ARTICLE 4

Resident

1. For the purposes of this Agreement, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income or capital gains from sources in that State.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then that individual’s status shall be determined as follows:
- a) the individual shall be deemed to be a resident solely of the State in which a permanent home is available to the individual; if a permanent home is available to the individual in both States, the individual shall be deemed to be a resident solely of the State with which the individual’s personal and economic relations are closer (centre of vital interests);

In the absence of a mutual agreement by the competent authorities of the Contracting States, the person shall not be considered a resident of either Contracting State for the purposes of claiming any benefits provided by the Agreement, except those provided by Articles 21, 23 and 24.

ARTICLE 5

Permanent establishment

1. For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
 - a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop; and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources.
3. The term “permanent establishment” also encompasses:
 - a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity continues for a period of more than six months;
 - b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by an enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within a Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve month period commencing or ending in the fiscal year concerned;
 - c) for an individual, the performing of services in a Contracting State by that individual, but only if the individual’s stay in that State, for the purpose of performing those services, is for a period or periods aggregating more than 183 days within any twelve month period commencing or ending in the fiscal year concerned;
 - d) an installation or structure used for the exploration for natural resources provided that use of the installation or structure continues for a period of not less than 90 days within any twelve month period commencing or ending in the fiscal year concerned.
4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts on behalf of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

ARTICLE 7

Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income or capital gains which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and air transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include:

- a) profits from the rental on a bareboat basis of ships or aircraft; and
- b) profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

Associated enterprises

1. Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then, if it agrees that the taxation of such profits by the first mentioned State is justified both in principle and as regards the amount, that other State shall make an appropriate adjustment to the amount of tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

3. Where paragraph 2 requires a Contracting State to make an appropriate adjustment to reflect the inclusion and taxation of profits by the other Contracting State falling within paragraph 1, the State making the appropriate adjustment shall not be required to take into account any penalty, whether tax or non-tax, imposed by that other Contracting State.

ARTICLE 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, dividends paid by a company which is a resident of a Contracting State may also be taxed in that State and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 10 per cent of the capital of the company paying the dividends;
- b) 10 per cent of the gross amount of the dividends in all other cases.

3. Notwithstanding the provisions of paragraph 2, dividends paid out of income (including gains) derived directly or indirectly from immovable property within the meaning of Article 6 by an investment vehicle that is a resident of a Contracting State whose income from such immovable property is exempt from tax and which distributes most of that income annually may also be taxed in that State and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

Paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

4. The term “dividends” as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as any other item which is treated as income from shares by the taxation laws of the State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

7. Where a company which is a resident of a Contracting State has a permanent establishment in the other Contracting State, nothing in this Agreement shall be construed as preventing the other Contracting State from imposing an income tax (referred to as “branch profits tax”) on the repatriated income of the permanent establishment in addition to any income tax imposed in accordance with this Agreement on the chargeable income of the permanent establishment; provided that any branch profits tax so imposed shall not exceed 5 per cent of the amount of the repatriated income.

8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. a) Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State, provided that it is derived and beneficially owned by:

- i) the government, a political subdivision or a local authority of the other Contracting State; or
- ii) the Central Bank of the other Contracting State; or
- iii) any agency or other entity wholly owned by the government, a political subdivision, or a local authority of the other Contracting State.

The competent authorities of the Contracting States may determine by mutual agreement any other governmental institution to which this paragraph shall apply.

- b) For the purpose of this Article, Central Bank means:
- i) in the case of Lesotho, the Central Bank of Lesotho; and
 - ii) in the case of the United Kingdom, the Bank of England.

4. The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. The term shall not include any item which is treated as a dividend under the provisions of Article 10.

5. The provisions of paragraph 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 7.5 per cent of the gross amount of the royalties.
3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for information (know-how) concerning industrial, commercial or scientific experience.
4. The provisions of paragraph 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.
5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.
6. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.
7. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 13

Capital gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.
2. Gains derived by a resident of a Contracting State from the alienation of shares, other than shares in which there is substantial and regular trading on a Stock Exchange, or comparable interests, deriving more than 50 per cent of their value directly or indirectly from immovable property situated in the other Contracting State may be taxed in that other State.
3. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.
4. Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic by an enterprise of that State or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.
5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 14

Income from employment

1. Subject to the provisions of Articles 15, 17, and 18, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

 - b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and
 - c) the remuneration is not borne by a permanent establishment which the employer has in the other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that person's capacity as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Articles 7 and 14, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.
3. Income derived by a resident of a Contracting State from activities exercised in the other Contracting State as envisaged in paragraphs 1 and 2, shall be exempt from tax in that other State if the visit to that other State is supported wholly or mainly by public funds of the first-mentioned Contracting State, a political subdivision or a local authority thereof, or takes place under a cultural agreement or arrangement between the Governments of the Contracting States.

