (b) to a minor (which, in relation to a participating issuer constituted under the law of Scotland, shall mean a person under 16 years of age);
- (c) to be held jointly in the names of more persons than is permitted under the terms of the issue of the security; or
- (d) where, in relation to the Operator-instruction, the participating issuer has actual notice from the Operator of any of the matters specified in regulation 35(5)(a)(i) to (iii).

(5) A participating issuer shall notify the Operator by issuer-instruction whether he has registered a transfer in response to an Operator-instruction to do so.

(6) A participating issuer shall not register a transfer of title to relevant units of a security on an issuer register of securities unless he is required to do so—

- (a) by an Operator-instruction;
- (b) by an order of a court in the United Kingdom; or
- (c) by or under an enactment.

(7) A unit of a security is a relevant unit for the purposes of this regulation if, immediately before the transfer in question, it was held by the transferor in uncertificated form.

(8) Subsection (5) of section 183 of the 1985 Act shall apply in relation to a refusal by a participating issuer to register under paragraph (2) a transfer of securities in any of the circumstances specified in paragraphs (3) and (4), as it applies in relation to a refusal by a company to register a transfer of shares or debentures; and in that subsection as it so applies the reference to the date on which the transfer was lodged with the company shall be taken to be a reference to the date on which the Operator-instruction was received by the participating issuer.

(9) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (5) of section 183 of the 1985 Act shall apply to a participating issuer and his officers in the event of a default in complying with that subsection as applied by paragraph (8).

Registration to be in accordance with regulations 27 and 28

29. Any purported registration of a transfer of title to an uncertificated unit of a security other than in accordance with regulation 27 or 28 shall be of no effect.

Registration of linked transfers

30.—(1) Paragraph (2) applies where an Operator receives two or more system-member instructions requesting him to register two or more transfers of title to uncertificated units of a security, and it appears to the Operator—

- (a) either—

- (i) that there are fewer units of the security registered on an Operator register of securities in the name of a person identified in any of the system-member instructions as a transferor than the number of units to be transferred from him under those system-member instructions; or
 - (ii) that it has not been established in accordance with paragraph 21(1)(c) of Schedule 1, in relation to any of the transfers taken without regard to the other transfers, that a settlement bank has agreed to make a payment; and
 - (b) that registration of all of the transfers would result in each of the persons identified in the system-member instructions as a transferor having title to a number of uncertificated units of a security equal to or greater than nil; and
 - (c) that the combined effect of all the transfers taken together would result in paragraph 21(1)(c) of Schedule 1 being satisfied.
- (2) Where this paragraph applies, the Operator may either—
- (a) register the combined effect of all the transfers taken together; or
 - (b) register all the transfers simultaneously,

unless one or more of those transfers may not be registered by virtue of the fact that the Operator has actual notice of any of the circumstances specified in regulation 27(2), or is to be refused registration by virtue of regulation 27(4).

(3) Notwithstanding that an Operator has received, in respect of two or more such system-member instructions as are referred to in paragraph (1), actual notice of the kind referred to in paragraph (2), the Operator may register all the transfers in question or their combined effect if at the time that he received the actual notice it was not practicable for him to halt the process of registration.

Position of a transferee prior to entry on an issuer register of securities

31.—(1) Paragraph (2) applies when an Operator deletes an entry on an Operator register of securities in consequence of which—

- (a) the Operator must generate an Operator-instruction in accordance with regulation 27(7); and
- (b) by virtue of that instruction a participating issuer must register, on an issuer register of securities, a transfer of title to units of a participating security constituted under the law of England and Wales or Northern Ireland.

(2) Where this paragraph applies—

- (a) subject to—
 - (i) subparagraph (b); and
 - (ii) any enactment or rule of law,

the transferor shall, notwithstanding the deletion of the entry in the Operator register of securities, retain title to the requisite number of units of the relevant participating security until the transferee is entered on the relevant issuer register of securities as the holder thereof; and

- (b) the transferee shall acquire an equitable interest in the requisite number of units of that security.

(3) Paragraph (4) applies when an Operator deletes an entry on an Operator register of securities in consequence of which—

- (a) the Operator must generate an Operator-instruction in accordance with regulation 27(7); and

- (b) by virtue of that instruction a participating issuer must register, on an issuer register of securities, a transfer of title to units of a participating security constituted under the law of Scotland.
- (4) Where this paragraph applies—
- (a) subject to—
- (i) subparagraph (b); and
- (ii) any enactment or rule of law,
- the transferor shall, notwithstanding the deletion of the entry in the Operator register of securities, retain title to the requisite number of units of the relevant participating security until the transferee is entered on the relevant issuer register of securities as the holder thereof; and
- (b) the transferor shall hold the requisite number of units of that security on trust for the benefit of the transferee.
- (5) The requisite number for the purposes of this regulation is the number of units which are to be specified in the Operator-instruction which the Operator must generate in accordance with regulation 27(7).
- (6) This regulation has effect notwithstanding that the units to which the deletion of the entry in the Operator register of securities relates, or in which an interest arises by virtue of paragraph (2)(b) or (4)(b), or any of them, may be unascertained.
- (7) In Scotland—
- (a) this regulation has effect notwithstanding that the requirements relating to the creation of a trust under any enactment or rule of law have not been complied with; and
- (b) as from the time the trust referred to in paragraph (4)(b) arises, any holder, or any holder thereafter, of a floating charge over any part of the property of the transferor shall be deemed to have received notice of the trust's existence and of the property to which it relates.
- (8) Subject to paragraphs (6) and (7), this regulation shall not be construed as conferring a proprietary interest (whether of the kind referred to in paragraph (2)(b) or (4)(b), or of any other kind) in units of a security if the conferring of such an interest at the time specified in these Regulations would otherwise be void by or under any enactment or rule of law.
- (9) In this regulation—
- (a) “the transferee” means the person to be identified in the Operator-instruction as the transferee; and
- (b) “the transferor” means the person to be identified in the Operator-instruction as the transferor.

CONVERSIONS AND NEW ISSUES

Conversion of securities into certificated form

32.—(1) Except as provided in regulation 42, a unit of a participating security shall not be converted from uncertificated form into certificated form unless an Operator generates an Operator-instruction to notify the relevant participating issuer that a conversion event has occurred; and in this regulation such an Operator-instruction is referred to as a “rematerialisation notice”.

- (2) A conversion event occurs—
- (a) where such a conversion is permitted by the Operator's conversion rules; or

