- (8) A doctor shall, unless it is impracticable for him to do so, notify the Board within 30 days of any occurrence requiring a change in the information recorded about him in the Local Directory.
- (9) Following receipt of notification in accordance with paragraph (8) the Board shall forthwith amend the Local Directory accordingly.

Removal from the medical list of names of doctors not providing services

7.—(1) Where the Board, with a view to securing that arrangements are such that all persons in the area who avail themselves of general medical services receive adequate personal care and attendance, has determined in accordance with the provisions of this regulation that a doctor whose name is included in the medical list has for the preceding 6 months not provided general medical services personally for persons in the area, the Board may, after giving the doctor 30 days' notice of its intention to do so, remove his name from such list unless the Secretary of State directs to the contrary as hereinafter provided.

- (2) If in the case of a doctor whose name is included in the medical list where—
 - (a) the Board has determined that he has not for the preceding 6 months provided general medical services personally for persons in the area, and
 - (b) he is a doctor to whom section 19(7) (which deals with suspension of the registration of a doctor) of the Act applies

the Board is satisfied that there is a substantial risk that the existing arrangements for the provision of general medical services including their temporary provision may not result in all persons in the area continuing to receive adequate personal care and attendance, it may after giving the doctor 30 days' notice of its intention to do so, remove his name from the medical list unless the Secretary of State directs to the contrary as hereinafter provided.

- (3) Before making any determination under paragraph (1) or (2) the Board shall—
 - (a) afford the doctor an opportunity of making representations to the Board in writing or, if he so desires, orally, to a committee appointed by the Board for the purpose, of which committee at least one-third of the members shall be doctors, and

(b) consult the Area Medical Committee.

(4) A doctor to whom notice has been given under paragraph (1) or (2) may within 21 days of receiving such notice appeal to the Secretary of State against the decision of the Board and, pending the decision on any such appeal, the Board shall not remove the doctor's name from the list by reason of the determination against which appeal has been so lodged. The notice of appeal shall be in writing and shall set out the facts and contentions on which the doctor intends to rely. If the Secretary of State decides to allow the appeal, he shall direct the Board not to remove the name of the doctor from the list by reason of the determination appealed against.

(5) Nothing in this regulation shall affect a doctor who is performing a period of relevant service and no determination under this regulation shall be made in respect of any such doctor until six months after he has completed the said relevant service.

Removal from the medical list on grounds of age

8.—(1) Where a doctor whose name is included in the medical list attains the age of 70 years the Board shall thereupon remove his name from the list.

(2) A Board shall give to any doctor whose name is to be removed from the medical list in accordance with paragraph (1)—

(a) notice in writing to that effect not less than 12 months nor more than 13 months before the date on which his name is to be removed; and

(b) a further such notice not less than 90 days nor more than 120 days before that date,

but any failure to give such notice to any doctor as required by sub-paragraph (a) or (b) shall not prevent the removal of that doctor's name from the medical list in accordance with paragraph (1).

Application for inclusion in the medical list

9.—(1) In this regulation and in the following regulations in this Part "the Committee" means the Medical Practices Committee.

(2) Application by a doctor for inclusion in a medical list shall be made by delivering or sending by post to the Board an application in writing which shall include the information and undertakings specified in Part I of Schedule 2.

(3) On receipt of an application from a doctor for inclusion in the medical list, the Board shall subject to the provisions of section 20(1A) of the Act⁽⁹⁾ (which contains requirements as to knowledge of English) send the application to the Committee, together with a report in a form approved by the Committee.

(2) A notice of vacancy to be given under this regulation shall be published in such a manner as the Board subject to any directions given by the Committee, considers is likely to bring the vacancy to the attention of prospective applicants located outside the Board’s area and shall include—

- (a) in the case of a vacancy in a practice, details of the nature and location of the practice;
- (b) in the case of a vacancy in relation to which the Committee has indicated that it is likely to impose a condition under section 23(4) of the Act(**11**) in relation to an applicant chosen to fill the vacancy, details of any such condition; and

(3) An application for a vacancy under this regulation shall be submitted in writing to the Board not later than the date specified in the notice to be given under paragraph (2)(c), shall be accompanied by the applicant’s application under regulation 9(2) (application for inclusion in the medical list) and, in addition to any other information specified under paragraph (2), shall include the following information:—

(4) Where a Board receives more than one application for any vacancy it shall select, in accordance with paragraphs (5) to (7), the applicant whose application it wishes to be considered by the Committee.

(2) Where the Board agrees as aforesaid, it shall inform both doctors and the Committee of its decision. Both doctors shall agree upon a date when the first doctor will cease to carry on his practice

(3) Where the Board does not agree that the exchange should take place as aforesaid, it shall inform both doctors of their right of appeal to the Committee and either doctor with the consent in writing of the other may, within 14 days of receipt of such information, appeal to the Committee which shall determine the appeal.

(4) The procedure for the determination of the appeals to the Committee shall be such as the Committee may determine.

(5) The Committee shall notify both doctors of its determination, which in a case where it determines that the exchange should take place, shall be deemed to be the agreement of the Board and the provisions of paragraph (2) regarding the date of the exchange shall apply.

(6) An exchange of practices shall not take place under the provisions of this regulation unless the exchange takes place within 6 months after the doctors have been notified that the Board has agreed or is deemed to have agreed to the exchange.

16.—(1) A doctor whose name is included in a medical list may apply, in accordance with paragraph (2), for the variation of any condition—

- (a) imposed by the Committee—

 - (ii) under regulation 15 in relation to the extent to which that doctor may carry out remunerated work;
- (b) imposed by the Secretary of State in connection with the determination by him of any appeal from a decision of the Committee.

(2) An application for the purposes of paragraph (1) shall be made in writing to the Board and shall include the information specified in Part II of Schedule 2.

(3) On receipt of an application under this regulation, the Board shall forward the application to the Committee, together with its observations in writing on the application.

(4) The Board shall send to the doctor a copy of the observations it has made on his application, and the doctor may, within 14 days of receiving the copy of the observations, send to the Committee his representations in writing in response to the observations.

(5) The provisions of regulation 14(3) and (4) as respects the constitution and quorum of the Committee shall apply in the case of a decision by the Committee in relation to an application under this regulation as they apply to a decision in relation to an application under that regulation.

(6) The Committee shall not consider an application under this regulation until it has received representations from the doctor under paragraph (4) or until the time allowed under that paragraph for the making of representations has expired, whichever is the earlier.

(7) On consideration of an application under this regulation the Committee—

- (a) shall take account of the observations made by the Board and of any observations made by the doctor in response;
- (b) in deciding the application, may—
 - (i) refuse to vary any condition in respect of which the application was made; or
 - (ii) vary any such condition by imposing in relation to the doctor such other condition mentioned in regulation 15(a) to (e) as has been requested in the application; and
- (c) shall give notice of its decision in writing to the doctor and to the Board.

- (a) include with the notice a statement of the reasons for its decision; and
- (b) advise the doctor of his right of appeal under paragraph (9).

(9) A doctor may appeal to the Secretary of State on a point of law against the refusal of the Committee to vary a condition under this regulation, and—

- (a) regulation 17 shall apply to the making and determination of any such appeal;
- (b) where the Secretary of State allows such an appeal, he shall remit the application to the Committee for reconsideration.

Appeal to the Secretary of State

17.—(1) Any appeal to the Secretary of State on a point of law—

- (a) pursuant to section 23(2A)(c) of the Act by a doctor who has not been selected by a Board as mentioned in paragraph (c) of that subsection; or
- (b) pursuant to section 23(5) of the Act(14) by a doctor whose application under section 20 of the Act has been refused by the Committee or has been granted by the Committee subject to conditions; or
- (c) pursuant to regulation 16 (variation of conditions in connection with inclusion in a medical list),

shall be made and determined in accordance with the following paragraphs of this regulation.

(2) A doctor may appeal by sending to the Secretary of State a notice of appeal within 21 days, or within such longer period as the Secretary of State may for reasonable cause allow, of the date on which notice of the decision of the Board or, as the case may be, the Committee is given to him.

(3) A notice of appeal shall contain a concise statement of the point or points of law in respect of which the doctor contends that the decision of the Board or, as the case may be, the Committee is erroneous.

(14) Section 23(5) was amended by S.I. 1981/432, by the Health and Medicines Act 1988 (c. 49), Schedule 2, paragraph 10 and by the 1990 Act, section 39(4).

(4) If it appears to the Secretary of State that the appeal is of such a nature that it can properly be determined without a hearing, he may determine the appeal summarily without a hearing and shall send his decision to the appellant, and the Board, or as the case may be, the Committee.

