(2) For the purposes of this regulation, “year” means an accounting period of the club.

(3) But where the club’s accounting period is shorter than 12 months the limit in paragraph (1) is proportionately reduced.

(4) If a club is a registered club for only part of an accounting period, this regulation has effect as if that part were a separate accounting period.

(5) An individual is only regarded as a person paid to play for a club (“a paid player”) if conditions A to E (see regulation 12) are met.

(6) The amounts paid to paid players are to be calculated in accordance with regulation 13.

Paid players

12.—(1) Condition A is that the individual is paid to play an eligible sport for the club.

(2) Condition B is that all amounts paid to the player to play for the club—

- (a) are agreed on an arm’s length basis, or
- (b) if not agreed on an arm’s length basis, are agreed in circumstances where the features of the agreement which cause it to be otherwise than on an arm’s length basis, when taken together, are more advantageous to the club than if the agreement had been on an arm’s length basis.

(2) Amounts paid to a paid player means any amounts paid to the player for playing for the club which would be—

- (a) earnings within Chapter 1 of Part 3 of ITEPA 2003⁽¹⁰⁾, or
- (b) treated as earnings under Chapters 2 to 11 of Part 3 of ITEPA 2003 (the benefits code)⁽¹¹⁾.

(3) Amounts paid to a paid player to play for the club include payments made in respect of the following—

- (a) training for the purposes of playing an eligible sport, and
- (b) travel for the purposes of playing or training for an eligible sport.

(4) But amounts paid to a player do not include the reimbursement of reasonable and necessary travel or subsistence expenses referred to in section 660(4)(g) of CTA 2010.

(5) Amounts paid to a paid player include any payments made pursuant to an agreement or understanding (whether or not legally enforceable).

(6) For the purposes of this regulation the paid player is to be treated as employed to play for the club and the provisions of ITEPA 2003 referred to in paragraph (2) are to apply accordingly.

Travel and subsistence

(2) In this regulation, a “reasonable daily journey” means one where the total travel time to and from the match from the club base is no more than four hours.

(3) In paragraph (2), the “club base” is the address for the club registered with Her Majesty’s Revenue and Customs under section 658 of CTA 2010.

(4) Travel and subsistence expenses incurred in connection with away matches are neither necessary nor reasonable for the purposes of section 660(4)(g) of CTA 2010 unless the main purpose of the match or matches is the promotion of, and participation in, an eligible sport.

PART 5

(2) Where an event planned by the club is cancelled due to extreme circumstances outside the club’s control then planned participation in that event is deemed to be participation.

Occasional participation in the sporting activities of the club

17.—(1) For the purposes of section 660A(2) of CTA 2010, a member participates only occasionally in the sporting activities of the club in an accounting period if that member does not meet the participation threshold for that accounting period.

EXPLANATORY NOTE

(This note is not part of the Regulations)

A sports club may be registered by HMRC as a Community Amateur Sports Club (CASC) provided it meets certain conditions. These Regulations make further provision about those conditions. CASCs benefit from a number of tax reliefs, including an exemption from tax on certain income and gains (provided the club uses the income and gains for qualifying purposes), Gift Aid and non-domestic rates relief.

Regulations 2, 3 and 4 amend Chapter 9 of Part 13 of the Corporation Tax Act 2010 (c. 4) (“the CTA 2010”) to introduce a new condition restricting the amount of trading and property income a club can receive. These regulations are to be treated as having effect on or after 1st April 2010. The power to make provision having effect in relation to times before the Regulations are made is contained in paragraph 8(3)(c) of Schedule 21 to the Finance Act 2013 (c.29).

Regulations 5 to 9 make provision about the costs associated with membership of a club and membership fees. Regulations 5 and 7 to 9 are to be treated as having effect on or after 1st April 2010. The power to make provision having effect in relation to times before the Regulations are made is contained in section 659(2C)(b) of the CTA 2010.

Regulation 10 makes minor amends to section 660 of the CTA 2010 which sets out when a club is “organised on an amateur basis” for the purposes of section 658.

Regulations 11 to 13 make provision about the total amount a club may pay to persons paid to play for the club in any year and are treated as having effect on or after 1st April 2010. The power to make provision having effect in relation to times before the Regulations are made is contained in section 660(12)(b) of the CTA 2010.

Regulation 14 makes provision about travel and subsistence expenses for the purposes of section 660(4)(g) of the CTA 2010.

Regulations 15 to 19 make provision about when a club is not to be regarded as a club that has as its main purpose the provision of facilities for, and the promotion of participation in, one or more eligible sports because the percentage of its members who are social members exceeds a specified percentage. Regulation 15 provides that the specified percentage of social members for the purposes of section 660A(1) of the CTA 2010 is 50%. Regulation 16 makes provision about the circumstances in which a member is to be regarded as participating in the sporting activities of a club and regulation 17 defines what is meant by occasional participation. Regulations 18 and 19 provide for apportionment of the participation threshold in regulation 17 where a person is a member of a club for only part of an accounting period or a club is only open for part of an accounting period. Where a club chooses to apportion the participation threshold in accordance with regulation 19, the limits on costs associated with membership and membership fees in regulations 5(1) and 6 are reduced by reference to the number of weeks the club is open. Regulations 15 to 19 are to be treated as having effect on or after 1st April 2010. The power to make provision having effect in relation to times before the Regulations are made is contained in section 660A(4)(b) of the CTA 2010.
