

ANNEX II

MINIUM GENERAL REQUIREMENTS CONCERNING SIGNBOARDS

1. Intrinsic features
 - 1.1. The shape and colours of signboards are set out in section 3, in accordance with their specific object (signboards indicating a prohibition, a warning, a mandatory action, an escape route, an emergency or fire-fighting equipment).
 - 1.2. Pictograms must be as simple as possible and should contain only essential details.
 - 1.3. The pictograms used may be slightly different from or more detailed than those shown in section 3, provided that they convey the same meaning and that no difference or adaptation obscures the meaning.
 - 1.4. Signboards are to be made of shock and weather-resistant material suitable for the surrounding environment.
 - 1.5. The dimensions and colorimetric and photometric features of signboards must be such that they can be easily seen and understood.
