

Council Directive of 13 December 1977 establishing the Community criteria for national plans for the accelerated eradication of brucellosis, tuberculosis and enzootic leukosis in cattle (78/52/EEC)

CHAPTER IV

Specific provisions relating to enzootic bovine leukosis

Article 22

Member States shall ensure that, under a plan for the eradication of leukosis,

- (a) the presence and suspected presence of leukosis, and in particular tumours of the lymphatic system and other organs of cattle, are compulsorily and immediately notifiable to the competent authority;
- (b) therapeutic treatment or anti-leukosis vaccination of any kind is prohibited.