(5) If the Secretary of State is of the opinion that a hearing is required, he shall appoint—

(a) a person who is an advocate or a solicitor; and

(b) where the Secretary of State sees fit, one or more other persons,

to hear the appeal.

(6) A hearing shall take place at such time and place as the Secretary of State may direct and notice of the hearing shall be sent by post to the appellant, the Board, or as the case may be, the Committee and any doctor whose application for appointment to the vacancy to which the application relates was granted, not less than 14 days before the date fixed for the hearing.

(7) The appellant and any of the parties to whom notice of the hearing is required to be given may attend and be heard in person or by counsel or solicitor or other representative. The Board, or as the case may be, the Committee may be represented at the hearing by any duly authorised member or official or by counsel or solicitor.

(8) Subject to the provisions of this regulation, the procedure at the hearing shall be such as the person or persons hearing the appeal may determine.

(9) The person or persons hearing the appeal shall report thereon to the Secretary of State, stating the relevant facts and his or their conclusions, and the Secretary of State after taking such report into consideration shall give his decision and send it to the appellant, the Committee, the Board and such doctors as have under the foregoing provisions of this regulation been served with notice of the hearing.

(10) Where, on allowing an appeal, the Secretary of State remits an application to the Board or, as the case may be, the Committee for reconsideration—

(a) he shall give to the Board or, as the case may be, the Committee such directions as appear to him to be desirable with a view to ensuring the proper determination of the application in accordance with the relevant law; and

(b) the Board or, as the case may be, the Committee shall redetermine the application and in so doing shall comply with any directions given by the Secretary of State under subparagraph (a) of this paragraph.

contraceptive services, maternity medical services and minor surgery services

Selection of doctor

19.—(1) Application by a person to a doctor for acceptance and inclusion in his list shall be made in writing either on the person's medical card or on a form of application.

(2) Application by a person to a doctor for acceptance as a temporary resident shall be made in writing on a form supplied by the Board.

Assignment of persons to doctors

20.—(1) If a person applies to the Board for assignment to a doctor (irrespective of whether or not he is at the date of application included in the list of patients of another doctor), or is deemed to have so applied in accordance with the provisions of paragraph 4(4) of the terms of service, the Board shall assign him to such doctor as it thinks fit (including the doctor in whose list of patients he is presently included), having regard to the distance between the person's place of residence and the premises at which the doctors in the locality carry on practice and to such other circumstances as appear to the Board to be relevant, and shall forthwith give notice in writing of any decision hereunder to—

- (a) the person;
- (b) any doctor to whom the person is assigned by virtue of this regulation; and
- (c) to any other doctor who may be concerned.

(2) A doctor may apply to the Board to be exempted from having assigned to him any person or class of persons and the Board may grant or refuse any application under this paragraph.

(3) Where an application under paragraph (2) relates only to a specified person who has previously been removed from the list of the doctor, the Board shall take into account the circumstances of that removal in deciding whether to grant or refuse the application.

(4) Any doctor of a description specified in paragraph 5 of the terms of service may apply to the Board to be granted relief from liability from emergency calls as provided in that paragraph and the Board may grant or refuse any application hereunder.

(5) Forthwith after it takes any decision in respect of any application under paragraph (2) or (4) the Board shall give notice in writing to the doctor of its decision with its reasons therefor.

(6) A doctor in respect of whom a Board has made a decision (“the initial decision”) under paragraph (1), (2) or (4) may, within 7 days of receiving notice of it, make representations in writing to that Board against that decision.

(7) Where a doctor makes representations under paragraph (6) the Board shall give to that doctor the opportunity to address it in the course of an oral hearing in support of those representations.

(8) Any oral hearing under paragraph (7) shall be held within 14 days of receipt by the Board of the representations.

(9) Where representations are made under paragraph (6) the Board shall, subject to paragraph (11), review its initial decision and shall either confirm or revise it.

(10) A doctor who has made representations under paragraph (6) shall remain responsible for the treatment of the person assigned to him pending notification under paragraph (12) of the confirmation or revision of the assignment by the Board.

(11) No person who participated in the making of an initial decision under this regulation shall participate in a review of that decision under paragraph (10).

(12) The Board shall, within 7 days of making a determination under paragraph (9), give notice to the doctor thereof in writing with its reasons therefor, and, where an initial decision made under paragraph (1) has been revised, shall notify also the patient and the other doctor to whom the patient is assigned under the revised determination.

Limitation of number of persons in doctors' lists

21.—(1) Subject to paragraph (2), the maximum number of persons a doctor may have on his list in all areas in which he provides general medical services (in addition to any persons for whom he has accepted responsibility following the granting by the Board of relief to another doctor under paragraph 18 of the terms of service) shall be—

- (a) 3,500 for a doctor carrying on practice otherwise than in partnership;

- (b) 4,500 for a doctor carrying on practice in partnership subject to an average of 3,500 for each of the partners in the practice.
- (2) Where a doctor employs, or the doctors carrying on practice in partnership employ, permanently one or more assistants, an addition of not more than 2,000 persons to the list in respect of each assistant, may, with the consent of the Board (or, on appeal, of the Medical Practices Committee), be allowed in the light of the circumstances of the particular case, any such addition in the case of a partnership being disregarded in calculating the average number of persons on the list of the partners for the purposes of sub-paragraph (1)(b).
- (3) For the purposes of paragraph (2)—
- (a) where an assistant is included in a medical list the additional number which would otherwise be allowable to his principal in respect of him shall be reduced by the number of persons on his list;
 - (b) any additional number to the list allowed in respect of the employment of an assistant shall not apply during any period when no assistant is employed (but a period comprising a short interval between the departure of an assistant and the arrival of his successor may be ignored).
- (4) For the purposes of this regulation a doctor shall be deemed to be carrying on practice otherwise than in partnership unless the Board or, on appeal, the Medical Practices Committee is satisfied that he—
- (a) discharges the duties and exercises the powers of a partner in connection with the practice of the partnership; and,
 - (b) either—
 - (i) in the case of a full-time doctor, he is entitled to a share of the profits which is not less than one third of the share of the partner with the greatest share; or
 - (ii) in the case of a three-quarter-time doctor he is entitled to a share of the profits which is not less than one quarter of the share of the partner with the greatest share; or
 - (iii) in the case of a half-time doctor he is entitled to a share of the profits which is not less than one fifth of the share of the partner with the greatest share; or
 - (iv) in the case of a job-sharing doctor, he is entitled to a share of the other profits which, when added to the share of the job-sharing doctor with whose hours his hours are being aggregated for the purpose of regulation 15(d), is not less than one third of the share of the partner with the greatest share.
- (5) A doctor who is dissatisfied with the decision of the Board respecting the extent to which the number of persons on his list may be increased by reason of the employment by him of an assistant may appeal against that decision to the Medical Practices Committee by sending to that Committee notice of appeal within 30 days or such longer period as that Committee may allow from the date on which the Board intimates its decision to him, and that Committee, after such inquiry as it may think necessary, shall determine the appeal.
- (6) In any appeal under paragraph (5) the Medical Practices Committee shall admit to any hearing of such appeal such persons not exceeding two in number as may be appointed for the purpose by an organisation recognised by the Secretary of State as representative of the medical profession, and shall allow such persons to address the Committee before deciding on the appeal.
- (7) Where the Board finds the number of patients on the doctor's list to be in excess of the maximum number allowed in accordance with this regulation it shall notify the doctor who shall, within 60 days from the date on which the excess is notified to him, take steps to reduce his list to the maximum number allowed by—
- (a) entering into partnership; or

(b) employing an assistant; or

(c) giving notice to the Board of the names of the necessary number of patients whom he wishes to have removed from his list under paragraph 9 of the terms of service.

(8) If at the end of the said period of 60 days the steps taken by the doctor have not resulted in the number of persons on his list being within the maximum number allowed, the Board shall remove from his list the necessary number of names.

(9) If a doctor gives notice under paragraph (7)(c) or the Board requires to take action under paragraph (8), the Board shall inform each person to be removed that he should apply to another doctor for acceptance.

(10) Where a doctor whose name is included in the medical list in respect of more than one address and who wishes to cease to practise at one such address and who has obtained the consent of the Board, or on appeal, of the Secretary of State, to this change, gives notice to the Board of his wish to have removed from his list the persons who would have attended for treatment at the address at which he will no longer practise, the provisions of regulation 22(3), (4) and (6) shall apply, with the necessary modifications, and the Board shall take action accordingly.

