6. A society which applies for authorization under section 9 of the Act shall upon making such application pay to the Commission a fee of £1,400 in respect of the exercise of the Commission's functions under that section.

Fees in respect of mergers of societies

7.—(1) Subject to paragraph (3) below, a society which proposes to merge with another society, and

shall upon making such application pay to the Commission a fee determined in accordance with paragraph (2) below in respect of the Commission's functions in relation to the application and any functions it may exercise subsequently under section 95 of the Act with respect to the proposed merger.

(2) The sum payable under paragraph (1) above shall be, where one of the societies concerned in the proposed merger is for the purposes of section 95 of the Act of disproportionate size to the other, £7,900 and in any other case £11,300 but a society which on making such application pays a fee of £4,200 in the case where one of the societies is of disproportionate size to the other, or £7,600 in any other case, shall not be required to pay the remaining £3,700 unless and until the Commission gives notice pursuant to paragraph 9(1)(b) of Schedule 16 to the Act to the society of its determination under paragraph 9(1)(a) of Schedule 16 to the Act.

(3) In any case where the Commission considers that the proposed merger would be expedient for the purpose of protecting the investments of the shareholders or depositors with any society proposing to amalgamate with another or transfer its engagements to another society, the Commission may in respect of the proposed merger waive payment of or reduce the fee payable by any or all of the societies concerned pursuant to paragraph (1) above by notifying any society in respect of which the fee is waived or reduced of such waiver or as the case may be of the reduced fee to be paid in respect of the society's application and where the fee is so reduced the sums payable on application and upon the notice referred to in paragraph (2) above shall be such as may be notified by the Commission to the society.

Fees in respect of transfers of business to commercial companies

8.—(1) Subject to paragraph (5) below a society which applies for approval of a transfer statement under paragraph 4(2) of Schedule 17 to the Act in connection with a proposed transfer of business shall upon making such application, other than an application to which paragraph (2) below applies, pay to the Commission a fee of £260,000 in respect of the Commission's relevant functions.

(2) Subject to paragraph (5) below a society which has applied for approval of a transfer statement under paragraph 4(2) of Schedule 17 to the Act in connection with a proposed transfer of business, and which makes a further application for approval of such a statement in connection with the transfer to the same successor but where any term of the proposed statement differs from the original proposed statement, shall upon making any such second or subsequent application pay to the Commission a further fee of £47,000 in respect of the Commission's relevant functions. Provided that the Commission may waive such further fee or reduce it where the society satisfies the Commission that the differences, as between the second or subsequent proposed statement and the terms of the transfer to which it relates and the proposed statement and terms of transfer to which the last preceding application related, are not substantial.

(3) Subject to paragraphs (4) and (5) below a society which applies for confirmation of a proposed transfer of business and its terms pursuant to section 97(4)(d) of the Act shall upon making such application pay to the Commission a fee of £119,000 in respect of the Commission's functions in relation to the application and any functions it may exercise subsequently under section 97 of the Act and the applicable provisions of the Act (as referred to in that section) with respect to the proposed transfer of business.

(5) In any case where the successor to which a society proposes to transfer its business is an existing company and the Commission considers that the proposed transfer would be expedient for the purpose of protecting the investments of the shareholders and depositors the Commission may waive payment of or reduce the fee payable pursuant respectively to paragraph (1), (2) or (3) above by notifying the society of such waiver or as the case may be of the reduced fee to be paid in respect of approval of a proposed transfer statement or of a second or subsequent proposed transfer statement or confirmation of the transfer, or any of them, as the case may be, and where the fee payable in respect of confirmation is reduced, the sums payable upon application and upon the notice referred to in paragraph (4) above shall be such as may be notified by the Commission to the society.

(6) In paragraphs (1) and (2) above, "the Commission's relevant functions" means the Commission's functions in relation to the application and any functions (other than functions in relation to a further application for which a further fee is payable) which it may exercise subsequently under section 97 of the Act and the applicable provisions of the Act (as referred to in that section) with respect to the proposed transfer of business, prior to an application pursuant to section 97(4)(d) of the Act.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations supersede the Building Societies (General Charge and Fees) Regulations 1995 (“the 1995 regulations”), which are revoked. They provide for a general charge to be paid by authorised building societies towards the expenses of the Building Societies Commission. The charge is levied with respect to the Commission’s accounting year beginning on 1st April 1996 and ending on 31st March 1997 and is expected to raise £3.5 million in aggregate. This is about 10 per cent lower than the aggregate raised in 1995–96 as a result of a estimated surplus to be carried forward into 1996–97. Each society is required to pay a sum of £2,500 plus a sum equal to 0.00128 per cent of its assets, up to £30,000 million, and 0.00064 per cent of its assets above that amount, or in the case of a society formed by a recent amalgamation, a sum of £5,000 plus a sum equal to the same percentage of the aggregated value of the uniting societies. As the amount payable by each society is determined by the total assets of that society, and charges overall are reduced by 10 per cent, most societies will pay a reduced charge, but the effect on individual societies will depend on their asset growth over the relevant financial year.

The Regulations also provide for fees to, be paid in respect of particular functions of the Building Societies Commission in relation to mergers of societies and transfers of business to commercial companies and of the Central Office of the Registry of Friendly Societies under the Building Societies Act 1986, and fees to be paid by persons wishing to inspect or receive copies of documents in the custody of the Central Office. Fees have been increased on average by 3.5 per cent.

The Regulations also revoke the Building Societies (General Charge and Fees) Regulations 1995.
