- (1) For the purpose of enabling deficiency payments under the Wheat Acts, 1932 and 1939, to be computed and made in respect of periods less than a year, every cereal year to which this section applies shall be divided into accounting periods as follows:—
- (a) the first accounting period in the cereal year beginning on the first day of August nineteen hundred and thirty-nine shall be deemed to have ended with the eighth day of September;
  - (b) the second accounting period in that year shall be deemed to have ended with the twentieth day of October;
  - (c) each subsequent accounting period in that or any subsequent cereal year to which this section applies shall end or be deemed to have ended with such date as the Minister may by order determine after consultation with the Wheat Commission;

and, as respects home-grown millable wheat sold in any such year, the provisions of the said Acts relating to deficiency payments set out in the First Schedule to this Act

---

*Status: This is the original version (as it was originally enacted).*

---

shall have effect as if a reference to an accounting period were substituted for any reference to a cereal year.

- (2) For the purpose of computing the amount of a deficiency payment payable in respect of any home-grown millable wheat sold in any accounting period, the Wheat Commission may, if it appears to them that the price of the wheat was fixed in some subsequent accounting period, treat the wheat as having been sold in that subsequent period.
- (3) As respects home-grown millable wheat sold in any cereal year to which this section applies, the quantity of such wheat in respect of which deficiency payments may be made shall not be limited by reference to the anticipated supply of wheat for that year, and accordingly—
  - (a) the proviso to subsection (1) of section one of the Wheat Act, 1932, and subsection (2) of section two of that Act shall not have effect as respects any such year; and
  - (b) it shall not be necessary for the Minister to make an order as respects any such year under subsection (4) of the said section two.
- (4) This section shall apply to the cereal year beginning on the first day of August nineteen hundred and thirty-nine and every subsequent cereal year falling wholly or partly within the period of suspension.

## **2 Standard price**

- (1) As respects wheat sold in any cereal year to which this section applies, the standard price for the purpose of the Wheat Acts, 1932 and 1939, shall be eleven shillings per hundredweight, unless an order is made under the following provisions of this section as respects wheat sold in that year.
- (2) As respects wheat sold in the cereal year beginning on the first day of August nineteen hundred and forty or any subsequent cereal year to which this section applies, the Minister may, by order made with the consent of the Treasury either in that or the preceding cereal year, direct that the standard price shall be such price as may be specified in the order instead of eleven shillings per hundredweight:

Provided that, after the end of the first of the accounting periods into which any cereal year is divided under the foregoing section of this Act, no such order shall be made as respects wheat sold, in that year.
- (3) Any order made under this section may be varied or revoked by a subsequent order made in like manner and subject to the like provisions.
- (4) The next committee to be appointed under section one of the Wheat (Amendment) Act, 1939, to report as to the desirability of making alterations in the standard price shall be appointed in the year beginning on the first day of January in the last cereal year to which this section applies, and thereafter committees shall be appointed under that section in each third succeeding year as therein provided.
- (5) This section shall apply to every cereal year to which the last foregoing section of this Act applies.

### **3 Suspension of quota payments**

- (1) No quota payments shall be made under the Wheat Acts, 1932 and 1939, in respect of any flour, chargeable food or chargeable imports, by virtue of any delivery or importation thereof during the period of suspension, and accordingly the provisions of the Wheat (Amendment) Act, 1939, relating to such payments shall have effect subject to the amendments specified in the Second Schedule to this Act.
- (2) The Minister of Food shall from time to time pay to the Wheat Commission out of moneys provided by Parliament such sums as may be certified by the Minister of Agriculture and Fisheries, with the consent of the Treasury, to be necessary to enable the Commission to discharge during the period of suspension its functions under the Wheat Acts, 1932 and 1939, as amended by this Act:

Provided that nothing in this subsection shall affect the provisions of subsection (6) of section ten of the Wheat Act, 1932 (which provides for the payment of the administrative expenses of the Commission by registered growers).

