Abolition of Schedule A tax, and taxation of rents, etc.

14 Abolition of charge on owner-occupiers

- (1) For the purpose of removing from the charge to income tax the occupier's beneficial interest in land in the United Kingdom.—
 - (a) Schedule A shall cease to have effect; and
 - (b) the provisions in that behalf of this Chapter shall have effect for charging under a new Case of Schedule D rents and certain other receipts from such land.
- (2) The foregoing subsection has effect, as respects the year 1963-64, subject to the transitional provisions hereinafter contained.

15 Charge to income tax of profits and gains arising from land

- (1) Without prejudice to any other provisions of the Income Tax Acts directing income tax to be charged under Schedule D, tax under that Schedule shall be charged, subject to and in accordance with the provisions of this Act, on the annual profits or gains arising in respect of any such rents or receipts as follow, that is to say—
 - (a) rents under leases of land in the United Kingdom;
 - (b) rentcharges, ground annuals and feu duties, and any other annual payments reserved in respect of, or charged on or issuing out of, such land;
 - (c) other receipts arising to a person from, or by virtue of, his ownership of an estate or interest in or right over such land or any incorporeal hereditament or incorporeal heritable subject in the United Kingdom:

Provided that the said rents or receipts do not include yearly interest or any payment charged to tax under section 180 (mineral rents and royalties, etc.) of the Act of 1952.

- (2) Tax charged under Schedule D by virtue of this section shall be charged under a new Case VIII of that Schedule (hereinafter referred to as " Case VIII"), and shall be charged by reference to the rents or receipts to which a person becomes entitled in the year of assessment.

- (3) In computing for the purposes of Case VIII the profits or gains arising to a person in any year of assessment, such deductions shall be made from any rents or receipts to which he becomes entitled in the year as are provided for by Schedule 4 to this Act.
- (4) Notwithstanding anything in subsection (2) of this section, where rent is payable under a lease under which the tenant is entitled to the use of furniture, and tax in respect of the payment for its use is chargeable under Case VI of Schedule D, tax in respect of the rent shall be charged under Case VI of Schedule D unless the landlord, by notice in writing to the surveyor given within two years after the end of the year of assessment, requires that this provision shall not apply.

Where notice is given under this subsection any adjustment of the liability to tax of the person giving the notice which is required in consequence thereof may be made by an additional assessment or by repayment or otherwise, as the case may require.

16 Assessment and collection of tax under Case VIII

- (1) The profits or gains arising to a person for any year of assessment which are assessable to tax under Case VIII may either be assessed in one assessment—
- (a) in a division in which they would be assessable apart from this subsection, or
 - (b) in a division in which are situated all or any of the premises from which profits or gains so assessable may arise to him for the year of assessment,
- or may be assessed in one or more separate assessments in any division in which there are such premises, or may be assessed partly in the one way and partly in the other.
- (2) Where an assessment to tax under Case VIII for any year of assessment is made in that year.—
- (a) it shall be made on the basis that all sources of income and all amounts relevant in computing profits or gains are the same as for the last preceding year of assessment, and
 - (b) tax shall be leviable accordingly, but any necessary adjustments shall be made after the end of the year, whether by way of additional assessment, repayment of tax or otherwise, to secure that tax is charged by reference to the rents or receipts to which the person assessed becomes entitled in the year of assessment:

Provided that if before the 1st January in any year a person delivers a statement in writing to the surveyor—

- (i) showing that since the beginning of the last preceding year of assessment he has ceased to possess one or more sources of income chargeable under Case VIII; and
- (ii) giving the aggregate of the rents and receipts relevant for purposes of Case VIII to which he has become or is likely to become entitled in the current year; and
- (iii) showing that that aggregate is less than the aggregate of such rents and receipts to which he became entitled in the last preceding year, and that it would not have been less if he had not ceased to possess the said source or sources,

then, if the surveyor is satisfied as to the correctness of the declaration, an assessment made on that person in the current year shall be made on an amount which bears to the amount arrived at under paragraph (a) of this subsection the same proportion as the said aggregate for the current year bears to the said aggregate for the last preceding year, and paragraph (b) of this subsection shall apply accordingly.

- (3) Any additional assessment under Case VIII may be made and signed by the surveyor.
- (4) Where any tax under Case VIII is charged in respect of profits or gains arising from any land to a person who is not the occupier of the land, but the tax is not paid by that person (in this subsection referred to as " the person in default "), it may be recovered in accordance with the following provisions:—
- (a) subject to the following paragraph, the collector may from time to time by notice in writing, in such form as may be prescribed by the Commissioners of Inland Revenue, require any lessee of the land or any part thereof whose interest is derived (directly or indirectly) from that held by the person in default (in this subsection referred to as " a derivative lessee ") to make to him payment, on the date or dates specified in the notice, of such sum or sums as may be required to satisfy the tax;
 - (b) the sum demanded from a derivative lessee to be paid during any period shall not exceed the amount of the rent or other payments arising out of the land which becomes due from him at the end of the period and payable to the person in default or to another derivative lessee;
 - (c) in default of payment by a derivative lessee of any amount duly demanded of him under this subsection, that amount may be recovered from him in like manner as if he had been charged with tax of that amount;
 - (d) where any sum on account of tax has been collected from a derivative lessee in pursuance of this subsection, he may deduct that sum from any subsequent payment arising as aforesaid and payable to the person in default or to another derivative lessee, and shall be acquitted and discharged of the amount so deducted;
 - (e) where under the foregoing paragraph, or under that paragraph as applied by this paragraph, a sum is deducted from an amount payable to another derivative lessee, that paragraph shall apply as if the sum had been collected from him under a demand made under this subsection by the collector, and where the amounts from which under that paragraph he is entitled to make deductions in respect of that sum during the following twelve months are less than that sum, he shall be entitled to recover from the Commissioners of Inland Revenue an amount equal to the difference, which shall be treated as reducing the tax recovered under this subsection.
- (5) Where any person (hereinafter referred to as " the agent ") is in receipt of rents or receipts from land on behalf of another person (hereinafter referred to as " the principal "), and any tax under Case VIII charged on the principal has not been paid, the collector may by notice in writing, in such form as may be prescribed by the Commissioners of Inland Revenue, require the agent to pay to the collector in or towards the satisfaction of the tax any sums from time to time received by the agent on behalf of the principal on account of rents or receipts from any land (including any sums so received which are in his hands when the notice is given) until the liability in respect of the tax has been satisfied; and the agent shall pay all such sums over to the collector accordingly and the payment shall acquit and discharge him as against the person on whose behalf he received them.

If the agent fails to comply with the requirements of a notice duly served on him, he shall be liable to a penalty not exceeding fifty pounds for each failure, non-compliance as respects sums in his hands when the notice is given, or as respects any one payment subsequently received by him, being treated as a separate failure.

- (6) Section 369 of the Act of 1952 (taxation of non-residents in name of agent) shall not apply to tax on profits or gains chargeable to tax under Case VIII, or on any of the profits or gains chargeable under Case VI of Schedule D—
- (a) in a case falling within subsection (4) of the foregoing section, or
 - (b) which arise under the terms of a lease, but to a person other than the landlord, or otherwise arise out of any disposition or contract such that if they arose to the person making it they would be chargeable under Case VIII,
- where payment is made (whether in the United Kingdom or elsewhere) directly to a person whose usual place of abode is outside the United Kingdom, but section 170 of the Act of 1952 shall apply in relation to the payment as it applies to other payments being annual payments charged with tax under Schedule D and not payable out of profits or gains brought into charge to tax.
- (7) Where by virtue of the foregoing subsection the tax chargeable for any year of assessment on a person's profits or gains chargeable to tax under either or both of the Cases therein mentioned would apart from this subsection be greater than the tax which would be chargeable thereon apart from subsection (2) of this section, then on a claim in that behalf being made relief shall be given from the excess, whether by repayment or otherwise.

