## CHAPTER II

### **RIGHTS RELATED TO COPYRIGHT**

#### *Article 8*

#### **Broadcasting and communication to the public**

1 Member States shall provide for performers the exclusive right to authorise or prohibit the broadcasting by wireless means and the communication to the public of their performances, except where the performance is itself already a broadcast performance or is made from a fixation.

2 Member States shall provide a right in order to ensure that a single equitable remuneration is paid by the user, if a phonogram published for commercial purposes, or a reproduction of such phonogram, is used for broadcasting by wireless means or for any communication to the public, and to ensure that this remuneration is shared between the relevant performers and phonogram producers. Member States may, in the absence of agreement between the performers and phonogram producers, lay down the conditions as to the sharing of this remuneration between them.

3 Member States shall provide for broadcasting organisations the exclusive right to authorise or prohibit the rebroadcasting of their broadcasts by wireless means, as well as the communication to the public of their broadcasts if such communication is made in places accessible to the public against payment of an entrance fee.