### **4 Delegation to committee of powers of Wheat Commission**

- (1) After such date as the Minister may by order appoint, and until the end of the period of suspension, all the powers and duties of the Wheat Commission shall be exercised and performed by a committee consisting of five members of the Commission appointed (subject to the provisions of this section) by the Commission.
- (2) A member of the said committee shall be appointed until the expiration of one year from the date of his appointment or until the expiration of the period of suspension, whichever first occurs, but shall be eligible for re-appointment.
- (3) The first members of the said committee shall be appointed within one month from the commencement of this Act, and any vacancy among the members of the said committee shall be filled by the Commission within one month after it occurs, and if the Commission fail to make any appointment as required by this subsection, the Minister shall make it.
- (4) The said committee shall submit annually to the Commission a report on the discharge of their functions.
- (5) The quorum of the said committee shall be three, and the committee shall have power to act notwithstanding any vacancy among the members thereof.

## **6 Suspension of functions of Flour Millers' Corporation**

Until the end of the period of suspension, no order shall be made under subsection (3) of section one of the Wheat Act, 1932, requiring the Flour Millers' Corporation to buy any stocks of home-grown millable wheat, and accordingly until the end of that period—

- (a) it shall not be necessary for the accounts of the Millers' Quota Fund to be audited; and
- (b) the Minister shall not approve any arrangements made by the Corporation under paragraph 3 of the Second Schedule to that Act (which relates to the registration of millers) or any scheme submitted to him by the Corporation under paragraph 6 of the said Schedule (which provides for the election of members of the Corporation by registered millers);

and the Minister shall require the Corporation at the end of that period either to prepare and submit to him the draft of a new scheme under the said paragraph 6 or to give a fresh public notice under that paragraph with respect to the draft scheme already submitted.

## **7 Interpretation, construction and citation of Part I**

- (1) For the purposes of this Part of this Act, the expression " the period of suspension" means a period—

- (b) no reduction in the said rate shall be made in any year under subsection (2) of the said section two, whatever the total acreage qualifying for oats subsidy payments in that year.

## **9 Extension of oats subsidy to rye**

- (1) For the purposes of any provision of the Act of 1939 (as amended by this Act) which relates to land being under oats at a particular time, land on which a crop of rye was growing at any time during a year to which this section applies shall be treated as land which was under oats at that time:

Provided that, for the purpose of computing the acreage qualifying in the case of any year for oats subsidy payments, the acreage of any land under rye shall be disregarded.

- (2) The provisions of sections three, four and six of the said Act (which relate respectively to mixed crops, negligent cultivation, and changes in the occupation of farms) shall have effect, in the case of any year to which this section applies, subject to the amendments specified in the Third Schedule to this Act, being amendments consequential on the provisions of subsection (1) of this section.

- (2) Subsection (2) of section twenty-seven of the Act of 1939 (which specifies conditions which must be satisfied in order that land may be qualified for a ploughing grant) shall have effect as if the following paragraphs were substituted for paragraphs (a) and (d) thereof:—

- “(a) that the land has been ploughed up during such period in any year as may be specified by regulations made by the Ministers;”
- “(d) that the land either—
- (i) was capable of being substantially improved, in respect of fitness for re-seeding or re-introduction into a suitable rotation, by being ploughed up and dealt with as aforesaid, and would be capable of producing satisfactory arable crops for harvesting in the year in which it was ploughed up or the next following year; or
  - (ii) was capable of being substantially improved by being re-seeded to grass and has been or will have been so re-seeded, in accordance with regulations made by the Ministers, before such date in the year in which it was ploughed up or the next following year as may be specified in the regulations;”
- (3) The following two subsections shall be substituted for subsections (2) and (3) of section twenty-eight of the Act of 1939 :—

- (3) In computing the amount of any such grant payable in respect of any such land comprised in a farm, or in respect of any parcel of such land not so comprised, if the total area of such land so comprised or the area of the parcel, as the case may be, is not an exact number of half acres, the odd fraction of a half acre shall be disregarded.”

