THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market⁽¹⁾, and in particular Article 9(3) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market⁽²⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Commission Decision 2006/415/EC of 14 June 2006 concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the Community and repealing Decision 2006/135/EC⁽³⁾ lays down certain protection measures to be applied in order to prevent the spread of that disease, including the establishment of areas A and B following a suspected or confirmed outbreak of the disease.
- (2) Following outbreaks of highly pathogenic avian influenza of H5N1 subtype in the United Kingdom, Romania and Poland, Decision 2006/415/EC was last amended by Decision 2007/785/EC of 3 December 2007 amending Decision 2006/415/EC concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in those Member States.
- (3) As a further outbreak of the disease has occurred in Poland outside the restricted area, the delineation of the area under restriction and the duration of the measures should be modified to take account of the epidemiological situation.
- (4) Decision 2006/415/EC should therefore be amended accordingly.

Status: Point in time view as at 10/12/2007.