- (b) following receipt by an Operator of a system-member instruction requiring the conversion into certificated form of uncertificated units of a participating security registered in the name of the system-member; or
 - (c) following receipt by an Operator of written notification from a participating issuer which is a company requiring the conversion into certificated form of uncertificated units of a participating security, issued by that participating issuer and registered in the name of a system-member, and which contains a statement that the conversion is required to enable the participating issuer to deal with the units in question in accordance with provisions in that participating issuer's memorandum or articles or in the terms of issue of the units in question.
- (3) An Operator—
- (a) may generate a rematerialisation notice following a conversion event occurring in the circumstances specified in paragraph (2)(a);
 - (b) shall generate a rematerialisation notice following a conversion event occurring in the circumstances specified in paragraph (2)(b) unless the participation in the relevant system, by the system-member in whose name the uncertificated units in question are registered, has been suspended pursuant to the Operator's rules; and
 - (c) shall generate a rematerialisation notice following a conversion event occurring in the circumstances specified in paragraph (2)(c).
- (4) On the generation of a rematerialisation notice, the Operator shall delete any entry in an Operator register of securities which shows the relevant system-member as the holder of the unit or units specified in the rematerialisation notice.
- (5) On receipt of a rematerialisation notice, the participating issuer to whom the rematerialisation notice is addressed shall, where relevant, enter the name of the system-member on an issuer register of securities as the holder of the unit or units specified in the rematerialisation notice.
- (6) During any period between the deletion of any entry in an Operator register of securities required to be made by paragraph (4) and the making of the entry in an issuer register of securities required to be made by paragraph (5)—
- (a) the relevant system-member shall retain title to the units of the security specified in the rematerialisation notice notwithstanding the deletion of any entry in the Operator register of securities; and
 - (b) where those units are shares, the relevant system-member shall be deemed to continue to be a member of the company.
- (7) Following—
- (a) the making of an entry in an issuer register of securities in accordance with paragraph (5); or
 - (b) registration of a transfer of title to units of a security in accordance with regulation 28,
- the relevant participating issuer shall, where the terms of issue of the security in question provide for a certificate to be issued, issue a certificate in respect of the units of the security to the relevant person.
- (8) Subsection (1)(b) of section 185 of the 1985 Act shall apply in relation to the issue of a certificate by a participating issuer pursuant to paragraph (7) as it applies in relation to the completion and having ready for delivery by a company of share certificates, debentures or certificates of debenture stock; and in that subsection as it so applies the reference to the date on which a transfer is lodged with the company shall be a reference to the date on which the participating issuer receives the relevant rematerialisation notice in accordance with this regulation, or the relevant Operator-instruction in accordance with regulation 27(7).

(9) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (5) of section 183 of the 1985 Act shall apply—

- (a) to an Operator and his officers in the event of a default in complying with paragraph (4); and
- (b) to a participating issuer and his officers in the event of a default in complying with paragraph (5).

(10) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (1) of section 185 of the 1985 Act shall apply to a participating issuer and his officers in the event of a default in complying with paragraph (7) in accordance with the requirements laid down in paragraph (8).

Conversion of securities into uncertificated form

33.—(1) A unit of a participating security shall not be converted from certificated form into uncertificated form unless the participating issuer notifies the Operator by means of an issuer-instruction that any of the circumstances specified in paragraph (2) have arisen; and in this regulation such an issuer-instruction is referred to as a “dematerialisation notice”.

(2) The circumstances referred to in paragraph (1) are—

- (a) where the unit of the participating security is held by a system-member, that the participating issuer has received—
 - (i) a request in writing from the system-member in the form required by the Operator’s conversion rules that the unit be converted from certificated form to uncertificated form; and
 - (ii) subject to paragraph (4), the certificate relating to that unit; or
- (b) where the unit of the participating security is to be registered on an Operator register of securities in the name of a system-member following a transfer of the unit to him, that the participating issuer—
 - (i) subject to paragraph (3), has received (by means of the Operator-system unless the Operator’s conversion rules permit otherwise) a proper instrument of transfer in favour of the system-member relating to the unit to be transferred;
 - (ii) subject to paragraph (4), has received (by means of the Operator-system unless the Operator’s conversion rules permit otherwise) the certificate relating to that unit; and
 - (iii) may accept by virtue of the Operator’s conversion rules that the system-member to whom the unit is to be transferred wishes to hold it in uncertificated form.

(3) The requirement in paragraph (2)(b)(i) that the participating issuer shall have received an instrument of transfer relating to the unit of the participating security shall not apply in a case where for a transfer of a unit of that security no instrument of transfer is required.

(4) The requirements in paragraphs (2)(a)(ii) and (2)(b)(ii) that the participating issuer shall have received a certificate relating to the unit of the participating security shall not apply in a case where the system-member or transferor (as the case may be) does not have a certificate in respect of the unit to be converted into uncertificated form because no certificate has yet been issued to him or is due to be issued to him in accordance with the terms of issue of the relevant participating security.

(5) Subject to paragraphs (3) and (4), a participating issuer shall not give a dematerialisation notice except in the circumstances specified in paragraph (2).

(6) Upon giving a dematerialisation notice, a participating issuer shall delete any entry in any issuer register of securities which evidences title to the unit or units of the participating security in question.

(7) Following receipt of a dematerialisation notice, an Operator shall enter the name of the relevant system-member on an Operator register of securities as the holder of the relevant unit or units of the participating security in question, provided that this obligation shall be subject to regulation 27 if the notice was given in the circumstances specified in paragraph (2)(b).

(8) When a dematerialisation notice is given, the relevant system-member, or the transferor of the unit or units of the security in question, as the case may be, shall (without prejudice to any equitable interest which the transferee may have acquired in the unit or units in question)—

- (a) retain title to the units of the security specified in the dematerialisation notice notwithstanding the deletion of any entry in any issuer register of securities required to be made by paragraph (6); and
- (b) where those units are shares, be deemed to continue to be a member of the company.

(9) Where a dematerialisation notice is given in the circumstances specified in paragraph (2)(b), such title shall be retained, and (where appropriate) such membership shall be deemed to continue, until the time at which the Operator enters the name of the relevant system-member on an Operator register of securities in accordance with paragraph (7).

(10) Within 2 months of receiving a dematerialisation notice, an Operator shall generate an Operator-instruction informing the participating issuer whether an entry has been made in an Operator register of securities in response to the dematerialisation notice.

(11) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (5) of section 183 of the 1985 Act shall apply—

- (a) to a participating issuer and his officers in the event of a default in complying with paragraph (6); and
- (b) to an Operator and his officers in the event of a default in complying with paragraph (7) or (10).

New issues in uncertificated form

34.—(1) For the purposes of an issue of units of a participating security, a participating issuer may require the Operator to enter the name of a person in an Operator register of securities as the holder of new units of that security in uncertificated form if, and only if, that person is a system-member; and provided that compliance with any such requirement shall be subject to the rules of the Operator.

(2) For the purposes of calculating the number of new units to which a system-member is entitled a participating issuer may treat a system-member's holdings of certificated and uncertificated units of a security as if they were separate holdings.

(3) A requirement made by a participating issuer under paragraph (1) may be made by means of an issuer-instruction and shall specify the names of the persons to be entered in the Operator register of securities as the holders of new uncertificated units of the security, and the number of such units to be issued to each of those persons.

(4) An Operator who receives a requirement made by a participating issuer under paragraph (1) shall notify the participating issuer, by Operator-instruction or in writing, if he has not entered the name of any one or more of the persons in question in the Operator register of securities as the holder of new units of the security.

PART 4

DEMATERIALIZED INSTRUCTIONS ETC.

Properly authenticated dematerialised instructions, etc.

35.—(1) This regulation has effect for the purpose of determining the rights and obligations of persons to whom properly authenticated dematerialised instructions are attributable and of persons to whom properly authenticated dematerialised instructions are addressed, when such instructions relate to an uncertificated unit of a security, or relate to a right, benefit or privilege attaching to or arising from such a unit, or relate to the details of a holder of such a unit.

(2) Where a properly authenticated dematerialised instruction is expressed to have been sent on behalf of a person by a sponsoring system-participant or the Operator—

- (a) the person on whose behalf the instruction is expressed to have been sent shall not be able to deny to the addressee—
 - (i) that the properly authenticated dematerialised instruction was sent with his authority; or
 - (ii) that the information contained in the properly authenticated dematerialised instruction is correct; and
- (b) the sponsoring system-participant or the Operator (as the case may be) shall not be able to deny to the addressee—
 - (i) that he has authority to send the properly authenticated dematerialised instruction; or
 - (ii) that he has sent the properly authenticated dematerialised instruction.

(3) Where a properly authenticated dematerialised instruction is expressed to have been sent by a person, and the properly authenticated dematerialised instruction is not expressed to have been sent on behalf of another person, the person shall not be able to deny to the addressee—

- (a) that the information contained in the properly authenticated dematerialised instruction is correct; or
- (b) that he has sent the properly authenticated dematerialised instruction.

(4) An addressee who receives (whether directly, or by means of the facilities of a sponsoring system-participant acting on his behalf) a properly authenticated dematerialised instruction may, subject to paragraph (5), accept that at the time at which the properly authenticated dematerialised instruction was sent or at any time thereafter—

- (a) the information contained in the instruction was correct;
- (b) the system-participant or the Operator (as the case may be) identified in the instruction as having sent the instruction sent the instruction; and
- (c) the instruction, where relevant, was sent with the authority of the person on whose behalf it is expressed to have been sent.

(5) Subject to paragraph (6), an addressee may not accept any of the matters specified in paragraph (4) if at the time he received the properly authenticated dematerialised instruction or at any time thereafter—

- (a) he was a person other than a participating issuer or a sponsoring system-participant receiving properly authenticated dematerialised instructions on behalf of a participating issuer, and he had actual notice—
 - (i) that any information contained in it was incorrect;
 - (ii) that the system-participant or the Operator (as the case may be) expressed to have sent the instruction did not send the instruction; or

- (iii) where relevant, that the person on whose behalf it was expressed to have been sent had not given to the Operator or the sponsoring system-participant (as the case may be), identified in the properly authenticated dematerialised instruction as having sent it, his authority to send the properly authenticated dematerialised instruction on his behalf; or
 - (b) he was a participating issuer, or a sponsoring system-participant receiving properly authenticated dematerialised instructions on behalf of a participating issuer, and—
 - (i) he had actual notice from the Operator of any of the matters specified in subparagraph (a)(i) to (iii); or
 - (ii) if the instruction was an Operator-instruction requiring the registration of a transfer of title, he had actual notice of any of the circumstances specified in regulation 28(3); or
 - (c) he was an Operator and the instruction related to a transfer of units of a security which was in excess of any limit imposed by virtue of paragraph 15 of Schedule 1; or
 - (d) he was an Operator and he had actual notice of any of the circumstances specified in regulation 27(2) in a case where the instruction was—
 - (i) a system-member instruction requesting him to settle a transfer in accordance with his rules; or
 - (ii) an issuer-instruction given in the circumstances specified in regulation 33(2)(b) requesting him to register a transfer of title.
- (6) Notwithstanding that an addressee has received, in respect of a properly authenticated dematerialised instruction, actual notice of the kind referred to in paragraph (5), the addressee may accept the matters specified in paragraph (4) if at the time that he received the actual notice it was not practicable for him to halt the processing of the instruction.
- (7) Subject to paragraph (8), this regulation has effect without prejudice to the liability of any person for causing or permitting a dematerialised instruction—
- (a) to be sent without authority; or
 - (b) to contain information which is incorrect; or
 - (c) to be expressed to have been sent by a person who did not send it.
- (8) Subject to paragraph (9), a person who is permitted by this regulation to accept any matter shall not be liable in damages or otherwise to any person by reason of his having relied on the matter that he was permitted to accept.
- (9) The provisions of paragraph (8) do not affect—
- (a) any liability of the Operator to pay compensation under regulation 36; or
 - (b) any liability of a participating issuer under regulation 46 arising by reason of a default in complying with, or contravention of, regulation 28(6).
- (10) For the purposes of this regulation—
- (a) a properly authenticated dematerialised instruction is expressed to have been sent by a person or on behalf of a person if it is attributable to that person; and
 - (b) an addressee is the person to whom a properly authenticated dematerialised instruction indicates it is addressed in accordance with the rules and specifications referred to in paragraph 5(5) of Schedule 1.
- (11) Nothing in this regulation shall be taken, in respect of any authority, to modify or derogate from the protections to a donee or third person given by or under any enactment or to prohibit a donee or third person so protected from accepting any of the matters specified in paragraph (4).

(12) Paragraphs (2) to (4), (5)(a), (6) to (9) and (11) of this regulation shall apply in relation to a written notification given under regulation 25(3) or 32(2)(c) as if—

- (a) each reference to a properly authenticated dematerialised instruction were to such a notification which has been authenticated by the Operator in accordance with rules made and practices instituted by the Operator in order to comply with paragraph 25(g) of Schedule 1;
- (b) each reference to information contained in the properly authenticated dematerialised instruction being correct (or incorrect) included, in the case of written notification given under subparagraph (c) of regulation 32(2), a reference to any statement of the sort referred to in that subparagraph being true (or untrue, as the case may be);
- (c) each reference to an addressee were a reference to the Operator; and
- (d) the reference in paragraph (6) to the processing of the instruction were to acting on the written notification.

Liability for forged dematerialised instructions, induced amendments to Operator registers of securities, and induced Operator-instructions

36.—(1) For the purpose of this regulation—

- (a) a dematerialised instruction is a forged dematerialised instruction if—
 - (i) it was not sent from the computers of a system-participant or the computers comprising an Operator-system; or
 - (ii) it was not sent from the computers of the system-participant or the computers comprising an Operator-system (as the case may be) from which it is expressed to have been sent;
- (b) an act is a causative act if, not being a dematerialised instruction and not being an act which causes a dematerialised instruction to be sent from the computer of a system-participant, it unlawfully causes the Operator—
 - (i) to make, delete or amend an entry on an Operator register of securities; or
 - (ii) to send an Operator-instruction to a participating issuer;
- (c) an entry on, deletion from, or amendment to an Operator register of securities is an induced amendment if it is an entry on, deletion from, or amendment to an Operator register of securities which results from a causative act or a forged dematerialised instruction; and
- (d) an Operator-instruction is an induced Operator-instruction if it is an Operator-instruction to a participating issuer which results from a causative act or a forged dematerialised instruction.

(2) If, as a result of a forged dematerialised instruction (not being one which results in an induced amendment to an Operator register of securities or an induced Operator-instruction), an induced amendment to an Operator register of securities, or an induced Operator-instruction, any one or more of the following events occurs—

- (a) the name of any person remains on, is entered on, or is removed or omitted from, a register of securities;
- (b) the number of units of a security in relation to which the name of any person is entered on a register of securities is increased, reduced, or remains unaltered;
- (c) the description of any units of a security in relation to which the name of any person is entered on a register of securities is changed or remains unaltered,

and that person suffers loss as a result, he may apply to the court for an order that the Operator compensate him for his loss.

(3) It is immaterial for the purposes of subparagraphs (a) to (c) of paragraph (2) whether the event is permanent or temporary.

(4) The court shall not make an order under paragraph (2)—

- (a) if the Operator identifies a person as being responsible (whether alone or with others) for the forged dematerialised instruction (not being one which results in an induced amendment to an Operator register of securities or an induced Operator-instruction) or the causative act or forged dematerialised instruction resulting in the induced amendment to the Operator register of securities or the induced Operator-instruction (as the case may be) notwithstanding that it is impossible (for whatever reason) for the applicant to obtain satisfactory compensation from that person; or
- (b) if the Operator shows that a participating issuer would be liable under regulation 46 to compensate the applicant for the loss in respect of which the application is made, by reason of the participating issuer's default in complying with, or contravention of, regulation 28(6).

(5) Subject to paragraphs (6) and (7), the court may award to an applicant compensation for—

- (a) each forged dematerialised instruction (not being one which results in an induced amendment to an Operator register of securities or an induced Operator-instruction);
- (b) each induced amendment to an Operator register of securities; and
- (c) each induced Operator-instruction,

resulting in an event mentioned in subparagraph (a), (b) or (c) of paragraph (2).

