THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

**Changes to legislation:** There are currently no known outstanding effects for the Commission Decision of 29 April 2004 amending Appendix A to Annex VIII to the 2003 Act of Accession to include certain establishments in the meat, milk and fish sectors in Latvia in the list of establishments in transition (notified under document C(2004) 1712) (Text with EEA relevance) (2004/460/EC). (See end of Document for details)

- (2) In Latvia, twelve more high capacity meat establishments, one more poultry establishment, thirteen more milk processing establishments and thirteen more fish processing establishments have difficulties in complying with the structural requirements laid down in Annex I to Directive 64/433/EEC, in Annex I to Directive 71/118/EEC, in Annexes A and B to Directive 77/99/EEC, in Annex I to Directive 94/65/EC, in Annex B to Directive 92/46/EEC and in the Annex to Directive 91/493/EEC, by 1 May 2004.
- (3) Accordingly those thirty-nine establishments need time to finalize their upgrading process in order to be in full compliance with the relevant structural requirements laid down in Directives 64/433/EEC, 71/118/EEC, 77/99/EEC, 94/65/EC, 92/46/EEC and 91/493/EEC.
- (4) The thirty-nine establishments, which are currently in an advanced state of upgrading, have given reliable guarantees that they have the necessary funds to correct their remaining shortcomings within a short time and have received a favourable opinion from the Latvian Food and Veterinary Service, as regards the finalisation of their upgrading process.
- (5) For Latvia, the detailed information regarding the shortcomings for each establishment is available.
- (6) In order to facilitate the transition from the existing regime in Latvia to that resulting from the application of the Community veterinary legislation, it is justified therefore upon the request of Latvia, to grant the thirty-nine establishments a transitional period.
- (7) Due to the advanced stage of upgrading of the thirty-nine establishments, the transitional period should be limited to a maximum of 12 months.
- (8) The Standing Committee on the Food Chain and Animal Health has been informed of the measures provided for in this Decision,

HAS ADOPTED THIS DECISION:
