 - (a) determine the maximum number of principal stage bids for 2.3 GHz lots, if any, each bidder may make in any round (the “2.3 GHz bid limit”) in accordance with paragraph (2); and
 - (b) notify each bidder of its 2.3 GHz bid limit.
- (2) The 2.3 GHz bid limit for a bidder shall be—
 - (a) zero bids for 2.3 GHz lots, where the total in MHz of that bidder's recorded immediately useable spectrum holdings is greater than 245 MHz;
 - (b) one bid for a 2.3 GHz lot, where the total in MHz of that bidder's recorded immediately useable spectrum holdings is greater than 235 MHz but less than or equal to 245 MHz;
 - (c) two bids for 2.3 GHz lots, where the total in MHz of that bidder's recorded immediately useable spectrum holdings is greater than 225 MHz but less than or equal to 235 MHz;
 - (d) three bids for 2.3 GHz lots, where the total in MHz of that bidder's recorded immediately useable spectrum holdings is greater than 215 MHz but less than or equal to 225 MHz; or
 - (e) four bids for 2.3 GHz lots, where the total in MHz of that bidder's recorded immediately useable spectrum holdings is equal to or less than 215 MHz.
- (3) A bidder's 2.3 GHz bid limit shall not change during the principal stage.
- (4) The 2.3 GHz bid limit may be different for each bidder.

Determination of overall bid constraints

- 21.**—(1) Before the first principal stage round OFCOM shall—
- (a) determine for each bidder; and
 - (b) notify to each bidder an overall bid constraint.
- (2) The overall bid constraint may be different for each bidder.
- (3) The overall bid constraint shall be expressed as a number of frequencies in MHz and shall be calculated in accordance with paragraphs (4) and (5).
- (4) The number referred to in paragraph (3) shall be calculated in accordance with the formula $340 \text{ MHz} - z$ rounded down to the nearest multiple of 5 MHz, where z is the total in MHz of the bidder's recorded overall spectrum holdings.
- (5) Where the number of MHz resulting from the calculation referred to in paragraph (4) is higher than 190 MHz, the number shall be 190 MHz and not that higher number.
- (6) A bidder's overall bid constraint shall not change during the principal stage.

PART 4

Award process

Principal stage, assignment stage and grant stage

22.—(1) The process for the award of licences shall consist of the procedure set out in Part 6 (“principal stage”), the procedure set out in Part 7 (“assignment stage”) and the procedure set out in Part 8 (“grant stage”).

(2) During the principal stage, OFCOM shall determine the total number of 2.3 GHz lots and the total number of 3.4 GHz lots which each bidder wins, but not the particular numbered 2.3 GHz lots and particular numbered 3.4 GHz lots.

(3) Following completion of the principal stage, OFCOM shall determine the particular numbered 2.3 GHz lots and particular numbered 3.4 GHz lots that are to be assigned to the winning bidders in accordance with the procedure set out in the assignment stage.

(4) Following completion of the assignment stage, OFCOM shall grant licences authorising the use of the frequencies determined in accordance with the grant stage.

PART 5

Participation by the pre-existing licence holder

Participation by the pre-existing licence holder where it is a bidder and has applied for a replacement licence

23. Where the pre-existing licence holder is a bidder and has applied for a replacement licence—

- (a) it may not participate in the principal stage unless it has indicated that it will do so on the document that it submitted in accordance with regulation 7(3)(b); and
- (b) it will be deemed to be a winning bidder in respect of eight 3.4 GHz lots with an associated base price of zero pounds, without having made principal stage bids, in addition to any 3.4 GHz lots that it may have won as a result of making principal stage bids.

3.4 GHz lots available in the award process

24. The 3.4 GHz lots which are available in the award process shall be—

- (a) the 3.4 GHz lots numbered 1 to 14 and 19 to 34, if—
 - (i) the pre-existing licence holder is a bidder but did not apply for a replacement licence;
or
 - (ii) the pre-existing licence holder is not a bidder; or
- (b) the 3.4 GHz lots numbered 1 to 38, if the pre-existing licence holder is a bidder and did apply for a replacement licence.

PART 6

The principal stage

CHAPTER 1

Principal stage rounds, principal stage forms, principal stage bids and round prices

Principal stage rounds

- 25.**—(1) During the principal stage, there shall be one or more principal stage rounds.
- (2) A principal stage round shall begin and end at the times notified by OFCOM under regulation 54.
- (3) The number of principal stage rounds shall be determined by OFCOM in accordance with regulation 28.

Principal stage form

- 26.**—(1) OFCOM shall provide each bidder in the principal stage with a principal stage form.
- (2) Subject to paragraph (8), a bidder is not required to submit a principal stage form in respect of each principal stage round.
- (3) Where a bidder chooses to complete a principal stage form in respect of a principal stage round, that bidder must, on the principal stage form—
- (a) specify the number of principal stage bids for 2.3 GHz lots it wishes to make in that round;
 - (b) specify the number of principal stage bids for 3.4 GHz lots it wishes to make in that round;
 - (c) indicate whether it wishes to withdraw the standing high bid status of its bids for 2.3 GHz lots from consideration by OFCOM for the assignment of standing high bid status after the end of that round;
 - (d) indicate whether it wishes to withdraw the standing high bid status of its bids for 3.4 GHz lots from consideration by OFCOM for the assignment of standing high bid status after the end of that round; and
 - (e) indicate whether it wishes to carry forward its eligibility limit (as determined for that round) to the next round.
- (4) A principal stage form submitted by a bidder in a round is a valid principal stage form if—
- (a) the bidder has completed the form in accordance with paragraph (3);
 - (b) the bidder has submitted the form in accordance with regulation 59 or 60;
 - (c) the bidder has complied with regulations 43, 45, 46 and 49 in respect of any principal stage bids specified on the form;

- (5) A principal stage bid is a valid principal stage bid if it is specified on a valid principal stage form.
- (6) A withdrawal of standing high bid status is a valid withdrawal of standing high bid status if it is indicated on a valid principal stage form.

(7) Any request by a bidder to carry forward its eligibility limit is a valid request to carry forward its eligibility limit if it is indicated on a valid principal stage form.

(8) Any bidder in the principal stage which, in the first principal stage round, does not specify at least one valid principal stage bid shall be excluded from the award process and shall not receive a refund of any sums which the bidder has paid as a deposit under these Regulations, which shall (where not already forfeited) be forfeited together with any interest which has accrued on the deposit.

Principal stage bids

27.—(1) Each principal stage bid is a bid for the inclusion in a licence of one lot of a particular type at the round price for a lot of that type or, in the circumstances described in paragraph (2), at twice the round price for a lot of that type.

(2) The circumstances are where the principal stage bid becomes a winning principal stage bid after withdrawal of that bid's standing high bid status in accordance with regulation 39 or 40.

Number of principal stage rounds

28.—(1) After the end of each principal stage round, OFCOM shall determine whether there was a round event in that round in accordance with paragraph (4).

(2) Where OFCOM determine that there was no round event in that principal stage round there shall be no further principal stage rounds, and OFCOM shall determine the winning principal stage bids in accordance with regulation 37.

(3) Where OFCOM determine that there was a round event in that principal stage round, there shall be another principal stage round.

(4) There was a round event in a principal stage round where—

- (a) a bidder specified a valid principal stage bid in that round;
- (b) a bidder indicated a valid withdrawal of standing high bid status in that round; or
- (c) an eligibility event occurred in that round.

Round prices for the first principal stage round

29. For the first principal stage round—

- (a) the round price for each 2.3 GHz lot shall be ten million pounds; and
- (b) the round price for each 3.4 GHz lot shall be one million pounds.

Determination of round prices for subsequent principal stage rounds

30.—(1) For each subsequent principal stage round—

- (a) the round price for each 2.3 GHz lot shall be determined by OFCOM in accordance with regulation 31; and
- (b) the round price for each 3.4 GHz lot shall be determined by OFCOM in accordance with regulation 32.

(2) The round price shall be the same for each lot of the same type.