(6) The court shall not under paragraph (5) award to an applicant—

- (a) more than £50,000 for each such forged dematerialised instruction, induced amendment to an Operator register of securities, or induced Operator-instruction;
- (b) compensation for both an induced amendment to an Operator register of securities and an induced Operator-instruction if that induced amendment and that induced Operator-instruction resulted from the same causative act or the same forged dematerialised instruction.

(7) In respect of liability arising under this regulation the court shall—

- (a) in awarding compensation only order the Operator to pay such amount of compensation as it appears to it to be just and equitable in all the circumstances having regard to the loss sustained by the applicant as a result of the forged dematerialised instruction, induced amendment to the Operator register of securities, or induced Operator-instruction;
- (b) in ascertaining the loss, apply the same rules concerning the duty of a person to mitigate his loss as apply to damages recoverable under the common law of England and Wales, Northern Ireland, or Scotland, (as the case may be); and
- (c) where it finds that the loss was to any extent caused or contributed to by any act or omission of the applicant, reduce the amount of the award by such proportion as it thinks just and equitable having regard to that finding.

(8) An application to the court for an order under paragraph (2) shall not prejudice any right of the Operator to recover from a third party any sum that he may be ordered to pay.

(9) An event mentioned in subparagraph (a), (b) or (c) of paragraph (2) shall not give rise to any liability on the Operator other than such as is expressly provided for in this regulation, except such as may arise from fraud or other wilful default, or negligence, on the part of the Operator.

(10) Subject to paragraph (9), this regulation does not affect—

- (a) any right which any person may have other than under this regulation (not being a right against the Operator); or

(b) any liability which any person other than the Operator may incur other than under this regulation.

(11) Where an application is made under paragraph (2), and the Operator receives from the applicant a request for information or documents relating to—

- (a) a forged dematerialised instruction;
- (b) an induced amendment to an Operator register of securities; or
- (c) an induced Operator-instruction,

in respect of which the application is made, the Operator shall, in so far as he is able, and in so far as the request is reasonable, within one month give the applicant the information and documents.

(12) The applicant shall, in so far as he is able, within one month give the Operator such information or documents as the Operator reasonably requests in connection with an application under paragraph (2) with respect to—

- (a) steps taken by the applicant to prevent the giving of any forged dematerialised instruction (whether of the kind referred to in paragraph (2) or of any other kind); and
- (b) steps taken by the applicant to mitigate the loss suffered by him,

provided that the applicant need not give information or documents pursuant to this paragraph until the Operator has complied with any request made by virtue of paragraph (11).

(13) Neither the Operator nor the applicant shall be required to disclose any information by virtue of, respectively, paragraph (11) or (12) which would be privileged in the course of civil proceedings, or, in Scotland, which they would be entitled to refuse to disclose—

- (a) on grounds of confidentiality as between client and professional legal adviser in proceedings in the Court of Session; or
- (b) on grounds of confidentiality of communications made in connection with, or in contemplation of, such proceedings and for the purposes of those proceedings.

(14) The jurisdiction conferred by this regulation shall be exercisable, in the case of a participating security constituted under the law of England and Wales, or Northern Ireland, by the High Court; and in the case of a participating security constituted under the law of Scotland by the Court of Session.

PART 5

MISCELLANEOUS AND SUPPLEMENTAL

MISCELLANEOUS

Construction of references to transfers etc.

37. References in any enactment or rule of law to a proper instrument of transfer or to a transfer with respect to securities, or any expression having like meaning, shall be taken to include a reference to an Operator-instruction to a participating issuer to register a transfer of title on the relevant issuer register of securities in accordance with the Operator-instruction.

Certain formalities and requirements not to apply

38.—(1) Any requirements in an enactment or rule of law which apply in respect of the transfer of securities otherwise than by means of a relevant system shall not prevent—

- (a) an Operator from registering a transfer of title to uncertificated units of a security upon settlement of a transfer of such units in accordance with his rules; or

- (b) an Operator-instruction from requiring a participating issuer to register a transfer of title to uncertificated units of a security.
- (2) Subject to regulation 32(7), notwithstanding any enactment, instrument or rule of law, a participating issuer shall not issue a certificate in relation to any uncertificated units of a participating security.
- (3) A document issued by or on behalf of a participating issuer purportedly evidencing title to an uncertificated unit of a participating security shall not be evidence of title to the unit of the security; and in particular—
 - (a) section 186 of the 1985 Act shall not apply to any document issued with respect to uncertificated shares; and
 - (b) regulation 3(2) of the 1965 Regulations and regulation 6(3) of the 1974 Regulations shall not apply to any document issued with respect to uncertificated units of a public sector security.
- (4) Any requirement in or under any enactment to endorse any statement or information on a certificate evidencing title to a unit of a security—
 - (a) shall not prohibit the conversion into, or issue of, units of the security in uncertificated form; and
 - (b) in relation to uncertificated units of the security, shall be taken to be a requirement for the relevant participating issuer to provide the holder of the units with the statement or information on request by him.
- (5) Sections 53(1)(c) and 136 of the Law of Property Act 1925 (which impose requirements for certain dispositions and assignments to be in writing) shall not apply (if they would otherwise do so) to—
 - (a) any transfer of title to uncertificated units of a security by means of a relevant system; and
 - (b) any disposition or assignment of an interest in uncertificated units of a security title to which is held by a relevant nominee.
- (6) In paragraph (5) “relevant nominee” means a subsidiary undertaking of an Operator designated by him as a relevant nominee in accordance with such rules and practices as are mentioned in paragraph 25(f) of Schedule 1.
- (7) Subsection (4) of section 183 of the 1985 Act shall not apply in relation to the transfer of uncertificated units of a security by means of a relevant system.

Fees charged by Operators

- 39.**—(1) Subject to paragraph (2), nothing in these Regulations prevents an Operator from charging a fee for carrying out any function under Part 3 of these Regulations.
- (2) An Operator may not charge a fee to a participating issuer for maintaining or keeping and entering up an Operator register of securities.

Trusts, trustees and personal representatives etc.

- 40.**—(1) Unless expressly prohibited from transferring units of a security by means of any computer-based system, a trustee or personal representative shall not be chargeable with a breach of trust or, as the case may be, with default in administering the estate by reason only of the fact that—
- (a) for the purpose of acquiring units of a security which he has the power to acquire in connection with the trust or estate, he has paid for the units under arrangements which provide for them to be transferred to him from a system-member but not to be so transferred until after the payment of the price;

- (b) for the purpose of disposing of units of a security which he has power to dispose of in connection with the trust or estate, he has transferred the units to a system-member under arrangements which provide that the price is not to be paid to him until after the transfer is made; or
- (c) for the purpose of holding units of a security belonging to the trust or estate in uncertificated form and for transferring title to them by means of a relevant system, he has become a system-member.

(2) Notwithstanding section 192 of the 1985 Act, a trustee of a trust deed for securing an issue of debentures shall not be chargeable with a breach of trust by reason only of the fact that he has assented to an amendment of the trust deed only for the purposes of—

- (a) allowing the holding of debentures in uncertificated form;
- (b) allowing the exercise of rights attaching to the debentures by means of a relevant system; or
- (c) allowing the transfer of title to the debentures by means of a relevant system,

provided that he has given or caused to be given notice of the amendment in accordance with the trust deed not less than 30 days prior to its becoming effective to all persons registered as holding the debentures on a date not more than 21 days before the dispatch of the notice.

(3) Without prejudice to regulation 23(3) or section 360 of the 1985 Act, the Operator shall not be bound by or compelled to recognise any express, implied or constructive trust or other interest in respect of uncertificated units of a security, even if he has actual or constructive notice of the said trust or interest.

