[^{F3}105A Screening of projects for constructing or improving highways

- (1) If a project authority is considering a project for constructing or improving a highway for which it is the highway authority, the project authority must, before details of the project are published, determine—
- (a) whether or not the project falls within Annex I or Annex II, and

Status: Point in time view as at 05/12/2017.

Changes to legislation: Highways Act 1980, PART VA is up to date with all changes known to be in force on or before 18 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (b) if it considers the project is a relevant project falling within Annex II, whether it should be made subject to an environmental impact assessment.
- (2) In this Part “project authority” means—
- (a) the Secretary of State,
 - (b) the Welsh Ministers, or
 - (c) a strategic highways company.
- (3) When making a determination under subsection (1)(b), a project authority must have regard to the following—
- (a) the information to be provided on the project under Annex II.A,
 - (b) the selection criteria in Annex III,
 - (c) any features of the project or measures envisaged to avoid or prevent what might otherwise be significant adverse effects on the environment, and
 - (d) the results of any relevant environmental assessment which are reasonably available to the authority.
- (4) The project authority must make a determination under subsection (1)(b)—
- (a) as soon as possible, and
 - (b) in any event within the period of 90 days beginning with the day on which it has access to the information mentioned in paragraphs (a), (c) and (d) of subsection (3).
- (5) If the project authority is satisfied that it is appropriate to do so by reason of exceptional circumstances relating to a project (including circumstances relating to the nature, complexity, location or size of project), it may extend the period specified in subsection (4)(b).

F3 Ss. 105A-105AB substituted for s. 105A (5.12.2017) by [The Environmental Impact Assessment \(Miscellaneous Amendments Relating to Harbours, Highways and Transport\) Regulations 2017 \(S.I. 2017/1070\)](#), reg. 1(1), **Sch. 2 para. 3** (with Sch. 6 paras. 4, 5, 6)

105AA. Exemptions

- (1) A project to which subsection (2) applies is to be treated in the same way as a project that the project authority considers does not fall within Annex I or Annex II.
- (2) This subsection applies to a project if—
 - (a) the Secretary of State directs that the project is a defence project, or
 - (b) the project authority determines that—
 - (i) the project is a civil emergency project, or
 - (ii) the exemption in subsection (6) applies to the project.
- (3) The Secretary of State may direct that a project is a defence project only if satisfied that—
 - (a) the project has national defence as its sole purpose, and
 - (b) carrying out an environmental impact assessment would have an adverse effect on the fulfilment of that purpose.

Status: Point in time view as at 05/12/2017.

Changes to legislation: Highways Act 1980, PART VA is up to date with all changes known to be in force on or before 18 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (4) The Secretary of State must send a copy of any direction given under subsection (3)—
 - (a) to the Welsh Ministers, if the Welsh Ministers are the highway authority for the highway to which the project relates;
 - (b) to the strategic highways company, if the company is the highway authority for the highway to which the project relates.
- (5) A project authority may determine that a project is a civil emergency project only if satisfied that—
 - (a) the project has the response to a civil emergency as its sole purpose, and
 - (b) carrying out an environmental impact assessment in respect of the project would have an adverse effect on the fulfilment of that purpose.
- (6) A project authority may determine that this subsection applies to a project only if satisfied that—
 - (a) it is appropriate to do so by reason of exceptional circumstances,
 - (b) carrying out an environmental impact assessment in respect of the project would have an adverse effect on the fulfilment of the purpose of the project,
 - (c) the objectives of the Directive will be met even though such an assessment is not carried out, and
 - (d) the project is unlikely to have significant effects on the environment in another EEA State.
- (7) Before making a determination under subsection (6), the project authority must consider whether another form of assessment of the effects of the project on the environment would be appropriate.

105AB. Publication of screening decisions: projects not to be subject to an environmental impact assessment

- (1) The project authority must publish a notice of—
 - (a) any determination that the exemption in section 105AA(6) applies to a project;
 - (b) any determination that a relevant project falling within Annex II should not be made subject to an environmental impact assessment.
- (2) A notice under subsection (1)(a) must—
 - (a) state the reasons for the determination, and
 - (b) state whether another form of assessment of the effects of the project on the environment is considered appropriate.
- (3) A notice under subsection (1)(b) must—
 - (a) state the reasons for the determination with reference to the relevant selection criteria in Annex III, and

^{F4} **105B Publication of screening decision and environmental statement for projects subject to an environmental impact assessment**

- (1) This section applies if a project authority considers that a project—
- (a) falls within Annex I, or
 - (b) is a relevant project falling within Annex II which should be made subject to an environmental impact assessment.
- (2) The project authority must, not later than the date when details of the project itself are published—
- (a) ensure that an environmental statement is prepared for the project, and
 - (b) publish a notice of the environmental statement so as to ensure that members of the public who are likely to be concerned are given a reasonable opportunity to express their opinion before a decision is made as to whether to proceed with the construction or improvement to which the statement relates.
- (3) The environmental statement for the project—
- (a) must be prepared by competent experts,
 - (b) must include the information which, taking into account current knowledge and methods of assessment, is reasonably required by the project authority to reach a reasoned conclusion about the significant effects of the project on the environment (as required by section 105CA) and in particular the information specified in subsection (4) of this section, and
 - (c) with a view to avoiding duplication of assessments, must take into account the results of any relevant environmental assessment which are reasonably available to the project authority.
- (4) The specified information is—
- (a) a description of the site, design, size and any other relevant features of the project,
 - (b) a description of the likely significant effects of the project on the environment,
 - (c) a description of the features of the project or measures envisaged to avoid, prevent or reduce and, if possible, offset any likely significant effects of the project on the environment,
 - (d) a description of the reasonable alternatives studied by the project authority which are relevant to the project and its specific characteristics, and an