17 Relief for rent, etc. not paid

- (1) Where on a claim in that behalf a person proves—
- (a) that he has not received an amount which he was entitled to receive in respect of any rents or receipts on the profits or gains arising from which he would be chargeable under Case VIII, and
 - (b) if the non-receipt of the said amount was attributable to the default of the person by whom it was payable, that the claimant has taken any reasonable steps available to him to enforce payment,
 - (c) if the claimant waived payment of the said amount, that the waiver was made without consideration and was reasonably made in order to avoid hardship,
- the claimant shall be treated for tax purposes for all relevant years of assessment as if he had not been entitled to the said amount, and such adjustment shall be made, by repayment or otherwise, as the case may require; but if all or any part of the said amount is subsequently received, the claimant or, if he is dead, his executors or administrators shall not later than six months thereafter give notice in writing of its receipt to the surveyor, and such re-adjustment of liability to tax (for all relevant years of assessment) shall be made as may be necessary and may be made at any time at which it could be made if it related only to tax for the year of assessment in which the amount, or the part of the amount, is received.
- (2) The foregoing subsection shall be deemed to be included in the third column of Schedule 6 to the Finance Act 1960 (relating to penalties on persons failing to furnish particulars or furnishing false particulars).

18 Returns, etc. for purposes of Case VIII

- (1) For the purpose of obtaining particulars of profits or gains chargeable to tax under Case VIII, the surveyor may by notice in writing require—
- (a) any lessee, occupier, or former lessee or occupier of land (including any person having, or having had, the use of land) to give such information as

may be prescribed by the Commissioners of Inland Revenue as to the terms applying to the lease, occupation or use of the land, and where any of those terms are established by any written instrument, to produce the instrument to the surveyor ;

- (b) any lessee or former lessee of land to give such information as may be so prescribed as to any consideration given for the grant or assignment to him of the tenancy;
 - (c) any person who as agent manages land or is in receipt of rent or other payments arising from land to furnish the surveyor with such particulars relating to payments arising therefrom as may be specified in the notice.
- (2) The foregoing subsection shall be deemed to be included in the second column of Schedule 6 to the Finance Act 1960 (relating to penalties on persons, other than the taxpayer, failing to furnish particulars or furnishing false particulars).

19 Provisions as to repayments

The provisions of Schedule 6 to the Act of 1952 shall apply to any claim for relief under the provisions of this Chapter:

Provided that—

- (a) any such claim shall be made in such form as the Commissioners of Inland Revenue may direct and shall be delivered to the surveyor ;
- (b) where the surveyor objects to a claim, it shall be heard and determined by the Commissioners concerned in like manner as in the case of an appeal against an assessment under Schedule D, and the provisions of the Act of 1952 relating to the statement of a case for the opinion of the High Court on a point of law shall apply;
- (c) any claim to which objection is made shall, if the claimant so elects when he makes the claim, be heard and determined by the Special Commissioners.

20 Transitional provisions for Schedule A tax for 1963-64

- (1) Section 15 of this Act shall not have effect as respects tax for the year 1963-64, and—
- (a) paragraph (a) of section 14(1) of this Act shall not have effect as respects tax for that year, but
 - (b) the occupier of a unit of assessment shall not be assessed to tax under Schedule A for that year unless he is liable in respect of the unit to pay rent under a short lease (within the meaning of section 173 of the Act of 1952) or to make any other payment, not being one specified in the proviso to section 15(1) of this Act, on which he may deduct tax, and if so assessed shall not be assessed on any amount such that as reduced for the purpose of collection it exceeds the amount on which tax may be deducted ;
 - (c) the landlord shall not be so assessed (by virtue of section 109 or 110 of the Act of 1952) on any amount such that as reduced for the purpose of collection it exceeds the greater of the two following amounts, that is to say—
 - (i) the rent to which he is entitled, less any rates or other charge or composition specified in section 86(1) of the Act of 1952 (deduction for tenant's rates etc.) paid by him,
 - (ii) the amount of any payment on which tax may be deducted by him as mentioned in paragraph (b) above.

- (2) Subject to the provisions of this section.—
- (a) no claim under section 101 of the Act of 1952 (maintenance claims) shall be made as respects tax for the year 1963-64 by the occupier of the unit of assessment, and
 - (b) a landlord shall not be entitled under the said section 101 to repayment of tax for 1963-64 on an amount greater than the excess (if any) of the amount specified in sub-paragraph (i) above over that specified in sub-paragraph (ii) above.
- (3) References in the foregoing provisions of this section to the occupier shall be construed, where different parts of a unit of assessment are the subject of separate occupations, and an immediate lessor (within the meaning of Chapter II of Part VII of the Act of 1952) is in occupation of a part, as references to the immediate lessor, but in such a case—
- (a) subsection (1)(b) of this section shall apply only (and with any necessary apportionment) as respects so much of the unit as is in the occupation of the immediate lessor, and
 - (b) subsection (2)(a) of this section shall not prevent a claim by the immediate lessor in respect of so much of the cost of maintenance, repairs, insurance and management as is attributable to any part of the unit of assessment not in his occupation.
- (4) Where any of the circumstances relevant to the existence or amount of liability to tax under Schedule A for the year 1963-64 are not the same at the time as at which that liability falls to be determined as at another time (whether earlier or later) in the year, the relief (if any) from such tax to be given under the foregoing provisions of this section shall be such as is appropriate having regard to the different circumstances and the proportion of the year for which they obtained ; and for the purpose of securing that any amount of tax to be levied shall be borne by the right person and in the right proportions such assessments or additional assessments, or repayments of tax, shall be made as may be just, regard being had to any arrangements made between the persons concerned.
- (5) Paragraph 7 of Schedule 4 to this Act shall apply in relation to the year 1963-64 as it applies in relation to subsequent years, but with the substitution for sub-paragraph (1) of the following sub-paragraph:—
- “(1) Where this paragraph applies to an estate for the year 1963-64 the owner shall be treated for the purposes of tax under Schedule A or under Chapter II of Part VII of the Act of 1952 (excess rents) as if he were not the occupier of any part of the estate occupied by him, and as if—
- (a) in relation to a part of the estate which for any period in the year is not comprised in a lease under which he is the landlord, he were entitled under a lease of that part to rent for the said period, becoming due from day to day, at a rate per annum equal to the annual value of that part ascertained in accordance with Schedule 5 to this Act; and
 - (b) in relation to a part of the estate which for any period in the year is comprised in a lease under which he is the landlord, the rent, so far as it relates to that part, were at a rate per annum not less than the annual value of that part ascertained in accordance with the said Schedule 5.”,

but as respects any period during which the sub-paragraph (1) hereinbefore contained does not exclude the operation of subsection (2)(a) of this section, the cost of the maintenance, repairs, insurance and management of any part of the land referred to in that sub-paragraph as the estate, being a part in the occupation of the owner, shall be disregarded in the application of section 101(4) of the Act of 1952 to the land.

- (6) Paragraph 9 of Schedule 4 to this Act, and the provisions of paragraph 10 of that Schedule modifying the application of the said paragraph 9 in certain cases, shall apply for the purpose of computing rent payable by a person in determining his liability to tax for the year 1963-64 under section 175 or 176 (excess rents) of the Act of 1952 as they apply for the purpose of computing amounts deductible for purposes of Case VIII in subsequent years.
- (7) The amounts of tax deductible or repayable under section 157 (pay as you earn) of the Act of 1952 before the 6th July 1963 shall not be deemed to have been affected by the foregoing provisions of this Chapter, but any necessary adjustment of a person's liability to tax shall be made by adjusting subsequent deductions or repayments or, if need be, by an assessment.

21 Cost of maintenance, repairs, insurance and management for 1963-64

- (1) In the case of any person who became the owner of a unit of assessment during the year 1963-64, an allowance under section 101 of the Act of 1952 in respect of the unit of assessment for that year shall be computed as if that section required the cost of maintenance, repairs, insurance and management to be ascertained on the basis of the actual cost in the year instead of according to the average of the preceding five years, and as if subsection (2) of that section (by virtue of which " maintenance" includes the replacement of farm buildings, etc.) were omitted.
- (2) The foregoing provisions of this section shall apply in relation to section 176(1) (g) of the Act of 1952 (deduction for maintenance etc. in taxing excess rents under certain short leases) as they apply in relation to section 101 of that Act, but with the substitution—
- (a) for references to a unit of assessment of references to land in respect of the excess rents for which the person in question is chargeable to tax under the said section 176, and
 - (b) for the reference to an owner of a reference to a lessor.