(4) Paragraph (3) shall not prevent, in the case of a participating issuer constituted under the law of Scotland, an Operator giving notice of a trust to the participating issuer on behalf of a system-member.

Notices of meetings etc.

41.—(1) For the purposes of determining which persons are entitled to attend or vote at a meeting, and how many votes such persons may cast, the participating issuer may specify in the notice of the meeting a time, not more than 48 hours before the time fixed for the meeting, by which a person must be entered on the relevant register of securities in order to have the right to attend or vote at the meeting.

(2) Changes to entries on the relevant register of securities after the time specified by virtue of paragraph (1) shall be disregarded in determining the rights of any person to attend or vote at the meeting, notwithstanding any provisions in any enactment, articles of association or other instrument to the contrary.

(3) For the purposes of—

- (a) serving notices of meetings, whether under section 370(2) of the 1985 Act, any other enactment, a provision in the articles of association or any other instrument; or
- (b) sending copies of the documents required to be sent to any person by section 238 of the 1985 Act,

a participating issuer may determine that persons entitled to receive such notices, or copies of such documents (as the case may be), are those persons entered on the relevant register of securities at the close of business on a day determined by him.

(4) The day determined by a participating issuer under paragraph (3) may not be more than 21 days before the day that the notices of the meeting, or the copies of the documents as the case may be, are sent.

(5) This regulation is without prejudice to the protection afforded—

- (a) by paragraph 5(3) of Schedule 4, to a participating issuer which is a company; and

(b) by paragraph 13(4) or 15(3) of Schedule 4, to a participating issuer.

Notices to minority shareholders

42.—(1) Paragraphs (2) to (4) shall apply in relation to any uncertificated units of a security (other than a wholly dematerialised security) to which a notice given under section 429 of the 1985 Act relates, in place of the provisions of section 430(6) of that Act.

(2) Immediately on receipt of a copy sent under section 430(5)(a) of the 1985 Act of a notice given under section 429 relating to uncertificated units of a participating security (whether or not it also relates to certificated units of the security), a company which is a participating issuer shall—

(a) by issuer-instruction—

(i) inform the Operator that the copy notice has been received, and

(ii) identify the holding of uncertificated units of the participating security to which the notice relates; and

(b) enter the name of the relevant system-member on an issuer register of securities as the holder of those uncertificated units.

(3) On receipt of an issuer-instruction under paragraph (2)(a), the Operator shall delete any entry in an Operator register of securities which shows the relevant system-member as the holder of the uncertificated units of the participating security to which the notice relates.

(4) On registration on an issuer register of securities (in accordance with paragraph (2)(b)) of the relevant system-member as the holder of the uncertificated units of the participating security to which the notice relates, the participating issuer—

(a) shall be under the same obligation to enter the offeror on that register as the holder of those units, in place of the relevant system-member, as it would be if it had received an Operator-instruction under regulation 28(2) requiring it to register a transfer of title to those units in that manner; and regulation 28(9) shall have effect accordingly; and

(b) where the terms of issue of the security in question provide for a certificate to be issued, shall issue to the offeror a certificate in respect of those units.

(5) Subsection (1)(b) of section 185 of the 1985 Act shall apply in relation to the issue of a certificate by a participating issuer pursuant to paragraph (4)(b) as it applies in relation to the completion and having ready for delivery by a company of share certificates, debentures or certificates of debenture stock; and in that subsection as it so applies the reference to the date on which a transfer is lodged with the company shall be a reference to the date on which the participating issuer receives the copy notice sent under section 430(5)(a) of the 1985 Act.

(6) Such sanctions as apply to a company and its officers in the event of a default in complying with subsection (1) of section 185 of the 1985 Act shall apply to a participating issuer and his officers in the event of a default in complying with paragraph (4)(b) in accordance with the requirements laid down in paragraph (5).

(7) Paragraphs (8) to (11) shall apply in relation to any units of a wholly dematerialised security to which a notice given under section 429 of the 1985 Act relates, in place of the provisions of section 430(6) of that Act.

(8) Immediately on receipt of a copy sent under section 430(5)(a) of the 1985 Act of a notice given under section 429 relating to units of a wholly dematerialised security, a company which is a participating issuer shall—

(a) by issuer-instruction—

(i) inform the Operator that the copy notice has been received; and

(ii) identify the holding of units of the wholly dematerialised security to which the notice relates; and

(b) by a further issuer-instruction, inform the Operator of the name of the transferee.

(9) On receipt of an issuer-instruction under paragraph (8)(a), the Operator shall delete any entry in an Operator register of securities which shows the relevant system-member as the holder of the units to which the notice relates.

(10) On receipt of an issuer-instruction under paragraph (8)(b), the Operator shall enter the transferee on the relevant Operator register of securities as the holder of the units to which the notice relates, in place of the relevant system-member.

(11) Where an Operator deletes an entry in an Operator register of securities pursuant to paragraph (9)—

(a) the units of the wholly dematerialised security to which the notice relates shall notwithstanding that deletion, continue to be regarded as uncertificated units for the purposes of these Regulations until the Operator enters the transferee on the relevant Operator register of securities as the holder of those units;

(b) subject to—

(i) subparagraph (c) or (d), as the case may be; and

(ii) any enactment or rule of law,

the relevant system-member shall, notwithstanding that deletion, retain title to the units of the wholly dematerialised security to which the notice relates until the transferee is entered on the relevant Operator register of securities pursuant to paragraph (10);

(c) in the case of a security constituted under the law of England and Wales or Northern Ireland, the transferee shall acquire an equitable interest in the units of the wholly dematerialised security to which the notice relates;

(2) An acceptance communicated by properly authenticated dematerialised instruction in respect of uncertificated units of a security shall constitute a grant of an irrevocable power of attorney by the system-member accepting the offer in favour of the offeror, or person nominated by the offeror, in the terms set out in the offer.

(3) Where the contract constituted by such offer and acceptance as are referred to in paragraphs (1) and (2) respectively is governed by the law of England and Wales, section 4 of the Powers of Attorney Act 1971⁽¹⁴⁾ shall apply to a power of attorney constituted in accordance with this regulation.

SCHEDULE 1

Regulation 5(1)

REQUIREMENTS FOR APPROVAL OF A PERSON AS OPERATOR

Arrangements and resources

1. An Operator must have adequate arrangements and resources for the effective monitoring and enforcement of compliance with his rules or, as respects monitoring, arrangements providing for that function to be performed on his behalf (and without affecting his responsibility) by another body or person who is able and willing to perform it.

Financial resources

2. An Operator must have financial resources sufficient for the proper performance of his functions as an Operator.

Promotion and maintenance of standards

3. An Operator must be able and willing to promote and maintain high standards of integrity and fair dealing in the operation of the relevant system and to cooperate, by the sharing of information or otherwise, with the Treasury and any other authority, body or person having responsibility for the supervision or regulation of investment business or other financial services.

Operation of the relevant system

4.—(1) Except in the circumstances referred to in subparagraph (2), where an Operator causes or permits a part of the relevant system which is not the Operator-system to be operated by another person (other than as his agent) the Operator—

- (a) shall monitor compliance by the person and that part with the requirements of this Schedule; and
- (b) shall have arrangements to ensure that the person provides him with such information and such assistance as he may require in order to meet his obligations under these Regulations.

(2) Where a part of the relevant system which is not the Operator-system comprises procedures which enable dematerialised instructions to be authenticated in accordance with paragraph 5(3)(b), the Operator shall have arrangements to ensure that he is provided with such information and such assistance as he may require in order to keep under review his agreement to the specifications by which those dematerialised instructions may be authenticated.

System security

5.—(1) A relevant system must be so constructed and operate in such a way that it satisfies the requirements of subparagraphs (2) to (6).