- indication of the main reasons for the option chosen, taking into account the effects of the project on the environment,
- (e) a non-technical summary of the information mentioned in paragraphs (a) to (d), and
 - (f) any additional information specified in Annex IV that is relevant to the specific characteristics of the project, or type of project, and to the environmental features likely to be affected.
- (5) The environmental statement must be accompanied by a statement from the project authority setting out the relevant expertise or qualifications of the experts who prepared the environmental statement.
- (6) The notice published under subsection (2)(b) must state—
- (a) that the project authority, as the relevant highway authority, is considering implementing the project;
 - (b) the proposed location and nature of the project;
 - (c) that the project is subject to an environmental impact assessment and, where relevant, that section 105C applies;
 - (d) if the project is a relevant project falling within Annex II, the reasons for the determination that the project should be made subject to an environmental impact assessment with reference to the selection criteria in Annex III;
 - (e) that a copy of the environmental statement may be inspected at an address in the area in which the project is proposed to be situated during the period specified under paragraph (j);
 - (f) the times at which the copy of the environmental statement may be so inspected;
 - (g) an address from which copies of the environmental statement may be obtained and from which further information about the project may be requested during the period specified under paragraph (j);
 - (h) if a charge is to be made for a copy of the environmental statement, the amount of the charge;
 - (i) that a copy of the environmental statement may be inspected on the official website;
 - (j) that any person wishing to make representations about the project and the environmental statement may do so in writing to the project authority at a specified address for a specified period, being not less than 6 weeks from the date of publication of the notice, and
 - (k) that the project authority will take into consideration any representations so made before deciding whether or not to proceed with the project with or without modifications.
- (7) The project authority must ensure that during the period specified under subsection (6)(j)—
- (a) copies of the environmental statement are available for inspection by any person free of charge at all reasonable hours at the address specified under subsection (6)(e),
 - (b) copies of the environmental statement are available to be obtained by any person from the address specified under subsection (6)(g), and

- (8) A reasonable charge reflecting the costs of printing, copying and distribution may be made by the project authority for the supply of a copy of the environmental statement—
- (a) to a person other than a consultation body, or
 - (b) to a consultation body to which one copy has already been supplied free of charge.
- (9) The project authority must ensure that the consultation bodies are given an opportunity to express an opinion on the project and the environmental statement before the authority carries out the consideration required by section 105CA(1).

105BA. Co-ordination

- (1) Where in order to proceed with the construction or improvement in relation to which an environmental statement has been made it is necessary for the project authority to make—
- (a) an order or scheme to which Schedule 1 to this Act applies, or
 - (b) a compulsory purchase order in the exercise of highway land acquisition powers,
- the project authority must, so far as is practicable to do so, take the steps required of it by this Part of this Act concurrently with the corresponding steps required of it by Schedule 1 to this Act or the Acquisition of Land Act 1981 (as the case may be) in connection with the making of the related instruments.
- (2) Where, in respect of a project, there is a requirement to carry out—
- (a) an environmental impact assessment, and
 - (b) an assessment under regulation 61 of the Conservation of Habitats and Species Regulations 2010,
- the project authority must, so far as is practicable to do so, ensure that the assessments are co-ordinated.]

105CA Improving a highway

- (1) Before deciding whether or not to proceed with a project for which notice of an environmental statement is published in accordance with section 105B, the project authority—
- (a) must consider the matters specified in subsection (2), and
 - (b) following that consideration, must reach a reasoned conclusion about the significant effects of the proposed construction or improvement on the environment.
- (2) The specified matters are—
- (a) the environmental statement,
 - (b) any relevant opinion received by the project authority on the project or the statement,
 - (c) where an EEA State indicates under section 105C that it wishes to participate in the procedure required by this Part of this Act, any relevant EEA opinion received by the project authority on the project or the statement,
 - (d) any features of the project, or measures, envisaged to avoid, prevent or reduce, and if possible, offset any likely significant adverse effects of the project on the environment, and

- (e) any other information of a description specified in Annex IV which is directly relevant to the conclusion to be reached on the environmental impact of the project.
- (3) For the purposes of subsection (2)(b), an opinion on a project or an environmental statement is a relevant opinion if—
 - (a) it is expressed in writing by a consultation body or any other person, and
 - (b) it is received by the project authority within the period specified for the purpose by the authority.
- (4) For the purposes of subsection (2)(c), an opinion on a project or an environmental statement is a relevant EEA opinion if—
 - (a) it is expressed in writing by—
 - (i) the EEA State,
 - (ii) a member of the public in the EEA State, or
 - (iii) an authority having environmental responsibilities designated by the EEA State to be consulted about the project under Article 6(1) of the Directive, and
 - (b) it is received by the project authority within the period specified for the purpose by the project authority.
- (5) The period specified for the purposes of subsection (3)(b) or subsection (4)(b) must not be less than 42 days beginning with the day on which the notice of the environmental statement is published in accordance with section 105B(2)(b).
- (6) The project authority must obtain such expert advice as appears to the authority to be necessary for the purposes of considering the environmental statement.

105CB. Decision about whether or not to proceed with a project subject to an environmental impact assessment

- (1) When deciding whether or not to proceed with a project for which notice of an environmental statement is published in accordance with section 105B, the project authority—
 - (a) must take into account its reasoned conclusion under section 105CA(1)(b), and
 - (b) must consider whether to make provision for monitoring significant adverse effects of the construction or the improvement on the environment.
- (2) The project authority may decide to proceed with the project only if satisfied that the reasoned conclusion is up to date.
- (3) The project authority may make provision for monitoring significant adverse effects on the environment only if satisfied that the type of parameters which will be required to be monitored and the duration of such monitoring are proportionate having regard to—