1. Items of income beneficially owned by a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Agreement shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1, where an amount of income is paid to a resident of a Contracting State out of income received by trustees or personal representatives administering the estates of deceased persons and those trustees or personal representatives are residents of the other Contracting State, that amount shall be treated as arising from the same sources, and in the same proportions, as the income received by the trustees or personal representatives out of which that amount is paid.

Any tax paid by the trustees or personal representatives in respect of the income paid to the beneficiary shall be treated as if it had been paid by the beneficiary.

3. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the beneficial owner of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

4. Where, by reason of a special relationship between the resident referred to in paragraph 1 and some other person, or between both of them and some third person, the amount of the income referred to in that paragraph exceeds the amount (if any) which would have been agreed upon between them in the absence of such a relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the income shall remain taxable according to the laws of each Contracting State, due regard being had to the other applicable provisions of this Agreement.

5. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the income is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 21

Elimination of double taxation

1. In the case of Lesotho, subject to the provisions of the law of Lesotho, from time to time in force, which relates to the allowance of credit against Lesotho tax of tax paid in a country outside Lesotho (which shall not affect the general principle of this Article), United Kingdom tax paid under the law of the United Kingdom and in accordance with this Agreement, whether directly or by deduction, in respect of income derived by a person who is a resident of Lesotho from sources in the United Kingdom shall be allowed as a credit against Lesotho tax payable in respect of that income.
2. Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom or, as the case may be, regarding the exemption from United Kingdom tax of a dividend arising in a territory outside the United Kingdom or of the profits of a permanent establishment situated in a territory outside the United Kingdom (which shall not affect the general principle hereof):
 - a) Lesotho tax payable under the laws of Lesotho and in accordance with this Agreement, whether directly or by deduction, on profits, income or chargeable gains from sources within Lesotho (excluding in the case of a dividend tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which the Lesotho tax is computed;
 - b) a dividend which is paid by a company which is a resident of Lesotho to a company which is a resident of the United Kingdom shall be exempted from United Kingdom tax when the exemption is applicable and the conditions for exemption under the law of the United Kingdom are met;
 - c) the profits of a permanent establishment in Lesotho of a company which is a resident of the United Kingdom shall be exempted from United Kingdom tax when the exemption is applicable and the conditions for exemption under the law of the United Kingdom are met;
 - d) in the case of a dividend not exempted from tax under sub-paragraph b) above which is paid by a company which is a resident of Lesotho to a company which is a resident of the United Kingdom and which controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend, the credit mentioned in sub-paragraph a) above shall also take into account the Lesotho tax payable by the company in respect of its profits out of which such dividend is paid.
3. For the purposes of paragraphs 1 and 2, profits, income and gains owned by a resident of a Contracting State which may be taxed in the other Contracting State in accordance with this Agreement shall be deemed to arise from sources in that other State.

ARTICLE 22

Limitation of relief

Where under any provision of this Agreement any income is relieved from tax in a Contracting State and, under the law in force in the other Contracting State a person, in respect of that income, is subject to tax by reference to the amount thereof which is remitted to or received in that other Contracting State and not by reference to the full amount thereof, then the relief to be allowed under this Agreement in the first-mentioned Contracting State shall apply only to so much of the income as is taxed in the other Contracting State.

ARTICLE 23

Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 6 or 8 of Article 11, paragraph 5 or 7 of Article 12, or paragraph 4 or 5 of Article 20 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
5. Nothing contained in this Article shall be construed as obliging either Contracting State to grant to individuals not resident in that State any of the personal allowances, reliefs and reductions for tax purposes which are granted to individuals so resident or to its nationals.

ARTICLE 24

Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Agreement, that person may, irrespective of the remedies provided by the domestic law of those States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 23, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.
4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.
5. Where,

- a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Agreement, and
- b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within three years from the presentation of the case to the competent authority of the other Contracting State,

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either State. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic laws of these States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

6. The provisions of paragraph 5 shall not apply to cases falling within paragraph 3 of Article 4.

ARTICLE 25

Exchange of information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to, the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26

Assistance in the collection of taxes

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term “revenue claim” as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Agreement or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be:

- a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
- b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to carry out measures which would be contrary to public policy;
- c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
- d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State;
- e) to provide assistance if that State considers that the taxes with respect to which assistance is requested are imposed contrary to generally accepted taxation principles.

