EMPLOYMENT AND TRAINING, WALES

The Apprenticeships (Specification of Apprenticeship Standards for Wales) (Modification) Order 2016

<i>Made</i>	- - - -	<i>13 September 2016</i>
<i>Laid before the National Assembly for Wales</i>	- -	<i>15 September 2016</i>
<i>Coming into force</i>	- -	<i>14 October 2016</i>

The Welsh Ministers make the following Order in exercise of the power conferred by section 29(1) of the Apprenticeships, Skills, Children and Learning Act 2009⁽¹⁾.

In accordance with section 29(2) of that Act the Welsh Ministers are satisfied that the Specification of Apprenticeship Standards for Wales as modified by this Order complies with section 31.

Title, commencement and application

1.—(1) The title of this Order is the Apprenticeships (Specification of Apprenticeship Standards for Wales) (Modification) Order 2016 and it comes into force on 14 October 2016.

(2) This Order applies in relation to Wales.

Interpretation

2. In this Order “the Specification of Apprenticeship Standards for Wales” (“*Manyleb Safonau Prentisiaethau Cymru*”) means the document given effect to by article 2 of the Apprenticeships (Specification of Apprenticeship Standards for Wales) Order 2013⁽²⁾.

Modification

3. The Specification of Apprenticeship Standards for Wales has effect subject to the modifications specified in the Schedule to this Order.

(1) 2009 c. 22.

(2) S.I. 2013/1192 (W. 128).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Julie James
Minister for Skills and Science under authority
of the Cabinet Secretary for Education, one of
the Welsh Ministers

SCHEDULE

Article 3

Modifications to the Specification of Apprenticeships Standards for Wales

1. For the introduction to the Specification of Apprenticeship Standards for Wales substitute the following text:

“1. The Specification of Apprenticeship Standards for Wales (SASW) sets out the minimum requirements to be included in a recognised Welsh apprenticeship framework. Compliance with the SASW is a statutory requirement of the Apprenticeships, Skills, Children and Learning Act 2009, this version incorporates modifications made to the original SASW published in May 2013.

It incorporates modifications to allow “proxy” qualifications as a recognised alternative to Essential Skills as detailed under each apprenticeship framework level. SASW has also been modified to allow a greater flexibility in obtaining occupational competence by allowing learning to be underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not. The final modification to SASW is to Employer Rights and Responsibilities (ERR) which are no longer compulsory in SASW frameworks. Other consequential changes have also been made as well as some reordering.

Updated guidance for Welsh issuing authorities is also being issued in a separate document. Welsh issuing authorities must have regard to this updated guidance in reaching a decision on whether a framework submission complies with SASW.

The modifications to SASW have been made by order by the Welsh Ministers.”

2. For paragraphs 2 to 42 of the Specification of Apprenticeship Standards for Wales substitute the following text:

<i>“All apprenticeship frameworks</i>	<i>Section reference</i>
2. An apprenticeship framework must specify its level using the national level descriptors described in the Credit and Qualifications Framework for Wales (‘CQFW’). A framework must be at Level 2 to qualify as a Foundation Apprenticeship, be at Level 3 to qualify as an Apprenticeship and be at a Level between 4 and 7 to qualify as a Higher Apprenticeship.	Section 31(2)(a)
3. An apprenticeship framework must include a two digit Standard Occupational Code (SOC) to identify the sector to which it relates. Frameworks identified by the same two digit SOC code (‘duplicate frameworks’) are not permitted.	Section 31(2)(a)
4. A framework level must specify as a Welsh certificate requirement the total volume of learning in the form of CQFW credits. The number of credits must reflect the learning required to achieve full competency in the skill, trade or occupation to which it relates.	Section 31(2)(a)
5. The calculation of credit should be derived from the definition contained in the	Section 31(2)(a)