Provisions as to premiums, etc.

22 Treatment of premiums, etc. as rent

- (1) Where the payment of any premium is required under a lease, or otherwise under the terms subject to which a lease is granted, and the duration of the lease does not exceed fifty years, the landlord shall be treated for the purposes of the Income Tax Acts as becoming entitled, when the lease is granted, to an amount by way of rent (in addition to any actual rent) equal to the amount of the premium reduced by one-fiftieth of that amount for each complete period of twelve months (other than the first) comprised in the duration of the lease.
- (2) Where the terms subject to which a lease is granted impose on the tenant an obligation to carry out any work on the premises, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition

to any other premium) of an amount equal to the amount by which the value of the landlord's estate or interest, immediately after the commencement of the lease, exceeds what its then value would have been if the said terms did not impose that obligation on the tenant:

Provided that this subsection shall not apply in so far as the obligation requires the carrying out of work payment for which would, if the landlord and not the tenant were obliged to carry it out, be deductible from the rent under Schedule 4 to this Act.

- (3) Where, under the terms subject to which a lease is granted, a sum becomes payable by the tenant in lieu of the whole or a part of the rent for any period, or as consideration for the surrender of the lease, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition to any other premium) of the amount of that sum; but—
 - (a) in computing tax chargeable by virtue of this subsection in respect of a sum payable in lieu of rent, the duration of the lease shall be treated as not including any period other than that in relation to which the sum is payable;
 - (b) notwithstanding anything in subsection (1) of this section, rent treated as arising by virtue of this subsection shall be deemed to become due when the sum in question becomes payable by the tenant.
- (4) Where, as consideration for the variation or waiver of any of the terms of a lease, a sum becomes payable by the tenant otherwise than by way of rent, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition to any other premium) of the amount of that sum; but in computing tax chargeable by virtue of this subsection the duration of the lease shall be treated as not including any period which precedes the time at which the variation or waiver takes effect or falls after the time at which the variation or waiver ceases to have effect, and notwithstanding anything in subsection (1) of this section rent treated as arising by virtue of this subsection shall be deemed to become due when the contract providing for the variation or waiver is entered into.
- (5) Where a payment falling within subsection (1), (3) or (4) of this section is due to a person other than the landlord, no charge to tax shall arise under that subsection, but any amount which would otherwise fall to be treated as rent shall be treated as profits or gains of that other person chargeable under Case VI of Schedule D:

Provided that where the amount relates to a payment falling within the said subsection (4) it shall not be so treated unless the payment is due to a person connected with the landlord.

- (6) Where an amount by reference to which a person is chargeable to tax by virtue of this section is payable by instalments, he may, before the expiration of the year of assessment following that in which he becomes entitled to the first such instalment, by notice in writing to the surveyor claim that the tax chargeable by reference to that amount shall, instead of being computed in accordance with the foregoing provisions of this section, be computed as if each instalment were rent payable under the lease or, in the case of instalments payable to a person other than the landlord, or payable to a person after he has ceased to be the landlord, were an annual profit or gain chargeable to tax under Case VI of Schedule D, and where a claim is so made all such additional assessments, alterations of assessments and repayments of tax shall be made as may be necessary.

- (7) Section 16(2) of this Act shall not apply in relation to amounts which in computing profits or gains under Case VIII are relevant only by virtue of the foregoing provisions of this section.
- (8) Where by virtue of this section a person is treated as becoming entitled in the year 1963-64 to any rent in respect of a unit of assessment, the computation under section 175(1) (excess rents) of the Act of 1952 of the amount which would have been the amount of the assessment of the unit for the purposes of Schedule A, as reduced for the purpose of collection, if the annual value had been determined (having regard to that rent) as therein mentioned shall be made without increasing, on account of that rent, the amount by which the assessment would have been reduced for the purpose of collection.

23 Charge on assignment of lease granted at undervalue

- (1) Where the terms subject to which a lease of a duration not exceeding fifty years was granted are such that the grantor, having regard to values prevailing at the time it was granted, and on the assumption that the negotiations for the lease were at arm's length, could have required the payment of an additional sum (hereinafter referred to as "the amount foregone ") by way of premium, or additional premium, for the grant of the lease, then, on any assignment of the lease for a consideration—
- (a) where the lease has not previously been assigned, exceeding the premium (if any) for which it was granted, or
 - (b) where the lease has been previously assigned, exceeding the consideration for which it was last assigned,
- the amount of the excess, in so far as it is not greater than the amount foregone reduced by the amount of any such excess arising on a previous assignment of the lease, shall in the same proportion as the amount foregone would under section 22(1) of this Act have fallen to be treated as rent if it had been a premium under the lease, be treated as profits or gains of the assignor chargeable to tax under Case VI of Schedule D.
- (2) If there is submitted to the surveyor, by the grantor or any assignor or assignee of the lease, a statement showing whether or not a charge to tax arises or may arise under this section, and if so the amount on which the charge arises or may arise, then if the surveyor is satisfied as to the accuracy of the statement he shall certify the accuracy thereof.

24 Charge on sale of land with right to reconveyance

- (1) Where the terms subject to which an estate or interest in land is sold provide that it shall be, or may be required to be, reconveyed at a future date to the vendor or a person connected with him, the vendor shall be chargeable to tax under Case VI of Schedule D on any amount by which the price at which the estate or interest is sold exceeds the price at which it is to be reconveyed or, if the earliest date at which, in accordance with those terms, it would fall to be reconveyed is a date two years or more after the sale, on that excess reduced by one-fiftieth thereof for each complete year (other than the first) in the period between the sale and that date.
- (2) Where under the terms of the sale the date of the reconveyance is not fixed, then—
- (a) if the price on reconveyance varies with the date, the price shall be taken for the purposes of this section to be the lowest possible under the terms of the sale;

- (b) the vendor may, before the expiration of six years after the date on which the reconveyance takes place, claim repayment of any amount by which tax assessed on him by virtue of this section exceeded the amount which would have been so assessed if that date had been treated for the purposes of this section as the date fixed by the terms of the sale.
- (3) Where the terms of the sale provide for the grant of a lease directly or indirectly out of the estate or interest to the vendor or a person connected with him, this section shall apply as if the grant of the lease were a reconveyance of the estate or interest at a price equal to the sum of the amount of the premium (if any) for the lease and the value at the date of the sale of the right to receive a conveyance of the reversion immediately after the lease begins to run :

Provided that this subsection shall not apply if the lease is granted, and begins to run, within one month after the sale.

25 Provisions supplemental to ss. 22 to 24

- (1) Paragraph 8 of Schedule 4 to this Act, and the provisions of paragraph 10 of that Schedule modifying the application of the said paragraph 8 in certain cases, shall have effect for reducing or removing a charge to tax imposed otherwise than under Case VIII by virtue of any of the three foregoing sections (excluding section 22(6)) as they have effect in relation to a charge to tax imposed under Case VIII; and the provisions of Schedule 6 to this Act shall have effect for giving relief, on a claim being made by him in that behalf, from any increase in an individual's liability to tax which is attributable to amounts being treated by virtue of any of the three foregoing sections (excluding section 22(6)) as receipts for a single year of assessment rather than as receipts for the period in relation to which they are chargeable.
- (2) Sections 16(6), 17 and 18 of this Act shall apply in relation to sums chargeable to tax under Case VI of Schedule D by virtue of any provision of the three foregoing sections as they apply to profits or gains chargeable to tax under Case VIII.
- (3) In relation to amounts which by virtue of any provision of the three foregoing sections would, in the case of a person resident in the Republic of Ireland and not resident in the United Kingdom, be included in his income if he were not resident in the Republic of Ireland, Chapter IV (prevention of tax avoidance by means of transactions resulting in the transfer of income to persons abroad) of Part (VIII) of the Act of 1952 shall apply as if his income included those amounts and as if references to an individual included references to any person, but shall so apply as if subsection (3) of section 412 (which provides relief for certain transactions) were omitted.
- (4) For the purposes of section 346 (loss relief under Case VI of Schedule D) of the Act of 1952, a loss sustained in a transaction falling within any of the three foregoing sections shall be disregarded.
- (5) In ascertaining for the purposes of the three foregoing sections the duration of a lease, the following provisions shall have effect:—
- (a) where the terms of the lease include provision for the determination thereof by notice given either by the landlord or by the tenant, the lease shall not be treated as granted for a term longer than one ending at the earliest date on which it could be determined by notice;
- (b) where any of the terms of the lease (whether relating to forfeiture or to any other matter) or any other circumstances render it unlikely that the lease will

continue beyond a date falling before the expiration of the term of the lease, the lease shall not be treated as having been granted for a term longer than one ending on that date:

Provided that where the duration of a lease falls to be ascertained after a date on which the lease has for any reason come to an end, the duration shall be taken to have extended from its commencement to that date, and where the duration falls to be ascertained at a time when the lease is subsisting the provisions of the foregoing paragraphs shall be applied in accordance with circumstances prevailing at that time.