Round price for 2.3 GHz lots

31.—(1) The round price for each 2.3 GHz lot shall be the same as it was for the most recent round, except where paragraph (3) applies.

(2) Where paragraph (3) applies, the round price for each 2.3 GHz lot shall be higher than it was for the most recent round.

(3) This paragraph applies where, after the end of the most recent round, OFCOM assigned standing high bid status to four valid principal stage bids for 2.3 GHz lots at the round price of the most recent round.

Round price for 3.4 GHz lots

32.—(1) The round price for each 3.4 GHz lot shall be the same as it was for the most recent round, except where paragraph (3) applies.

(2) Where paragraph (3) applies, the round price for each 3.4 GHz lot shall be higher than it was for the most recent round.

(3) This paragraph applies where, after the end of the most recent round, OFCOM assigned standing high bid status to thirty valid principal stage bids for 3.4 GHz lots at the round price of the most recent round.

CHAPTER 2

Assignment of standing high bid status

Assignment of standing high bid status by OFCOM after the end of each principal stage round

33.—(1) After the end of each principal stage round, OFCOM shall assign standing high bid status to valid principal stage bids for 2.3 GHz lots and valid principal stage bids for 3.4 GHz lots in accordance with paragraphs (2) and (3).

(2) OFCOM shall assign standing high bid status for each lot type separately.

(3) OFCOM shall assign standing high bid status by—

- (a) first, identifying and ranking the bidders in accordance with regulation 34;
- (b) second, identifying and ranking the bids made by those bidders in accordance with regulation 35; and
- (c) third, assigning standing high bid status to those bids in accordance with regulation 36.

Process for assigning standing high bid status: ranking the bidders

34.—(1) For each lot type separately, OFCOM shall identify the bidders that fall into one of the following three categories such that—

- (a) the first category contains the bidders (if any) (“category one bidders”) which made valid principal stage bids for a lot of that type at the round price of the most recent round (whether made in the most recent round or in an earlier round);
- (b) the second category contains the bidders (if any) (“category two bidders”) which made valid principal stage bids for lots of that type in the latest round in which the bidder submitted bids for lots of that type satisfying the following conditions—
 - (i) the bids were made at a round price which was lower than the round price of the most recent round; and
 - (ii) all of the bids were assigned standing high bid status by OFCOM after the end of the previous round;
- (c) the third category contains the only bidder (if any) (“category three bidder”) which made valid principal stage bids for lots of that type in the latest round in which the bidder submitted bids for lots of that type satisfying the following conditions—

- (i) the bids were made at a round price which was lower than the round price of the most recent round;
 - (ii) some but not all of the bids were assigned standing high bid status by OFCOM after the end of the previous round; and
 - (iii) the standing high bid status of the bids was not withdrawn by the bidder in the most recent round in accordance with regulation 47.
- (2) For each lot type separately, OFCOM shall rank the bidders on a list (“bidder ranking list”) so that—
- (a) category one bidders appear above category two bidders and above any category three bidder;
 - (b) category two bidders appear above any category three bidder; and
 - (c) within each category, bidders are ranked in a random order.

Process for assigning standing high bid status: ranking the bids

35.—(1) For each lot type separately, OFCOM shall identify the relevant valid principal stage bids for each bidder included in the bidder ranking list.

- (2) The relevant valid principal stage bids are—
- (a) for category one bidders, all the valid principal stage bids for lots of that type made by the bidder in the latest round in which it submitted bids;
 - (b) for category two and category three bidders, all the valid principal stage bids for lots of that type made by the bidder which were assigned standing high bid status after the end of the previous round.

(3) For each lot type separately, OFCOM shall rank those bids on a list (“overall bid list”) so that all the relevant valid principal stage bids made by a bidder which is ranked higher on the bidder ranking list appear above the relevant valid principal stage bids made by a bidder which is ranked lower on the bidder ranking list.

Process for assigning standing high bid status: assigning standing high bid status to the bids

36.—(1) For each lot type separately, OFCOM shall assign standing high bid status to bids in the overall bid list by giving such status to bids in the order in which they appear in the list, starting from the top of the list.

(2) For each lot type separately, OFCOM shall assign standing high bid status to bids until each bid in the overall bid list has been assigned standing high bid status or until the number of bids to which OFCOM has assigned standing high bid status is equal to the number of lots of that type which are available in the award process (whichever happens first).

CHAPTER 3

Winning principal stage bids and determination of base price

Determination of the winning principal stage bids

37.—(1) Where OFCOM have determined in accordance with regulation 28 that there shall be no further principal stage rounds—

- (a) principal stage bids with standing high bid status shall become winning principal stage bids in accordance with regulation 38; and
- (b) principal stage bids in respect of which standing high bid status was withdrawn shall also become winning principal stage bids in accordance with regulations 39 or 40.

Bids with standing high bid status becoming winning principal stage bids

38.—(1) Principal stage bids with standing high bid status shall become winning principal stage bids if they are bids to which paragraph (2) applies.

(2) The bids to which this paragraph applies are—

- (a) the principal stage bids for 2.3 GHz lots to which OFCOM assigned standing high bid status after the end of the final principal stage round; and
- (b) subject to paragraph (3), the principal stage bids for 3.4 GHz lots to which OFCOM assigned standing high bid status after the end of the final principal stage round.

(3) Where a bidder has specified a 3.4 GHz minimum requirement and OFCOM has assigned standing high bid status to fewer principal stage bids for 3.4 GHz lots made by the bidder than its 3.4 GHz minimum requirement—

- (a) those bids for 3.4 GHz lots with standing high bid status will not become winning principal stage bids; and
- (b) there will be no winning bidder for the 3.4 GHz lots for which those bids were made.

2.3 GHz bids in respect of which standing high bid status was withdrawn becoming winning principal stage bids

39.—(1) Subject to paragraph (3), principal stage bids for 2.3 GHz lots in respect of which standing high bid status was withdrawn shall become winning principal stage bids for those lots in the circumstances described in paragraph (2).

(2) The circumstances are where—

- (a) following the principal stage round in which the standing high bid status of those bids was withdrawn, no bidder withdrew standing high bid status from bids for any 2.3 GHz lots; and
- (b) after the end of the final principal stage round, OFCOM does not assign standing high bid status to four principal stage bids for 2.3 GHz lots.

(3) The number of principal stage bids for 2.3 GHz lots which shall become winning principal stage bids under this regulation shall be the number calculated in accordance with paragraph (4).

(4) The number referred to in paragraph (3) shall be calculated in accordance with the formula (4-x), where x is the number of 2.3 GHz lots to which OFCOM assigned standing high bid status after the end of the final principal stage round.

3.4 GHz bids in respect of which standing high bid status was withdrawn becoming winning principal stage bids

40.—(1) Subject to paragraph (3), principal stage bids for 3.4 GHz lots in respect of which standing high bid status was withdrawn shall become winning principal stage bids for those lots in the circumstances described in paragraph (2).

(2) The circumstances are where—

- (a) following the principal stage round in which the standing high bid status of those bids was withdrawn, no bidder withdrew standing high bid status from bids for any 3.4 GHz lots; and
- (b) after the end of the final principal stage round, OFCOM does not assign standing high bid status to thirty principal stage bids for 3.4 GHz lots.

(3) The number of principal stage bids for 3.4 GHz lots which shall become winning principal stage bids under this regulation shall be the number calculated in accordance with paragraph (4).

(4) The number referred to in paragraph (3) shall be calculated in accordance with the formula (30-y), where y is the number of 3.4 GHz lots to which OFCOM assigned standing high bid status after the end of the final principal stage round.

(5) Principal stage bids for 3.4 GHz lots in respect of which standing high bid status was withdrawn, and which were made in the circumstances described in paragraph (2), shall become winning principal stage bids even if the number of 3.4 GHz lots associated with those winning principal stage bids is less than that bidder's 3.4 GHz minimum requirement.

Determination of base price

41.—(1) The base price for a 2.3 GHz lot for which a bidder made a bid that became a winning principal stage bid in accordance with regulation 38 (“2.3 GHz base price A”) will be a sum equal to the round price at which the winning bidder made that winning principal stage bid.