CQFW and be consistent with the sum of published learning hours given for each qualification by the relevant awarding bodies or organisation(s).	
6. A framework must be at a minimum of 37 credits but may where appropriate exceed this; in many cases frameworks will significantly exceed 37 credits. A framework must not be so narrow that it is only relevant to a specific workplace where the apprenticeship was attained.	Section 31(2)(a)
<i>Qualifications – competence and knowledge</i>	<i>Section reference</i>
7. The framework must identify the qualification(s) that demonstrate(s) the relevant occupational competencies as the ‘occupational competencies qualification’ and the occupational knowledge as the ‘technical knowledge qualification’ in relation to the framework.	Section 31(2)(c)(ii) and (iii)
8. The occupational competencies and technical knowledge qualification(s) must be either:	Section 31(2)(a) Section 31(2)(c)(ii)
<ul style="list-style-type: none"> a. one offered by an awarding body or awarding organisation that is recognised by a UK qualifications regulator or by a Further Education Institution or Higher Education Institution regulated by QAA (or any successor); or b. one offered by a recognised professional body provided its achievement confers eligibility for professional recognition. 	
Both the occupational competencies and technical knowledge qualification must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate.	
9. An apprenticeship framework must include:	Section 31(2)(c)(ii)
<ul style="list-style-type: none"> a. an integrated competencies qualification that also contains the relevant technical knowledge within it; or b. an occupational competencies qualification and relevant technical knowledge qualifications which taken together, demonstrate the relevant occupational

competencies and the relevant technical knowledge.	
10. The framework developer will decide the balance of credits between occupational competencies and relevant technical knowledge qualifications. However the framework must specify:	Section 31(2)(a)
a. a minimum of ten credits achieved from an occupational competence based qualification or the competence element of an integrated qualification, which specifically relates to the skill, trade or occupation and is based on the National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not for the employment sector for which the framework is designed and be at a level which reflects the job role; and	
b. a minimum of ten credits from a technical knowledge qualification or knowledge element of an integrated qualification, which provides the technical knowledge and understanding of the theoretical concepts specifically relating to the skill, trade or occupation to underpin occupational competence. The knowledge qualification element must equip the apprentice with the knowledge and understanding of the industry and its market; or	
c. a minimum of ten credits from an equivalent competencies qualification (non-CQFW) recognised by a professional body for a Higher Apprenticeship at Levels 4 -7 where the successful completion of such an apprenticeship is a recognised pathway to professional registration.	
11. The majority of the content of the occupational competencies qualification must be capable of being assessed from evidence gained through on-the job training in a workplace. This requirement applies at all framework levels, including any Higher Education qualifications specified either as the occupational competencies qualification or the integrated competencies qualification;	Section 31(2)(b) Section 31(2)(c)(ii)
the learning content must be achieved through:

activities to the standards required for that occupation.	
<i>Additional occupational requirements</i>	<i>Section reference</i>
17. A framework may specify additional programmes of learning to meet specific occupational requirements. The framework developer must consult with the issuing authority for that sector before any additional occupational requirement is included in a framework.	Section 31(2)(a)
18. Where additional occupational standards are included in a framework the framework must specify the learning outcomes to be attained. The learning outcomes may be specified as a formal qualification or be capable of independent assessment where attainment is not measured by means of a qualification.	Section 31(2)(a)
19. A higher apprenticeship framework at Levels 4 - 7 may specify additional professional qualification(s) as recognised by the sector if they confer eligibility for professional status.	Section 31(2)(a)
<i>Foundation apprenticeship frameworks (Level 2) - qualifications related to the sector</i>	<i>Section reference</i>
20. A foundation apprenticeship framework must identify the occupational competencies qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate, and which is the qualification required to demonstrate competence in performing the skill, trade or occupation to which the framework relates. The competencies qualification must be at Level 2 and be underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not.	Section 31(2)(c)(iii)
21. A foundation apprenticeship must identify a technical knowledge qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate. A technical knowledge qualification is the qualification required to demonstrate achievement of the technical skills, knowledge and understanding of the theoretical concepts and knowledge and understanding of the industry and its market	Section 31(2)(c)(ii)

relevant to the skill, trade or occupation to which the framework relates.	
22. A foundation apprenticeship framework must identify either:	Section 31(2)(a) Section 31(2)(c)(iii)
a. an occupational competencies qualification at Level 2 and a separate technical knowledge qualification: or	
b. an integrated qualification at Level 2 which combines occupational competencies and technical knowledge elements in which each element is separately assessed.	

<i>Essential Skills</i>	<i>Section reference</i>
23. A foundation apprenticeship framework must specify as a Welsh certificate requirement the expected achievement levels of Essential Communications Skills and the Essential Application of Number Skills, these qualifications will be at least Level 1 or the relevant level determined by the industry.	Section 31(2)(c)(i)
24. Where Essential Skills qualifications are specified in a foundation apprenticeship framework, the apprenticeship framework must specify as a Welsh certificate requirement, the acceptance of one of the following recognised proxy qualifications for Communication:	Section 31(2)(c)(i)
a. GCSE or iGCSE qualification in English language or literature to at least grade G (Level 1 equivalent); or	
b. O Level qualification in English language or literature to at least grade E; or	
c. A/AS Level qualification in English language or literature to at least grade E; or	
d. SCQF Level 4 – Communication Core Skills (oral communication and written communication); or	
e. SQA National 4 English; or	
f. Functional Skills or Key Skills literacy qualifications in English provided the proxy

learning hours that an apprentice must receive to complete the framework.	
29. The balance of hours between on-the-job and off-the job training must relate to the proportion of workplace-based assessment required for the achievement of the competencies qualification.	Section 31(2)(b)
30. A foundation apprenticeship framework must specify that on-and off-the-job training must either have been received:	Section 31(2)(b)
a. whilst working under an apprenticeship agreement; or	
b. during a qualifying period prior to working under an apprenticeship agreement ending on the date of application for an apprenticeship certificate. A qualifying period of five years is recommended, but to meet the needs of their sector, frameworks may set a shorter or longer timescale than five years as the qualifying period.	

<i>Apprenticeship frameworks (Level 3) – qualifications related to the sector</i>	<i>Section reference</i>
31. An apprenticeship framework at Level 3 must identify the occupational competencies qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate, and which is the qualification required to demonstrate competence in performing the skill, trade or occupation to which the framework relates. The competencies qualification must be at Level 3; underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not.	Section 31(2)(c)(iii)
32. An apprenticeship framework at Level 3 must identify a technical knowledge qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate. A technical knowledge qualification is the qualification required to demonstrate achievement of the technical skills, knowledge and understanding of the theoretical concepts and knowledge and understanding of the industry and its market relevant to the skill, trade or occupation to which the framework relates.	Section 31(2)(c)(ii)

<i>Apprenticeship frameworks (Level 3) – Section reference qualifications related to the sector</i>	
33. An apprenticeship framework must identify either:	Section 31(2)(a)
	Section 31(2)(c)(iii)
a. an occupational competencies qualification at Level 3 and a separate technical knowledge qualification; or	
b. an integrated qualification at Level 3 which combines occupational competencies and technical knowledge elements in which each element is separately assessed.	

<i>Essential Skills</i>	<i>Section reference</i>
34. An apprenticeship framework must specify as a Welsh certificate requirement the expected achievement levels of Essential Communications Skills and the Essential Application of Number Skills, these qualifications will be at least Level 2 or the relevant level determined by the industry.	Section 31(2)(c)(i)
35. Where Essential Skills qualifications are specified in an apprenticeship framework, the apprenticeship framework must specify as a Welsh certificate requirement, the acceptance of one of the following recognised proxy qualifications for Communication:	Section 31(2)(c)(i)
a. GCSE or iGCSE qualification in English language or literature to at least grade C (Level 2 equivalent); or	
b. O Level qualification in English language or literature to at least grade C; or	
c. A/AS Level qualification in English language or literature to at least grade E; or	
d. SCQF Level 5 – Communication Core Skills (Oral Communication and Written Communication); or	
e. SQA National 5 English; or	
f. Functional Skills or Key Skills literacy qualifications in English provided the proxy qualification(s) attained are at Level 2 or above.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order is made under section 29(1) of the Apprenticeships, Skills, Children and Learning Act 2009 (“the 2009 Act”). This Order modifies the Specification of Apprenticeship Standards for Wales (the ‘SASW’) which was originally brought into effect in May 2013 by the Apprenticeships (Specification of Apprenticeship Standards for Wales) Order 2013.

The SASW specifies the requirements that must be met for recognised Welsh apprenticeship frameworks to be issued under section 19(1) of the 2009 Act.

The effect of this Order is to modify the SASW in the manner set out in the Schedule to this order.

To assist the reader the Welsh Ministers have published a consolidated version of SASW which incorporates the modifications shown in the Schedule to this Order.

The Welsh Ministers’ Code of Practice on the carrying out of Regulatory Impact Assessments was considered in relation to this Order. As a result it was not considered necessary to carry out a regulatory impact assessment as to the likely costs and benefits of complying with this Order.