ARTICLE 27

Members of diplomatic missions

and consular posts

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

ARTICLE 28

Entry into force

1. Each of the Contracting States shall notify the other, through diplomatic channels, of the completion of the procedures required by its law for the bringing into force of this Agreement. This Agreement shall enter into force on the date of the later of these notifications and shall thereupon have effect:

- a) in Lesotho:

- i) in respect of taxes withheld at source, for amounts paid or credited on or after the first day of the second month next following the date on which this Agreement enters into force;
 - ii) with regard to other taxes, in respect of years of assessment beginning on or after the date upon which this Agreement enters into force; and
- b) in the United Kingdom:
 - i) in respect of taxes withheld at source, for amounts paid or credited on or after the first day of the second month next following the date on which this Agreement enters into force;
 - ii) in respect of income tax and capital gains tax, for any year of assessment beginning on or after 6th April next following the date on which this Agreement enters into force;
 - iii) in respect of corporation tax, for any financial year beginning on or after 1st April next following the date on which this Agreement enters into force.

2. Notwithstanding the provisions of paragraph 1, the provisions of Article 24 (Mutual agreement procedure), Article 25 (Exchange of information) and Article 26 (Assistance in the collection of taxes) shall have effect from the date of entry into force of this Agreement, without regard to the taxable period to which the matter relates.

3. The Convention between the Government of the Kingdom of Lesotho and the Government of the United Kingdom of Great Britain and Northern Ireland for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital gains signed at London on 29 January 1997 (the "1997 Convention"), shall cease to have effect in respect of any tax with effect from the date upon which this Agreement has effect in respect of that tax in accordance with the provisions of paragraph 1 of this Article and shall terminate on the last such date.

4. Notwithstanding the provisions of paragraph 1 and the provisions of Article 17, where, immediately before the entry into force of this Agreement, an individual is entitled to the benefits of the 1997 Convention and was in receipt of pensions or other similar remuneration, or pensions paid and other payments made under a public scheme which is part of the social security system of a Contracting State, a political subdivision or a local authority thereof, then the provisions of the 1997 Convention shall continue to apply to such pensions and payments, and not the provisions of Article 17.

ARTICLE 29

Termination

This Agreement shall remain in force until terminated by one of the Contracting States. Either Contracting State may terminate this Agreement, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year beginning after the expiry of five years from the date of entry into force of this Agreement. In such event, this Agreement shall cease to have effect:

- a) in Lesotho:
 - i) in respect of taxes withheld at source, for amounts paid or credited after the date that is six months after the date on which notice of termination was given;

EXPLANATORY NOTE

(This note is not part of the Order)

The Schedule to the Order contains an Agreement (“the Arrangements”) between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the Kingdom

of Lesotho dealing with the avoidance of double taxation and the prevention of fiscal evasion. The Order brings the Arrangements into effect.

The Arrangements aim to eliminate the double taxation of income and gains arising in one country and paid to residents of the other country. This is done by allocating the taxing rights that each country has under its domestic law over the same income and gains, and/or by providing relief from double taxation. There are also specific measures which combat discriminatory tax treatment and provide for assistance in international tax enforcement.

Article 1 provides for citation.

Article 2 makes a declaration as to the effect and content of the Arrangements.

The Arrangements will enter into force on the date of the later of the notifications by each country of the completion of its legislative procedures.

The Arrangements will take effect as follows:

- (a) in respect of Article 24 (Mutual agreement procedure), Article 25 (Exchange of information) and Article 26 (Assistance in the collection of taxes) from the date of entry into force of the Arrangements, without regard to the taxable period to which the matter relates,
- (b) in respect of taxes withheld at source, for amounts paid or credited on or after the first day of the second month next following the date on which the Arrangements enter into force and
- (c) in Lesotho, with regard to other taxes, in respect of years of assessment beginning on or after the date upon which the Arrangements enter into force.
- (d) In the United Kingdom:
 - (i) subject to paragraphs (a) and (b) above, in respect of income tax and capital gains tax, for any year of assessment beginning on or after 6th April next following the date of entry into force of the Arrangements; and
 - (ii) in respect of corporation tax, for any financial year beginning on or after 1st April next following the date of entry into force of the Arrangements.

The date of entry into force will, in due course, be published in the London, Edinburgh and Belfast Gazettes.

A Tax Information and Impact Note has not been produced for the Order as it gives effect to a double taxation agreement. Double taxation agreements impose no obligations on taxpayers, rather they seek to eliminate double taxation and fiscal evasion.
