

ANNEX II

PROCEDURES FOR THE APPLICATION OF RAPEX AND GUIDELINES FOR NOTIFICATIONS

5. The Commission shall, in the shortest time possible, verify the conformity with the provisions of the Directive of the information received under RAPEX and, may, when it considers it to be necessary and in order to assess product safety, carry out an investigation on its own initiative. In the case of such an investigation, Member States shall supply the Commission with the requested information to the best of their ability.