(2) The relevant system must minimise the possibility of unauthorised access to, or modification of, any program or data held in any computer forming part of the Operator-system.

(3) Each dematerialised instruction must be authenticated—

- (a) in accordance with the specifications of the Operator, and those specifications shall provide that each dematerialised instruction—
 - (i) is identifiable as being from the computers of the Operator or of a particular system-participant; and

- (ii) is designed to minimise fraud and forgery; or
- (b) if it is sent to the Operator by, or by the Operator to, a depositary, a clearing house or an exchange, in accordance with specifications of that depositary, clearing house or exchange to which the Operator has agreed and which provide that each dematerialised instruction—
 - (i) is identifiable as being from the computers of the Operator or of the depositary, clearing house or exchange which sent it; and
 - (ii) is designed to minimise fraud and forgery.
- (4) Each dematerialised instruction must, in accordance with any relevant rules of the Operator and with the specifications of the Operator or the specifications referred to in subparagraph (3)(b) (as the case may be), express by whom it has been sent and, where relevant, on whose behalf it has been sent.
- (5) Each dematerialised instruction must, in accordance with any relevant rules of the Operator and with the specifications of the Operator or the specifications referred to in subparagraph (3)(b) (as the case may be), indicate—
 - (a) where it is sent to a system-participant or the Operator, that it is addressed to that system-participant or the Operator;
 - (b) where it is sent to a person who is using the facilities of a sponsoring system-participant to receive dematerialised instructions, that it is addressed to that person and the sponsoring system-participant; and
 - (c) where it is sent to the Operator in order for him to send an Operator-instruction to a system-participant, that it is addressed to the Operator, to the system-participant and, if the system-participant is acting as a sponsoring system-participant, to the relevant person on whose behalf the sponsoring system-participant receives dematerialised instructions; and
- (6) The relevant system must minimise the possibility for a system-participant to send a dematerialised instruction on behalf of a person from whom he has no authority.
- (7) For the purposes of this paragraph—
 - “clearing house” means a body or association—
 - (a) which is a recognised clearing house within section 285(1)(b) of the 2000 Act;
 - (b) which is authorised under that Act to provide clearing services in the United Kingdom; or
 - (c) which provides services outside the United Kingdom which are similar in nature to those provided by any such body or association, and which is regulated or supervised in the provision of those services by a regulatory body or agency of government;
 - “depositary” means a body or association carrying on business outside the United Kingdom with whom an Operator has made arrangements—
 - (a) to enable system-members to hold (whether directly or indirectly) and transfer title to securities (other than participating securities) by means of facilities provided by that body or association; or
 - (b) to enable that body or association to permit persons to whom it provides services in the course of its business to hold (whether directly or indirectly) and transfer title to participating securities by means of the Operator’s relevant system; and
 - “exchange” means a body or association—
 - (a) which is a recognised investment exchange within section 285(1)(a) of the 2000 Act;
 - (b) which is authorised under that Act to provide a facility for the matching and execution of transactions in securities in the United Kingdom; or

- (c) which provides services outside the United Kingdom which are similar in nature to those provided by any such body or association, and which is regulated or supervised in the provision of those services by a regulatory body or agency of government.

System capabilities

6. A relevant system must ensure that the Operator-system can send and respond to properly authenticated dematerialised instructions in sufficient volume and speed.

7. Before an Operator registers a transfer of title to uncertificated units of a security, a relevant system must be able to establish—

- (a) that the transferor has title to such number of units of the security as is in aggregate at least equal to the number to be transferred; or
- (b) that the transfer is one of two or more transfers which may be registered in accordance with regulation 30(2).

8. Before an Operator-instruction to a participating issuer to register a transfer of title to uncertificated units of a security is generated, a relevant system must be able to establish that the transferor has title to such number of units of the security as is in aggregate at least equal to the number to be transferred.

9. A relevant system must enable an Operator to comply with his obligations to keep all necessary Operator registers of securities in accordance with these Regulations.

10. A relevant system must maintain adequate records of all dematerialised instructions.

11. A relevant system must—

- (a) enable each system-member to obtain a copy of any records relating to him as are maintained by the relevant system in order to comply with paragraph 7(a), 8 or 10; and
- (b) be able to make correcting entries in such records as are maintained in order to comply with paragraph 7(a) or 8 which are inaccurate.

12. A relevant system must be able to permit each participating issuer to inspect the entries from time to time appearing in an Operator register of securities relating to any participating security issued by him.

13. A relevant system must be able to establish, where there is a transfer of uncertificated units of a security to a system-member for value, that a settlement bank has agreed to make payment in respect of the transfer, whether alone or taken together with another transfer for value.

14. A relevant system must ensure that the Operator-system is able to generate Operator-instructions—

- (a) requiring participating issuers to amend the appropriate issuer registers of securities kept by them;
- (b) informing participating issuers in a way which enables them to amend the appropriate records of securities kept by them; and
- (c) informing settlement banks of their payment obligations.

15. A relevant system must—

- (a) enable a system-member—
 - (i) to grant authority to a sponsoring system-participant to send properly authenticated dematerialised instructions on his behalf; and
 - (ii) to limit such authority by reference to the net value of the units of the securities to be transferred in any one day; and

(b) prevent the transfer of units in excess of that limit.

16. For the purposes of paragraph 15(a)(ii), once authority is granted pursuant to a system charge (within the meaning of regulation 3 of the Financial Markets and Insolvency Regulations 1996⁽²¹⁾) a limit of such authority shall not be imposed or changed without the consent of the donee of that authority.

17. Nothing in paragraph 15 or 16 shall be taken, in respect of an authority, to modify or derogate from the protections given by or under any enactment to a donee of the authority or a third person.

18. A relevant system must enable system-members—

- (a) to change the form in which they hold units of a participating security; and
- (b) where appropriate, to require participating issuers to issue certificates relating to units of a participating security held or to be held by them.

19. Paragraph 18 shall not apply to any wholly dematerialised security.

Operating procedures

20. A relevant system must comprise procedures which provide that it responds only to properly authenticated dematerialised instructions which are attributable to a system-user or an Operator.

21.—(1) Subject to subparagraphs (2) to (5), a relevant system must comprise procedures which provide that an Operator only registers a transfer of title to uncertificated units of a security or generates an Operator-instruction requiring a participating issuer to register such a transfer, and only generates an Operator-instruction informing a settlement bank of its payment obligations in respect of such a transfer, if—

- (a) it has—
 - (i) received a system-member instruction which is attributable to the transferor; or
 - (ii) been required to do so by a court in the United Kingdom or by or under an enactment;
- (b) it has—
 - (i) established that the transferor has title to such number of units as is in aggregate at least equal to the number to be transferred; or
 - (ii) established that the transfer is one of two or more transfers which may be registered in accordance with regulation 30(2);
- (c) in the case of a transfer to a system-member for value, it has established that a settlement bank has agreed to make payment in respect of the transfer, whether alone or taken together with another transfer for value; and
- (d) the transfer is not in excess of any limit which by virtue of paragraph 15(a)(ii) the transferor has set on an authority given by him to a sponsoring system-participant.

(2) Subparagraph (1)(a) shall not prevent the registration by an Operator of a transfer of title to uncertificated units of a security, or the generation of an Operator-instruction, in accordance with procedures agreed between the Operator and the transferor to enable the transfer by means of a relevant system of uncertificated units of a security provided that such transfer is for the purpose of, or relates to, facilitating the provision of financial credit or financial liquidity to the transferor by a settlement bank, the Bank of England, the European Central Bank, any other central bank, or any other body having functions as a monetary authority.

(3) A relevant system must comprise procedures which provide that—

- (a) the Operator may amend an Operator register of securities; and

(21) S.I. 1996/1469.

- (b) an Operator-instruction requiring a participating issuer to register a transfer of uncertificated units of a security, or informing a settlement bank of its payment obligations in respect of such a transfer, may be generated,

if necessary to correct an error and if in accordance with the rules made and practices instituted by the Operator in order to comply with this Schedule.

- (4) A relevant system must comprise procedures which provide that—
 - (a) the Operator may amend an Operator register of securities; and
 - (b) an Operator-instruction requiring a participating issuer to register a transfer of units of a wholly dematerialised security, or informing a settlement bank of its payment obligations in respect of such a transfer, may be generated,

if necessary to effect a transfer of such units, on the termination of participation in the relevant system by the system-member by whom those units are held and if in accordance with the rules made and practices instituted by the Operator in order to comply with this Schedule, to a person nominated under the Operator's rules.

(5) Subparagraph (1)(a) shall not prevent the registration by an Operator of a transfer of title to uncertificated units of a security, or the generation of an Operator-instruction, in order to give effect to the procedures referred to in subparagraph (3) or (4).

22.—(1) Subject to subparagraph (2), a relevant system must comprise procedures which provide that an Operator-instruction to a participating issuer relating to a right, privilege or benefit attaching to or arising from an uncertificated unit of a security, is generated only if it has—

- (a) received a properly authenticated dematerialised instruction attributable to the system-member having the right, privilege or benefit requiring the Operator to generate an Operator-instruction to the participating issuer; or
- (b) been required to do so by a court in the United Kingdom or by or under an enactment.

(2) A relevant system must comprise procedures which provide that an Operator-instruction to a participating issuer relating to a right, privilege or benefit attaching to or arising from an uncertificated unit of a security, may be generated if necessary to correct an error and if in accordance with the rules made and practices instituted by an Operator in order to comply with this Schedule.

23. A relevant system must comprise procedures which ensure that, where participating issuers keep records of securities, those records are regularly reconciled with the relevant Operator registers of securities.

- 24.** A relevant system must comprise procedures which—
 - (a) enable system-users to notify the Operator of an error in or relating to a dematerialised instruction; and
 - (b) ensure that, where the Operator becomes aware of an error in or relating to a dematerialised instruction, he takes appropriate corrective action.

Rules and Practices

- 25.** An Operator's rules and practices—
 - (a) must bind system-members and participating issuers—
 - (i) so as to ensure the efficient processing of transfers of title to uncertificated units of a security in response to Operator-instructions; and
 - (ii) as to the action to be taken where transfer of title in response to a system-member instruction or an Operator-instruction cannot be effected;

- (b) must make provision as to the manner in which a system-member or the relevant participating issuer may change the form in which that system-member holds units of a participating security (other than a wholly dematerialised security);
 - (c) must make provision for a participating issuer to cease to participate in respect of a participating security so as—
 - (i) to minimise so far as practicable any disruption to system-members in respect of their ability to transfer the relevant security; and
 - (ii) to provide the participating issuer with any relevant information held by the Operator relating to the uncertificated units of the relevant security held by system-members;
 - (d) must make provision for the orderly termination of participation by system-members and system-participants whose participation is disruptive to other system-members or system-participants or to participating issuers;
 - (e) must make provision—
 - (i) as to which of the Operator's records are to constitute an Operator register of securities in relation to a participating security, or a participating security of a particular kind; and
 - (ii) as to the times at which, and the manner in which, a participating issuer may inspect an Operator register of securities in accordance with paragraph 12;
 - (f) if they make provision for the designation of a subsidiary undertaking as a relevant nominee, must require that the relevant nominee maintain adequate records of—
 - (i) the names of the persons who have an interest in the securities it holds; and
 - (ii) the nature and extent of their interests; and
 - (g) must make provision for the authentication by the Operator of any written notification given under regulation 25(3) or 32(2)(c).
- 26.** An Operator's rules and practices must require—
- (a) that each system-participant is able to send and receive properly authenticated dematerialised instructions;
 - (b) that each system-member has arrangements—
 - (i) for properly authenticated dematerialised instructions attributable to him to be sent;
 - (ii) for properly authenticated dematerialised instructions to be received by or for him; and
 - (iii) with a settlement bank for payments to be made, where appropriate, for units of a security transferred by means of the relevant system; and
 - (c) that each participating issuer is able to respond with sufficient speed to Operator-instructions.
- 27.** An Operator must have rules which require system-users and former system-users to provide him with such information in their possession as he may require in order to meet his obligations under these Regulations.

SCHEDULE 2

Regulation 13

PREVENTION OF RESTRICTIVE PRACTICES

Examination of rules and practices

1.—(1) The Treasury shall not approve a person as Operator of a relevant system unless they are satisfied that the rules and any guidance of which copies are furnished with the application for approval—

- (a) do not have, and are not intended or likely to have, to any significant extent the effect of restricting, distorting or preventing competition; or
- (b) if they have or are intended to have that effect to any significant extent, that the effect is not greater than is necessary for the protection of investors, or for compliance with Directive [2000/12/EC](#) of the European Parliament and of the Council.⁽²²⁾

(2) Subject to subparagraph (5), the powers conferred by subparagraph (3) shall be exercisable by the Treasury if at any time it appears to them that—

- (a) any rules made or guidance issued by an Operator;
- (b) any practices of an Operator in his capacity as such; or
- (c) any practices of a system-user,

have, or are intended or likely to have, to a significant extent the effect of restricting, distorting or preventing competition and that the effect is greater than is necessary for the protection of investors or for compliance with Directive [2000/12/EC](#) of the European Parliament and of the Council.

(3) the powers exercisable under this paragraph are—

- (a) to withdraw approval from the Operator;
- (b) to direct the Operator to take specified steps for the purpose of securing that the rules, guidance or practices in question do not have the effect mentioned in subparagraph (2); or
- (c) to make alterations in the rules of the Operator for that purpose.

(4) The practices referred to in subparagraph (2)(c) are practices in relation to business in respect of which system-users are subject to the rules of the Operator and which are required or contemplated by his rules or guidance or otherwise attributable to his conduct in his capacity as Operator.

(5) The provisions of Schedule 3 shall apply as regards the procedure to be followed before—

- (a) refusing to approve a person as Operator of a relevant system pursuant to subparagraph (1); or
- (b) exercising any of the powers conferred by subparagraph (3).

Modification of paragraph 1 where delegation order is made

2.—(1) This paragraph applies instead of paragraph 1 where the function of approving a person as Operator has been delegated to the designated agency by virtue of regulation 11.

(2) The designated agency—

- (a) shall send to the Treasury a copy of the rules and any guidance copies of which accompany the application for approval together with any other information supplied with or in connection with the application; and

⁽²²⁾ Directive of the European Parliament and of the Council of 20th March 2000 relating to the taking up and pursuit of the business of credit institution (O.J. No. L 126, 26.5.2000, p. 1).

(b) shall not grant the approval without the leave of the Treasury, and the Treasury shall not give leave in any case in which they would (apart from the delegation of functions to the designated agency) have been precluded by paragraph 1(1) from granting approval.

(3) The designated agency shall send to the Treasury a copy of any notice received by it from an Operator under regulation 10(5).

(4) If at any time it appears to the Treasury that there are circumstances such that (apart from the delegation of functions to the designated agency) they would have been able to exercise any of the powers conferred by paragraph 1(3) they may, notwithstanding the delegation of functions to the designated agency but subject to paragraph 1(5)—

- (a) themselves exercise the power conferred by paragraph 1(3)(a); or
- (b) direct the designated agency to exercise the power conferred by paragraph 1(3)(b) or (c) in such manner as they may specify.

