(4) By this Decision it should be formally confirmed at Community level that the dossiers are considered as satisfying, in principle, the data and information requirements provided for in Annex II and, for at least one plant-protection product containing the active substance concerned, the requirements of Annex III to Directive 91/414/EC.

(5) This Decision should not prejudice the right of the Commission to request the applicant to submit further data or information to the Member State designated as rapporteur in respect of a given substance in order to clarify certain points in the dossier.
