[1995/540](#), as already amended, which extend to the whole of Great Britain) and implement that part of Article 5(1)(b) of Council Directive [71/118/EEC](#) on health problems affecting the production and placing on the market of fresh poultrymeat (a consolidated text of which is annexed to Council Directive [92/116/EEC](#) (OJNo. L62, 15.3.93, p.1)) that prohibits poultrymeat from being placed on the market for human consumption if it has been treated with water retention agents or obtained under technologically similar conditions and likely as a result to present the same risk.
