
Status: Point in time view as at 17/12/2008.

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 17 December 2008 amending Decision 2008/185/EC as regards the inclusion of the Netherlands in the list of Member States free of Aujeszky's disease and of Hungary in the list of Member States where an approved national control programme for that disease is in place (notified under document number C(2008) 8325) (Text with EEA relevance) (2008/988/EC). (See end of Document for details)

Commission Decision of 17 December 2008 amending Decision 2008/185/EC as regards the inclusion of the Netherlands in the list of Member States free of Aujeszky's disease and of Hungary in the list of Member States where an approved national control programme for that disease is in place (notified under document number C(2008) 8325) (Text with EEA relevance) (2008/988/EC)

COMMISSION DECISION

of 17 December 2008

amending Decision 2008/185/EC as regards the inclusion of the Netherlands in the list of Member States free of Aujeszky's disease and of Hungary in the list of Member States where an approved national control programme for that disease is in place

(notified under document number C(2008) 8325)

(Text with EEA relevance)

(2008/988/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 64/432/EEC of 26 June 1964 on animal health problems affecting intra-Community trade in bovine animals and swine⁽¹⁾, and in particular Articles 9(2) and 10(2) thereof,

Whereas:

- (1) Directive 64/432/EEC lays down rules applicable to intra-Community trade in bovine animals and swine. Article 9 of that Directive provides criteria for approving compulsory national control programmes for certain contagious diseases, including Aujeszky's disease. In addition, Article 10 of that Directive requires documentation for approving a Member State or region thereof as being free of certain contagious diseases, including Aujeszky's disease.
- (2) Commission Decision 2008/185/EC of 21 February 2008 on additional guarantees in intra-Community trade of pigs relating to Aujeszky's disease and criteria to provide information on this disease⁽²⁾ lays down the additional guarantees for movements of pigs between Member States. Those guarantees are linked to the classification of Member States according to their disease status.
- (3) Annex I to Decision 2008/185/EC lists Member States or regions thereof which are free of Aujeszky's disease and where vaccination is prohibited. Annex II to that Decision lists Member States or regions thereof where approved control programmes for Aujeszky's disease are in place.

Status: Point in time view as at 17/12/2008.

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 17 December 2008 amending Decision 2008/185/EC as regards the inclusion of the Netherlands in the list of Member States free of Aujeszky's disease and of Hungary in the list of Member States where an approved national control programme for that disease is in place (notified under document number C(2008) 8325) (Text with EEA relevance) (2008/988/EC). (See end of Document for details)

- (4) The Netherlands and Hungary have submitted supporting documentation to the Commission as regards their Aujeszky's disease status. In both Member States, national control programmes for Aujeszky's disease have been implemented for several years.
- (5) The Commission has examined the documentation submitted by those two Member States and found that the Netherlands complies with Article 10(1) of Directive 64/432/EEC. Accordingly, that Member State should be included in the list set out in Annex I to Decision 2008/185/EC.
- (6) The Commission has also found that the national control programme presented by Hungary complies with the criteria laid down in Article 9(1) of Directive 64/432/EEC. Accordingly, Hungary should be included in the list set out in Annex II to Decision 2008/185/EC.
- (7) Decision 2008/185/EC should therefore be amended accordingly.
- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

Annexes I and II to Decision 2008/185/EC are replaced by the text in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 17 December 2008.

For the Commission

Androulla VASSILIOU

Member of the Commission

Status: Point in time view as at 17/12/2008.
