

Council Directive 2001/89/EC of 23 October 2001 on Community measures for the control of classical swine fever (Text with EEA relevance)

Article 18

Use, manufacture and sale of classical swine fever vaccines

- 1 Member States shall ensure that:
 - a the use of classical swine fever vaccines is prohibited;
 - b the manipulation, manufacture, storage, supply, distribution and sale of classical swine fever vaccines in the territory of the Community are carried out under official supervision.
- 2 If necessary, rules relating to the production, packaging, distribution and state of the stocks of classical swine fever vaccines in the Community may be adopted in accordance with the procedure referred to in Article 26(2).