- (6) Nothing in the three foregoing sections shall apply in relation to a lease granted or an estate or interest in land sold before the beginning of the year 1963-64 or in pursuance of a contract entered into before the 4th April 1963:

Provided that section 22(4) of this Act shall apply to the variation or waiver of any terms of a lease (not being a variation or waiver made in pursuance of a contract entered into before the 4th April 1963) notwithstanding that the lease was granted before the beginning of the year 1963-64.

- (7) In relation to Scotland the expression " term" in this section, where referring to the duration of a lease, means " period ".

Miscellaneous

26 Mines, quarries and other concerns

- (1) Profits or gains arising out of land in the case of any concern specified in Schedule 7 to this Act shall be charged to tax under Case I of Schedule D.
- (2) The foregoing subsection shall not apply to tax for the year 1963-64, but in relation to tax for that year the concerns specified in the proviso to paragraph 1 of Schedule A (mining and other concerns the profits of which are charged under Case I of Schedule D) shall include quarries of sand or gravel, sand pits, gravel pits and brickfields.

27 Collection of outstanding Schedule A tax

Where any assessment to tax under Schedule A falls to be made after the end of the year 1963-64, the assessment may be made on any person liable to bear any of the tax, to the extent of the amount to be borne by him, as if to that extent he were assessable in respect thereof under section 110 of the Act of 1952 (landlord's option to be assessed in lieu of occupier); and where such an assessment is made subsections (3) and (4) of that section (payment of tax by occupier, and deduction of amount paid from rent) shall apply, but not so as to authorise recovery, from a person not liable (apart from this provision) to bear the tax, of tax which he cannot deduct from rent payable to a person so liable.

28 Amendments as to Schedule B

- (1) In paragraph 1 of Schedule B (which specifies the lands which are to be charged to tax under Schedule B) for the words from " all lands " to the end of the paragraph there shall be substituted " woodlands in the United Kingdom managed on a commercial basis and with a view to the realisation of profits, so however that this paragraph has

effect subject to the right given by section 125 of this Act to elect for assessment under Schedule D " ; and paragraphs 3 to 5 of Schedule B shall cease to have effect.

- (2) Annual value for the purposes of Schedule B shall be determined in accordance with the provisions set out in Schedule 5 to this Act (being provisions corresponding with the provisions enacted for determining gross value for rating purposes), but as if the land, instead of being woodlands, were let and occupied in its natural and unimproved state, so however that where a person is in occupation of land chargeable to tax under Schedule B for part only of the year, or where land in a person's occupation is so chargeable to tax for part only of a year, the value by reference to which he is chargeable under Schedule B shall be the appropriate proportion of the value determined as aforesaid.
- (3) Profits or gains arising in any year of assessment from payments for any easement over or right to use any land made to the person who occupies the land shall not be excluded from the charge to tax under Case VIII by reason only that he is chargeable with respect to the land under Schedule B, but shall be treated for purposes of Case VIII as limited to the amount (if any) by which they exceed the assessable value of the land or, as the case may be, by which they exceed such proportion of that value as corresponds to the proportion of the year for which he occupies the land.
- (4) Any assessment to tax under Schedule B made after the end of the year 1963-64 as respects land in England or Wales or in Scotland may be made either in any division where the person assessed is engaged in a trade, profession, or vocation or in which he ordinarily resides, or in any division where the land is situated, and an assessment made in pursuance of the provisions of this subsection shall be valid and effectual notwithstanding the subsequent removal of the person assessed from the division in which he is assessed.

29 Cases I and II of Schedule D: amendments in relation to land

- (1) In computing profits or gains under Case I or Case II of Schedule D no deduction shall be made in respect of the annual value of land occupied for the purpose of the trade, profession or vocation; and section 136 of the Act of 1952 (which allows such deductions in the case of land separately assessed and charged under Schedule A) shall cease to have effect:

Provided that the provisions of Schedule 8 to this Act shall have effect for allowing deductions, in the cases there provided, by reference to deductions which would have fallen to be made if the said section 136 had applied for the years 1963-64 and 1964-65.

- (2) Section 137(n) of the Act of 1952 (prohibition of deduction of rent and certain other payments, being payments made subject to deduction of tax) shall not apply to payments in relation to land made in respect of periods ending on or before the 5th April 1964, and in making any deductions permitted by this subsection the amount of the payment shall be taken to be the gross amount thereof :

Provided that—

- (a) this subsection shall not apply to any payment to which section 180 (mineral rents and royalties, etc.) of the Act of 1952 applies;
- (b) the aggregate amount of the deductions permitted by this subsection as respects any land in computing profits or gains for the year 1963-64 shall not exceed the assessment of the land for that year under Schedule A, as reduced for the purpose of collection.

- (3) Where, in relation to any land used in connection with a trade, profession or vocation.
-
- (a) tax has become chargeable under section 22 (except subsection (6)), 23 or 24 of this Act on any amount (disregarding any reduction in that amount under paragraph 8 of Schedule 4 to this Act), or
 - (b) tax would have become so chargeable on that amount but for the operation of section 22(6) of this Act or the said paragraph 8, or but for any exemption from tax,
- the provisions of Schedule 9 to this Act shall have effect, in the cases there provided, for allowing deductions calculated by reference to that amount in computing the profits or gains of the trade, profession or vocation.
- (4) Where during a period in the five years ending with the year 1962-63 any premises were occupied by a person for the purposes of a trade, profession or vocation carried on by him, and payments relating to the premises made by him during that period in respect of maintenance, repairs or insurance were not deducted in computing the profits or gains of the trade, profession or vocation chargeable under Case I or II of Schedule D, he shall be entitled to a deduction in computing those profits or gains for the year 1963-64 of any amount by which the aggregate of the payments exceeds the aggregate of so much of the relief which was or, on a claim in that behalf, could have been allowed to him under sections 99 to 101 of the Act of 1952 as related to the premises and is attributable to any part of the said period.
- (5) In computing the profits or gains of a trade of dealing in land, any trading receipt falling within subsection (1), (3) or (4) of section 22 of this Act shall be treated as reduced by the amount on which tax is chargeable by virtue of that section.
- (6) In a case falling within section 22(6) of this Act.—
- (a) if no claim is made under that subsection, the foregoing subsection shall have effect as if it provided that so much only of any instalment falling within subsection (1), (3) or (4) of section 22 of this Act shall be treated as a trading receipt as exceeds the sum which bears to the amount on which tax is chargeable by virtue of the said section 22 the proportion which the instalment bears to the sum of which it is an instalment;
 - (b) if a claim is made, the foregoing subsection shall not apply, but no part of any instalment shall be treated as a trading receipt.
- (7) In computing the profits or gains of a trade of dealing in land, any trading receipts falling within section 23 or 24 of this Act shall be treated as reduced by the amount on which tax is chargeable by virtue of that section, but where on a claim being made under subsection (2)(b) of the said section 24 the amount on which tax was chargeable by virtue of that section is treated as reduced this subsection shall be deemed to have applied to the amount as reduced, and such adjustment of liability to tax shall be made (for all relevant years of assessment), whether by means of an additional assessment or otherwise, as may be necessary and may be so made at any time at which it could be made if it related only to tax for the year of assessment in which the said claim is made.