(11) In carrying out its functions under this regulation the Board shall consult as necessary with the Board of any adjoining area whose medical list includes the doctor or doctors concerned and if Boards fail to agree on any matter the issue shall be determined by the Secretary of State.

(12) The Board may, in special circumstances, subject to the consent of the Secretary of State and to any conditions he may impose, permit a doctor or partnership to have on his list or their lists such greater number than the maximum number otherwise allowed under this regulation.

(13) Nothing in this regulation shall prevent a doctor from accepting persons who apply to him as temporary residents or exempt him from any liability under paragraph 5 of his terms of service.

Change of doctor

22.—(1) Subject to the requirements of paragraph (2), a person may apply in accordance with regulation 19(1) to any doctor, other than the doctor in whose list he is included, who provides general medical services, for acceptance in that other doctor's list of patients.

(2) A person who has applied, pursuant to paragraph (1), and been refused acceptance by any doctor, may apply to the Board in whose area he is resident to be allocated to any doctor whose name is included in the Board's medical list.

(3) Where a doctor whose name is included in the medical list dies or has his name withdrawn or removed from that list, the Board shall as soon as is practicable make known the fact by individual notices sent to persons, other than to those women who had been accepted by him for the provision of contraceptive services only, on the list of the doctor.

(4) Where one or more doctors have been selected under the provisions of regulation 11 or 12 to succeed to a practice, and the names of any such practitioners are included in the medical list, the Board shall send to the persons on the list of the doctor who last carried on that practice other than to those women who had been accepted by him for the provision of contraceptive services only, a statement of the name and address of the successor in whose list it is considered that the persons in question or any section of them may wish to be included together with an intimation that such a successor is willing to accept the persons concerned for treatment and that they will be deemed to be included in his list as from the date given in the notice unless within 14 days of the said date they have applied to and have been accepted by other doctors, or have given notice in writing to the Board of their desire not to be so included.

(5) Where a woman who has been deemed to be included in the list of a successor in accordance with paragraph (4) has also been accepted by the doctor who last carried on the practice for the provision to her of contraceptive services under regulation 30, and that successor is willing to accept

the woman concerned for the provision to her of contraceptive services to at least the same extent as the doctor who last carried on the practice, then she will be deemed from the date given in the notice sent to her under paragraph (4) to be accepted by that successor for the provision of contraceptive services to the like extent to which, and for the remainder of the period for which, she had previously been accepted.

(6) Where no successor is to be appointed to a practice, the Board shall give to the persons on the list of the doctor who last carried on that practice, other than to those women who had been accepted by him for the provision of contraceptive services only, notice of their right to apply to another doctor on the medical list for acceptance.

(7) The terms of notices given under this regulation shall be determined by the Board after consultation with the Area Medical Committee.

(8) A doctor who has performed a period of relevant service in an emergency recognised by the Secretary of State for the purpose of these regulations and has returned to his practice at the end of such service, shall within 30 days of his return notify the Board in writing that he has personally resumed practice. Where the Board has been so notified, it shall within 30 days send a notice to every person whose name was on the doctor's list at the date of the beginning of such service who is still residing at the same address at which he was residing at such date and who has transferred to the list of another doctor. The Board's notice shall state that the former doctor has resumed practice and that the person's name will be restored to his list unless within 14 days after the date of the notice that person gives notice in writing to the Board that he wishes his name to remain on the list of his present doctor. After the said period of 14 days has elapsed, the Board shall inform the doctors concerned of the names of the persons who are restored to the list of the doctor who has resumed practice and shall also inform the other doctor only of the names of the persons who have elected to remain on his list.

(9) Nothing in this regulation shall require the Board to give any notice of or concerning the making, variation or termination of arrangements under regulation 24.

23. Where a doctor has given notice to the Board in accordance with paragraph 9 of his terms of service that a person is to be removed from his list, the Board shall forthwith inform that person that he should apply to another doctor for acceptance, or apply to the Board for assignment to a doctor.

Temporary provision of general medical services

24.—(1) The provisions of this regulation shall apply in relation to the making of arrangements for the temporary provision of general medical services.

(2) Where a doctor dies, retires or otherwise ceases to be entitled to be included in the medical list or where his registration is suspended in any of the circumstances specified in section 19(7) of the Act(15), the Board, after consultation with the Area Medical Committee, may—

- (a) make and as necessary or desirable vary from time to time arrangements for the temporary provision of general medical services for the patients for whose treatment that doctor was or might have become responsible which arrangements may consist of or include the appointment under this paragraph of one or more doctors to undertake the provision of such services;
- (b) where a doctor included in the medical list by virtue of regulation 4(1)(a) ceases because of his death to be entitled to be so included, and within 7 days of the date of death any person applies to the Board in writing on behalf of the estate of that doctor for the appointment of one or more named doctors, appoint one or more of the named doctors to undertake the provision of general medical services for the patients for whose treatment that doctor was or might have become responsible.

(15) Subsection (7) of section 19 was inserted by the Health and Social Services and Social Security Adjudications Act 1983 (c. 41), Schedule 7, paragraph 2 and was amended by the Medical Act 1983 (c. 54), Schedule 5, paragraph 17(a).

(3) The Board may make such arrangements as it thinks fit for the accommodation and other needs of any doctor appointed under paragraph (2) and, in the case of any doctor appointed under paragraph (2)(b), shall where practicable first consult any person who applied to them for the appointment of that doctor.

(4) Arrangements under paragraph (2) shall subsist for such period as the Board thinks fit, but such period shall not extend beyond one year unless the Board is at the expiry of that year satisfied that the continuation of the said arrangements with or without variations is necessary to enable general medical services to continue to be provided; and in any event the said arrangements shall not subsist beyond the date on which the relevant practice vacancy is permanently filled or the suspension referred to in paragraph (2) ceases to have effect; but the Board shall so far as possible give prior written notice of the termination of the said arrangements to the doctor with whom those arrangements were made.

(5) Subject to paragraph (4), where arrangements under paragraph (2) with or without variations are to continue for a period beyond one year, the Board shall at the expiry of that year notify the Secretary of State in writing of such continuation, and subsequently of the termination of such arrangements as soon as is practicable.

(6) Where it appears to the Board, after consultation with the Area Medical Committee, that a doctor on the medical list is incapable of carrying out adequately his obligations under the terms of service because of his physical or mental condition, it may require him to be medically examined.

(7) Where the Board is satisfied—

- (a) that because of his physical or mental condition, or
- (b) that because of continued absence

a doctor's obligations under the terms of service are not being carried out adequately, it may after consultation with the Area Medical Committee and with the consent of the Secretary of State make arrangements for the temporary provision of general medical services for the patients for whose treatment that doctor was or might have become responsible, which arrangements may consist of or include the appointment under this paragraph of one or more doctors to undertake the provision of such services.

(8) No doctor may be appointed under paragraph (2) or (7) unless he is suitably experienced (other than by virtue of being a restricted services principal) within the meaning of section 21 of the Act.

(9) Subject to paragraph (12), arrangements under paragraph (7) shall subsist for such period as the Board thinks fit, but not, in a case to which paragraph (7)(a) applies, beyond the date on which the Board is satisfied, after consulting the Area Medical Committee, that the doctor is fit to resume his practice.

(10) The Board may, before varying or terminating any arrangements made under paragraph (7) and after consulting the Area Medical Committee, require the doctor to be medically examined.

(11) A doctor required under this regulation to be medically examined shall submit himself for medical examination by a doctor or doctors appointed, after consultation with the Area Medical Committee, by the Board, and such examining doctor or doctors shall thereafter report in writing to the Board as to the doctor's fitness to carry out his obligations under the terms of service.

(12) Where the Board proposes that arrangements under paragraph (7) shall continue for longer than one year or such shorter period as the Secretary of State may in any particular case specify, or beyond a second or subsequent year or any subsequent specified period in the particular case, it shall so notify the Secretary of State in writing not less than 30 days before the expiry of that year or such specified period, or as soon thereafter as is practicable, and shall in each case obtain the consent of the Secretary of State to the continuation of the arrangements.

(13) Where arrangements under paragraph (7) expire or are terminated by the Board it shall give reasonable prior written notice to the doctor with whom those arrangements were made, and shall as soon as practicable notify the Secretary of State in writing that such termination has taken place.

(14) The Board shall, where practicable, notify in writing any doctor with respect to whose patients arrangements are made under this regulation of such arrangements and of their variation or termination.

(15) Each doctor appointed under this regulation shall throughout his appointment be bound by the terms of service which were applicable to the doctor, the treatment of all of whose patients he is appointed with or without other doctors to undertake; but such appointment shall not oblige the doctor so appointed to provide child health surveillance services, contraceptive services, maternity medical services or minor surgery services which he has not undertaken to provide.

(16) Where the doctor for the treatment of whose patients arrangements are made under this regulation has accepted patients for the provision of maternity medical services and the doctor or doctors appointed under this regulation have not undertaken to provide such services, the Board shall so inform the patients accepted for these services and inform them of any arrangements to enable them to continue to receive such services.

(17) Any patient of a doctor in respect of whose patients the Board has made arrangements for the temporary provision of general medical services under this regulation shall be deemed to remain on the list of that doctor for the duration of such arrangements unless he makes application for acceptance by another doctor or is otherwise removed from the list in accordance with these Regulations.

(18) Any application for acceptance and inclusion on a doctor's list received by a doctor appointed under this regulation in the course of such appointment shall be deemed to be an application for acceptance and inclusion in the list of the doctor in respect of whose patients the appointment was made.

(19) The Board may deduct from the remuneration of a doctor in respect of whose patients arrangements are made under paragraph (7) or consequent upon the suspension of whose registration arrangements are made under paragraph (2)(a) the cost, in part or in whole, of any such arrangements, and in the case of a doctor performing relevant services in an emergency recognised by the Secretary of State for the purpose of these Regulations, the Board shall deduct from his remuneration the cost of arrangements under this regulation.

(20) In its application to the temporary provision of general medical services, sub-section (3) of section 19 of the Act shall have effect as if the words "otherwise than temporarily" were inserted after the words "general medical services" in that sub-section.

(21) In its application to a doctor appointed under this regulation, section 20(1A) of the Act(16) shall have effect as if—

(a) the words "shall be entitled to have his application for the inclusion of his name in the list kept by any Health Board referred to the Medical Practices Committee" were omitted and the words "shall be appointed to provide general medical services temporarily" were inserted in their place; and

(b) the words from "and where a Board" to the end were omitted.

(22) Sections 20(1) and 21 of the Act shall not apply in respect of the temporary provision of general medical services by a doctor appointed under this regulation.

(16) Section 20(1A) was inserted by S.I. 1981/432.

Removal of person from doctor's list

25.—(1) A person whose name is included in the list of a doctor and who no longer wishes to avail himself of general medical services may at any time give notice to the Board that he wishes his name to be removed from that list, and at the expiration of 14 days from the date of the receipt of the notice, the Board shall remove the name and inform the person and the doctor.

(2) Subject to the provisions of paragraphs (3) and (5), where, in regard to a person whose name is in the list of a doctor providing general medical services in the area of the Board, the Board after due enquiry including consultation in writing with the doctor is satisfied, either—

- (a) that the person no longer resides in that part of the area of the Board where the doctor has undertaken to provide such services, or

- (a) the removal shall take effect at the time mentioned in sub-paragraph (4) of that paragraph, and

- (c) have not been accepted by him for the provision of maternity medical services.

Acceptance of patients

6.—(1) A doctor may agree to accept a person on his list if the person is eligible to be accepted by him.

(2) A doctor shall indicate his acceptance of an applicant by signing either his medical card or a form of application for acceptance which has been completed by the applicant or on his behalf, and sending the card or form to the Board within 14 days of receiving it. Where any person is authorised

Right of a doctor to have patient removed from his list

9.—(1) Subject to sub-paragraphs (2) to (5), a doctor may have the name of any person removed from his list by giving notice to the Board and the removal shall take effect on the date of acceptance of that person by, or assignment to, another doctor or on the eighth day after the Board receives such notice, whichever first occurs. If the doctor at the date when removal would take effect is providing treatment to the person (otherwise than at intervals of more than 7 days because of the chronic nature of the person's illness), the doctor shall notify the Board accordingly, and removal shall take place on the eighth day after the Board receives notice from him that the person no longer requires such treatment or upon acceptance by, or assignment to, another doctor, whichever first occurs.

- (2) Where—
 - (a) a person on a doctor's list has committed an act of violence against the doctor or has behaved in such a way that the doctor has feared for his safety; and
 - (b) the doctor has reported the incident to the police or the Procurator Fiscal

the doctor may notify the Board that he wishes to have that person removed from his list with immediate effect.

(3) Notification under sub-paragraph (2) may be given by any means including telephone or fax, but if not given in writing shall subsequently be confirmed in writing within 7 days (and for this purpose a faxed notification is not a written one).

(4) The time at which the doctor notifies the Board shall be the time at which he makes the telephone call or sends or delivers the notification to the Board.

treatment given, including any drugs or appliances supplied, provided that he renders the applicant an account, or gives him a receipt for the fee. The doctor may order any drugs or appliance required for the treatment of the applicant in the same way as for a person on his list.

(3) If the applicant applies to the Board within 14 days after receiving the account or paying the fee, as the case may be (or within such longer period not exceeding 30 days as may be allowed by the Board if it is satisfied that the failure to make application within the period of 14 days was occasioned by some reasonable cause) and the Board is satisfied that he was on the doctor's list, the Board may require the doctor to withdraw his account, or if the fee has been paid, may recover the fee from the doctor by deduction from his remuneration or otherwise and repay it to the applicant. If the doctor has supplied any drug or appliance for which, in the case of a person on his list, he would have been entitled to payment from the Board, the Board shall credit him with the payment to which he would have been so entitled.

Services to patients

11.—(1) Subject to paragraphs 3, 13 and 31 a doctor shall render to his patients all necessary and appropriate personal medical services of the type usually provided by general medical practitioners.

(2) The services which a doctor is required by sub-paragraph (1) to render shall include the following:—

- (a) the administration of anaesthetics or the rendering of any other assistance at an operation performed by, and of the kind usually performed by, a general medical practitioner;
 - (b) where appropriate giving advice personally to patients, either individually or in groups, relating to their general health, and in particular on the significance of diet, exercise, the use of tobacco, the consumption of alcohol and the misuse of drugs and solvents;
 - (c) offering to patients consultations and, where appropriate, physical examinations for the purpose of identifying, or reducing the risk of, disease or injury;
 - (d) offering to patients, where appropriate, vaccination or immunisation against Measles, Mumps, Rubella, Pertussis, Poliomyelitis, Diphtheria and Tetanus;
 - (e) arranging for the referral of patients, as appropriate, for the provision of any other services provided under the Act;
 - (f) giving advice, as appropriate, to enable patients to avail themselves of social work services provided by a local authority.
- (3) A doctor shall not be required under sub-paragraph (1) or (2) to provide to any person—
- (a) services which involve the application of such special skill or experience of a degree or kind which general medical practitioners as a class cannot reasonably be expected to possess;
 - (b) the administration of an anaesthetic at an operation performed by a doctor in the course of providing maternity medical services;
 - (c) contraceptive services, child health surveillance services, minor surgery services nor, except in an emergency, maternity medical services, unless he has previously undertaken to provide such services to that person; or
 - (d) where he is a restricted services principal, any category of general medical services which he has not undertaken to provide.

(4) In the case of maternity medical services the expression “all necessary and appropriate personal medical services” includes the provision of all necessary medical services (other than services which involve the application of special skill or experience of a degree or kind which general medical practitioners as a class cannot reasonably be expected to possess) during and following

pregnancy and labour in respect of all conditions arising therefrom and in particular the following services:—

- (a) antenatal services, i.e. full antenatal care, supervision and examination, including full medical and obstetric examination of the patient as soon as possible after the doctor's engagement to provide maternity medical services and such further examination as the condition of the patient requires;
 - (b) services during the confinement and lying-in period including—
 - (i) attendance at some stage of labour either before or at delivery, or at such early time thereafter as is reasonably possible in the light of clinical circumstances;
 - (ii) attendance within twelve hours of completion of labour or as soon thereafter as practicable and as often as the condition of the patient or her child requires throughout a lying-in period of 14 days;
 - (iii) attendance at any time when summoned by the midwife attending the case;
 - (c) post-puerperal services, i.e., medical and pelvic examination of the patient at or about six weeks after confinement.
- (5) The doctor providing the maternity medical services shall, if he is not the doctor on whose list the name of the person is included—
- (a) comply with any request by the doctor on whose list the name of the woman is included to examine or give other assistance to the woman and her child if and so far as the practitioner providing the services considers it necessary and appropriate that he should do so;
 - (b) issue, in accordance with the provisions of paragraph 13(7) to the woman or her personal representative certificates of pregnancy, expected confinement and confinement, being certificates reasonably required by her.
- (6) The doctor providing the services shall also, subject always to paragraph 4(5) administer an anaesthetic or render other assistance, as required, in connection with any service or operation performed by another doctor otherwise than as part of the general medical services, if the administration of the anaesthetic or the rendering of such other assistance does not involve the application of special skill or experience of a degree or kind which general medical practitioners as a class cannot reasonably be expected to possess.
- (7) Nothing in the foregoing shall affect the responsibility of the doctor on whose list the name of the woman receiving maternity medical services is included for the provision of treatment necessary for her general health.
- (8) In the case of emergency, the doctor is required to render whatever services are, having regard to the circumstances, in the best interest of the patient.
- (9) In determining whether a particular service involves the application of such special skill and experience as aforesaid, regard is to be had to the question whether services of the kind are or are not usually undertaken by general medical practitioners practising in the area in which the question arose.

