- 4 If after the publication of the notice with respect to any draft regulations (whether an original or amended draft) any general objection as hereinafter defined is made within the required time with respect to the draft and not withdrawn, then, unless a previous inquiry under this Schedule has been held with respect to the draft or some previous draft of the regulations or the Secretary of State withdraws the draft regulations, he shall before making the regulations direct an inquiry to be held in the manner hereinafter provided. - (b) by or on behalf of the majority of the occupiers of any class or description of factories affected as respects which it appears to the Secretary of State that, by reason of special conditions existing in connection therewith, there is reason to believe that any of the requirements of the draft regulations may be unnecessary or inappropriate in the case of that class or description, or by or on behalf of the occupier or occupiers employing a majority of the persons employed in any such class or description of factories as aforesaid; or by any person who satisfies the Secretary of State that he or an association on behalf of which he acts represents a majority of the persons employed in any such class or description of factories as aforesaid.