30 Supplemental provisions as to annual value

- (1) Where, as respects tax for the year 1964-65 or any subsequent year, any question arises as to the annual value of land, it shall be determined by the General Commissioners for the division in which the land is situated, or if it is situated partly in one division

and partly in another the General Commissioners for such one of those divisions as the person in whose case the question falls to be determined may elect; and those Commissioners shall hear and determine the question in like manner as an appeal made to them against an assessment under Schedule D, and all the provisions of the Income Tax Acts relating to such an appeal (including the provisions relating to the statement of a case for the opinion of the High Court on a point of law) shall apply accordingly with any necessary modifications.

- (2) Any person authorised in that behalf by the Commissioners of Inland Revenue may, on producing if so required evidence of his authority, at any reasonable time enter on and inspect, with a view to establishing its annual value, any land the annual value of which falls to be determined for purposes of tax for the year 1964-65 or any subsequent year.

31 Deductions in respect of tithe redemption annuities

- (1) A payment made as an instalment, or part of an instalment, of an annuity within the meaning of the Tithe Acts 1936 and 1951 shall be treated for income tax purposes as follows.
- (2) Five-sixths of the amount of the payment, but no more, shall be deducted from or set off against the income of the person making the payment for the year of assessment in which the instalment becomes payable, and tax shall be discharged or repaid accordingly.
- (3) No part of the payment shall be allowed as a deduction for the year 1963-64 under section 97 of the Act of 1952 (allowance under Schedule A for tithe annuities) or shall be included for any subsequent year among the deductions provided for by Schedule 4 to this Act.

- (1) In this Chapter, except where the context otherwise requires.—
- " assignment ", in relation to Scotland, means an assignation ;
- " lease " includes an agreement for a lease, and any tenancy, but does not include a mortgage or heritable security, and " lessee ", " lessor " and " letting " shall be construed accordingly, and " lessee " and " lessor " include, respectively, the successors in title of a lessee or a lessor;
- " premium " includes any like sum, whether payable to the immediate or a superior landlord ;
- " reversion ", in relation to Scotland, means the interest of the landlord in the property subject to the lease;

- (2) For the purposes of this Chapter any sum (other than rent) paid on or in connection with the granting of a tenancy shall be presumed to have been paid by way of premium except in so far as other sufficient consideration for the payment is shown to have been given.
- (3) In the application of this Chapter to Scotland " premium " includes in particular a grassum payable to any landlord or intermediate landlord on the creation of a sub-

lease; and in this subsection " intermediate landlord " means, where an occupying lessee is a sub-lessee, any person for the time being holding the interest of landlord under a sub-lease which comprises the property of which the occupying lessee is sub-lessee, but does not include the immediate landlord.

CHAPTER III

CAPITAL ALLOWANCES

33 Increase of investment allowances

Investment allowances in respect of expenditure incurred after the 5th November 1962 (other than expenditure on the provision of a ship) shall be increased by one-half, and accordingly, in relation to expenditure incurred after that date, for references in section 16(2) and (5) of the Finance Act 1954 and section 21(4) of the Finance Act 1959 to one-tenth there shall be substituted references to three-twentieths and for references in section 16(3), (4) and (6) of the Finance Act 1954 and section 15 of the Finance Act 1957 to one-fifth there shall be substituted references to three-tenths.

34 Doubling of annual allowances for industrial buildings and for dredging

An annual allowance under section 266 of the Act of 1952 in respect of capital expenditure incurred after the 5th November 1962 on the construction of a building or structure, or under section 17 of the Finance Act 1956 in respect of capital expenditure incurred after that date on dredging, shall be equal to one twenty-fifth of the expenditure instead of (as heretofore) one-fiftieth thereof, and accordingly, as respects any such allowance, for the word " one-fiftieth " where it occurs in sections 266(1) and 268(5) of the Act of 1952 and section 17(1) of the Finance Act 1956, there shall be substituted the words " one twenty-fifth ", and for the word " fiftieth " where it occurs in sections 266(2) and 267(1) of the Act of 1952 there shall be substituted the word " twenty-fifth ".

35 Rates of annual allowances for machinery and plant

- (1) The provisions of this section shall have effect for calculating annual allowances under Chapter II of Part)(of the Act of 1952 in respect of machinery or plant to which this section applies, that is to say new machinery or plant capital expenditure on the provision of which was incurred after the 5th November 1962; and such machinery or plant shall continue to be treated as machinery or plant to which this section applies notwithstanding any sale of it or other change of circumstances.
- (2) Where, for any year of assessment, an annual allowance in respect of machinery or plant to which this section applies falls to be computed in accordance with section 281 (normal method) of the Act of 1952 by reference to a percentage established before the year 1963-64 under that section, the amount of the allowance resulting from the application of that percentage—
 - (a) where it is less than fifteen per cent. of the relevant capital amount, shall be increased so as to equal fifteen per cent. of that amount; or
 - (b) where it is between fifteen and twenty per cent. of the relevant capital amount, shall be increased so as to equal twenty per cent. of that amount; or

Status: This is the original version (as it was originally enacted).

- (c) where it is less than twenty-five but not less than twenty per cent. of the relevant capital amount, shall be increased so as to equal twenty-five per cent. of that amount.
- (3) Where for the year 1963-64 or a subsequent year of assessment a percentage established before the year 1963-64 under the said section 281 falls to be redetermined or a percentage falls to be determined under that section for a new class of machinery or plant, the percentage shall for the purpose of its application to machinery or plant to which this section applies be redetermined or determined, and Chapter II of Part)(of the Act of 1952 shall thereafter apply in relation to machinery or plant of the class in question to which this section applies, as if, instead of requiring the annual allowance to be five-fourths of the percentage therein specified of the relevant capital amount, the said section 281 required it to be a percentage of that amount determined by the Commissioners of Inland Revenue by reference to the anticipated normal working life of machinery or plant of the class in question, being such a percentage as is mentioned below, that is to say—
- (a) where that life is eighteen years or more, fifteen per cent.; or
 - (b) where that life is less than eighteen but not less than fourteen years, twenty per cent.; or
 - (c) where that life is less than fourteen years, twenty-five per cent.
- (4) Where a percentage has been determined for a year of assessment under the foregoing subsection and is not for any later year superseded by a subsequent determination, it shall be treated as if it had been determined for that later year also.
- (5) In deciding, as respects a class to which a percentage established before the year 1963-64 under the said section 281 applies, whether or not, for the purposes of machinery or plant to which this section applies, a redetermination of the percentage is necessary, the amount of the percentage as falling to be adjusted, that is to say as increased by one quarter and further increased, where so required, under subsection (2) of this section, shall be treated as if it were a percentage determined in accordance with subsection (3) of this section:
- Provided that where the percentage so established, as increased by one quarter, is greater than the percentage mentioned in paragraph (c) of the said subsection (3), this subsection shall apply as if that greater percentage were instead so mentioned.
- (6) Subsections (2) to (5) of this section shall apply in relation to allowances falling to be computed in accordance with section 282 (alternative method) of the Act of 1952 as if references to section 281 of that Act were references to that section, and as if for any reference to fifteen, twenty or twenty-five per cent. there were substituted a reference to six and one quarter, eight and one half or eleven and one quarter per cent. respectively.
- (7) If, in relation to any machinery or plant to which this section applies, a direction falls to be made under section 285 (adjustments of annual allowances in cases of abnormal use) of the Act of 1952 for the year 1963-64 or any subsequent year of assessment, the anticipated normal working life of the machinery or plant shall be ascertained as though it were used throughout its working life in the manner in which and to the extent to which it is used in the year in question, and the annual allowance in respect of the machinery or plant for that year shall be calculated as, by virtue of subsection (3) of this section (or by virtue of that subsection as applied by the foregoing subsection), it would be if the relevant percentage for machinery or plant of that class

Status: This is the original version (as it was originally enacted).

fell to be redetermined for that year and its anticipated normal working life were as so ascertained.

