An authenticated translation shall be supplied by the holder at the request of the competent authorities of the country of destination or transit in a language acceptable to them.

- 4 Any additional requirements for authorising a shipment shall be attached to the standard document.

- 5 Without prejudice to any other accompanying documents required under other relevant legal provisions, the completed standard document certifying that the authorisation procedure has been duly complied with shall accompany each shipment falling under the scope of this Directive, including cases where the authorisation relates to more than one shipment in a single document.

- 6 These documents shall be available to the competent authorities of the country of origin and destination and any country of transit.

2 When deciding on applications for authorisation submitted before 25 December 2008, for more than one shipment of radioactive waste or spent fuel to a third country of destination, the Member State of origin shall take account of all relevant circumstances, and in particular:

- a the planned time schedule for carrying out all shipments covered by the same application;

- c the appropriateness of authorising a number of shipments lower than that covered by the application.