## **12 Ploughing grants in respect of smallholdings in Scotland where landholders share in common grazing**

For the purposes of Part IV of the Act of 1939, the holdings of any landholders who share in a common grazing for which a committee has been appointed in pursuance of the Small Landholders (Scotland) Acts, 1886 to 1931, may, if the Secretary of State so determines, be treated as one farm, and in that event ploughing grants payable in respect of such holdings shall be paid to the committee, who shall apportion the same among the landholders according to the areas ploughed on their respective holdings.

## **13 Interpretation, construction, citation and expenses of Part II, and repeals consequential thereon**

### PART III

#### LAND DRAINAGE

#### 14 Drainage of outlying land

- (1) Where the War Agricultural Executive Committee for a county or county borough consider that any agricultural land within the county or borough, but not within any drainage district other than a catchment area, is capable of improvement by the execution of drainage works, they may request the Catchment Board for any catchment area wholly or partly within the county or borough to prepare and carry out a scheme for draining the land.
- (2) After receiving such a request as respects any land, the Catchment Board may prepare a scheme for draining the land, if they are of opinion—
- (a) that the cost of preparing and carrying out the scheme will not exceed an amount equal to five pounds for each acre of the land; and
  - (b) that the value of the land for agricultural purposes will be increased in consequence of the carrying out of the scheme:

Provided that—

- (i) no scheme under this section shall provide for the drainage of land outside the catchment area of the Board except with the consent of the Catchment Board for the area in which the land is situated or, in a case where the land is not situated in a catchment area, the council of the county or county borough in which the land is situated; and
  - (ii) no scheme under this section shall provide for the execution of works on or in connection with the main river of any catchment area.
- (3) The provisions of the Fifth Schedule to this Act shall have effect with respect to the contents and approval by the Minister of a scheme under this section, (in that Schedule referred to as a "scheme"), and to the notices to be given in relation thereto.
- (4) Where a scheme prepared by a Catchment Board under this section has been approved by the Minister—
- (a) the Catchment Board may execute any works specified in the scheme, and for that purpose shall, whether or not the land comprised in the area of the scheme is comprised in the area of the Board, have all the powers which they have by virtue of the Land Drainage Act, 1930, in relation to the main river; and
  - (b) the owner of any land comprised in the area of the scheme shall be liable to pay to the Board, within one month after the date of a demand made in writing by the Board, the amount apportioned under the scheme to that land of the net cost of the scheme :

---

*Status: This is the original version (as it was originally enacted).*

---

Provided that an owner by whom any amount is so payable may, by notice in writing served on the Board within the said one month, elect to pay the said amount, together with interest thereon from the said date, by such number of equal annual instalments, not exceeding five, as may be specified in the notice, so however that—

- (i) the first such instalment shall be payable within one year from the said date; and
- (ii) the rate of interest shall, in default of agreement between the owner and the Board, be fixed by the Minister.

(5) Any sum payable to a Catchment Board under the last foregoing subsection—

- (a) may be recovered by the Board summarily as a civil debt; and
- (b) shall be a charge on the land in respect of which it is payable;

and the Board shall, for the purposes of enforcing any such charge, have the same powers and remedies under the Law of Property Act, 1925, and otherwise as they would have if they were mortgagees by deed having powers of sale and lease, of accepting surrenders of leases and of appointing a receiver.

(6) Where, on the termination of the tenancy of a holding within the meaning of the Agricultural Holdings Act, 1923, in respect of which any sum has been paid or is payable to a Catchment Board by virtue of a scheme under this section, the landlord proves to the satisfaction of an arbitrator appointed under that Act that any works executed in pursuance of the scheme were rendered necessary by the neglect of the tenant to comply with any obligation relating to the maintenance or repair of a watercourse imposed on him by virtue of the contract of tenancy, the arbitrator shall award to the landlord compensation equal to so much of the net cost of the scheme as was attributable to the execution of those works:

Provided that, where any agreement is made between the landlord and the tenant of such a holding as aforesaid for the payment by the tenant of any contribution in respect of the sum paid or payable as aforesaid, that contribution shall be recoverable from the tenant in lieu of compensation under this subsection.

For the purpose of any arbitration under this subsection, a certificate by the Catchment Board that such part of the net cost of the scheme as may be specified in the certificate was attributable to the execution of works so specified shall be conclusive evidence of that fact.

(7) The Minister may, out of moneys provided by Parliament, make towards expenditure incurred by Catchment Boards in preparing and carrying out schemes approved by him under this section grants of such amounts and subject to such conditions as may be approved by the Treasury.

(8) Where the whole or any part of the area of a scheme prepared by a Catchment Board and approved by the Minister under this section is comprised in another catchment area, the Board shall be entitled to recover from the Catchment Board for the last mentioned area, in respect of their expenditure in preparing and carrying out the scheme so far as that expenditure is not met otherwise under this section, such sum as may be determined by agreement between those Boards or, in default of agreement, by the Minister.

(9) For the purposes of this section—

- (a) the expression " the area of the scheme " means, in relation to any scheme, the area of the land set out in the scheme as being the land to be drained in pursuance of the scheme; and
  - (b) the expression " net cost " means, in relation to any scheme, such expenditure as is certified by the Minister to have been incurred by a Catchment Board in preparing and carrying out the scheme less the amount of any grant made by the Minister towards that expenditure.
- (10) The provisions of this section shall have effect notwithstanding anything in any award made under any enactment.

## **15 Mole drainage**

- (1) Where a scheme for the drainage of any agricultural land by the process known as mole drainage—
- (a) has been submitted by the owner or occupier of the land to the War Agricultural Executive Committee for the county or county borough in which the land is situated; and
  - (b) has been approved by that Committee for the purposes of this section;
- the Minister may, out of moneys provided by Parliament, make, towards expenditure incurred by any person in carrying out the scheme, grants of such amounts and subject to such conditions as the Treasury may approve.
- (2) In assessing the amount of any compensation payable to a tenant of agricultural land, whether under the Agricultural Holdings Act, 1923, or under custom or agreement, by reason of the improvement of the land by mole drainage works in respect of which a grant has been made under this section, the grant shall be taken into account as if it had been a benefit allowed to the tenant in consideration of his executing the improvement, and the compensation shall be reduced accordingly.

## **16 Powers over dams**

- (1) Where the Minister is satisfied by a drainage board that it is necessary or expedient so to do for the purpose of preventing or arresting injury to any agricultural land, he may authorise the board to repair, maintain, alter or remove any dam within the district of the board.
- (2) A drainage board shall be liable to make compensation to any person for any loss sustained by him by reason of the exercise by the board of any powers conferred on them under this section :
- Provided that no compensation shall be payable in respect of any dam if the whole or any part thereof has been erected in contravention of any enactment.
- (3) If any question arises whether compensation is payable under this section or as to the amount of any such compensation, it shall, in default of agreement, be determined by an official arbitrator under the Acquisition of Land (Assessment of Compensation) Act, 1919.
- (4) There shall be paid out of moneys provided by Parliament any increase attributable to the passing of this section in the grants that are authorised to be so paid by section fifty-five of the Land Drainage Act, 1930, or section fifteen of the Agriculture Act, 1937.

Provided that—

- (a) no such notice shall require anything to be done before the expiration of forty-eight hours from the service of the notice unless it is stated in the notice that in the opinion of the board immediate action is necessary to meet an emergency;
  - (b) in exercising their powers under this section in relation to any sluice, the board shall have regard to any purpose for which the occupier or person in control of the dam or any other person interested in the water controlled by the sluice uses or desires to use the water so controlled and shall so exercise the said powers as to interfere as little as may be practicable with such user;
  - (c) a drainage board shall not exercise the powers conferred by this section in relation to any sluice which is vested in or controlled by a local authority or a navigation, harbour or conservancy authority or any undertakers authorised by or under any enactment to supply water or electricity; and
  - (d) a Catchment Board shall not exercise the powers conferred by this section in relation to any sluice which is vested in or controlled by an internal drainage board.
- (2) If any notice served by a drainage board as aforesaid with respect to any sluice is not complied with—
- (a) the person on whom it is served shall be guilty of an offence under this Part of this Act; and
  - (b) without prejudice to any prosecution for such an offence, the board may, after giving notice in writing to that person, take control of the sluice for such period as may be specified in the last mentioned notice; and
  - (c) if during that period any person operates the sluice without the authority of the board, he shall be guilty of an offence under this Part of this Act.
- (3) In this section the expression "sluice" means a mechanical appliance by means of which the flow of water is capable of being regulated.