- (8) Where, in the case of machinery or plant of any class, annual allowances for the year 1962-63 or any earlier year of assessment falling to be computed in accordance with section 281 or 282 of the Act of 1952 were computed by reference to a percentage which, though not determined or deemed to have been determined by the Commissioners under that section, was commonly treated as if it had been so determined, that percentage shall, notwithstanding that a percentage is after the commencement of this Act so determined for that year, be regarded for the purposes of annual allowances under Chapter II of Part)(of that Act for the year 1963-64 or any subsequent year of assessment in respect of machinery or plant of that class to which this section applies as the percentage so determined for the year 1962-63 or that earlier year, as the case may be.
- (9) In relation to machinery or plant of any class, references in this section to a percentage established before the year 1963-64 shall be construed as references to a percentage established by a determination made or deemed to have been made under section 281(2) or, as the case may be, section 282(2) of the Act of 1952 and applying for the year 1962-63 to that class, and references to the anticipated normal working life of the machinery or plant shall be construed in accordance with section 281(6) or, as the case may be, section 282(6) of that Act.
- (10) In section 283 of the Act of 1952 (which provides for a change from the normal method of computing annual allowances to the alternative method), in subsection (1)(b), for the words " the percentage mentioned in subsection (2) of the last preceding section " there shall be substituted the words " the percentage that would otherwise apply ".
- (11) Nothing in this section shall affect the operation of section 284 of the Act of 1952 (by which a person to whom an annual allowance is to be made in respect of machinery or plant used for working mineral deposits may elect to have the allowance computed by a special method).

36 Scientific research allowances

- (1) In the case of expenditure incurred after the 5th November 1962, an allowance under section 336 of the Act of 1952 (allowances for capital expenditure on scientific research) shall be made by allowing in the first of the five years of assessment mentioned in that section a deduction equal to the whole of the expenditure instead of by allowing in that year a deduction equal to three-fifths of the expenditure and in each of the remaining four years a deduction equal to one-tenth of the expenditure, and accordingly, in relation to expenditure so incurred, that section shall have effect as if—
- (a) in subsection (1), for the words from " a deduction " to the end, there were substituted the words " a deduction equal to the whole of the expenditure shall be allowed in charging the profits or gains of the trade for the relevant year of assessment as defined by the following subsections ";
 - (b) in subsections (2) and (4), for the words " the five years shall be that and the next four years ", there were substituted the words " the relevant year of assessment shall be that year "; and
 - (c) in subsection (3), for the words from " the five years " to the end, there were substituted the words " the relevant year of assessment shall be the year of assessment next following that in which the trade was set up and commenced. "

Status: This is the original version (as it was originally enacted).

and section 16(6)(a) of the Finance Act 1954 (which provides for an investment allowance to be made only for the first year of assessment for which an allowance under the said section 336 falls to be made) shall not have effect.

- (2) The said section 336, as amended by the foregoing subsection, shall have effect in relation to expenditure incurred after the 5th November 1962 as if the following subsection were inserted at the end:—

“(5) If the expenditure is incurred during the year of assessment in which the trade is permanently discontinued, the relevant year of assessment shall be that year.”

- (3) In the case of an asset representing expenditure incurred after the 5th November 1962, Part (I) of the Act of 1952 shall apply as if, in section 337 thereof, subsection (1) (which restricts allowances where an asset ceases to be used for scientific research) were omitted and the following were substituted for subsection (2):—

“(2) Where an asset representing scientific research expenditure of a capital nature incurred by the person carrying on a trade ceases to be used by that person for scientific research related to that trade and is then or thereafter sold by him—

- (a) if the sale occurs in or after the year of assessment for which an allowance in respect of the expenditure is made under the last preceding section, then—

(i) the sum by which the aggregate of the proceeds of sale and the amount of the allowance exceeds the amount of the expenditure, or (if it is less than that sum) the amount of the allowance, shall be treated as a trading receipt of the trade accruing at the time of the sale or, if the sale occurs on or after the date on which the trade is permanently discontinued, accruing immediately before the discontinuance; or

(ii) if, by reason of the operation of section 21(4) of the Finance Act 1954 (which requires demolition costs to be treated as expenditure on an asset), the said aggregate is less than the amount of the expenditure, a deduction equal to the difference shall, unless the asset was used for other purposes after it ceased to be used for scientific research related to the trade, be allowed in charging the profits or gains of the trade for the year of assessment in which the sale occurs or, if the sale occurs on or after the date on which the trade is permanently discontinued, for the last year of assessment in which the trade is carried on before the discontinuance;

- (b) if the sale occurs before the year of assessment for which an allowance in respect of the expenditure would fall to be made under the last preceding section, that allowance shall not be made, but if the proceeds of sale are less than the expenditure a deduction equal to the difference shall be allowed in charging the profits or gains of the trade for the year of assessment in which the sale occurs:

Provided that no amount shall be allowed or charged by virtue of this subsection in respect of any sale if the sale gives rise to a balancing allowance or balancing charge under Chapter I or II of Part (I) of this Act”.

Status: This is the original version (as it was originally enacted).

37 Annual allowances for mineral depletion in the United Kingdom

- (1) Subject to the provisions of this section, where, for the purposes of a trade carried on or about to be carried on by him, a person incurs capital expenditure on the acquisition of a mineral asset the acquisition of which entitles him to work a mine, oil well or other source of mineral deposits of a wasting nature in the United Kingdom, and the trade consists of or includes the working of that source, he shall be entitled for any year of assessment the basis period for which ends after the incurring of the expenditure to an annual allowance in respect of the expenditure.
- (2) Subject as aforesaid, the annual allowance for a year of assessment shall be equal to the fraction mentioned below of the royalty value of the output in the basis period for the year from the source to which the expenditure relates, that is to say—
 - (a) where the first working of the source after the expenditure was incurred was less than ten years before the end of that basis period, one-half ;
 - (b) where that first working was less than twenty but not less than ten years before the end of the basis period, one-quarter;
 - (c) in any other case, one-tenth.
- (3) An annual allowance under this section in respect of any expenditure shall not be made to a person for a year of assessment unless the amount of the expenditure exceeds the aggregate of any allowances under this section made to him for previous years in respect of the expenditure together with any capital sums accruing to him in or before the basis period for the year by virtue of his acquisition of the mineral asset in question, and where made shall not be greater than the amount of the excess; and for this purpose there shall be deemed to have been made for years preceding the year 1963-64 such annual allowances as would have fallen to be made if this section had always had effect.
- (4) Where in the basis period for any year of assessment a person ceases to work the source to which capital expenditure incurred by him relates and, apart from this and the foregoing subsection, an annual allowance under this section would fall to be made to him for that year in respect of the expenditure, the allowance shall not be made, and—
 - (a) if the aggregate of any allowances under this section made to him for previous years in respect of the expenditure exceeds so much of the expenditure as represents the cost of acquiring the output got by him from the source (other than output got before the 4th April 1963), a balancing charge on an amount equal to the excess shall be made on him for that year, or
 - (b) if that aggregate is less than so much of the expenditure as represents the cost of acquiring that output, a balancing allowance equal to the difference shall be made to him for that year.
- (5) So much of the capital expenditure incurred by a person on the acquisition of a mineral asset as remains after deducting—
 - (a) the market value of the asset at the time the source to which the expenditure relates ceases to be worked by ' him, and
 - (b) any capital sums accruing to him before that time by virtue of his acquisition of the asset,

shall be taken for the purposes of the foregoing subsection to represent the cost of acquiring the output got by him from the source; and where part of the output was got by him before the 4th April 1963, the cost of acquiring the part got on or after that date shall be taken for those purposes to be an amount which bears to the amount so remaining the same proportion as the royalty value of the output from the source on

Status: This is the original version (as it was originally enacted).

or after that date bears to the royalty value of the whole output got by virtue of the expenditure.

In this subsection " market value ", in relation to an asset, means the price which it might reasonably be expected to fetch on a sale in the open market (whether for use by the purchaser for mining purposes or other purposes) if, before the sale, the owner of the asset had carried out such works (if any) for restoring or otherwise making good the land surface at the site of the source as, having regard to the obligations imposed on him and other relevant circumstances, he might reasonably be expected to carry out whether or not he sold the asset, but reduced by so much of that price as is attributable to matters not representing any part of the capital expenditure in question.

