

COMMISSION DECISION

of 19 July 1976

derogating from High Authority recommendation 1/64 concerning an increase in the protective duty on iron and steel products at the external frontiers of the Community

(81st derogation)

(76/674/ECSC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community,

Having regard to High Authority recommendation 1/64 of 15 January 1964 to the Governments of the Member States concerning an increase in the protective duty on iron and steel products at the external frontiers of the Community⁽¹⁾, and in particular Article 3 thereof,

Whereas by the Decisions of 29 June 1976, the representatives of the Governments of the Member States of the European Coal and Steel Community meeting within the Council decided in agreement with the Commission to suspend autonomously, for a period commencing on 1 July 1976 and continuing until 30 June 1977 at the latest, the import duties on products covered by the Treaty originating in the People's Democratic Republic of Algeria, in the Kingdom of Morocco, and in the Republic of Tunisia;

Whereas Agreements between the Member States of the European Coal and Steel Community and the countries mentioned above were signed on 26 April 1976, 27 April 1976, and 25 April 1976 respectively;

Whereas the purpose of the Decisions mentioned above was to implement with effect from the date originally envisaged the tariff suspensions resulting from these Agreements;

Whereas notification of completion of the procedures required to bring these Agreements into force has in fact not yet been made;

Whereas the products affected include pig-iron, high carbon ferro-manganese and the iron and steel products falling within Chapter 73 of the Customs Tariff, for which minimum duties were established by High Authority recommendation 1/64 and by the instruments amending it; whereas, however, in respect of special cases, such as where commercial policy or customs procedure so requires, Article 3 of the recommendation makes provision for derogations

from the minimum rates, such derogations to be made by a Commission Decision; whereas such a special commercial policy situation arises from the conclusion of trade agreements or from the adoption of autonomous decisions implementing on the prescribed date the provisions thereof relating to tariffs,

HAS ADOPTED THIS DECISION:

Article 1

This Decision is addressed to the Member States.
