

Council Directive 2006/112/EC of 28 November
2006 on the common system of value added tax

TITLE X

DEDUCTIONS

CHAPTER 5

Adjustment of deductions

Article 188

1 If supplied during the adjustment period, capital goods shall be treated as if they had been applied to an economic activity of the taxable person up until expiry of the adjustment period.

The economic activity shall be presumed to be fully taxed in cases where the supply of the capital goods is taxed.

The economic activity shall be presumed to be fully exempt in cases where the supply of the capital goods is exempt.

2 The adjustment provided for in paragraph 1 shall be made only once in respect of all the time covered by the adjustment period that remains to run. However, where the supply of capital goods is exempt, Member States may waive the requirement for adjustment in so far as the purchaser is a taxable person using the capital goods in question solely for transactions in respect of which VAT is deductible.