- (6) Where a balancing adjustment is made in respect of a person under subsection (4) of this section, or would fall to be so made if the relevant amounts were not equal, and after ceasing to work the source he carries out any works for restoring or otherwise making good the land surface at the site of the source, the cost of those works shall not be taken into account in computing for the purposes of tax under Case I of Schedule D the profits or gains of his trade unless it was assumed, in computing the market value of the asset for the purposes of the said subsection (4), that those works would be carried out.
- (7) Where any allowance under this section falls to be made to a person in or before a year of assessment in the basis period for which he ceases to work the source to which the expenditure in question relates, and in the basis period for a later year of assessment he again begins to work the source, then—
 - (a) in computing, in accordance with subsection (2) of this section, the amount of an annual allowance for the later year or any subsequent year, the period between the cessation and recommencement of working shall be disregarded ; and
 - (b) in computing, for the purposes of subsection (3) or (4) of this section, the aggregate of allowances for previous years, those allowances shall be treated as reduced by the amount on which any balancing charge under paragraph (a) of the said subsection (4) has been made in respect of the expenditure.
- (8) Allowances or charges falling to be made under this section to or on any person shall be made to or on him in charging the profits or gains of his trade.
- (9) Where a person (in this subsection referred to as " the transferee ") acquires a mineral asset from another person (in this subsection referred to as " the transferor "), and the transferee is a body of persons over whom the transferor has control, or the transferor is a body of persons over whom the transferee has control, or both the transferee and the transferor are bodies of persons and some other person has control over both of them, the capital expenditure incurred by the transferee on the acquisition of the asset shall be taken for the purposes of this section (including this subsection) not to exceed the capital expenditure incurred by the transferor on its acquisition by him or, where the asset consists of an interest or right granted by the transferor, so much of the capital expenditure so incurred by the transferor as, on a just apportionment, is referable to that interest or right; and the expenditure incurred by the transferee shall where necessary be treated as reduced accordingly.
- (10) Where in the basis period for any year of assessment a person, having previously incurred capital expenditure on the acquisition of a mineral asset the acquisition of which entitled him to work a source, incurs for the purposes of the trade capital expenditure on the acquisition of another mineral asset the acquisition of which

Status: This is the original version (as it was originally enacted).

entitles him to work the same source, this section shall apply as respects that year and subsequent years of assessment as if the assets were one mineral asset capital expenditure on the acquisition of which was incurred by him when he incurred the first-mentioned expenditure and was of an amount equal to the aggregate of that expenditure and the further expenditure:

Provided that where the first-mentioned expenditure was incurred before the 4th April 1963 and the further expenditure on or after that date—

- (a) no greater allowances shall for the purpose of subsection (3) of this section be deemed by reason of this subsection to have been made before that date;
- (b) the cost of acquiring output got before that date, as computed under subsection (5) of this section, shall not by reason of this subsection be treated as increased.

If the asset to which the further expenditure relates extends to mineral deposits or land not included in the asset to which the first-mentioned expenditure relates, so much of it as so extends shall be treated for the purposes of this section as a separate mineral asset, and the further expenditure shall be apportioned between the assets as may be just.

- (11) References in this section to expenditure on the acquisition of an asset do not include—
- (a) expenditure to which Chapter III of Part X of the Act of 1952 applies; or
 - (b) expenditure on machinery or plant, or on any asset which has been treated for any year of assessment as machinery or plant; or
 - (c) expenditure on any building or structure,

and where expenditure was incurred on the acquisition of an asset in respect of which, for years of assessment previous to a year for which he first becomes entitled in respect of the expenditure to an allowance under this section, the person incurring the expenditure has been allowed any deductions under Schedule 9 to this Act, the expenditure shall be treated for the purposes of this section as reduced by so much of those deductions as, if he had been entitled to an allowance under this section for earlier years, would have been excluded by paragraph 5 of that Schedule.

- (12) In this section—

" mineral asset " means any mineral deposits or land comprising mineral deposits, or any interest in or right over such deposits or land ;

" output " in relation to a source, means mineral deposits lifted or extracted from the source ;

" royalty value " in relation to any output from a source means the amount of the royalties that would be payable on that output if the person working the source were a lessee under a lease, for a term expiring immediately after that output was produced, granted to him at the date when the expenditure in question was incurred and providing for the payment of such royalties on output from the source as might reasonably have been expected to be provided for by such a lease, but reduced by the amount of any royalties actually payable in respect of that output.

- (13) Subject to the provisions of this section, the Income Tax Acts shall have effect, and this section shall be construed, as if it were contained in Part X of the Act of 1952:

Provided that the provisions of the said Part X shall apply in relation to this section subject to the following modifications, that is to say—

Status: This is the original version (as it was originally enacted).

- (a) section 323(1) shall be deemed to require a claim for an allowance to be made in such form and accompanied by such plans and other particulars as the Commissioners of Inland Revenue may direct;
 - (b) section 325(2) (meaning of " basis period ") shall apply for the purposes of subsection (2) of this section with the omission of the proviso ;
 - (c) in section 326(1) (apportionment of the consideration on sales etc.) the reference to expenditure incurred on the provision or the purchase of property shall be deemed to include a reference to expenditure on the acquisition of a mineral asset;
 - (d) section 327 and Schedule 14 shall not apply, so how ever that paragraph 2 of that Schedule (but not paragraph 4) shall apply for determining the amount of any capital sum accruing to a person by virtue of his acquisition of a mineral asset.
- (14) The foregoing provisions of this section shall have effect only for the year 1963-64 and subsequent years of assessment but for that purpose shall apply in relation to expenditure incurred and other things done before as well as after the beginning of the year 1963-64.

38 Annual allowances for new machinery and plant in development districts

- (1) Subject to the provisions of this section, annual allowances under Chapter II of Part X of the Act of 1952 in respect of capital expenditure incurred after the 3rd April 1963 on the provision of new machinery or plant (not being mobile equipment) for use in a development district for industrial purposes shall be computed in accordance with section 281 (normal method of computation) of the Act of 1952 as if, instead of requiring an annual allowance to be five-fourths of the percentage therein specified of the relevant capital amount, that section required it to be so much of that amount as is specified by the person to whom the allowance is to be made in making his claim for the allowance; and accordingly (but subject as aforesaid) neither section 35 of this Act nor section 282 (alternative method of computation), 284 (special method for mines, etc.) or 285 (adjustments in cases of abnormal use) of the Act of 1952 shall apply in relation to such allowances.
- (2) If, during the basis period for any year of assessment and within the three years beginning when it was first put into use, any machinery or plant is used—
- (a) in a place which is not included in any development district, or
 - (b) for purposes other than industrial purposes, or
 - (c) in a building or structure prevented by section 271(3) (dwelling-houses, retail shops, showrooms, hotels and offices) of the Act of 1952 from being an industrial building or structure within the meaning of Chapter I of Part X of that Act,
- the foregoing subsection shall not apply to the annual allowance in respect of the machinery or plant for that or any subsequent year of assessment and shall be deemed not to have applied to the annual allowance in respect thereof for any previous year of assessment.
- (3) Subsection (1) of this section shall not apply to annual allowances falling to be made to a person in respect of expenditure on the provision of machinery or plant treated as incurred by him by virtue of section 299 of the Act of 1952 (allowances to lessees) unless the contract of letting provides that he shall or may become the owner of the machinery or plant on the performance of the contract; and where the contract so

Status: This is the original version (as it was originally enacted).

provides, but without becoming the owner of the machinery or plant he ceases to be entitled (otherwise than on his death) to the benefit of the contract so far as it relates to the machinery or plant, the said subsection (1) shall be deemed not to have applied to annual allowances falling to be made to him in respect of the machinery or plant.

