Council Decision of 1 February 1993 on the conclusion, on behalf of the
Community, of the Convention on the control of transboundary movements

COUNCIL DECISION

of 1 February 1993

on the conclusion, on behalf of the Community, of the Convention on the control of
transboundary movements of hazardous wastes and their disposal (Basel Convention)

(93/98/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular
Article 130s thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Having regard to the opinion of the Economic and Social⁽²⁾,

Whereas, by virtue of a Council Decision of 28 October 1988, the Commission participated
on behalf of the Community, in consultation with the representatives of the Member States, in
the negotiation in the *ad hoc* working group meetings under the auspices of the United Nations
Environment Programme (UNEP) with a view to preparing a Global Convention on the Control
of Transboundary Movements of Hazardous Waste;

Whereas, as a result of those negotiations, on 22 March 1989 the Basel Convention on the
control of transboundary movements of hazardous wastes and their disposal was adopted and
then signed by the Community on the basis of the mandate conferred by a Council Decision
of 21 March 1989;

Whereas the Convention aims to help protect the environment in the area of waste through more
stringent control of transboundary movements of hazardous wastes and other waste and through
ecologically sound management thereof; whereas, in this respect, it determines procedures for
controls on imports, exports and transit;

Whereas the Council, by adopting Regulation (EEC) No 259/93 of 1 February 1993 on
the supervision and control of shipments of waste, within, into and out of the European
Community⁽³⁾, has established rules to curtail and to control such movements; whereas these
rules are designed, *inter alia*, to make the existing Community system for the supervision and
control of waste movements comply with the requirements of the Basel Convention and the
Fourth ACP-EEC Convention;

Whereas, pursuant to its Articles 22 and 23, the Basel Convention is open for ratification,
acceptance or approval and accession by States and for formal confirmation or approval by
political and/or economic integration organizations,