Practice leaflet

12.—(1) Subject to sub-paragraph (2), a doctor whose name is included in the medical list shall compile in relation to his practice a document (in this paragraph called a “practice leaflet”) which shall include the information specified in Schedule 5.

(2) Sub-paragraph (1) shall, in relation to a doctor referred to in regulation 4(5)(f), apply only to the extent that the Board sees fit.

(3) A doctor shall review his practice leaflet at least once in every period of 12 months and shall make any amendments necessary to maintain its accuracy.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(4) A doctor shall make available a copy of the most recent edition of his practice leaflet to the Board, to each patient on his list and to any other person who, in the doctor's opinion, reasonably requires one.

(5) A doctor who practises in partnership with other doctors whose names are included in the medical list shall satisfy the requirements of this paragraph if he makes available a practice leaflet, compiled and, where appropriate, revised in accordance with sub-paragraphs (1) and (3) which relates to the partnership as a whole; and in such a case a doctor may, if he so wishes, also produce a practice leaflet relating to his own activities.

Treatment of patients

13.—(1) If the condition of a patient is such that he requires treatment which is not within the scope of the doctor's obligations under these terms of service, but such treatment is to the knowledge of the doctor available under the National Health Service, the doctor shall inform the patient of the fact and if the patient so wishes, the doctor shall take all necessary steps to enable him to receive such treatment. The doctor shall also give his patients such advice or assistance as he may consider appropriate to enable them to take advantage of other medical services available under the National Health Service.

(2) Subject to the following provisions of this paragraph, a doctor shall render the services referred to in paragraph 11 (in this paragraph called the "relevant services") during the hours for which he is normally available pursuant to paragraph 24 (in this paragraph referred to as "normal hours")—

- (a) at his practice premises; or
- (b) in the case of a patient whose condition is such that in the doctor's reasonable opinion it would be inappropriate for the patient to attend at the practice premises, at whichever is appropriate of the places set out in sub-paragraph (5).

(3) Outside normal hours the doctor shall consider, in the light of the patient's medical condition, whether a consultation is needed, and if so, when.

(4) If in the doctor's reasonable opinion a consultation is needed before the next time at which the patient could be seen during normal hours, he shall render the relevant services—

- (a) at his practice premises;
- (b) at such other place as the Board has agreed, pursuant to paragraph 27 and he has informed the patient, pursuant to paragraph 27(5), is a place where he will treat patients outside normal hours; or
- (c) in the case of a patient whose condition is such that in the doctor's reasonable opinion it would be inappropriate for the patient to attend either at the practice premises or at such other place, at whichever is appropriate of the places set out in sub-paragraph (5).

(5) The places referred to in sub-paragraphs (2)(b) and (4)(c) are—

- (a) the place where the patient was residing when he was accepted by the doctor pursuant to paragraph 6 or, as the case may be, when he was assigned to the doctor pursuant to regulation 20 or, in the case of a patient who was previously on the list of a doctor in a practice declared vacant, when the doctor succeeded to the vacancy;
- (b) such other place as the doctor has informed the patient and the Board is the place where he has agreed to visit and treat the patient;
- (c) some other place in the doctor's practice area.

(6) Nothing in this paragraph prevents the doctor from—

- (a) arranging for the referral of a patient pursuant to paragraph 11(2)(e) without first seeing the patient, in a case where the medical condition of the patient makes that course of action appropriate; or
- (b) visiting the patient in circumstances where this paragraph does not place him under an obligation to do so.

(7) A doctor shall issue to a patient or his personal representatives free of charge any certificate of a description prescribed in the first column of Schedule 9 which is reasonably required by him under or for the purposes of the enactments specified in the second column of the said Schedule opposite and in relation to the description of the certificate in the first column. Any certificate issued under this sub-paragraph for the purposes of:

- (a) the Social Security Act 1975⁽²²⁾; or
- (b) section 17(2) of the Social Security and Housing Benefits Act 1982⁽²³⁾; or
- (c) Part V of and Schedule 4 Part I to the Social Security Act 1986⁽²⁴⁾

shall be issued in accordance with any regulations made under those Acts.

(8) A doctor shall not be required to issue a certificate under this paragraph where the patient is receiving treatment otherwise than from or under the supervision of a doctor.

(9) A doctor, except when providing maternity medical services, is responsible for providing the services of another doctor for the administration of an anaesthetic, when necessary, in connection with any service or operation on his patient undertaken by him under these terms of service whenever such administration does not involve the application of special skill or experience of a degree or kind which general medical practitioners as a class cannot reasonably be expected to possess.

(10) A doctor providing maternity medical services is responsible for providing the services of another doctor for the administration of an anaesthetic when necessary in connection with any operation performed by him on his patient and undertaken by him under these terms of service.

(11) The provisions of sub-paragraphs (2) and (3) shall not apply in the case of a patient who attends when an appointment system is in operation and who has not previously made, and is not given, an appointment. In such a case the doctor may decline to attend the patient during that surgery period, if the patient's health would not thereby be jeopardised and the patient is offered an appointment to attend within a reasonable time having regard to all circumstances. The doctor shall take all reasonable steps to ensure that a consultation is not so deferred except in accordance with his instructions.

Newly registered patients

14.—(1) Subject to sub-paragraphs (4) to (9), where a patient has been accepted on the list of a doctor under paragraph 6 or assigned to such a list under regulation 20, the doctor shall, in addition and without prejudice to his other obligations in respect of that patient under these terms of service, within 30 days of the date of such acceptance or assignment, invite the patient to participate in a consultation either at his practice premises or, if the condition of the patient so warrants, at such other place as the doctor is obliged, under paragraph 13(4)(b), to render personal medical services to that patient.

(2) Where a patient (or, in the case of a patient who is a child, the appropriate person in relation to that child) agrees that he, or in the case of a child, that the child will participate in such a consultation as is mentioned in sub-paragraph (1), the doctor shall, in the course of that consultation—

- (a) seek details as to the medical history of the patient and, so far as may be relevant to the patient's medical history, as to that of his consanguineous family, in respect of—

(7) An application pursuant to sub-paragraph (6) shall be made in writing and shall be accompanied by a statement of the doctor's proposals by reference to particular classes of patients, with a view to securing that all eligible patients are invited to participate in a consultation pursuant to sub-paragraph (1) by the end of the period of the deferment.

Absences, deputies, assistants and partners

17.—(1) Subject to sub-paragraph (2) a doctor is responsible for ensuring the provision to each of his patients of the services referred to in paragraph 11 throughout each day during which his name is included in the medical list.

(2) A doctor who was, prior to 1st April 1990, relieved by the Board of such responsibility in respect of his patients during times approved by the Board may continue to enjoy such relief for so long as his name is included in the medical list.

18.—(1) Subject to the provisions of sub-paragraphs (2), (3) and (4) a doctor shall give treatment personally.

(2) If reasonable steps are taken to ensure continuity of treatment the practitioner shall be under no obligation to give treatment personally to a patient and such treatment may be given—

- (a) by a partner or assistant;
- (b) by a deputy; or
- (c) if it is treatment which it is reasonable in the circumstances to delegate to a person who is competent to carry out such treatment, by such person.

(3) In the case of child health surveillance services a doctor who has, pursuant to regulation 29(3), undertaken to provide such services may employ for the purposes of providing such services a deputy, associate or assistant general practitioner whose name is included in a child health surveillance list or, with the consent of the Board, some other deputy or assistant.

(4) In the case of minor surgery services a doctor who has, pursuant to regulation 33(2), undertaken to provide such services may employ a deputy, associate or assistant whose name is included in a minor surgery list to conduct a procedure described in Schedule 4.

(5) Without prejudice to paragraph 17(1), in relation to his obligations under these terms of service, a doctor is responsible for all acts and omissions of any doctor acting as his deputy, whether or not he is a partner or assistant, or of any deputising service, while acting on his behalf, or of any person employed by, or acting on behalf of, him or such a deputy or deputising service; but a doctor shall not be responsible for any act or omission for which a deputy is responsible under sub-paragraph (6).