(5) The provisions of Schedule 3 shall apply as regards the procedure to be followed before the Treasury exercise their power to refuse leave under subparagraph (2), or their power to give a direction under subparagraph (4), in respect of an Operator.

Reports by the Director General of Fair Trading

3.—(1) The Treasury shall before deciding—

- (a) whether to refuse to approve a person as Operator of a relevant system pursuant to paragraph 1(1); or
- (b) Whether to refuse for the granting of an approval pursuant to paragraph 2(2),

send to the Director General of Fair Trading (in this Schedule referred to as “the Director”) a copy of the rules and of any guidance which the Treasury are required to consider in making that decision together with such other information as the Treasury consider will assist in discharging his functions under subparagraph (2).

(2) The Director shall report to the Treasury whether, in his opinion, the rules and guidance copies of which are sent to him under subparagraph (1) have, or are intended or likely to have, to any significant extent the effect of restricting, distorting or preventing competition and, if so, what that effect is likely to be; and in making any decision as is mentioned in subparagraph (1) the Treasury shall have regard to the Director’s report.

(3) The Treasury shall send to the Director copies of any notice received by them under regulation 10(5) or paragraph 2(3) together with such other information as the Treasury consider will assist the Director in discharging his functions under subparagraphs (4) and (5).

(4) The Director shall keep under review—

- (a) the rules, guidance and practices mentioned in paragraph 1(2); and
- (b) the matters specified in the notices of which copies are sent to him under subparagraph (3),

and if at any time he is of the opinion that any such rules or guidance taken together with any such matters, have, or are intended or likely to have, to any significant extent the effect mentioned in subparagraph (2), he shall report his opinion to the Treasury stating what in his opinion that effect is or is likely to be.

EXPLANATORY NOTE

(This note is not part of the Regulations)

1. These Regulations make provision for the transfer without a written instrument, and the evidencing otherwise than by a certificate, of title to a unit of a security, in accordance with a computer-based system and procedures known as the “relevant system”. The relevant system centres on a person known as the “Operator”. The legal framework underlying the operation of the relevant system, together with the criteria which the Operator and the relevant system must meet, are enshrined in these Regulations.

2. Regulations 2 and 3 set out the purposes of and definitions used in the Regulations. A unit of a security which may be transferred by means of the relevant system is referred to as an “uncertificated” unit. A security, the units of which may become uncertificated, is referred to as a “participating security”. An issuer who issues a participating security is, in relation to that security, referred to as a “participating issuer”. Instructions sent by means of the relevant system are referred to as “dematerialised instructions”.

3. Regulations 4 to 13 make provision for the approval of the Operator by the Treasury if it appears to them that he, his rules and any relevant system meet certain criteria specified in Schedule 1. The Regulations give the Treasury certain powers in relation to the Operator if he, his rules or the relevant system, fails to meet the criteria, or if necessary for the performance of their functions under the Regulations. Provision is also made for the delegation by the Treasury of their functions under the Regulations to the Financial Services Authority, which is referred to in the Regulations as the “designated agency” when carrying out functions which have been so delegated. Schedule 2 provides for oversight by the Director General of Fair Trading of the rules and guidance of the Operator to ensure that they do not distort competition. Schedule 3 sets out the procedure to be followed before refusing or withdrawing approval as an Operator, giving a direction to an Operator, or exercising certain powers under Schedule 2.

4. Regulations 14 to 19 set out the conditions on which issuers may allow securities issued by them to become participating securities and hence to be held in uncertificated form and transferred by means of the relevant system. Provision is made for a class of shares governed by articles of association which are in all respects consistent with the Regulations to become a participating security. Provision is also made for the directors of a company to pass a “directors' resolution” so that other classes of shares can become participating securities notwithstanding any contrary provisions in the articles of association, and for the members of the company to prevent or reverse a directors' resolution. Conditions are specified for securities other than share to become participating securities. Transitional provision is made in respect of securities which were participating securities for the purposes of the Uncertificated Securities Regulations 1995. The 1995 Regulations are superseded by these Regulations.

5. Regulations 20 to 26 (together with Schedule 4) make provision for the keeping of “registers of securities” and “records of securities” in respect of participating securities. In particular, provision is made for the keeping by the Operator of registers recording persons holding uncertificated units of a participating security, and for the legal effect of entries on the registers which the Regulations require to be kept. Provision is also made in respect to the rectification or closing of such registers.

6. Regulations 27 to 30 make provision for the registration of transfers of title to units of a participating security. Provision is made for registration by the Operator of a transfer of title to an uncertificated unit of a security in certain circumstances (in particular, upon settlement of the transfer

in accordance with the Operator's rules). Provision is also made for a participating issuer, subject to a number of exceptions, to register the transfer of title to a relevant unit of a security following an Operator-instruction to do so. Further provision is made to allow the Operator to register two or more transfers of uncertificated units of a security on a net basis, or simultaneously, in certain circumstances.

7. Regulation 31 applies in a case in which, as a consequence of a transfer of a unit of a participating security, that unit ceases to be held in uncertificated form, so that the transfer of title to the unit is therefore required to be registered on a register of securities kept by the participating issuer. Provision is made for the transferee to acquire a property right in such units of a security before his name appears on the register of securities kept by the participating issuer. Other than in the case of Scottish securities, the transferee acquires an equitable interest in a number of units calculated in accordance with the regulation. In relation to Scottish securities, the transferor is deemed to hold on trust for the transferee a number of units which is calculated in the same way.

8. Regulations 32 to 34 make provision for the conversion of units of a participating security between certificated and uncertificated form, and for the issuer of new units of participating security in uncertificated form.

9. Regulation 35 prevents persons who send certain dematerialised instructions, and persons on whose behalf they are sent, from denying particular matters relating to the instructions. It also makes provision for persons receiving such instructions to accept, with certain exceptions, that the information contained in them and matters relating to them are correct.

10. Regulation 36 provides that the Operator is liable, in certain circumstances, if a person suffers loss as a result of the sending of certain dematerialised instructions, or the making of certain amendments to a register of securities kept by the Operator.

11. Regulations 37 and 38 amend certain references in enactments and rules of law, and disapply certain formalities and requirements.

12. Regulation 39 preserves the Operator's right to charge for carrying out functions under these Regulations, other than charging a participating issuer for maintaining an Operator register of securities.

13. Regulation 40 makes provision for trustees and personal representatives to use a relevant system and for debentures to be held in uncertificated form and transferred by means of a relevant system.

14. Regulation 41 makes provision for giving notices of meetings and for sending copies of certain documents.

15. Regulations 42 and 43 make provision relating to take-overs of companies with shares held in uncertificated form.

16. Regulation 44 makes provision as to the determination of actual notice of a fact, matter or thing for the purposes of the Regulation.

17. Regulation 45 provides that certain obligations to which the Regulations would otherwise give rise do not arise in the case of a wholly dematerialised security as defined in Regulation 3(1).

18. Regulations 46 to 48 makes provision as to liability for defaults and contraventions. Provision is made for participating issuers to be liable for breach of statutory duty for contravening certain regulations, and for the liability of officers of participating issuers and the Operator in respect of certain contraventions. Provision is also made for certain exemptions from liability.

19. Regulation 49 and Schedule 5 adapt the Regulations as they apply to Northern Ireland.

20. Regulation 50 gives effect to Schedule 6, which sets out the modified form in which certain provisions of the Regulations will take effect before the main provision of the Financial Services and Markets Act 2000 come into force.

21. Regulation 51 gives effect to Schedule 7 which makes minor and consequential amendments to certain enactment's.

22. Regulation 52 revokes certain enactments, including the Uncertificated Securities Regulations 1995.