(2) The base price for a 3.4 GHz lot for which a bidder made a bid that became a winning principal stage bid in accordance with regulation 38 (“3.4 GHz base price A”) will be a sum equal to the round price at which the winning bidder made that winning principal stage bid.

(3) The base price for a 2.3 GHz lot for which a bidder made a bid that became a winning principal stage bid in accordance with regulation 39 (“2.3 GHz base price B”) will be a sum equal to twice the round price at which the winning bidder made that winning principal stage bid.

(4) The base price for a 3.4 GHz lot for which a bidder made a bid that became a winning principal stage bid in accordance with regulation 40 (“3.4 GHz base price B”) will be a sum equal to twice the round price at which the winning bidder made that winning principal stage bid.

Determination of total base price

42.—(1) A reference to a winning bidder's “total 2.3 GHz base price A” is a reference to that winning bidder's 2.3 GHz base price A multiplied by the number of 2.3 GHz lots won by that bidder in accordance with regulation 38.

(2) A reference to a winning bidder's “total 3.4 GHz base price A” is a reference to that winning bidder's 3.4 GHz base price A multiplied by the number of 3.4 GHz lots won by that bidder in accordance with regulation 38.

(3) A reference to a winning bidder's “total 2.3 GHz base price B” is a reference to that winning bidder's 2.3 GHz base price B multiplied by the number of 2.3 GHz lots won by that bidder in accordance with regulation 39.

(4) A reference to a winning bidder's “total 3.4 GHz base price B” is a reference to that winning bidder's 3.4 GHz base price B multiplied by the number of 3.4 GHz lots won by that bidder in accordance with regulation 40.

CHAPTER 4

Constraints for principal stage bids, withdrawals of standing high bid status and carrying forward an eligibility limit

SECTION 1

Constraints for principal stage bids

Maximum number of principal stage bids for 2.3 GHz lots and 3.4 GHz lots

43. In any principal stage round—

- (a) the number of principal stage bids for 2.3 GHz lots that a bidder may make shall not exceed that bidder's 2.3 GHz bid limit; and
- (b) the number of principal stage bids for 3.4 GHz lots that a bidder may make shall not exceed thirty.

Overall bid constraint rule

44.—(1) In addition to the limitations on bidding in regulation 43, in any principal stage round, the total frequencies associated with a bidder's principal stage form must not exceed the number of MHz for that bidder which is that bidder's overall bid constraint.

(2) The “total frequencies associated with a principal stage form” means, in relation to a bidder in a principal stage round, the total number of MHz which is the sum of A plus B where—

- (a) “A” is—
 - (i) where that bidder has specified on its principal stage form in that principal stage round that it wishes to make one or more principal stage bids for 2.3 GHz lots, the number of such bids multiplied by 10 MHz; or
 - (ii) where that bidder makes no new bids on its principal stage form in that principal stage round for 2.3 GHz lots—
 - (aa) the number of principal stage bids for 2.3 GHz lots made by that bidder which were assigned standing high bid status after the end of the most recent round, multiplied by 10 MHz; and
 - (bb) if no such principal stage bids for 2.3 GHz lots made by that bidder were assigned standing high bid status after the end of the most recent round, zero; and
- (b) “B” is—
 - (i) where that bidder has specified on its principal stage form in that principal stage round that it wishes to make one or more principal stage bids for 3.4 GHz lots, the number of such bids multiplied by 5 MHz; or
 - (ii) where that bidder makes no new bids on its principal stage form in that principal stage round for 3.4 GHz lots—
 - (aa) the number of principal stage bids for 3.4 GHz lots made by that bidder which were assigned standing high bid status after the end of the most recent round, if any, multiplied by 5 MHz; and
 - (bb) if no such principal stage bids for 3.4 GHz lots made by that bidder were assigned standing high bid status after the end of the most recent round, zero.

Number of principal stage bids following assignment of standing high bid status

45. A bidder which made principal stage bids to which OFCOM assigned standing high bid status after the end of the most recent round must (if making bids for lots of the same type in the next round) specify, on its principal stage form, a number of bids for lots (of that type) which—

- (a) is the same as or higher than the number of bids made by that bidder to which OFCOM assigned standing high bid status after the end of the most recent round, if the round price for lots of that type has increased from the most recent round; or
- (b) is higher than the number of bids made by that bidder to which OFCOM assigned standing high bid status after the end of the most recent round, if the round price for lots of that type has not increased from the most recent round.

3.4 GHz minimum requirement

46. Where a bidder has specified a 3.4 GHz minimum requirement, the number of principal stage bids for 3.4 GHz lots that bidder specifies on a principal stage form (if any) must be at least its 3.4 GHz minimum requirement.

SECTION 2

Withdrawal of Standing High Bid Status

Withdrawal of standing high bid status

47.—(1) In any principal stage round except the first one, a bidder may indicate on its principal stage form that it wishes to withdraw the standing high bid status of the bids which OFCOM assigned standing high bid status following the most recent round in accordance with this regulation.

(2) Where a bidder withdraws the standing high bid status of bids in a round, the bids which had such standing high bid status will not be considered by OFCOM for the assignment of standing high bid status after that round.

(3) A bidder may withdraw the standing high bid status of bids for one or both types of lot.

(4) Where a bidder withdraws the standing high bid status of bids for a type of lot, it shall withdraw the standing high bid status of all of its bids for that type of lot.

(5) A bidder may only withdraw the standing high bid status of bids for a type of lot in a principal stage round if each of the following applies—

- (a) following the end of the most recent round, OFCOM assigned standing high bid status to some but not all of the bidder's principal stage bids for lots of that type made in the latest round in which the bidder made bids for lots of that type;
- (b) the bidder makes no valid principal stage bids for lots of that type in the current round;
- (c) the bidder has not withdrawn the standing high bid status of bids for lots of either type on five previous occasions.

SECTION 3

Request by a bidder to carry forward its eligibility limit

Request by a bidder to carry forward its eligibility limit

48.—(1) In any principal stage round except the first one, a bidder may indicate on its principal stage form that it wishes to carry forward its eligibility limit (as determined for that round in accordance with regulation 50) to the next round if the conditions set out in paragraphs (2) to (4) are met.

(2) The first condition is that the bidder does not, in the current round, do any of the following—

- (a) specify a valid principal stage bid for 2.3 GHz lots on its principal stage form;
- (b) specify a valid principal stage bid for 3.4 GHz lots on its principal stage form; or
- (c) indicate a valid withdrawal of standing high bid status of any of its principal stage bids.

(3) The second condition is that the number of eligibility points used by the bidder in relation to the bidder's principal stage bids to which OFCOM assigned standing high bid status after the end of the most recent round is lower than the bidder's eligibility limit for the current round.

(4) The third condition is that carrying forward the eligibility limit would comply with the limit on the number of eligibility events set out in regulation 52(3).

CHAPTER 5

Eligibility

Eligibility rule

49.—(1) The number of eligibility points used by a bidder in a principal stage round, calculated in accordance with regulation 51, may not exceed that bidder's eligibility limit for that round, calculated in accordance with regulation 50.

(2) In this Chapter, a round in relation to which the number of eligibility points used is calculated is referred to as the “current round”.

Determination of a bidder's eligibility limit

50.—(1) A bidder's eligibility limit shall be the number determined by OFCOM—

- (a) for the first principal stage round, in accordance with regulation 18; and
- (b) for the second and each subsequent principal stage round, in accordance with paragraphs (2) and (3).

(2) In relation to the second and each subsequent principal stage round, the bidder's eligibility limit shall be equal to the number of eligibility points used by the bidder in the most recent round, except where an eligibility event occurred in the most recent round.

(3) In relation to each principal stage round where an eligibility event occurred in the most recent round, the bidder's eligibility limit shall be the same as its eligibility limit for the most recent round.

Eligibility points used by a bidder

51.—(1) The number of eligibility points used by a bidder in the current round shall be the number equal to the sum of the 2.3 GHz number calculated in accordance with paragraph (2) and the 3.4 GHz number calculated in accordance with paragraph (3).

