

Council Directive 2006/117/Euratom of 20 November 2006 on the supervision and control of shipments of radioactive waste and spent fuel

CHAPTER 2

**INTRA-COMMUNITY SHIPMENTS**

*Article 12*

**Shipment failure**

1 The Member State of destination, origin or transit may decide that the shipment may not be completed if the conditions for shipment are no longer complied with in accordance with this Directive, or are not in accordance with the authorisations or consents given pursuant to this Directive.

Such Member State shall forthwith inform the competent authorities of the other Member States involved in the shipment of this decision.

2 Where a shipment cannot be completed or if the conditions for shipment are not complied with in accordance with this Directive, the competent authorities of the Member State of origin shall ensure that the radioactive waste or the spent fuel in question is taken back by the holder, unless an alternative safe arrangement can be made. These competent authorities shall ensure that the person responsible for the shipment takes corrective safety measures where necessary.

3 The holder shall be liable for costs arising in cases where the shipment cannot or may not be completed.