(6) Where a doctor whose name is included in the medical list of any Board or of a Family Health Services Authority established under section 10(1) of the National Health Service Act 1977(25) is acting as deputy to another doctor whose name is included in the medical list of a Board the deputy alone is responsible for—

- (a) his own acts and omissions in relation to the obligations under these terms of service of the doctor for whom he acts as deputy; and
- (b) the acts and omissions of any person employed by him or acting on his behalf.

(25) 1977 c. 49; section 10 was substituted by the Health and Social Security Act 1984 (c. 48), section 5(1) and was amended by the 1990 Act, section 2.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(7) A doctor shall make all necessary arrangements for the treatment of his patients. He shall inform the Board of any standing deputising arrangements. When he proposes to be absent from his practice for more than 14 days he shall inform the Board of the arrangements he has made for the provision of general medical services to his patients during his absence. If he has undertaken the provision of contraceptive services or maternity medical services he shall ensure that the doctor or doctors providing general medical services on his behalf will also provide such services.

(8) Where such absence is to exceed 90 days he shall before the expiry of that period obtain the consent of the Board to such arrangement in respect of any period beyond the 90th day of his absence. In giving consent the Board may also impose such conditions as it thinks necessary or expedient to ensure the adequacy of such arrangements.

(9) The provisions of paragraph 19(8) and (9) shall apply with respect to the Board's consent and conditions under sub-paragraph (8) as they apply under paragraph 19.

(10) A doctor shall not except with the consent of the Board employ any one or more assistants for a total period of more than 90 days in any period of 1 year and where such consent has been given it shall be subject to periodic review and may be withdrawn by the Board. Where the Board refuses or withdraws its consent the doctor may appeal against such refusal or withdrawal to the Medical Practices Committee by sending to the Committee notice of appeal within 14 days or such longer period as the Committee may allow from the date on which the Board notifies the doctor of its decision, and the Committee after such inquiry as it may think necessary shall determine the appeal.

(11) A doctor shall notify the Board as soon as possible of the name of any assistant he employs and of the termination of such employment.

(12) A doctor shall not, without the consent of the Secretary of State, employ as a deputy or assistant any doctor who is disqualified for inclusion in the medical list of the Board under section 29 of the Act(26).

(13) A doctor acting as a deputy shall be entitled to treat patients at places and at times other than those arranged by the doctor for whom he is acting, due regard being had to the convenience of the patients.

(14) A doctor acting as a deputy for another doctor may not treat the other doctor's patients at any place approved under paragraph 27 unless it is so approved for the other doctor.

(15) A deputy or assistant (other than a partner or assistant whose name is included on the medical list or an associate) shall, in addition to signing with his own name any certificate, prescription form or other document issued by him under these terms of service, insert therein if it does not already appear the name of the doctor for whom he is acting as deputy or assistant.

(16) For the purposes of this paragraph the word "partner" shall include any partner who is otherwise deemed under the Regulations to be an assistant and the word "assistant" shall not include such a person.

19.—(1) Before entering into regular or standing arrangements with a deputising service for the provision of a deputy or deputies, a doctor shall—

- (a) obtain the written agreement of the deputising service that any doctor provided to him by the deputising service will be suitably experienced within the meaning of section 21 of the Act (other than by virtue of being a restricted services principal) or will have the acquired right specified in regulation 5(1)(d) of the Vocational Training for General Medical Practice (European Requirements) Regulations 1994(27); and
- (b) obtain the consent of the Board.

(26) Section 29 was amended by the Health and Social Security Act 1984 (c. 48), Schedule 8, Part I.

(27) S.I. 1994/3130.

(2) The Board shall refuse its consent if the doctor has not obtained the written agreement of the deputising service as referred to in sub-paragraph (1)(a).

(3) In giving such consent the Board shall impose the condition that the agreement referred to in sub-paragraph (1)(a) remain in force, and may impose such other conditions, including conditions in relation to the standards and the facilities provided by the deputising service, having regard to the advice of the Area Medical Committee on these standards and facilities, as it considers necessary or expedient to ensure—

- (a) that the doctor's patients will receive all proper and necessary treatment, and
- (b) that the arrangements with the deputising service will have due regard to the provisions of these terms of service.

(4) References below in this paragraph to refusing consent and to conditions do not include refusing consent under sub-paragraph (2) or the condition set out in sub-paragraph (3).

(5) Before refusing or withdrawing such consent or imposing or varying such conditions, the Board shall consult the Area Medical Committee.

(6) The Board may at any time, and shall periodically, review in consultation with the Area Medical Committee any such consent given or conditions imposed and may withdraw such consent or vary such conditions.

(7) Where the Board decides to withdraw consent given to a doctor under this paragraph, it shall so far as is reasonably practicable, give the doctor not less than 30 days' notice of the date on which the Board's decision is to come into effect; but the Board may dispense with such notice if it is satisfied that it is in the interests of patients to do so.

(8) A doctor may appeal to the Secretary of State against the refusal of consent or the imposition of a condition or against withdrawal of consent or variation of conditions under this paragraph by sending to him notice of appeal within 30 days from the date on which the Board notifies the doctor of its decision.

(9) In determining an appeal under this paragraph the Secretary of State may substitute for the Board's decision such decision and conditions as he thinks fit.

20.—(1) A doctor shall not engage another doctor as a deputy, or employ one as an assistant (other than as a trainee general practitioner), unless the other doctor—

- (a) is suitably experienced within the meaning of section 21 of the Act (other than by virtue of being a restricted services principal); or
- (b) has the acquired right specified in regulation 5(1)(d) of the Vocational Training for General Medical Practice (European Requirements) Regulations 1994.

(2) A doctor shall from time to time, and at any time when there are grounds for doing so, take reasonable steps to satisfy himself that a deputising service with which he has entered into arrangements for the provision of any deputy continues to comply with the agreement referred to in paragraph 19(1)(a).

(3) If the Board so requests, a doctor shall furnish it with evidence that such a deputising service is continuing to comply with that agreement.

21.—(1) Nothing in paragraphs 18, 19 and 20 requires a doctor to terminate or vary any existing contract of employment or contract for services, or any existing arrangement he has with a deputising service, before he has the right to do so under the terms of the contract or arrangement.

- (2) In paragraph (1), "existing" means existing on 1st January 1995.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Employees

22.—(1) A doctor, before employing any person to assist him in the provision of general medical services, shall take reasonable care to satisfy himself that the person in question is both competent and suitably qualified to discharge the duties for which he is to be employed.

(2) The duty imposed by sub-paragraph (1) is in addition to the duty imposed by paragraph 19(1) so far as it relates to assistants.

(3) When considering the competence and suitability of any person for the purpose of sub-paragraph (1) a doctor shall have regard, in particular, to—

- (a) that person's academic and vocational qualifications;
- (b) that person's training and his experience in employment;
- (c) any guidance issued by the Board in accordance with regulation 38.

(4) A doctor shall afford to each employee reasonable opportunities to undertake appropriate training with a view to maintaining that employee's competence.

Arrangements at practice premises

23.—(1) A doctor shall—

(a) provide proper and sufficient accommodation—

- (i) at his practice premises, having regard to the circumstances of his practice, and
- (ii) at any other premises at which the Board, in accordance with paragraph 27, has agreed he may treat his patients; and

(b) on receipt of a written request from the Board, allow inspection of those premises at a reasonable time by a member or officer of the Board or the Area Medical Committee or both, authorised by the Board for the purpose.

(2) The accommodation referred to in sub-paragraph (1) shall not except with the consent of the Board or, on appeal, of the Secretary of State, be in premises occupied by a pharmacist.

(3) Where a doctor proposes to cease to practise at an address in respect of which he is included in the medical list, he shall inform the Board whether or not in the event of consent being given, he would propose to give notice under regulation 21(10) for the removal of the persons who would attend for treatment at that address. Approval may be given subject to such conditions as seem necessary to the Board or in the case of appeal, the Secretary of State, to enable the doctor to carry out his obligations under these terms of service and to a condition that the doctor inform his patients, at his own expense, of any special arrangements for the conduct of his practice or of any changes in his practice arrangements.

(4) A doctor shall obtain the approval of the Board (who shall consult the Area Medical Committee) or, on appeal, the Secretary of State to the introduction of an appointment system.

(5) Without prejudice to sub-paragraph (4) a doctor who succeeds to a practice where an appointment system is in force shall be required only to notify the Board that he intends to continue to operate an appointment system.

(6) A doctor whose name is included in the medical list shall notify the Board in writing of any change in his place of residence not later than 30 days after such change takes place.

Doctors' availability to patients

24.—(1) Any doctor whose name is included in a medical list shall—

- (a) be available normally at such times and places as, following an application by the doctor, the Board shall approve after consultation with the Area Medical Committee, or, on appeal

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- the Secretary of State shall determine in his case, in accordance with the requirements of the following provisions of this paragraph; and
- (b) inform his patients about his availability in such manner as the Board may require in accordance with sub-paragraph (16).
- (2) Subject to sub-paragraphs (3), (4), (5) and (6), a Board shall not approve any application submitted by a doctor in relation to the times at which he is to be available unless it is satisfied that—
- (a) the times proposed are such that the doctor will be available normally—
 - (i) in 42 weeks in any period of 12 months;
 - (ii) for no less than the number of hours in any such week which are specified in the condition in relation to him under regulation 15; and
 - (iii) on 5 days in any such week; and
 - (b) the hours for which the doctor will be available normally in any week are to be allocated between the days on which he will be available normally in that week in such a manner as is likely to be convenient to his patients;
 - (c) where the doctor is a three-quarter-time doctor or a half-time doctor, he is practising in partnership with—
 - (i) another doctor whose name is included in the medical list and who is himself a full-time doctor; or
 - (ii) two job-sharing doctors whose names are included in the medical list and whose hours are aggregated for the purpose of head (d) of this sub-paragraph;
 - (d) where the doctor is a job-sharing doctor—
 - (i) he is practising in partnership with another doctor whose name is included in the medical list, and
 - (ii) the hours for which both doctors will be available normally will in aggregate be not less than 26 hours in any week referred to in head (a)(i) of this sub-paragraph.
- (3) On any application made pursuant to sub-paragraph (1) by a three-quarter-time doctor or a half-time doctor—
- (a) head (a)(iii) of sub-paragraph (2) shall not apply; and
 - (b) any approval of the application shall be subject to the condition that the approval shall lapse after the expiry of a period of 6 months from the date on which that doctor ceases to satisfy sub-paragraph (2)(c).
- (4) On any application made pursuant to sub-paragraph (1) by a job-sharing doctor—
- (a) head (a)(iii) of sub-paragraph (2) shall apply so as to require either the job-sharing doctor or the other doctor referred to in sub-paragraph (2)(d) to be available normally on each of the days mentioned in that head; and
 - (b) any approval of the application shall be subject to the condition that the approval shall lapse after the expiry of a period of 6 months from the date on which the doctor ceases to satisfy sub-paragraph (2)(d).
- (5) On any application made pursuant to sub-paragraph (1) by a doctor who is a restricted list principal or a restricted services principal, sub-paragraph (2)(a)(i) and (iii), (c) and (d) shall not apply.
- (6) The Board may, in relation to the application of any full-time doctor who seeks to be available normally on only 4 days in any week referred to in sub-paragraph (2)(a)(i), excuse the doctor from the requirement of head (a)(iii) of that sub-paragraph and approve the application to the extent allowed by paragraph 25.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(7) In this paragraph and in paragraphs 25 and 26, “available” means, in relation to a doctor, available to provide general medical services to his patients, and for the purposes of calculating the times at which the doctor is to be regarded as available—

- (a) account may be taken of any period when the doctor is attending at his practice premises or at any clinic provided by him for his own patients, and of any time spent when he is making a domiciliary visit; but
- (b) no account shall be taken of time spent by the doctor when he is holding himself in readiness to make a domiciliary visit if required by any patient;

and “availability” shall be construed accordingly.

(8) An application by a doctor in relation to any place at which he is to be available shall not be approved by the Board unless it is satisfied that the place at which the doctor proposes to be available normally is likely to be convenient to his patients.

(9) An application for approval pursuant to sub-paragraph (1) shall be made in writing to the Board and shall—

- (a) include the information specified in Part I of Schedule 6; and
- (b) where appropriate, also include—
 - (i) in the case of a doctor to whom sub-paragraph (3) applies, the additional information specified in Part II of that Schedule,
 - (ii) in the case of a doctor to whom sub-paragraph (4)(a) applies, the additional information specified in Part III of that Schedule.

(10) The Board shall decide an application under sub-paragraph (1) within 30 days of receiving it.

(11) In deciding upon any application, the Board shall either—

- (a) grant approval;
- (b) grant approval subject to such conditions as the Board sees fit to impose for the purpose of securing that the doctor is available at such times and places as are convenient to his patients; or
- (c) refuse approval.

(12) The Board shall notify the doctor in writing of its decision, and, where it refuses an application or grants an application subject to conditions, it shall send the doctor a statement in writing of the reasons for its decision and of the doctor’s right of appeal under sub-paragraph (13).

(13) A doctor may within 30 days of receiving a notification pursuant to sub-paragraph (12) appeal in writing to the Secretary of State against any refusal of approval or against any condition imposed pursuant to sub-paragraph (11)(b).

(14) The Secretary of State may, when determining the appeal, either confirm the decision of the Board or substitute his own determination for the decision of the Board.

(15) The Secretary of State shall give written notice to the doctor of his determination and of his reasons therefor.

(16) The Board may, as it considers appropriate, require a doctor to inform his patients, either by displaying a notice in his waiting room or by sending notices to them, about the times and places at which he is available.

Doctors available for only 4 days a week

25.—(1) Subject to sub-paragraph (3), where the Board is satisfied that, by reason of a doctor’s participation in health-related activities (other than the provision of general medical services to his patients) he would be likely to suffer an unreasonable degree of inconvenience if paragraph 24(2)

(a)(iii) applied in his case, it may give its approval for the doctor to be available normally on only 4 days in any week referred to in sub-paragraph (2)(a) of that paragraph.

(2) For the purposes of sub-paragraph (1), “health-related activities” means activities connected with—

- (a) the organisation of the medical profession or the training of its members;
- (b) the provision of medical care or treatment;
- (c) the improvement of the quality of such care or treatment; or
- (d) the administration of services under Part I of the Act, or of arrangements pursuant to section 19 of the Act for the provision of general medical services,

and in reaching a decision as to whether any activity is a health-related activity, the Board shall have regard to the illustrative list in Part IV of Schedule 6.

(3) The Board shall not give its approval in accordance with sub-paragraph (1) if, in its opinion—

- (a) the effectiveness of the doctor’s services to his patients is likely to be significantly reduced; or
- (b) his patients are likely to suffer significant inconvenience,

by reason of the doctor’s having been relieved from the requirements of paragraph 24(2)(a)(iii).

Variation of doctors' availability to patients

26.—(1) A doctor may apply to a Board for a variation of the times and places at which, in accordance with a determination under paragraph 24 (“the earlier determination”), he is required to be available normally, and sub-paragraphs (2) to (15) of that paragraph shall apply for the making and determination (“the subsequent determination”) of an application under this paragraph as if it were the first application by that doctor for the purposes of this paragraph.

(2) Where an application made under sub-paragraph (1) is approved or is approved subject to conditions, for the purposes of sub-paragraphs (1) and (16) of paragraph 24 the earlier determination shall cease to have effect and the subsequent determination shall have effect instead—

- (a) where the subsequent determination is made by a Board and no appeal is made from that determination, from the day falling 60 days after the date on which the doctor receives notification of that Board’s determination;
- (b) where the subsequent determination is made on appeal, from the day falling 60 days after the date on which the doctor receives notification of the Secretary of State’s determination.

(3) Where it appears to a Board that a doctor’s hours of availability are allocated for the purposes of paragraph 24(2)(b) in a manner which may no longer be convenient to his patients, it may, subject to sub-paragraph (10), review the terms of—

- (a) any approval granted under sub-paragraph (11)(a) or (b) of paragraph 24; or
- (b) any direction given under sub-paragraph (9)(a),

by the Board or the Secretary of State as to such allocation.

(4) On any review under sub-paragraph (3) the Board shall—

- (a) give notice to the doctor of its proposed re-allocation of his hours of availability; and
- (b) allow him 30 days within which to make representations to that Board about its proposals.

(5) After considering any representations made in accordance with sub-paragraph (4)(b), the Board shall either—

- (a) direct the doctor to revise the allocation of his hours of availability in the manner specified in the direction; or

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(b) confirm that the existing allocation of the doctor's hours of availability continues to be convenient to his patients.

(6) A Board shall notify the doctor in writing of its determination under sub-paragraph (5), and where it gives a direction under head (a) of that sub-paragraph, it shall include with the notice a statement in writing of the reasons for its determination and of the doctor's right of appeal under sub-paragraph (7).

(7) A doctor may, within 30 days of receiving notification under sub-paragraph (6), appeal in writing to the Secretary of State against a direction under sub-paragraph (5)(a).

(8) Without prejudice to the generality of sub-paragraph (1), sub-paragraphs (14) and (15) of paragraph 24 shall apply to any appeal made under sub-paragraph (7).

(9) A doctor in respect of whom a direction is given under sub-paragraph (5) shall revise the allocation of his hours of availability so as to give effect to the direction—

(a) where the direction is given by a Board and no appeal is made, not later than 60 days after the date on which he receives notification under sub-paragraph (6);

(b) where the direction is given or confirmed on appeal, not later than 60 days after the date on which he receives notification of the Secretary of State's decision,

and the allocation of hours as so revised shall be regarded as having been approved for the purposes of sub-paragraphs (1) and (15) of paragraph 24.

(10) No Board shall undertake a review under sub-paragraph (3) on more than one occasion in any period of 2 years.

Availability to patients outside normal hours

27.—(1) Subject to the provisions of this paragraph, a doctor may apply to the Board for approval to treat patients at premises other than his practice premises outside the hours for which he is normally available pursuant to paragraph 24 (in this paragraph referred to as "normal hours").

(2) An application under sub-paragraph (1) shall be made in writing and shall state the address of the premises.

(3) An application under sub-paragraph (1) shall not be approved by the Board unless it is satisfied that—

(a) having regard to the fact that the premises are for the treatment of patients outside normal hours and to all other relevant circumstances, the premises to which the application relates are likely to be reasonably convenient to the doctor's patients; and

(b) the location of those premises is in accordance with any condition imposed in relation to the doctor making the application pursuant to section 23(4)(b)(**28**) of the Act (distribution of general medical services).

(4) Sub-paragraphs (1) to (16) of paragraph 24 shall apply to an application under sub-paragraph (1) of this paragraph as they apply to an application under paragraph 24(1).

(5) Where the Board determines an application under sub-paragraph (1) by granting approval (with or without conditions), the doctor shall inform his patients by displaying a notice at his practice premises, stating the address of the premises for which approval has been granted.

(6) A doctor may apply to the Board for a variation of any approval granted under this paragraph, and any such application shall be made and determined as if it were the first application for the purposes of this paragraph.

(28) Section 23(4) was amended by the 1990 Act, section 39(3).

(7) Where it appears to the Board that premises which it has approved under this paragraph may no longer be reasonably convenient to the doctor's patients, it may give notice to the doctor that it proposes to review the terms of the approval.

(8) On any review under sub-paragraph (7), the Board shall allow the doctor a period of 30 days beginning with the date on which he receives the notice within which to make representations to the Board about its proposals.

(9) After considering any representations made in accordance with sub-paragraph (8), the Board may determine to—

- (a) continue its approval;
- (b) continue its approval subject to such new or varied conditions as it sees fit to impose; or
- (c) withdraw its approval.

(10) The Board shall notify the doctor in writing of its determination under sub-paragraph (9); and where it determines to withdraw its approval or to continue it subject to new or varied conditions, it shall include with the notice a statement in writing of the reasons for its determination and of the doctor's right of appeal under sub-paragraph (11).

(11) A doctor may, within the period of 30 days beginning with the date on which he receives the notice referred to in sub-paragraph (10), appeal in writing to the Secretary of State against the withdrawal of approval or against any condition imposed pursuant to sub-paragraph (9); and sub-paragraphs (14) and (15) of paragraph 24 shall apply to any such appeal as they apply to an appeal under that paragraph.

Practice area

28.—(1) Subject to sub-paragraph (2) a doctor may at any time with the consent of the Board or, on appeal, the Secretary of State alter the extent of his practice area.

(2) A doctor shall not, contrary to any condition imposed by the Medical Practices Committee, or, on appeal, the Secretary of State under section 23(4) or 23(5), as the case may be, of the Act, extend his practice area or open practice premises in any area or part of an area where, at the time of his application to open such premises, the Medical Practices Committee is of the opinion that the number of doctors undertaking to provide general medical services in that area or part is already adequate.

Prescribing and dispensing

29.—(1) A doctor shall supply any drugs, not being a scheduled drug, or appliances for the immediate treatment of a patient if such treatment is necessary before a supply can be obtained otherwise, and he may supply any other drug, not being a scheduled drug, which he administers in person, or an appliance listed in the Drug Tariff or a pessary which is an appliance.

(2) A doctor, who is required by the Board to supply drugs and appliances under regulation 34 to a patient, in the course of treating that patient under these terms of service—

- (a) shall, subject to paragraph 31, record on a prescription form completed in accordance with paragraph 30(2), an order for supply of any drugs or appliances which are needed for the treatment of that patient, but shall not be required to issue that form to that patient;
- (b) shall supply those drugs and appliances for that patient under regulation 34 but—
 - (i) shall not supply under regulation 34 for that patient any scheduled drug except that, where he has ordered a drug which has an appropriate non-proprietary name either by that name or by its formula, he may supply a drug which has the same specification notwithstanding that it is a scheduled drug (but, in the case of a drug which combines more than one drug, only if the combination has an appropriate non-proprietary name);

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) shall supply under regulation 34 for that patient a drug specified in Schedule 11 only where the conditions in paragraph 31 are satisfied;
 - (c) may supply for that patient with his consent, in respect of that treatment but otherwise than under regulation 34, any scheduled drug.
- (3) A doctor shall comply with any arrangements made by the Secretary of State, or made by the Board after consultation with the Area Medical Committee and the Area Pharmaceutical Committee and approved by the Secretary of State, under which he may obtain and have available any drugs or appliances which he is required or entitled to supply in terms of this paragraph.
- (4) A drug supplied by a doctor unless administered in person shall be supplied in a suitable container.

30.—(1) Subject to paragraphs 29 and 31 a doctor shall order any drugs or appliances which are needed for the treatment of any patient to whom he is providing treatment under these terms of service by issuing for that patient a prescription form, and such a form shall not be used in any other circumstances.

(2) A prescription form shall be signed by the doctor with his own hand and shall not be written in such a manner as to necessitate reference on the part of the person supplying the drugs or appliances to a previous order, and in the case of an appliance which requires to be of a size suitable for the individual patient shall include the necessary measurements. A separate prescription form shall be used for each patient.

(3) In a case of urgency a doctor may request a pharmacist to dispense a drug, or an appliance, before a prescription form is issued, only if—

- (a) that drug is not a scheduled drug;
- (b) that drug is not a controlled drug within the meaning of the Misuse of Drugs Act 1971⁽²⁹⁾ other than a drug which is for the time being specified in Schedule 5 to the Misuse of Drugs Regulations 1985⁽³⁰⁾; and
- (c) in any case, the doctor undertakes to furnish the pharmacist, within 72 hours, with a prescription form completed in accordance with sub-paragraphs (1) and (2).

31.—(1) In the course of treating a patient to whom he is providing treatment under these terms of service, a doctor shall not order on a prescription form a scheduled drug, but may with the consent of the patient otherwise prescribe such a drug or other substance for that patient in the course of that treatment.

(2) In the course of treating such a patient, a doctor shall not order on a prescription form a drug specified in Schedule 11 unless—

- (a) that patient is a person mentioned in column 2 of that entry; and
- (b) that drug is prescribed for that patient only for the purpose specified in column 3 of that entry; and
- (c) the doctor endorses the face of that form with the reference “SLS”, but may with the consent of the patient otherwise prescribe such a drug for that patient in the course of that treatment.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations consolidate, with amendments, those provisions of the National Health Service (General Medical and Pharmaceutical Services) (Scotland) Regulations 1974 (“the 1974 Regulations”) which relate to general medical services. The provisions of the 1974 Regulations which relate to pharmaceutical services are consolidated in the National Health Service (Pharmaceutical Services) (Scotland) Regulations 1995 (S.I. 1995/414). The 1974 Regulations and all subsequent amendments are revoked by regulation [13] and Schedule [5] to the National Health Service (Pharmaceutical Services) (Scotland) Regulations 1995. These Regulations therefore regulate the terms on which general medical services are provided under the National Health Service (Scotland) Act 1978.

The principal changes effected by these Regulations are:—

- (a) to rationalise various time limits applicable under the existing Regulations; in some cases time limits have been extended to allow more time for the relevant requirements to be met; and
- (b) the removal of the right of a Health Board to vary the terms of service for doctors.

These Regulations also make a number of minor or consequential drafting amendments.
