

ANNEX I

SECTION II

Surveys

1. The official surveys referred to in Article 2(2)(a) shall be based on the biology of the organism and the particular production systems in the Member State concerned and shall comprise:
 - (i) in the case of potato,
 - at appropriate times, visual inspection of the growing crop, and/or sampling of both seed and other potatoes in the growing season or in store. These samples shall be subjected to official or officially supervised visual inspection by cutting of tubers, and
 - in the case of seed potatoes, and where appropriate for other potatoes, official or officially supervised laboratory testing using the method set out in Annex II,
 - (ii) in the case of tomato,
 - visual inspection, at appropriate times, of at least the growing crop of plants intended for replanting for professional use.
2. The notification of the official surveys referred to in Article 2(3) shall include:
 - (i) in the case of surveys on potatoes,
 - estimated total area grown, in hectares, of seed and other potatoes,
 - stratification by seed category and ware, and where appropriate, by region,
 - number and timing of samples taken for testing,
 - number of visual inspections in the field,
 - number (and size of sample) of visual inspections on tubers;
 - (ii) in the case of surveys on, at least, the growing crop of plants of tomato intended for replanting for professional use,
 - estimated total number of plants,
 - number of visual inspections;
 - (iii) in the case of surveys on host plants other than potatoes and tomatoes, including wild solanaceous host plants,
 - species,
 - number and timing of samples taken,
 - area/river sampled, as appropriate,
 - method of analysis;
 - (iv) in the case of surveys on water and liquid waste discharges from industrial processing or packaging premises,
 - number and timing of samples,
 - area/river/location of premises sampled, as appropriate,
 - method of analysis.