(2) The 2.3 GHz number referred to in paragraph (1) is—

- (a) where the bidder has specified a number of principal stage bids for 2.3 GHz lots in the current round, the number of bids for 2.3 GHz lots in that round specified on that bidder's principal stage form, multiplied by four;
- (b) where the bidder has not specified any principal stage bids for 2.3 GHz lots in the current round, the number of bids for 2.3 GHz lots made by that bidder to which OFCOM assigned standing high bid status after the end of the most recent round and in respect of which the standing high bid status is not withdrawn by the bidder in the current round, multiplied by four; and
- (c) where the bidder has not specified any principal stage bids for 2.3 GHz lots in the current round and OFCOM did not assign standing high bid status after the end of the most recent round to any bids for 2.3 GHz lots made by that bidder, zero.

(3) The 3.4 GHz number referred to in paragraph (1) is—

- (a) where the bidder has specified a number of principal stage bids for 3.4 GHz lots in the current round, the number of bids for 3.4 GHz lots in that round specified on that bidder's principal stage form;
- (b) where the bidder has not specified any principal stage bids for 3.4 GHz lots in the current round, the number of principal stage bids for 3.4 GHz lots made by that bidder to which OFCOM assigned standing high bid status after the end of the most recent round and in respect of which the standing high bid status is not withdrawn by the bidder in the current round; and

- (c) where the bidder has not specified any principal stage bids for 3.4 GHz lots in the current round and OFCOM did not assign standing high bid status after the end of the most recent round to any bids for 3.4 GHz lots made by that bidder, zero.

Eligibility event

- 52.**—(1) An eligibility event has occurred in a round where—
- (a) a bidder indicated a valid request to carry forward its eligibility limit in the most recent round on its principal stage form; or
 - (b) the conditions set out in paragraph (2) apply.
- (2) The conditions are that—
- (a) the bidder did not, in the most recent round, submit a valid principal stage form;
 - (b) the number of eligibility points used by the bidder in relation to the bidder's principal stage bids to which OFCOM assigned standing high bid status after the end of the previous round is lower than the bidder's eligibility limit for the most recent round; and
 - (c) the limit on the number of eligibility events set out in paragraph (3) is not met.
- (3) For each bidder, an eligibility event may not occur on more than three occasions.
- (4) After the end of each principal stage round, except after the end of the final principal stage round, OFCOM will notify each bidder of the remaining number of occasions on which an eligibility event may occur in respect of that bidder.

CHAPTER 6

Deposit constraint

Deposit constraint on bidding

- 53.**—(1) Where, after the end of a principal stage round, OFCOM has notified a bidder under regulation 63(5) that it has not complied with the requirement to pay a further sum as a deposit, that bidder—
- (a) may not submit a principal stage form in the next principal stage round nor in any subsequent principal stage rounds; and
 - (b) may not submit an assignment stage form in the assignment stage round and shall be deemed to have made a valid assignment stage bid with a value of zero pounds for each of its assignment stage options.
- (2) Such a bidder is not excluded from the award process for that reason.
- (3) Any principal stage bids made by that bidder to which OFCOM has assigned standing high bid status after the end of the final principal stage round will become winning principal stage bids in accordance with regulation 38.
- (4) Any principal stage bids made by that bidder in respect of which standing high bid status was withdrawn will become winning principal stage bids in accordance with regulation 39 or 40 if, after the end of the final principal stage round, the circumstances described in regulation 39(2) or 40(2) apply.

CHAPTER 7

Information released during and following the principal stage

Notice to be given to bidders before each principal stage round

- 54.** Before the start of each principal stage round, OFCOM shall notify each bidder of—

- (a) the date on which, and the times on that date within which, the principal stage round will take place;
- (b) the round price for—
 - (i) a 2.3 GHz lot; and
 - (ii) a 3.4 GHz lot;

CHAPTER 8

Procedure for principal stage

Submission of principal stage form to OFCOM

59.—(1) A bidder must submit the completed principal stage form to OFCOM by using the electronic auction system, except as provided for in regulation 60.

(2) The completed principal stage form must be received by OFCOM by the time notified by OFCOM under regulation 54(a) as the end of the principal stage round.

Alternative method for submission of principal stage form

60.—(1) Where OFCOM are satisfied that a bidder is unable to submit a principal stage form by using the electronic auction system because of technical failure (or an event or circumstance with similar effect on the bidder's ability to use the electronic auction system), OFCOM shall notify the bidder of an alternative method of submitting the principal stage form and any requirements relating to the authentication of communications made by means of the alternative method.

(2) The bidder must submit the principal stage form by means of the alternative method and must comply with any requirements which have been notified to it under paragraph (1) relating to the authentication of communications.

Incomplete or defective principal stage form

61.—(1) Where, due to the manner of completion, a principal stage form is incomplete or defective but OFCOM believe that they can ascertain the bidder's intention in relation to the matters set out in regulation 26(3), OFCOM shall ask the bidder to confirm in a notice to OFCOM by a deadline specified by OFCOM that OFCOM have correctly ascertained the bidder's intention in relation to its decisions on the principal stage form.

(2) Where the bidder confirms in a notice given to OFCOM by the deadline which is signed by two authorised persons that OFCOM have correctly ascertained the bidder's intention, the principal stage form in its entirety shall be valid and be accepted by OFCOM on that basis.

(3) Where the bidder does not give such confirmation, the principal stage form in its entirety shall be invalid and rejected by OFCOM.

Notification that principal stage form is not valid

62. Where a bidder submits a principal stage form that is not a valid principal stage form during a principal stage round, OFCOM shall, after the end of that principal stage round, notify the bidder of that fact and shall give the reasons why the principal stage form is not a valid principal stage form.

CHAPTER 9

Deposits during and following the principal stage

Deposits during the principal stage

63.—(1) Where, after the end of any principal stage round, the amount a bidder has on deposit with OFCOM for the purposes of the award process is less than the bidder's financial exposure, OFCOM may, having regard to the desirability of securing an efficient outcome to the principal stage, notify the bidder that it is required to pay a further sum in pounds as a deposit.

(2) A bidder's financial exposure after the end of a principal stage round shall be the amount in pounds which is equal to the sum of—

- (a) the number of that bidder's principal stage bids for 2.3 GHz lots to which OFCOM assigned standing high bid status after the end of that principal stage round, multiplied by the round price at which those bids were made;
 - (b) the number of that bidder's principal stage bids for 3.4 GHz lots to which OFCOM assigned standing high bid status after the end of that principal stage round, multiplied by the round price at which those bids were made;
 - (c) the number of that bidder's principal stage bids for 2.3 GHz lots which would become winning principal stage bids in accordance with regulation 39 (following the withdrawal of standing high bid status) if that principal stage round was the final principal stage round, multiplied by the round price at which those bids were made; and
 - (d) the number of that bidder's principal stage bids for 3.4 GHz lots which would become winning principal stage bids in accordance with regulation 40 (following the withdrawal of standing high bid status) if that principal stage round was the final principal stage round, multiplied by the round price at which those bids were made.
- (3) The further sum shall be an amount determined by OFCOM such that the total amount that the bidder is required to have on deposit is at most the amount of the bidder's highest financial exposure after the end of any of the previous principal stage rounds before OFCOM gave notice to the bidder under paragraph (1).
- (4) Any such sum must be paid into OFCOM's bank account with accompanying information which identifies the bidder, by a deadline specified by OFCOM.
- (5) Where a bidder does not satisfy the requirements set out in paragraph (4), OFCOM shall notify the bidder of that fact.

Required final principal stage deposit

- 64.**—(1) After the final principal stage round, a further sum in pounds must be paid into OFCOM's bank account with accompanying information which identifies the bidder, by a deadline specified by OFCOM (“required final principal stage deposit”).
- (2) In respect of any bidder, the required final principal stage deposit shall be an amount such that the total amount that the bidder has on deposit is not less than the amount which is the sum of—
- (a) that bidder's total 2.3 GHz base price A;
 - (b) that bidder's total 3.4 GHz base price A;
 - (c) one half of that bidder's total 2.3 GHz base price B; and

- (3) Where a bidder does not satisfy the requirements set out in paragraph (1)—
- (a) OFCOM shall notify the bidder; and
 - (b) the bidder shall not be excluded from the award process, but may not make assignment stage bids and will be deemed to have made valid assignment stage bids with a value of zero pounds for its assignment stage options.

PART 7

CHAPTER 3

Assignment by bidding

Assignment of numbered 2.3 GHz lots by bidding

68. Except where regulation 66 applies, the particular numbered 2.3 GHz lots that are to be assigned to the winning bidder or bidders for the 2.3 GHz lots shall be determined by bidding in one further round of bidding (the “assignment stage round”) in accordance with the procedure set out in regulations 70 to 76.

Assignment of numbered 3.4 GHz lots by bidding

69. Except where regulation 67 applies, the particular numbered 3.4 GHz lots that are to be assigned to the winning bidder or bidders for the 3.4 GHz lots shall be determined by bidding in the assignment stage round in accordance with the procedure set out in regulations 70, 71 and 77 to 84.

Assignment stage round

70.—(1) Only the following bidders may bid in the assignment stage round—

- (a) winning bidders for 2.3 GHz lots; and
- (b) winning bidders for 3.4 GHz lots.

(2) The assignment stage round shall begin and end at the times notified by OFCOM under regulation 85.

- (b) the bidder has submitted the form in accordance with regulation 86 or 87.

(4) Where a bidder submits an assignment stage form which is not a valid assignment stage form, OFCOM shall, after the end of the assignment stage round, notify the bidder of that fact and shall give the reasons why the assignment stage form is not a valid assignment stage form.

CHAPTER 4

2.3 GHz frequency assignments determined by bidding

Bidding for numbered 2.3 GHz lots in the assignment stage

72.—(1) A 2.3 GHz assignment stage bid shall be a bid for one or more licences that authorise the use of frequencies corresponding to the particular numbered 2.3 GHz lots comprised in a block of numbered 2.3 GHz lots.

(2) OFCOM shall determine which blocks of numbered 2.3 GHz lots a bidder may bid for, and notify that bidder of its determination.

(3) The list of possible blocks of numbered 2.3 GHz lots provided to each bidder may be different for each bidder.

(4) The list shall be known as the “2.3 GHz assignment stage option list” and each block of 2.3 GHz lots in that list shall be known as a “2.3 GHz assignment stage option”.

Preparing a 2.3 GHz assignment stage option list for each bidder

73.—(1) OFCOM shall determine which 2.3 GHz assignment stage options shall be included in the 2.3 GHz assignment stage option list for each bidder which is eligible to bid in accordance with regulation 70.

(2) A bidder's 2.3 GHz assignment stage options shall be each of those blocks of numbered 2.3 GHz lots which satisfy the following conditions—

- (a) the number of 2.3 GHz lots contained in the block is equal to the number of that bidder's winning principal stage bids for 2.3 GHz lots; and
- (b) if that bidder were assigned the 2.3 GHz lots contained in the block the following conditions would be satisfied—
 - (i) each other bidder could be assigned 2.3 GHz lots contained in a block that, in respect of that other bidder's winning principal stage bids for 2.3 GHz lots, satisfies the condition in sub-paragraph (a); and
 - (ii) the 2.3 GHz lots not assigned to that bidder or any other bidder would form a single block of numbered 2.3 GHz lots.

2.3 GHz assignment stage bids

74.—(1) In order to bid for a 2.3 GHz assignment stage option, a bidder must, on the assignment stage form, specify an amount in whole thousands of pounds that it is willing to pay, in addition to the total 2.3 GHz base price A and the total 2.3 GHz base price B for that bidder's winning principal stage bids for 2.3 GHz lots, for one or more licences that authorise the use of the frequencies corresponding to the block of numbered 2.3 GHz lots that is the 2.3 GHz assignment stage option.

(2) A bidder may make no more than one 2.3 GHz assignment stage bid for each 2.3 GHz assignment stage option.

(3) A bidder is not required to make a 2.3 GHz assignment stage bid.

(4) A 2.3 GHz assignment stage bid is a valid 2.3 GHz assignment stage bid if—

- (a) the bid is specified on a valid assignment stage form; and
- (b) the bidder has paid the full sum of the required assignment stage deposit by the deadline specified by OFCOM.

(5) Where a bidder does not make a valid 2.3 GHz assignment stage bid for a 2.3 GHz assignment stage option that bidder will be deemed to have made a valid 2.3 GHz assignment stage bid with a value of zero pounds for that 2.3 GHz assignment stage option.

Determination of the winning 2.3 GHz assignment stage bids

75.—(1) OFCOM shall determine the winning 2.3 GHz assignment stage bids in accordance with this regulation after the deadline for paying the required assignment stage deposit under regulation 89.

(2) The winning 2.3 GHz assignment stage bids shall be those valid 2.3 GHz assignment stage bids that comprise the winning combination of valid 2.3 GHz assignment stage bids.

(3) The winning combination of valid 2.3 GHz assignment stage bids shall be the valid combination of 2.3 GHz assignment stage bids having the highest total value of amounts bid.

(4) A combination of valid 2.3 GHz assignment stage bids is a valid combination of 2.3 GHz assignment stage bids if—

- (a) within that combination there is one valid 2.3 GHz assignment stage bid from each winning bidder for 2.3 GHz lots;
- (b) each of those valid 2.3 GHz assignment stage bids is for a 2.3 GHz assignment stage option as determined by OFCOM for the bidder;
- (c) no numbered 2.3 GHz lot is included in more than one of the 2.3 GHz assignment stage bids included in the combination of valid 2.3 GHz assignment stage bids; and
- (d) the numbered 2.3 GHz lots not included in that combination of valid 2.3 GHz assignment stage bids, taken together, form a single block of numbered 2.3 GHz lots.

(5) Where there is more than one valid combination of 2.3 GHz assignment stage bids for which the total value is equal highest, OFCOM shall employ a method of random selection from amongst those valid combinations of 2.3 GHz assignment stage bids for which the value is equal highest to determine the winning combination of valid 2.3 GHz assignment stage bids.

Determination of 2.3 GHz additional prices

76. In respect of each winning 2.3 GHz assignment stage bid, OFCOM shall determine an amount in whole pounds (“2.3 GHz additional price”) which shall be payable by the relevant winning bidder in accordance with Schedule 5.

CHAPTER 5

Determination of 3.4 GHz additional prices

84. In respect of each winning 3.4 GHz assignment stage bid, OFCOM shall determine an amount in whole pounds (“3.4 GHz additional price”) which shall be payable by the relevant winning bidder in accordance with Schedule 6.

CHAPTER 6

Procedure and further deposit for assignment stage

Notice to bidders before the assignment stage round

85. Before the start of the assignment stage round, OFCOM shall notify each bidder that may make an assignment stage bid in the assignment stage round of—

- (a) the 2.3 GHz and 3.4 GHz assignment stage options that are available to that bidder in the assignment stage round; and
- (b) the date on which, and the times on that date within which, the assignment stage round will take place.

Submission of assignment stage form to OFCOM

86.—(1) A bidder must submit the completed assignment stage form to OFCOM by using the electronic auction system, except as provided for in regulation 87.

(2) The completed assignment stage form must be received by OFCOM by the time notified to bidders under regulation 85(b) as the end of the assignment stage round.

Alternative method for submission of assignment stage form

87.—(1) Where OFCOM are satisfied that a bidder is unable to submit an assignment stage form by using the electronic auction system because of technical failure (or an event or circumstance with similar effect on the bidder's ability to use the electronic auction system), OFCOM shall notify the bidder of an alternative method of submitting the assignment stage form and any requirements relating to the authentication of communications made by means of the alternative method.

(2) The bidder must submit the assignment stage form by means of the alternative method and must comply with any requirements which have been notified to it under paragraph (1) relating to the authentication of communications.

Incomplete or defective assignment stage form

88.—(1) Where, due to the manner of completion, an assignment stage form is incomplete or defective but OFCOM believe that they can ascertain the bidder's intention in relation to the making of assignment stage bids, OFCOM shall ask the bidder to confirm in a notice to OFCOM by a deadline specified by OFCOM that OFCOM have correctly ascertained the bidder's intention in relation to the making of assignment stage bids.

(2) Where the bidder confirms in a notice given to OFCOM by the deadline which is signed by two authorised persons that OFCOM have correctly ascertained the bidder's intention, the assignment stage form in its entirety shall be accepted by OFCOM on that basis.

(3) Where the bidder does not give such confirmation, the assignment stage form in its entirety shall be rejected by OFCOM and none of the assignment stage bids made on that assignment stage form shall be valid, and regulation 74(5) or regulation 80(5) shall apply.

Required assignment stage deposit

89.—(1) A further sum in pounds must be paid into OFCOM's bank account, with accompanying information which identifies the bidder, by a deadline specified by OFCOM (the "required assignment stage deposit").

(2) The required assignment stage deposit shall be an amount such that the total amount that the bidder has on deposit is not less than the amount which is the sum of—

- (a) the bidder's total 2.3 GHz base price A;

Notification of results of the assignment stage

90. After the determination of the winning assignment stage bids, and the determination of the additional price for each winning assignment stage bid, OFCOM shall notify each winning bidder of—

- (a) the 2.3 GHz and 3.4 GHz assignment stage options for which the bidder made winning assignment stage bids; and
- (b) the additional price determined for each winning assignment stage bid made by the bidder.

CHAPTER 2

Withdrawn lot licences

Acceptance or refusal of the withdrawn lot licence

102.—(1) Following the determination by OFCOM of the licences which may be granted to each winning bidder, each winning bidder's licence fees and particular frequencies, OFCOM shall notify each bidder that won 2.3 GHz lots or 3.4 GHz lots in accordance with regulations 39 or 40 (following the withdrawal of standing high bid status) of—

- (a) one half of that bidder's total 3.4 GHz base price B; and
 - (b) except where that bidder also wins 3.4 GHz lots in accordance with regulation 38, that bidder's 3.4 GHz additional price.

CHAPTER 3

Total auction sum

Determination of the total auction sum payable by winning bidders to OFCOM

104.—(1) Following the determination of the refusal payment (if any), OFCOM shall determine the total auction sum payable by each winning bidder in accordance with paragraph (2).

Further payment where the amount of a winning bidder's deposit is less than its total auction sum

106. Where, after the notification given in accordance with regulation 105, the total amount that a winning bidder has on deposit is an amount that is less than the total auction sum payable by that bidder to OFCOM, the bidder must, by a deadline specified by OFCOM, pay into OFCOM's bank account, with accompanying information which identifies the bidder, the sum in pounds which is the difference between such amount and the amount the bidder has on deposit.

CHAPTER 4

Grant of licences

Entitlement to the grant of licences

107.—(1) Where, following the passing of the deadline under regulation 106, the total amount that a winning bidder has on deposit is an amount that is equal to or more than the total auction sum payable by that bidder to OFCOM, OFCOM shall grant to that bidder the relevant licences referred to in regulation 108.

(2) Subject to paragraph (3), where, following the passing of the deadline under regulation 106, the amount of the deposit of a winning bidder remains less than the total auction sum payable by that bidder to OFCOM, that bidder—

- (a) shall not be entitled to the grant of any licences under these Regulations and shall not receive a refund of any sum which the bidder has paid as a deposit under these Regulations which shall (where not already forfeited) be forfeited, together with any interest which has accrued on that deposit; and
- (b) shall remain liable to pay the amount which is the difference (if any) between—
 - (i) the amount which is the total auction sum payable by that bidder to OFCOM; and
 - (ii) the amount the bidder has on deposit.

(3) Where—

- (a) the pre-existing licence holder applies for a replacement licence; and
- (b) following the passing of the deadline under regulation 106, the amount of the deposit of the pre-existing licence holder remains less than the total auction sum payable by the pre-existing licence holder to OFCOM,

the pre-existing licence holder will remain entitled to the grant of a replacement licence (but no other licence) under these Regulations.

Grant of licences

108. The licences referred to in regulation 107(1) are—

- (a) where the winning bidder won 2.3 GHz lots in accordance with regulation 38, a 2.3 GHz licence which authorises the use of the frequencies determined in accordance with regulation 99;
- (b) where the winning bidder won 2.3 GHz lots in accordance with regulation 39 (following the withdrawal of standing high bid status) and has indicated that it wishes to accept a 2.3 GHz withdrawn lot licence, a 2.3 GHz withdrawn lot licence which authorises the use of the frequencies determined in accordance with regulation 99;
- (c) where the winning bidder won 3.4 GHz lots in accordance with regulation 38, a 3.4 GHz licence which authorises the use of the frequencies determined in accordance with regulation 100 or 101;

- (e) where the winning bidder concerned is the pre-existing licence holder, and the pre-existing licence holder did apply for a replacement licence, a replacement licence which authorises the use of the frequencies determined in accordance with regulation 101.

CHAPTER 5

Completion of the award process

Refunds

109. Where, following the grant of licences, the total amount a bidder has on deposit at that time is an amount that is greater than the total auction sum payable by that bidder to OFCOM, OFCOM shall refund to that bidder a sum in pounds which is the difference between—

- (a) the amount which is the total auction sum payable by that bidder to OFCOM (if any); and
- (b) the amount the bidder has on deposit.

Notification to bidders following the grant of licences

110. Following the grant of licences and the refund (if any) of deposits, OFCOM shall notify each winning bidder of the names of all of the persons to whom licences were granted, and, in relation to each of them—

- (a) the frequencies in respect of which the licences were granted; and
- (b) the licence fees paid, indicating the total base prices and the additional prices.

- (i) the frequencies in respect of which, if they held on deposit an amount equal to the total auction sum, licences would have been granted; and
 - (ii) the total auction sum payable to OFCOM; and
- (d) details of all valid principal stage bids, valid withdrawals of standing high bid status, valid assignment stage bids made by each bidder, and occurrences of an eligibility event in respect of each bidder.

PART 9

Activity rules

Forfeit of deposit and exclusion from award process

112. If, in relation to an applicant which is qualified to bid or a bidder, OFCOM are satisfied that any of the events set out in regulation 115 are occurring (or have occurred) and that the occurrence would materially affect the outcome of the award process or would affect that bidder's 2.3 GHz bid limit or overall bid constraint—

- (a) any sum paid as a deposit under these Regulations shall be forfeited (together with any interest which has accrued on the deposit) by, and not refunded to, the applicant or bidder concerned; and
- (b) that applicant or bidder may also be excluded from the award process by OFCOM giving that applicant or bidder notice in writing.

Bids made by an excluded bidder

113.—(1) Subject to regulation 114, where a bidder is excluded from the award process under regulation 112 during the principal stage, OFCOM shall determine whether it should disregard the bids (and other bidding indications made on its principal stage form) made in any principal stage rounds prior to the exclusion, in order to have a fair and efficient outcome to the award process.

(2) Where OFCOM determine that it is appropriate to disregard the bids (and other bidding indications) made in any principal stage rounds—

- (a) it shall notify bidders of the rounds for which it has determined to disregard the bids (and other bidding indications); and
- (b) resume the award process from the start of the principal stage round after the round for which bids are not disregarded under sub-paragraph (a), or, where all bids are to be disregarded under that sub-paragraph, to rerun the award process from the start of the first principal stage round.

- (a) OFCOM shall determine whether it should disregard the bids (and other bidding indications) made in any principal stage round prior to the exclusion in accordance with paragraphs (1) and (2); and

- (b) all of the assignment stage bids made by the bidder shall not be taken into consideration for the purposes of determining—
 - (i) the winning assignment stage bids under regulations 75 and 81;
 - (ii) the additional price payable by a winning bidder under regulations 76 and 84.

