

Directive 2000/14/EC of the European Parliament and of the Council of 8 May 2000 on the approximation of the laws of the Member States relating to the noise emission in the environment by equipment for use outdoors

Article 14

Conformity assessment

1 Before placing on the market or putting into service any equipment referred to in Article 12 the manufacturer, or his authorised representative established in the Community, shall subject each type of equipment to one of the following conformity assessment procedures:

- the internal control of production with assessment of technical documentation and periodical checking procedure referred to in Annex VI, or
- the unit verification procedure referred to in Annex VII, or
- the full quality assurance procedure referred to in Annex VIII.

2 Before placing on the market or putting into service any equipment referred to in Article 13 the manufacturer, or his authorised representative established in the Community, shall subject each type of equipment to the internal control of production procedure referred to in Annex V.

3 Member States shall ensure that the Commission and any other Member State may, on a reasoned request, obtain all information used during the conformity assessment procedure concerning a type of equipment and in particular the technical documentation provided for in Annex V item 3, Annex VI item 3, Annex VII item 2, Annex VIII items 3.1 an 3.3.
