### 83 Cleansing of filthy or verminous premises.

[F87(1) Where a local authority, upon consideration of a report from any of their officers, or other information in their possession, are satisfied that any premises—

- (a) are in such a filthy or unwholesome condition as to be prejudicial to health, or
- (b) are verminous,

the local authority shall give notice to the owner or occupier of the premises requiring him to take such steps as may be specified in the notice to remedy the condition of the premises by cleansing and disinfecting them, and the notice may require among other things the removal of wallpaper or other covering of the walls, or, in the case of verminous premises, the taking of such steps as may be necessary for destroying or removing vermin.

(1A) A notice under the foregoing subsection may require—

- (a) the interior surface of premises used for human habitation or as shops or offices to be papered, painted or distempered, and
- (b) the interior surface of any other premises to be painted, distempered or whitewashed,

and shall allow the person on whom the notice is served, or the local authority acting in his default, to choose, in a case under paragraph (a) of this subsection, between papering, painting and distempering and, in a case under paragraph (b) of this subsection, between painting, distempering and whitewashing.]

- (2) If a person on whom a notice under this section is served fails to comply with the requirements thereof, the authority may themselves carry out the requirements and recover from him the expenses reasonably incurred by them in so doing, and, without prejudice to the right of the authority to exercise that power, he shall be liable to a fine not exceeding [F88 level 1 on the standard scale] and to a further fine not exceeding [F89 £2] for each day on which the offence continues after conviction therefor:

Provided that in any proceedings under this subsection it shall be open to the defendant to question the reasonableness of the authority's requirements or of their decision to address their notice to him and not to the occupier or, as the case may be, the owner of the premises.

- (3) Where a local authority take action under paragraph (b) of subsection (1) of this section, their notice may require that they shall be allowed to employ gas for the purpose of destroying vermin on the premises, but in that case the notice shall be served both on the owner and on the occupier of the premises, and the authority shall bear the cost of their operations and may provide temporary shelter or house accommodation for any person compelled to leave the premises by reason of their operations.

#### **287 Power to enter premises.**

- (1) Subject to the provisions of this section, any authorised officer of a council shall, on producing, if so required, some duly authenticated document showing his authority, have a right to enter any premises at all reasonable hours—
- (a) for the purpose of ascertaining whether there is, or has been, on or in connection with the premises any contravention of the provisions of this Act or of any byelaws [<sup>F194</sup> or building regulations] made thereunder, being provisions which it is the duty of the council to enforce;
  - (b) for the purpose of ascertaining whether or not circumstances exist which would authorise or require the council to take any action, or execute any work, under this Act or any such byelaws [<sup>F194</sup> or building regulations];
  - (c) for the purpose of taking any action, or executing any work, authorised or required by this Act or any such byelaws [<sup>F194</sup> or building regulations], or any order made under this Act, to be taken, or executed, by the council;
  - (d) generally, for the purpose of the performance by the council of their functions under this Act or any such byelaws [<sup>F194</sup> or building regulations]:

Provided that admission to any premises not being a factory, workshop or workplace, shall not be demanded as of right unless twenty-four hours' notice of the intended entry has been given to the occupier.

- (2) If it is shown to the satisfaction of a justice of the peace on sworn information in writing—
- (a) that admission to any premises has been refused, or that refusal is apprehended, or that the premises are unoccupied or the occupier is temporarily absent, or that the case is one of urgency, or that an application for admission would defeat the object of the entry; and
  - (b) that there is reasonable ground for entry into the premises for any such purpose as aforesaid,

the justice may by warrant under his hand authorise the council by any authorised officer to enter the premises, if need be by force:

Provided that such a warrant shall not be issued unless the justice is satisfied either that notice of the intention to apply for a warrant has been given to the occupier, or that the premises are unoccupied, or that the occupier is temporarily absent, or that the case is one of urgency, or that the giving of such notice would defeat the object of the entry.

- (3) An authorised officer entering any premises by virtue of this section, or of a warrant issued thereunder, may take with him such other persons as may be necessary, and on leaving any unoccupied premises which he has entered by virtue of such a warrant shall leave them as effectually secured against trespassers as he found them.
- (4) Every warrant granted under this section shall continue in force until the purpose for which the entry is necessary has been satisfied.
- (5) If any person who in compliance with the provisions of this section or of a warrant issued thereunder is admitted into a factory, workshop or workplace discloses to any person any information obtained by him in the factory, workshop or workplace with regard to any manufacturing process or trade secret, he shall, unless such disclosure was made in the performance of his duty, be liable to a fine not exceeding [<sup>F195</sup> level 3 on the standard scale] or to imprisonment for a term not exceeding three months.

*Notices requiring the execution of works*

**290 Provisions as to appeals against, and the enforcement of, notices requiring execution of works.**

- (1) The following provisions of this section shall, subject to any express modifications specified in the section under which the notice is given, apply in relation to any notice given under this Act which is expressly declared to be a notice in relation to which the provisions of this Part of this Act with respect to appeals against, and the enforcement of, notices requiring the execution of works are to apply.
- (2) Any such notice shall indicate the nature of the works to be executed, and state the time within which they are to be executed.
- (3) A person served with such a notice as aforesaid may appeal to a court of summary jurisdiction on any of the following grounds which are appropriate in the circumstances of the particular case:—
  - (a) that the notice or requirement is not justified by the terms of the section under which it purports to have been given or made;
  - (b) that there has been some informality, defect or error in, or in connection with, the notice;
  - (c) that the authority have refused unreasonably to approve the execution of alternative works, or that the works required by the notice to be executed are otherwise unreasonable in character or extent, or are unnecessary;
  - (d) that the time within which the works are to be executed is not reasonably sufficient for the purpose;
  - (e) that the notice might lawfully have been served on the occupier of the premises in question instead of on the owner, or on the owner instead of on the occupier, and that it would have been equitable for it to have been so served;
  - (f) where the work is work for the common benefit of the premises in question and other premises, that some other person, being the owner or occupier of premises to be benefited, ought to contribute towards the expenses of executing any works required.

- (4) If and in so far as an appeal under this section is based on the ground of some informality, defect or error in or in connection with the notice, the court shall dismiss the appeal, if it is satisfied that the informality, defect or error was not a material one.
- (5) Where the grounds upon which an appeal under this section is brought include a ground specified in paragraph (e) or paragraph (f) of subsection (3) of this section, the appellant shall serve a copy of his notice of appeal on each other person referred to, and in the case of any appeal under this section may serve a copy of his notice of appeal on any other person having an estate or interest in the premises in question, and on the hearing of the appeal the court may make such order as it thinks fit with respect to the person by whom any work is to be executed and the contribution to be made by any other person towards the cost of the work, or as to the proportions in which any expenses which may become recoverable by the local authority are to be borne by the appellant and such other person.

In exercising its powers under this subsection, the court shall have regard—

- (a) as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of the tenancy and to the nature of the works required; and
- (b) in any case, to the degree of benefit to be derived by the different persons concerned.
- (6) Subject to such right of appeal as aforesaid, if the person required by the notice to execute works fails to execute the works indicated within the time thereby limited, the local authority may themselves execute the works and recover from that person the expenses reasonably incurred by them in so doing and, without prejudice to their right to exercise that power, he shall be liable to a fine not exceeding [<sup>F199</sup>level 4 on the standard scale], and to a further fine not exceeding [<sup>F200</sup>£2] for each day on which the default continues after conviction therefor.
- (7) In proceedings by the local authority against the person served with the notice for the recovery of any expenses which the authority are entitled to recover from him, it shall not be open to him to raise any question which he could have raised on an appeal under this section.