Exclusion of the pre-existing licence holder

114.—(1) Where the pre-existing licence holder applies for a replacement licence and is excluded from the award process under regulation 26(8) or 112 during the principal or assignment stage, OFCOM shall disregard the bids (and other bidding indications made on its principal stage form) made in all principal and assignment stage rounds and rerun the award process from the start of the first principal stage round.

(2) Where OFCOM reruns the award process from the start of the first principal stage round in accordance with paragraph (1) above, the pre-existing licence holder shall not participate in the principal stage or the assignment stage of that award process and shall be deemed to have not applied for a replacement licence in that award process.

(3) Where a pre-existing licence holder has applied for a replacement licence but is excluded from the award process under these Regulations, OFCOM will notify the other bidders of that fact.

 - (b) any person which has existing spectrum holdings which was not at the time OFCOM recorded the bidder's existing spectrum holdings under regulation 19 a person referred to in regulation 4(3)(a)(iii) becoming such a person during the award process.

PART 10

Changes to timing or location

118.—(1) Subject to regulations 119 and 120, paragraph (2) applies where OFCOM determine that it is impracticable for any reason—

- (a) for any document which is to be delivered to OFCOM under these Regulations to be delivered at the place specified or by the deadline specified under these Regulations; or
- (b) for any action which is required to be undertaken in accordance with these Regulations to be completed by the deadline specified.

(2) Where this paragraph applies, OFCOM shall take reasonable steps to notify applicants or bidders that—

- (a) delivery must be made on a different day or within different times on that day or at a different place; and
- (b) the action must be completed on a different day or by a different deadline.

Changes to round times and use of electronic auction system

119.—(1) Where a time for the start of a round has been notified to bidders and OFCOM determine that it is impracticable for any reason to start the round at that time, OFCOM shall take reasonable steps to notify bidders of a revised time for the start of the round.

(2) Where a time for the end of a round has been notified to bidders and OFCOM determine that it is impracticable for any reason for the round to end at that time, OFCOM shall take reasonable steps to notify bidders of a revised time for the end of the round.

(3) Where OFCOM determine that it is impracticable for any reason to use the electronic auction system for any of the purposes specified in Parts 6 and 7 of these Regulations, OFCOM shall take reasonable steps to notify bidders of an alternative method of participating in the award process and any requirements relating to the authentication of communications made by means of the alternative method.

(4) Bidders must use the alternative method of participating in the award process in accordance with a notification under paragraph (3).

Rerunning rounds

120.—(1) Paragraph (2) applies where a round is in progress and OFCOM determine that it is not possible to continue the round because of technical failure (or an event or circumstance with similar effect on the continuation of the round).

(2) Where this paragraph applies, OFCOM shall—

- (a) take reasonable steps to notify bidders of its determination under paragraph (1);
- (b) disregard the bids (and other bidding indications) made in that round; and
- (c) resume the award process from the end of the most recent round.

(3) Paragraph (4) applies where OFCOM determine that it is not possible to continue the award process in accordance with the provisions of Parts 6 and 7 of these Regulations because of technical failure (or an event or circumstance with similar effect on the continuation of the award process).

(4) Where this paragraph applies, OFCOM shall—

- (a) determine the rounds for which bids (and other bidding indications) made in those rounds should be disregarded in order to have a fair and efficient outcome to the award process;

- (b) take reasonable steps to notify bidders of its determinations under paragraph (3) and sub-paragraph (a); and
- (c) resume the award process from the end of the latest round for which bids (and other bidding indications) are not disregarded under sub-paragraph (a), or, where all bids (and other bidding indications) are to be disregarded under that sub-paragraph, to rerun the award process from the start of the first principal stage round.

Refunds

121. OFCOM may, in such cases as they think fit, refund, in whole or in part, sums which have been paid to them in accordance with any provision of these Regulations.

Deposits

122. In determining under these Regulations the amount that an applicant or bidder has on deposit OFCOM shall disregard any sum forfeited under these Regulations and any interest which may have accrued on any deposit.

Communications

Regulation 7

Declaration to be made by the pre-existing licence holder

UK Broadband Limited hereby consents to the revocation of the pre-existing licence, as defined in The Wireless Telegraphy (Licence Award) Regulations 2018 (the “Regulations”), upon OFCOM granting a replacement licence, as defined in the Regulations, for a block of eight 3.4 GHz lots to UK Broadband Limited in accordance with the Regulations.

SCHEDULE 5

Regulation 76

Determination of 2.3 GHz additional price

Additional price

1.—(1) OFCOM shall determine an additional price for each winning 2.3 GHz assignment stage bid by imposition of the requirements that the additional prices must satisfy that are set out in paragraphs 2 to 5.

(2) Where an additional price so determined includes a fraction of a pound, the additional price shall be that price rounded up to the nearest whole pound.

First requirement

2. The additional price for each winning 2.3 GHz assignment stage bid shall be no less than zero and no more than the amount of that winning 2.3 GHz assignment stage bid.

Second requirement

3.—(1) Taking the additional prices for the winning 2.3 GHz assignment stage bids together, the additional prices shall be such that if—

- (a) the amount bid by each winning bidder for the 2.3 GHz assignment stage option selected in its winning 2.3 GHz assignment stage bid had been the additional price rather than the amount of its winning 2.3 GHz assignment stage bid (“reduced winning 2.3 GHz assignment stage bid”), and

- (b) subject to sub-paragraph (2), the amount bid by each winning bidder in respect of each other valid 2.3 GHz assignment stage bid made by that bidder had been reduced by an amount equal to the difference between the amount of its winning 2.3 GHz assignment stage bid and the additional price for that relevant winning 2.3 GHz assignment stage bid,

the combination of the reduced winning 2.3 GHz assignment stage bids submitted by the winning bidders would have been the valid combination of 2.3 GHz assignment stage bids or one of the valid combinations of 2.3 GHz assignment stage bids (as the case may be) having the highest total value of amounts bid.

(2) Where the amount of a bid has been reduced in accordance with sub-paragraph (1)(b) and is less than zero, the amount of that bid shall be treated as if it were zero for the purposes of this paragraph.

(3) The bids mentioned in sub-paragraphs (1)(a) and (1)(b) shall, after reduction of the amount of those bids in accordance with those paragraphs, be treated as valid 2.3 GHz assignment stage bids for the purposes of this paragraph.

Third requirement

4. Taking the additional prices for the winning 2.3 GHz assignment stage bids together, the total of those additional prices shall be no greater than the total of any other prices for the winning 2.3 GHz assignment stage bids that satisfy the requirements set out in paragraphs 2 and 3.

Fourth requirement

5.—(1) Taking the additional prices for the winning 2.3 GHz assignment stage bids together, the opportunity cost variance of those additional prices calculated in accordance with sub-paragraph (2) shall be less than the opportunity cost variance, calculated in accordance with sub-paragraph (2), of any other prices for the winning 2.3 GHz assignment stage bids that satisfy the requirements set out in paragraphs 2 to 4.

(2) The opportunity cost variance (“ OCV_A ”) of prices mentioned in sub-paragraph (1) is the amount calculated in accordance with the formula $OCV_A = \sum (p_A - c_A)^2$ where—

- (a) “ p_A ” is the price for a winning 2.3 GHz assignment stage bid; and
(b) “ c_A ” is the amount calculated in accordance with the formula set out in sub-paragraph (3) in respect of that winning 2.3 GHz assignment stage bid.

(3) The formula is $c_A = u_A - t_A + b_A$ where—

- (a) “ u_A ” is the amount calculated in accordance with sub-paragraph (4);
(b) “ t_A ” is the total amount of the winning 2.3 GHz assignment stage bids; and
(c) “ b_A ” is the amount of the winning 2.3 GHz assignment stage bid for which p_A is the price.

(4) The amount calculated in accordance with this sub-paragraph is the total amount of the valid combination of 2.3 GHz assignment stage bids or one of the valid combinations of 2.3 GHz assignment stage bids (as the case may be) having the highest total value of amounts bid where, for each 2.3 GHz assignment stage bid made by the winning bidder that submitted the winning 2.3 GHz assignment stage bid for which p_A is the price, the amount of that 2.3 GHz assignment stage bid is treated as if it were zero for the purposes of this sub-paragraph.

(5) Where the amount of a 2.3 GHz assignment stage bid is treated as if it were zero in accordance with sub-paragraph (4), that 2.3 GHz assignment stage bid shall be treated as a valid 2.3 GHz assignment stage bid for the purposes of that sub-paragraph.

Interpretation

6. In this Schedule “valid combination of 2.3 GHz assignment stage bids” shall be construed in accordance with regulation 75.

SCHEDULE 6

Regulation 84

Determination of 3.4 GHz additional price

Additional price

1.—(1) OFCOM shall determine an additional price for each winning 3.4 GHz assignment stage bid by imposition of the requirements that the additional prices must satisfy that are set out in paragraphs 2 to 5.

(2) Where an additional price so determined includes a fraction of a pound, the additional price shall be that price rounded up to the nearest whole pound.

First requirement

2. The additional price for each winning 3.4 GHz assignment stage bid shall be no less than zero and no more than the amount of that winning 3.4 GHz assignment stage bid.

Second requirement

3.—(1) Taking the additional prices for the winning 3.4 GHz assignment stage bids together, the additional prices shall be such that if—

- (a) the amount bid by each winning bidder for the 3.4 GHz assignment stage option selected in its winning 3.4 GHz assignment stage bid had been the additional price rather than the amount of its winning 3.4 GHz assignment stage bid (“reduced winning 3.4 GHz assignment stage bid”), and
- (b) subject to sub-paragraph (2), the amount bid by each winning bidder in respect of each other valid 3.4 GHz assignment stage bid made by that bidder had been reduced by an amount equal to the difference between the amount of its winning 3.4 GHz assignment stage bid and the additional price for that relevant winning 3.4 GHz assignment stage bid,

the combination of the reduced winning 3.4 GHz assignment stage bids submitted by the winning bidders would have been the valid combination of 3.4 GHz assignment stage bids or one of the valid combinations of 3.4 GHz assignment stage bids (as the case may be) having the highest total value of amounts bid.

(2) Where the amount of a bid has been reduced in accordance with sub-paragraph (1)(b) and is less than zero, the amount of that bid shall be treated as if it were zero for the purposes of this paragraph.

(3) The bids mentioned in sub-paragraphs (1)(a) and (1)(b) shall, after reduction of the amount of those bids in accordance with those paragraphs, be treated as valid 3.4 GHz assignment stage bids for the purposes of this paragraph.

Third requirement

4. Taking the additional prices for the winning 3.4 GHz assignment stage bids together, the total of those additional prices shall be no greater than the total of any other prices for the winning 3.4 GHz assignment stage bids that satisfy the requirements set out in paragraphs 2 and 3.

Fourth requirement

5.—(1) Taking the additional prices for the winning 3.4 GHz assignment stage bids together, the opportunity cost variance of those additional prices calculated in accordance with sub-paragraph (2) shall be less than the opportunity cost variance, calculated in accordance with sub-paragraph (2), of any other prices for the winning 3.4 GHz assignment stage bids that satisfy the requirements set out in paragraphs 2 to 4.

(2) The opportunity cost variance (“ OCV_A ”) of prices mentioned in sub-paragraph (1) is the amount calculated in accordance with the formula $OCV_A = \sum(p_A - c_A)^2$ where—

- (a) “ p_A ” is the price for a winning 3.4 GHz assignment stage bid; and
- (b) “ c_A ” is the amount calculated in accordance with the formula set out in sub-paragraph (3) in respect of that winning 3.4 GHz assignment stage bid.

(3) The formula is $c_A = u_A - t_A + b_A$ where—

- (a) “ u_A ” is the amount calculated in accordance with sub-paragraph (4);
- (b) “ t_A ” is the total amount of the winning 3.4 GHz assignment stage bids; and
- (c) “ b_A ” is the amount of the winning 3.4 GHz assignment stage bid for which p_A is the price.

(4) The amount calculated in accordance with this sub-paragraph is the total amount of the valid combination of 3.4 GHz assignment stage bids or one of the valid combinations of 3.4 GHz assignment stage bids (as the case may be) having the highest total value of amounts bid where, for each 3.4 GHz assignment stage bid made by the winning bidder that submitted the winning 3.4 GHz assignment stage bid for which p_A is the price, the amount of that 3.4 GHz assignment stage bid is treated as if it were zero for the purposes of this sub-paragraph.

(5) Where the amount of a 3.4 GHz assignment stage bid is treated as if it were zero in accordance with sub-paragraph (4), that 3.4 GHz assignment stage bid shall be treated as a valid 3.4 GHz assignment stage bid for the purposes of that sub-paragraph.

Interpretation

6. In this Schedule “valid combination of 3.4 GHz assignment stage bids” shall be construed in accordance with regulation 81.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations set out the procedure that will apply to the grant of wireless telegraphy licences at frequencies which are set out in Schedule 1.

To apply, a body corporate must deliver the documents required by regulation 4(3) to the Office of Communications (“OFCOM”) on a day specified by OFCOM. The documents must give details of the existing spectrum holdings of the applicant and others listed in regulations 4(3)(a)(iii). An initial deposit of one hundred thousand pounds must be paid to OFCOM (regulation 4(3)(b)).

OFCOM will determine which applicants are fit to hold a licence, taking into account the matters set out in regulation 12(2). If not disqualified, and if there is no member of its bidder group which is also a member of another bidder group, an applicant shall be qualified to participate (regulations 13(1)).

After giving applicants an opportunity to withdraw, OFCOM will determine the number of bidders (regulation 16), an additional deposit may be paid (regulation 17) and OFCOM will determine an eligibility limit (a term defined in the Regulations) by reference to sums paid on deposit. This limits the bids that can be made.

Further limitations on bids which can be made may also apply to a bidder in the form of an overall bid constraint and a 2.3 GHz bid limit (both are terms defined in the Regulations). These

limitations may be different for each bidder and are to be determined by reference to existing spectrum holdings (regulations 20 and 21).

The first stage, called the principal stage, involves one or more rounds of bidding. OFCOM will determine the round price for each round (regulations 29, 30, 31 and 32).

The winning principal stage bids are determined by OFCOM in accordance with regulation 37 by reference to bids which are determined to have standing high bid status (this is a defined term).

The second stage, called the assignment stage, is set out in Part 7. This procedure determines the frequencies which will be assigned to each winning bidder. This is determined through a further round of bidding.

The third stage, called the grant stage, is the procedure set out in Part 8. OFCOM will grant licences to winning bidders and refund any sums due to winning bidders (regulations 107 to 111).

In this award process specific options are available for and specific obligations apply to a company called UK Broadband Limited. This company currently holds a licence in the 3.4 GHz band. The company is defined in the Regulations as the pre-existing licence holder. The particular 3.4 GHz lots available in the award process depend on whether that company takes part and chooses to apply for a new licence to replace the existing licence which it holds. If the company takes part, whether or not it applies for a replacement licence, it is permitted also to bid for additional lots. (Particular regulations which are relevant in this regard are regulations 7, 23, 24, the assignment stage in Part 7 and the grant stage in Part 8.)

If, in relation to an applicant which is qualified to bid or a bidder, OFCOM is satisfied that certain events are occurring or have occurred and that the occurrence would materially affect the outcome of the award process, the applicant or bidder concerned will forfeit sums on deposit held by OFCOM and may be excluded from the award process (regulation 112).

A full regulatory impact assessment of the effect of these Regulations has been prepared. Copies of the impact assessment are available to the public from the OFCOM library at Riverside House, 2a Southwark Bridge Road, London SE1 9HA telephone 020 7981 3000 or on the OFCOM website at www.ofcom.org.uk. Copies of the impact assessment have also been placed in the libraries of the Houses of Parliament.

Changes to legislation:

There are currently no known outstanding effects for the The Wireless Telegraphy (Licence Award) Regulations 2018.