- (4) Where subsection (1) of this section is to be deemed not to have applied to annual allowances for any year of assessment, there shall be made all such additional assessments and adjustments of assessments as may be necessary.
- (5) A district shall be treated as being a development district within the meaning of this section—
- (a) if and so long as, being within Great Britain, it is for the purposes of the Local Employment Act 1960 a development district as defined by section 1(2) of that Act, or
 - (b) if it is within Northern Ireland,
- and a certificate given by a person authorised in that behalf by the President of the Board of Trade and stating that at the time or during the period specified in the certificate a place in Great Britain was or was not included in any development district shall be conclusive for the purposes of this section.
- (6) In relation to any new town outside a development district which draws or will draw its population mainly from the district, this section shall apply as if the new town were included in the district, and a certificate given by a person authorised in that behalf by the Minister of Housing and Local Government, or (where the new town is in Scotland) the Secretary of State, and stating whether or not a new town draws or will draw its population mainly from a specified district shall be conclusive for the purposes of this subsection.
- (7) Where a district in Great Britain ceases at any time to be a development district, this section shall apply in relation to the following machinery or plant as if the district had continued to be a development district, that is to say—
- (a) machinery or plant which at that time is within, and has before that time been used in, the district;
 - (b) machinery or plant provided for use in the district under a contract entered into before that time ;
 - (c) machinery or plant provided for use in the district under a contract entered into within two years after that time and in the case of which the following conditions are satisfied—
 - (i) that it is for use in or about a building or structure provided for use for industrial purposes under a contract entered into after the 3rd April 1963, or is for use in conjunction with other machinery or plant so provided, and
 - (ii) that its provision was required for the fulfilment of the purpose for which the building or structure or, as the case may be, the other machinery or plant was provided, and
 - (iii) that contracts for the provision of a substantial proportion of the assets required for the fulfilment of that purpose had been entered into before the district ceased to be a development district.
- (8) In this section—
- " industrial purposes " means the purposes of a trade, or a part of a trade, which—
- (a) is carried on in a mill, factory or other similar premises, or

Status: This is the original version (as it was originally enacted).

- (b) consists in the carrying on of a dock, water, electricity or hydraulic power undertaking (as defined by section 271(5) of the Act of 1952) or a gas, transport, inland navigation, tunnel or bridge undertaking, or
- (c) consists in the manufacture of goods or materials or the subjection of goods or materials to any process, not being a process in the construction or erection of a building or structure, or
- (d) consists in the storage—
 - (i) of goods or materials which are to be used in the manufacture of other goods or materials, or
 - (ii) of goods or materials which are to be subjected, in the course of a trade, to any process, or
 - (iii) of goods or materials which, having been manufactured or produced or subjected, in the course of a trade, to any process, have not yet been delivered to any purchaser, or
 - (iv) of goods or materials on their arrival by sea or by air into any part of the United Kingdom, or
- (e) consists in the working of any mine, oil well or other source of mineral deposits, or
- (f) consists in the distribution of hydrocarbon oils by pipe-line;
 - " mobile equipment " means machinery or plant having its own means of propulsion, or constructed or adapted for being towed, but does not include machinery or plant suitable for use only in or about a building or structure used for industrial purposes or any similar purposes or at a source of mineral deposits ;
 - " new town " means an area designated under the New Towns Act 1946 as the site of a new town.

39 Annual allowances for new mining expenditure in development districts

40 Contributions to expenditure for treatment of trade effluents

- (1) Where a sewerage authority in the United Kingdom incurs expenditure on the provision of an asset to be used in the treatment of trade effluents, then, in relation to any contribution of a capital sum made to that expenditure, subsection (3) of section 332 of the Act of 1952 (by virtue of which, in a case where the person receiving a capital sum would, apart from subsection (1) of that section, qualify for capital allowances in respect of his expenditure, the contributor is treated for the purpose of investment, initial and annual allowances as if his contribution had been expenditure on an asset provided for the purposes of his trade) shall apply as if such allowances fell to be made to the sewerage authority in respect of the expenditure as apart from subsection (1) of that section would fall to be made if the asset were to be so used for the purposes of a trade carried on by the sewerage authority.

- (2) In this section—

- (2) The amount to be allowed by way of initial allowance for any one vehicle shall not exceed six hundred pounds (whether the allowance falls to be made by reference to lump sum expenditure or by reference to the amounts of instalments), the references in paragraph 3(2) of Schedule 14 to the Act of 1952 to seven-tenths of the limit of recharge on the seller having effect accordingly as references to the limit of recharge reduced by six hundred pounds.

- (3) The amount of an annual allowance shall not exceed five hundred pounds ; and—

- (a) where the amount of an annual allowance, if calculated in accordance with section 281 (normal method of calculating annual allowances) of the Act of 1952, would be reduced by the foregoing provisions of this subsection the allowance shall be so calculated ;

Status: This is the original version (as it was originally enacted).

- (b) section 291 of that Act (annual allowances where previous use has not attracted full allowances) shall have effect as if at the end of subsection (1) thereof there were added " and in any case where the machinery or plant was not in fact used for the purposes of the trade in the first of those previous years (whether or not the trade was then being carried on) there shall be deemed to have been made to him for that year the maximum allowances permitted by subsections (2) and (3) of section 41 of the Finance Act 1963 ".
- (4) Where apart from this subsection a balancing allowance would fall to be made in respect of any vehicle, and the event giving rise to the allowance takes place within the basis period for a year of assessment as respects which the foregoing subsection would operate to reduce the amount of any annual allowance falling to be made in respect of the vehicle, or would so operate but for any provision of the Income Tax Acts (other than this section) reducing annual allowances.—
- (a) if the person to whom the balancing allowance would fall to be made proves that as respects the period during which the vehicle has been used for the purposes of his trade the amount (if any) falling to be made to him by way of annual allowances in respect of the vehicle is less than an amount at a rate of five hundred pounds a year, the amount of the balancing allowance shall not exceed the amount of the difference, increased, if any amount which could have been allowed by way of initial allowance was not claimed, by that amount;

- (a) the reference in section 286 of the Act of 1952 to an annual allowance computed in accordance with the preceding provisions of Chapter II of Part)(of that Act includes a reference to an annual allowance computed in accordance with those provisions and the foregoing provisions of this section;
 - (b) where, in a case falling within section 293 or the proviso to section 294 of that Act (effect on balancing allowances of part-time use otherwise than for trade purposes, and of subsidies for wear and tear), it is just and reasonable that the foregoing subsection should apply with the substitution for the reference to five hundred pounds of a reference to a smaller amount, that subsection shall so apply, without prejudice to the determination in accordance with the said section 293 or the said proviso whether any balancing allowance falls to be made, or would fall to be made apart from the foregoing subsection.
- (6) Where under section 332(1) of the Act of 1952 any part of the expenditure incurred in the provision of a vehicle is to be treated as not having been incurred by a person, or under section 332(3) of that Act a person's contribution to such expenditure is to be treated as expenditure on the provision of a similar vehicle, the foregoing provisions of this section shall have the like effect as if for the references to six hundred and to five hundred pounds there were substituted references to sums which bear the same proportion thereto as the amount of expenditure which is to be treated as having been incurred by the person providing the vehicle, or as the case may be the amount of the contribution, bears to the whole expenditure incurred in the provision of the vehicle.

Status: This is the original version (as it was originally enacted).

- (7) Section 296(1) of the Act of 1952 (optional treatment of balancing charge in certain cases of replacement) shall not have effect where the vehicle is the new plant referred to in that subsection, and this provision shall apply in relation to balancing charges as well as in relation to initial and annual allowances.

- (9) Where a person, having on or after the 4th April 1963 hired (otherwise than by way of hire purchase) a vehicle to which section 25 of the Finance Act 1961 applies subsequently becomes the owner thereof, and the retail price of the vehicle at the time it was made exceeded two thousand pounds, then for the purposes of the Income Tax Acts (and in particular this section)—
 - (a) so much of the aggregate of the payments for the hire of the vehicle and of any payment for the acquisition thereof as does not exceed the retail price of the vehicle at the time it was made shall be treated as capital expenditure incurred in the provision of the vehicle, and as having been incurred when the hiring began, and
 - (b) the payments to be treated as expenditure on the hiring of the vehicle shall be rateably reduced so as to amount in the aggregate to the balance.
- (10) In section 26 of the Finance Act 1961 (provisions as to hire purchase, etc.) subsections (2) and (3) shall cease to have effect.
- (11) Paragraph 4 of Schedule 3 to the Finance Act 1957 (additional assessments and adjustments of assessments) shall have effect as if references therein to that Schedule included references to subsection (9) of this section; and any claim for an allowance by virtue of that subsection may be made in connection with the making or adjusting of assessments in pursuance of the said paragraph 4, and whether so made or not may notwithstanding anything in section 323 of the Act of 1952 be made at any time not later than two years after the claimant became the owner of the vehicle.