**18 Powers of entry**

- (1) Any person authorised in writing in that behalf by a drainage board may, on production of his authority if so required, enter upon any land within the district of the board—
- (a) for the purpose of exercising in relation to agricultural land any powers conferred on them by or under the Land Drainage Act, 1930, or by or under this Part of this Act; or
  - (b) for the purpose of seeing whether a notice served in pursuance of any such power is being complied with.
- (2) Any person authorised in writing in that behalf by the Minister may, on production of his authority if so required, enter upon any land—
- (a) for the purpose of seeing—

- (i) whether it is expedient, for the purpose of draining agricultural land, to execute any works in respect of which the Minister is authorised, whether under this Part of this Act or any other enactment, to make a grant out of moneys provided by Parliament; or
  - (ii) whether any such works are being or have been properly executed; or
- (b) for the purpose of exercising any power conferred on the Minister by this Part of this Act.

## **19 Powers of local authorities**

- (b) any reference therein to a district of a drainage board included a reference to so much of a county or county borough as is not comprised in a drainage district.

## **20 Extension of powers of Catchment Boards as respects maintenance of watercourses**

As respects any agricultural land within a catchment area but not within an internal drainage district, the powers conferred on the council of the county or county borough within which the land is situated by section thirty-five and subsection (2) of section fifty of the Land Drainage Act, 1930 (which enable the council to require a person in default to put a watercourse in proper order) shall, during the war period, be exercisable by the Catchment Board for that area as well as by that council.

## **21 Obstruction and penalties**

- (1) If any person obstructs or impedes any person in the exercise of any powers conferred on him by or under this Part of this Act, he shall be guilty of an offence under this Part of this Act.

- (3) For the purpose of the Compensation (Defence) Act, 1939, the powers conferred by the last foregoing subsection shall be deemed to be emergency powers within the meaning of that Act, and there shall be paid out of moneys provided by Parliament any increase attributable to the passing of this subsection in the sums authorised to be so paid by way of compensation under that Act.
- (4) The Minister or the Committee, may, at any time before the end of the war period, make a contract for the occupation of the land by any person for any period expiring, or terminable by the Minister or the Committee, before the end of the said three years; and any such contract may incorporate with or without modifications any of the provisions of the Agricultural Holdings Act, 1923.
- (5) When possession of the land is given up, the owner thereof shall be liable to pay to the Minister within one month after the date of a demand made in writing by the Minister a sum equal to so much of the value of the land as is attributable to anything done on the land either—
  - (a) by the Minister or the Committee; or
  - (b) in a case where such a contract as aforesaid has been made, by the person occupying the land by virtue of the contract;

for the purpose of enabling the land to be properly farmed, or of securing increased efficiency in the farming of the land:

- (8) For the purposes of this section, the expression " rules of good husbandry " has the same meaning as it has for the purpose of the Agricultural Holdings Act, 1923, or, in relation to land which is not an agricultural holding, the meaning which it would have for the purpose of that Act if the land were such a holding.

## **24 Antedating of directions to plough up land**

Where, before the thirty-first day of March nineteen hundred and forty, directions have been given in writing by a War Agricultural Executive Committee purporting to exercise powers conferred upon them under the Emergency Powers (Defence) Act, 1939, to require the ploughing up of any land comprised in an agricultural holding, and—
