## ANNEX

### MONTENEGRO: 2006 EUROPEAN PARTNERSHIP

#### 1. INTRODUCTION

The European Council endorsed the introduction of European Partnerships as a means to support the European perspective of the western Balkan countries.

On 30 January 2006 the Council of the European Union adopted a European Partnership for Serbia and Montenegro including Kosovo as defined by the United Nations Security Council Resolution 1244 of 10 June 1999. Montenegro proclaimed its independence on 3 June 2006 following a referendum held on 21 May. That was followed by recognition by the EU and its Member States. Therefore, it is appropriate to adopt an updated European Partnership only for Montenegro. This updated Partnership is based on the parts related to Montenegro of the previous European Partnership for Serbia and Montenegro (including Kosovo). It adds elements reflecting the new competences of Montenegro and the challenges it faces as an independent state.

The competent authorities in Montenegro should develop a plan including a timetable and specific measures to address the European Partnership priorities.

#### 2. PRINCIPLES

The Stabilisation and Association Process remains the framework for the European course of the western Balkan countries, all the way to their future accession.

The main priorities identified relate to the capacity of Montenegro to meet the criteria defined by the Copenhagen European Council of 1993 and the conditions set for the Stabilisation and Association Process, notably the conditions defined by the Council in its Conclusions of 29 April 1997 and 21 and 22 June 1999, the content of the final declaration of the Zagreb Summit of 24 November 2000 and the Thessaloniki Agenda.

#### 3. PRIORITIES

The priorities listed in this European Partnership have been selected on the basis that it is realistic to expect that Montenegro can complete them or make substantial progress on them over the next few years. A distinction is made between short-term priorities, which are expected to be accomplished within one to two years, and medium-term priorities, which are expected to be accomplished within three to four years. The priorities concern both legislation and its implementation.

Taking into account the substantial costs involved with meeting all the EU requirements as well as the complexity of these requirements in certain areas, this Partnership does not include all important tasks at this stage. Future partnerships will include further priorities in line with progress made by Montenegro.

Among the short-term priorities, the key ones have been identified and grouped together at the beginning of the list. The order of these key priorities does not imply ranking as to their importance.

## 4. PROGRAMMING

Community assistance under the Stabilisation and Association Process to the western Balkan countries will be provided under the existing financial instruments, in particular under Council Regulation (EC) No 1085/2006 of 17 July 2006 establishing an Instrument for Pre-Accession Assistance (IPA)<sup>(5)</sup>. Montenegro can thus have access to funding from multi-country and horizontal programmes.

## 5. CONDITIONALITY

Community assistance to the western Balkan countries is conditional on progress in satisfying the Copenhagen criteria as well as progress in meeting the specific priorities of this European Partnership. Failure to respect these conditions could lead the Council to take appropriate measures on the basis of Article 21 of Regulation (EC) No 1085/2006. Community assistance is also subject to the conditions defined by the Council in its Conclusions of 29 April 1997, in particular as regards the recipients' undertaking to carry out democratic, economic and institutional reforms.
