Commission Decision of 9 July 1997 on a common technical regulation for the attachment requirements for terminal equipment for digital enhanced cordless telecommunications (DECT) generic access profile (GAP) applications (Text with EEA relevance) (97/525/EC)

COMMISSION DECISION

of 9 July 1997

on a common technical regulation for the attachment requirements for terminal equipment for digital enhanced cordless telecommunications (DECT) generic access profile (GAP) applications

(Text with EEA relevance)

(97/525/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/263/EEC of 29 April 1991 on the approximation of the laws of the Member States concerning telecommunications terminal equipment, including the mutual recognition of their conformity⁽¹⁾, as amended by Directive 93/68/EEC⁽²⁾, and in particular Article 6 (2), second indent, thereof,

Whereas the Commission has adopted the measure identifying the type of terminal equipment for which a common technical regulation is required, as well as the associated scope statement;

Whereas the corresponding harmonized standards, or parts thereof, implementing the essential requirements which are to be transformed into common technical regulations should be adopted;

Whereas in order to ensure continuity of access to markets for manufacturers, it is necessary to lay down transitional provisions regarding equipment approved under Commission Decision 95/525/EC⁽³⁾;

Whereas Decision 95/525/EC should be repealed with effect from the end of the transitional period;

Whereas the common technical regulation adopted in this Decision is in accordance with the opinion of ACTE,

HAS ADOPTED THIS DECISION:

Article 1

1 This Decision shall apply to digital enhanced cordless telecommunications (DECT) terminal radio equipment which operates in the 1 880 to 1 900 Mhz frequency band intended to be connected directly or indirectly, to the public telecommunications network, and falling within the scope of the harmonized standard identified in Article 2 (1).

This Decision establishes a common technical regulation covering the generic access 2 profile (GAP) applications requirements for terminal equipment referred to in paragraph 1.

Article 2

1 The common technical regulation shall include the harmonized standard prepared by the relevant standardization body implementing to the extent applicable the essential requirements referred to in Article 4 (d), (e) and (f) of Directive 91/263/EEC. The reference to the standard is set out in the Annex.

2 Terminal equipment covered by this Decision shall comply with the common technical regulation referred to in paragraph 1, shall meet the essential requirements referred to in Article 4 (a) and (b) of Directive 91/263/EEC, and shall meet the requirements of any other applicable directives, in particular Council Directives 73/23/EEC⁽⁴⁾ and 89/336/EEC⁽⁵⁾.

Article 3

Notified bodies designated for carrying out the procedures referred to in Article 9 of Directive 91/263/EEC shall, as regards terminal equipment covered by Article 1 (1) of this Decision, use or ensure the use of the harmonized standard referred to in Article 2 (1) within six months after the notification of this Decision at the latest.

Article 4

Decision 95/525/EC shall be repealed with effect from the date six months after the 1 notification of this Decision.

2 Terminal equipment, approved under Decision 95/525/EC may continue to be placed on the market and put into service provided that such approval is granted no later than six months after the notification of this Decision.

Article 5

This Decision is addressed to the Member States.

Done at Brussels, 9 July 1997.

For the Commission Martin BANGEMANN Member of the Commission Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 9 July 1997 on a common technical regulation for the attachment requirements for terminal equipment for digital enhanced cordless telecommunications (DECT) generic access profile (GAP) applications (Text with EEA relevance) (97/525/EC). (See end of Document for details)

ANNEX

Reference to the harmonized standard applicable

The harmonized standard referred to in Article 2 of the Decision is:

Radio equipment and systems (RES); digital enhanced cordless telecommunications (DECT); general terminal attachment requirements; telephony applications

ETSI

European Telecommunications Standards Institute

ETSI Secretariat

TBR 22 — January 1997

(excluding the foreword) Additional information

The European Telecommunications Standards Institute is recognized according to Council Directive 83/189/EEC⁽⁶⁾.

The harmonized standard referred to above has been produced according to a mandate issued in accordance with relevant procedures of Council Directive 83/189/EEC.

The full text of the harmonized standard referenced above can be obtained from:
